56 It is the intent of the Legislature that any state funds made
57 available for salaries of licensed personnel in excess of the
58 funds paid for such salaries for the 1986-1987 school year shall
59 be paid to licensed personnel pursuant to a personnel appraisal
60 and compensation system implemented by the State Board of
61 Education. The State Board of Education shall have the authority
62 to adopt and amend rules and regulations as are necessary to
63 establish, administer and maintain the system.

64 All teachers employed on a full-time basis shall be paid a
65 minimum salary in accordance with the above scale. However, no
66 school district shall receive any funds under this section for any
67 school year during which the local supplement paid to any
68 individual teacher shall have been reduced to a sum less than that
69 paid to that individual teacher for performing the same duties

70 from local supplement during the immediately preceding school
71 year. The amount actually spent for the purposes of group health
72 and/or life insurance shall be considered as a part of the
73 aggregate amount of local supplement but shall not be considered a
74 part of the amount of individual local supplement.

75 The level of professional training of each teacher to be used
76 in establishing the salary allotment for the teachers for each
77 year shall be determined by the type of valid teacher's license
78 issued to those teachers on or before October 1 of the current
79 school year. However, school districts are authorized, in their
80 discretion, to negotiate the salary levels applicable to licensed
81 employees who are receiving retirement benefits from the
82 retirement system of another state, and the annual experience
83 increment provided above in Section 37-19-7 shall not be
84 applicable to any such retired certificated employee.

85 (2) (a) The following employees shall receive an annual
86 salary supplement in the amount of Six Thousand Dollars
87 (\$6,000.00), plus fringe benefits, in addition to any other
88 compensation to which the employee may be entitled:

89 (i) Any licensed teacher who has met the
90 requirements and acquired a Master Teacher certificate from the
91 National Board for Professional Teaching Standards and who is
92 employed by a local school board or the State Board of Education
93 as a teacher and not as an administrator. Such teacher shall
94 submit documentation to the State Department of Education that the

95 certificate was received prior to October 15 in order to be
96 eligible for the full salary supplement in the current school
97 year, or the teacher shall submit such documentation to the State
98 Department of Education prior to February 15 in order to be
99 eligible for a prorated salary supplement beginning with the
100 second term of the school year.

101 (ii) A licensed nurse who has met the requirements
102 and acquired a certificate from the National Board for
103 Certification of School Nurses, Inc., and who is employed by a
104 local school board or the State Board of Education as a school
105 nurse and not as an administrator. The licensed school nurse
106 shall submit documentation to the State Department of Education
107 that the certificate was received before October 15 in order to be
108 eligible for the full salary supplement in the current school
109 year, or the licensed school nurse shall submit the documentation
110 to the State Department of Education before February 15 in order
111 to be eligible for a prorated salary supplement beginning with the
112 second term of the school year.

113 (iii) Any licensed school counselor who has met
114 the requirements and acquired a National Certified School
115 Counselor (NCSC) endorsement from the National Board of Certified
116 Counselors and who is employed by a local school board or the
117 State Board of Education as a counselor and not as an
118 administrator. Such licensed school counselor shall submit
119 documentation to the State Department of Education that the

endorsement was received prior to October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed school counselor shall submit such documentation to the State Department of Education prior to February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year. However, any school counselor who started the National Board for Professional Teaching Standards process for school counselors between June 1, 2003, and June 30, 2004, and completes the requirements and acquires the Master Teacher certificate shall be entitled to the master teacher supplement, and those counselors who complete the process shall be entitled to a one-time reimbursement for the actual cost of the process as outlined in paragraph (b) of this subsection.

(iv) Any licensed speech-language pathologist and audiologist who has met the requirements and acquired a Certificate of Clinical Competence from the American Speech-Language-Hearing Association and any certified academic language therapist (CALT) who has met the certification requirements of the Academic Language Therapy Association and who is employed by a local school board. The licensed speech-language pathologist and audiologist and certified academic language therapist shall submit documentation to the State Department of Education that the certificate or endorsement was received before October 15 in order to be eligible for the full salary supplement

145 in the current school year, or the licensed speech-language
146 pathologist and audiologist and certified academic language
147 therapist shall submit the documentation to the State Department
148 of Education before February 15 in order to be eligible for a
149 prorated salary supplement beginning with the second term of the
150 school year.

151 (v) Any licensed athletic trainer who has met the
152 requirements and acquired Board Certification for the Athletic
153 Trainer from the Board of Certification, Inc., and who is employed
154 by a local school board or the State Board of Education as an
155 athletic trainer and not as an administrator. The licensed
156 athletic trainer shall submit documentation to the State
157 Department of Education that the certificate was received before
158 October 15 in order to be eligible for the full salary supplement
159 in the current school year, or the licensed athletic trainer shall
160 submit the documentation to the State Department of Education
161 before February 15 in order to be eligible for a prorated salary
162 supplement beginning with the second term of the school year.

163 (b) An employee shall be reimbursed for the actual cost
164 of completing each component of acquiring the certificate or
165 endorsement, excluding any costs incurred for postgraduate
166 courses, not to exceed Five Hundred Dollars (\$500.00) for each
167 component, not to exceed four (4) components, for a teacher,
168 school counselor or speech-language pathologist and audiologist,
169 regardless of whether or not the process resulted in the award of

the certificate or endorsement. A local school district or any private individual or entity may pay the cost of completing the process of acquiring the certificate or endorsement for any employee of the school district described under paragraph (a), and the State Department of Education shall reimburse the school district for such cost, regardless of whether or not the process resulted in the award of the certificate or endorsement. If a private individual or entity has paid the cost of completing the process of acquiring the certificate or endorsement for an employee, the local school district may agree to directly reimburse the individual or entity for such cost on behalf of the employee.

(c) All salary supplements, fringe benefits and process reimbursement authorized under this subsection shall be paid directly by the State Department of Education to the local school district and shall be in addition to its adequate education program allotments and not a part thereof in accordance with regulations promulgated by the State Board of Education. Local school districts shall not reduce the local supplement paid to any employee receiving such salary supplement, and the employee shall receive any local supplement to which employees with similar training and experience otherwise are entitled. However, an educational employee shall receive the salary supplement in the amount of Six Thousand Dollars (\$6,000.00) for only one (1) of the qualifying certifications authorized under paragraph (a) of this

subsection. No school district shall provide more than one (1) annual salary supplement under the provisions of this subsection to any one (1) individual employee holding multiple qualifying national certifications.

(d) If an employee for whom such cost has been paid, in full or in part, by a local school district or private individual or entity fails to complete the certification or endorsement process, the employee shall be liable to the school district or individual or entity for all amounts paid by the school district or individual or entity on behalf of that employee toward his or her certificate or endorsement.

(3) * * * (a) Any licensed teacher who has met the requirements and acquired a Master Teacher Certificate from the National Board for Professional Teaching Standards and who is employed in a public school district located in an area designated by the State Board of Education as a geographically critical teacher shortage area * * * shall receive an annual salary supplement in the amount of Four Thousand Dollars (\$4,000.00), plus fringe benefits, in addition to any other compensation to which the employee may be entitled * * *. The salary supplement awarded under the provisions of this subsection (3) shall be in addition to the salary supplement awarded under the provisions of subsection (2) of this section.

(b) Teachers who meet the qualifications for a salary supplement under this subsection (3) who are assigned for less

220 than one (1) full year or less than full time for the school year
221 shall receive the salary supplement in a prorated manner, with the
222 portion of the teacher's assignment to the critical geographic
223 area to be determined as of June 15th of the school year.

224 (4) (a) This section shall be known and may be cited as the
225 "Mississippi Performance-Based Pay (MPBP)" plan. In addition to
226 the minimum base pay described in this section, only after full
227 funding of MAEP and if funds are available for that purpose, the
228 State of Mississippi may provide monies from state funds to school
229 districts for the purposes of rewarding licensed teachers,
230 administrators and nonlicensed personnel at individual schools
231 showing improvement in student test scores. The MPBP plan shall
232 be developed by the State Department of Education based on the
233 following criteria:

234 (i) It is the express intent of this legislation
235 that the MPBP plan shall utilize only existing standards of
236 accreditation and assessment as established by the State Board of
237 Education.

238 (ii) To ensure that all of Mississippi's teachers,
239 administrators and nonlicensed personnel at all schools have equal
240 access to the monies set aside in this section, the MPBP program
241 shall be designed to calculate each school's performance as
242 determined by the school's increase in scores from the prior
243 school year. The MPBP program shall be based on a standardized
244 scores rating where all levels of schools can be judged in a

245 statistically fair and reasonable way upon implementation. At the
246 end of each year, after all student achievement scores have been
247 standardized, the State Department of Education shall implement
248 the MPBP plan.

249 (iii) To ensure all teachers cooperate in the
250 spirit of teamwork, individual schools shall submit a plan to the
251 local school district to be approved before the beginning of each
252 school year beginning July 1, 2008. The plan shall include, but
253 not be limited to, how all teachers, regardless of subject area,
254 and administrators will be responsible for improving student
255 achievement for their individual school.

256 (b) The State Board of Education shall develop the
257 processes and procedures for designating schools eligible to
258 participate in the MPBP. State assessment results, growth in
259 student achievement at individual schools and other measures
260 deemed appropriate in designating successful student achievement
261 shall be used in establishing MPBP criteria.

262 (5) (a) If funds are available for that purpose, each
263 school in Mississippi shall have mentor teachers, as defined by
264 Sections 37-9-201 through 37-9-213, who shall receive additional
265 base compensation provided for by the State Legislature in the
266 amount of One Thousand Dollars (\$1,000.00) per each beginning
267 teacher that is being mentored. The additional state compensation
268 shall be limited to those mentor teachers that provide mentoring
269 services to beginning teachers. For the purposes of such funding,

270 a beginning teacher shall be defined as any teacher in any school
271 in Mississippi that has less than one (1) year of classroom
272 experience teaching in a public school. For the purposes of such
273 funding, no full-time academic teacher shall mentor more than two
274 (2) beginning teachers.

275 (b) To be eligible for this state funding, the
276 individual school must have a classroom management program
277 approved by the local school board.

278 (6) Effective with the 2014-2015 school year, the school
279 districts participating in the Pilot Performance-Based
280 Compensation System pursuant to Section 37-19-9 may award
281 additional teacher and administrator pay based thereon.

282 **SECTION 2.** This act shall take effect and be in force from
283 and after July 1, 2024.
