

By: Representative McGee

To: Medicaid

HOUSE BILL NO. 1688

1 AN ACT TO ESTABLISH A COMMUNITY HEALTH WORKER CERTIFICATION
2 PROGRAM IN THE STATE DEPARTMENT OF HEALTH; TO PROVIDE THAT THE
3 DIVISION OF MEDICAID SHALL SEEK APPROVAL FROM THE CENTERS FOR
4 MEDICARE AND MEDICAID SERVICES FOR A STATE PLAN AMENDMENT, WAIVER,
5 OR ALTERNATIVE PAYMENT MODEL TO PROVIDE REIMBURSEMENT FOR CERTAIN
6 SERVICES PROVIDED BY CERTIFIED COMMUNITY HEALTH WORKERS; TO
7 PROVIDE THAT THE DEPARTMENT SHALL BE THE SOLE CERTIFYING BODY FOR
8 THE COMMUNITY HEALTH WORKER PROFESSION AND PRACTICE IN
9 MISSISSIPPI; FROM AND AFTER JANUARY 1, 2025, NO PERSON SHALL
10 REPRESENT HIMSELF OR HERSELF AS A COMMUNITY HEALTH WORKER UNLESS
11 HE OR SHE IS CERTIFIED AS SUCH IN ACCORDANCE WITH THE REQUIREMENTS
12 OF THE DEPARTMENT; TO PROVIDE THAT THE DEPARTMENT SHALL
13 PROMULGATE RULES NECESSARY TO CARRY OUT THE PROVISIONS OF THIS
14 ACT, INCLUDING ESTABLISHING THE CORE COMPETENCIES OF COMMUNITY
15 HEALTH WORKERS, THE COMMUNITY HEALTH WORKER CERTIFICATION
16 APPLICATION AND RENEWAL PROCESS, CERTIFICATION APPLICATION AND
17 RENEWAL FEES, PROCEDURES FOR CERTIFICATION DENIAL, SUSPENSION AND
18 REVOCATION, AND THE SCOPE OF PRACTICE FOR CERTIFIED COMMUNITY
19 HEALTH WORKERS; TO PROVIDE THAT THE DEPARTMENT SHALL APPROVE
20 COMPETENCY BASED TRAINING PROGRAMS AND TRAINING PROVIDERS, AND
21 APPROVE ORGANIZATIONS TO PROVIDE CONTINUING EDUCATION FOR
22 CERTIFIED COMMUNITY HEALTH WORKERS; TO AMEND SECTION 43-13-117,
23 MISSISSIPPI CODE OF 1972, TO PROVIDE MEDICAID REIMBURSEMENT FOR
24 CERTAIN SERVICES PROVIDED BY CERTIFIED COMMUNITY HEALTH WORKERS;
25 TO EXTEND THE DATE OF THE REPEALER ON THE SECTION; AND FOR RELATED
26 PURPOSES.

27 WHEREAS, community health workers are frontline health
28 workers with a uniquely close relationship to and understanding of
29 the communities they serve;

30 WHEREAS, community health workers serve as a liaison between
31 patients, health care providers, social service providers, and the
32 community;

33 WHEREAS, community health workers facilitate improved
34 communication between patients and their health care providers,
35 help patients learn to effectively comply with medical care
36 instructions, improve the quality and cultural competency of
37 service delivery, and educate patients to improve health
38 behaviors;

39 WHEREAS, the Association of State and Territorial Health
40 Officials has recognized the effectiveness of community health
41 workers in improving health outcomes, reducing health care costs,
42 and closing the health disparities gap across multiple settings
43 and health issues;

44 WHEREAS, community health worker certification may offer a
45 path to college credit for health care workers interested in
46 pursuing a college degree in the health care field and is thereby
47 a necessary step towards addressing Mississippi's ongoing and
48 well-documented health care worker shortage;

49 WHEREAS, the Division of Medicaid is currently considering
50 coverage and reimbursement options for community health worker
51 services to improve the health status of those it serves in a
52 manner that is cost-effective, directed to underserved areas and
53 populations, and ensures program integrity; and

54 WHEREAS, Medicaid managed care organizations and some
55 providers may employ community health workers to coordinate care,
56 reduce costs, and meet quality indicators; and

57 WHEREAS, providers strive to provide quality services using
58 evidence-based practices to improve the health outcomes of
59 Mississippians and play a role in increasing the number and
60 aptitude of the community health worker workforce to meet the
61 needs of the communities they serve; NOW, THEREFORE,

62 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

63 **SECTION 1.** As used in this act, the following terms shall be
64 defined as provided in this section:

65 (a) "Certified community health worker" means an
66 individual who has been certified as a community health worker by
67 the department in accordance with this act;

68 (b) "Core competencies" means the knowledge and skills
69 that certified community health workers are expected to
70 demonstrate to carry out the profession's mission and goals as
71 defined by the department in rules; and

72 (c) "Department" means the State Department of Health;

73 **SECTION 2.** (1) By January 1, 2025, the State Department of
74 Health:

75 (a) Shall implement and manage a community health
76 worker certification program for Mississippi; and

77 (b) Collaborate with the Division of Medicaid to seek
78 approval from the Centers for Medicare and Medicaid Services for a

79 state plan amendment, waiver, or alternative payment model,
80 including public-private partnerships, for services provided by
81 certified community health workers.

82 (2) Any state plan amendment, waiver, or alternative payment
83 sought by the Department of Medicaid pursuant to subsection (1)(b)
84 of this section shall provide reimbursement for the following
85 services when provided by a certified community health worker who
86 is employed and supervised by a Medicaid participating provider:

87 (a) Direct preventive services or services designed to
88 slow the progression of chronic diseases, including screenings for
89 basic human needs and referrals to appropriate services and
90 agencies to meet those needs;

91 (b) Health promotion education to prevent illness or
92 diseases, including the promotion of health behaviors to increase
93 awareness and prevent the development of illness or disease;

94 (c) Facilitate communications between a consumer and
95 provider when cultural factors, such as language, socioeconomic
96 status or health literacy, become a barrier to properly
97 understanding treatment options or treatment plans;

98 (d) Educate patients regarding diagnosis-related
99 information and self-management of physical, dental or mental
100 health; and

101 (e) Conduct any other service approved by the
102 department.

103 (3) The department shall be the sole certifying body for the
104 community health worker profession and practice in Mississippi.

105 (4) The Division of Medicaid shall promulgate rules
106 necessary to carry out the provisions of this section and obtain
107 all necessary approvals from the federal Centers for Medicare and
108 Medicaid Services.

109 **SECTION 3.** (1) From and after January 1, 2025, no person
110 shall represent himself or herself as a community health worker
111 unless he or she is certified as such in accordance with the
112 requirements of the department.

113 (2) To be eligible for community health worker
114 certification, an individual must meet and comply with the
115 requirements of the department.

116 (3) Community health workers must apply for recertification
117 on a regular basis as designated by the department.

118 **SECTION 4.** The department shall:

119 (a) Promulgate rules necessary to carry out the
120 provisions of Section 3 of this act, including establishing:

121 (i) The core competencies of community health
122 workers;

123 (ii) The community health worker certification
124 application and renewal process, including training, mentorship,
125 and continuing education requirements;

126 (iii) Certification application and renewal fees;

127 (iv) Procedures for certification denial,
128 suspension and revocation; and
129 (v) The scope of practice for certified community
130 health workers;
131 (b) Approve competency-based training programs and
132 training providers; and
133 (c) Approve organizations to provide continuing
134 education for certified community health workers.

135 **SECTION 5.** Section 43-13-117, Mississippi Code of 1972, is
136 amended as follows:

137 43-13-117. (A) Medicaid as authorized by this article shall
138 include payment of part or all of the costs, at the discretion of
139 the division, with approval of the Governor and the Centers for
140 Medicare and Medicaid Services, of the following types of care and
141 services rendered to eligible applicants who have been determined
142 to be eligible for that care and services, within the limits of
143 state appropriations and federal matching funds:

144 (1) Inpatient hospital services.

145 (a) The division is authorized to implement an All
146 Patient Refined Diagnosis Related Groups (APR-DRG) reimbursement
147 methodology for inpatient hospital services.

148 (b) No service benefits or reimbursement
149 limitations in this subsection (A)(1) shall apply to payments
150 under an APR-DRG or Ambulatory Payment Classification (APC) model
151 or a managed care program or similar model described in subsection

152 (H) of this section unless specifically authorized by the
153 division.

154 (2) Outpatient hospital services.

155 (a) Emergency services.

156 (b) Other outpatient hospital services. The
157 division shall allow benefits for other medically necessary
158 outpatient hospital services (such as chemotherapy, radiation,
159 surgery and therapy), including outpatient services in a clinic or
160 other facility that is not located inside the hospital, but that
161 has been designated as an outpatient facility by the hospital, and
162 that was in operation or under construction on July 1, 2009,
163 provided that the costs and charges associated with the operation
164 of the hospital clinic are included in the hospital's cost report.
165 In addition, the Medicare thirty-five-mile rule will apply to
166 those hospital clinics not located inside the hospital that are
167 constructed after July 1, 2009. Where the same services are
168 reimbursed as clinic services, the division may revise the rate or
169 methodology of outpatient reimbursement to maintain consistency,
170 efficiency, economy and quality of care.

171 (c) The division is authorized to implement an
172 Ambulatory Payment Classification (APC) methodology for outpatient
173 hospital services. The division shall give rural hospitals that
174 have fifty (50) or fewer licensed beds the option to not be
175 reimbursed for outpatient hospital services using the APC
176 methodology, but reimbursement for outpatient hospital services

177 provided by those hospitals shall be based on one hundred one
178 percent (101%) of the rate established under Medicare for
179 outpatient hospital services. Those hospitals choosing to not be
180 reimbursed under the APC methodology shall remain under cost-based
181 reimbursement for a two-year period.

182 (d) No service benefits or reimbursement
183 limitations in this subsection (A)(2) shall apply to payments
184 under an APR-DRG or APC model or a managed care program or similar
185 model described in subsection (H) of this section unless
186 specifically authorized by the division.

187 (3) Laboratory and x-ray services.

188 (4) Nursing facility services.

189 (a) The division shall make full payment to
190 nursing facilities for each day, not exceeding forty-two (42) days
191 per year, that a patient is absent from the facility on home
192 leave. Payment may be made for the following home leave days in
193 addition to the forty-two-day limitation: Christmas, the day
194 before Christmas, the day after Christmas, Thanksgiving, the day
195 before Thanksgiving and the day after Thanksgiving.

196 (b) From and after July 1, 1997, the division
197 shall implement the integrated case-mix payment and quality
198 monitoring system, which includes the fair rental system for
199 property costs and in which recapture of depreciation is
200 eliminated. The division may reduce the payment for hospital
201 leave and therapeutic home leave days to the lower of the case-mix

202 category as computed for the resident on leave using the
203 assessment being utilized for payment at that point in time, or a
204 case-mix score of 1.000 for nursing facilities, and shall compute
205 case-mix scores of residents so that only services provided at the
206 nursing facility are considered in calculating a facility's per
207 diem.

208 (c) From and after July 1, 1997, all state-owned
209 nursing facilities shall be reimbursed on a full reasonable cost
210 basis.

211 (d) On or after January 1, 2015, the division
212 shall update the case-mix payment system resource utilization
213 grouper and classifications and fair rental reimbursement system.
214 The division shall develop and implement a payment add-on to
215 reimburse nursing facilities for ventilator-dependent resident
216 services.

217 (e) The division shall develop and implement, not
218 later than January 1, 2001, a case-mix payment add-on determined
219 by time studies and other valid statistical data that will
220 reimburse a nursing facility for the additional cost of caring for
221 a resident who has a diagnosis of Alzheimer's or other related
222 dementia and exhibits symptoms that require special care. Any
223 such case-mix add-on payment shall be supported by a determination
224 of additional cost. The division shall also develop and implement
225 as part of the fair rental reimbursement system for nursing
226 facility beds, an Alzheimer's resident bed depreciation enhanced

227 reimbursement system that will provide an incentive to encourage
228 nursing facilities to convert or construct beds for residents with
229 Alzheimer's or other related dementia.

230 (f) The division shall develop and implement an
231 assessment process for long-term care services. The division may
232 provide the assessment and related functions directly or through
233 contract with the area agencies on aging.

234 The division shall apply for necessary federal waivers to
235 assure that additional services providing alternatives to nursing
236 facility care are made available to applicants for nursing
237 facility care.

238 (5) Periodic screening and diagnostic services for
239 individuals under age twenty-one (21) years as are needed to
240 identify physical and mental defects and to provide health care
241 treatment and other measures designed to correct or ameliorate
242 defects and physical and mental illness and conditions discovered
243 by the screening services, regardless of whether these services
244 are included in the state plan. The division may include in its
245 periodic screening and diagnostic program those discretionary
246 services authorized under the federal regulations adopted to
247 implement Title XIX of the federal Social Security Act, as
248 amended. The division, in obtaining physical therapy services,
249 occupational therapy services, and services for individuals with
250 speech, hearing and language disorders, may enter into a
251 cooperative agreement with the State Department of Education for

252 the provision of those services to handicapped students by public
253 school districts using state funds that are provided from the
254 appropriation to the Department of Education to obtain federal
255 matching funds through the division. The division, in obtaining
256 medical and mental health assessments, treatment, care and
257 services for children who are in, or at risk of being put in, the
258 custody of the Mississippi Department of Human Services may enter
259 into a cooperative agreement with the Mississippi Department of
260 Human Services for the provision of those services using state
261 funds that are provided from the appropriation to the Department
262 of Human Services to obtain federal matching funds through the
263 division.

264 (6) Physician services. Fees for physician's services
265 that are covered only by Medicaid shall be reimbursed at ninety
266 percent (90%) of the rate established on January 1, 2018, and as
267 may be adjusted each July thereafter, under Medicare. The
268 division may provide for a reimbursement rate for physician's
269 services of up to one hundred percent (100%) of the rate
270 established under Medicare for physician's services that are
271 provided after the normal working hours of the physician, as
272 determined in accordance with regulations of the division. The
273 division may reimburse eligible providers, as determined by the
274 division, for certain primary care services at one hundred percent
275 (100%) of the rate established under Medicare. The division shall
276 reimburse obstetricians and gynecologists for certain primary care

277 services as defined by the division at one hundred percent (100%)
278 of the rate established under Medicare.

279 (7) (a) Home health services for eligible persons, not
280 to exceed in cost the prevailing cost of nursing facility
281 services. All home health visits must be precertified as required
282 by the division. In addition to physicians, certified registered
283 nurse practitioners, physician assistants and clinical nurse
284 specialists are authorized to prescribe or order home health
285 services and plans of care, sign home health plans of care,
286 certify and recertify eligibility for home health services and
287 conduct the required initial face-to-face visit with the recipient
288 of the services.

289 (b) [Repealed]

290 (8) Emergency medical transportation services as
291 determined by the division.

292 (9) Prescription drugs and other covered drugs and
293 services as determined by the division.

294 The division shall establish a mandatory preferred drug list.
295 Drugs not on the mandatory preferred drug list shall be made
296 available by utilizing prior authorization procedures established
297 by the division.

298 The division may seek to establish relationships with other
299 states in order to lower acquisition costs of prescription drugs
300 to include single-source and innovator multiple-source drugs or
301 generic drugs. In addition, if allowed by federal law or

302 regulation, the division may seek to establish relationships with
303 and negotiate with other countries to facilitate the acquisition
304 of prescription drugs to include single-source and innovator
305 multiple-source drugs or generic drugs, if that will lower the
306 acquisition costs of those prescription drugs.

307 The division may allow for a combination of prescriptions for
308 single-source and innovator multiple-source drugs and generic
309 drugs to meet the needs of the beneficiaries.

310 The executive director may approve specific maintenance drugs
311 for beneficiaries with certain medical conditions, which may be
312 prescribed and dispensed in three-month supply increments.

313 Drugs prescribed for a resident of a psychiatric residential
314 treatment facility must be provided in true unit doses when
315 available. The division may require that drugs not covered by
316 Medicare Part D for a resident of a long-term care facility be
317 provided in true unit doses when available. Those drugs that were
318 originally billed to the division but are not used by a resident
319 in any of those facilities shall be returned to the billing
320 pharmacy for credit to the division, in accordance with the
321 guidelines of the State Board of Pharmacy and any requirements of
322 federal law and regulation. Drugs shall be dispensed to a
323 recipient and only one (1) dispensing fee per month may be
324 charged. The division shall develop a methodology for reimbursing
325 for restocked drugs, which shall include a restock fee as

326 determined by the division not exceeding Seven Dollars and
327 Eighty-two Cents (\$7.82).

328 Except for those specific maintenance drugs approved by the
329 executive director, the division shall not reimburse for any
330 portion of a prescription that exceeds a thirty-one-day supply of
331 the drug based on the daily dosage.

332 The division is authorized to develop and implement a program
333 of payment for additional pharmacist services as determined by the
334 division.

335 All claims for drugs for dually eligible Medicare/Medicaid
336 beneficiaries that are paid for by Medicare must be submitted to
337 Medicare for payment before they may be processed by the
338 division's online payment system.

339 The division shall develop a pharmacy policy in which drugs
340 in tamper-resistant packaging that are prescribed for a resident
341 of a nursing facility but are not dispensed to the resident shall
342 be returned to the pharmacy and not billed to Medicaid, in
343 accordance with guidelines of the State Board of Pharmacy.

344 The division shall develop and implement a method or methods
345 by which the division will provide on a regular basis to Medicaid
346 providers who are authorized to prescribe drugs, information about
347 the costs to the Medicaid program of single-source drugs and
348 innovator multiple-source drugs, and information about other drugs
349 that may be prescribed as alternatives to those single-source

350 drugs and innovator multiple-source drugs and the costs to the
351 Medicaid program of those alternative drugs.

352 Notwithstanding any law or regulation, information obtained
353 or maintained by the division regarding the prescription drug
354 program, including trade secrets and manufacturer or labeler
355 pricing, is confidential and not subject to disclosure except to
356 other state agencies.

357 The dispensing fee for each new or refill prescription,
358 including nonlegend or over-the-counter drugs covered by the
359 division, shall be not less than Three Dollars and Ninety-one
360 Cents (\$3.91), as determined by the division.

361 The division shall not reimburse for single-source or
362 innovator multiple-source drugs if there are equally effective
363 generic equivalents available and if the generic equivalents are
364 the least expensive.

365 It is the intent of the Legislature that the pharmacists
366 providers be reimbursed for the reasonable costs of filling and
367 dispensing prescriptions for Medicaid beneficiaries.

368 The division shall allow certain drugs, including
369 physician-administered drugs, and implantable drug system devices,
370 and medical supplies, with limited distribution or limited access
371 for beneficiaries and administered in an appropriate clinical
372 setting, to be reimbursed as either a medical claim or pharmacy
373 claim, as determined by the division.

374 It is the intent of the Legislature that the division and any
375 managed care entity described in subsection (H) of this section
376 encourage the use of Alpha-Hydroxyprogesterone Caproate (17P) to
377 prevent recurrent preterm birth.

378 (10) Dental and orthodontic services to be determined
379 by the division.

380 The division shall increase the amount of the reimbursement
381 rate for diagnostic and preventative dental services for each of
382 the fiscal years 2022, 2023 and 2024 by five percent (5%) above
383 the amount of the reimbursement rate for the previous fiscal year.
384 The division shall increase the amount of the reimbursement rate
385 for restorative dental services for each of the fiscal years 2023,
386 2024 and 2025 by five percent (5%) above the amount of the
387 reimbursement rate for the previous fiscal year. It is the intent
388 of the Legislature that the reimbursement rate revision for
389 preventative dental services will be an incentive to increase the
390 number of dentists who actively provide Medicaid services. This
391 dental services reimbursement rate revision shall be known as the
392 "James Russell Dumas Medicaid Dental Services Incentive Program."

393 The Medical Care Advisory Committee, assisted by the Division
394 of Medicaid, shall annually determine the effect of this incentive
395 by evaluating the number of dentists who are Medicaid providers,
396 the number who and the degree to which they are actively billing
397 Medicaid, the geographic trends of where dentists are offering
398 what types of Medicaid services and other statistics pertinent to

399 the goals of this legislative intent. This data shall annually be
400 presented to the Chair of the Senate Medicaid Committee and the
401 Chair of the House Medicaid Committee.

402 The division shall include dental services as a necessary
403 component of overall health services provided to children who are
404 eligible for services.

405 (11) Eyeglasses for all Medicaid beneficiaries who have
406 (a) had surgery on the eyeball or ocular muscle that results in a
407 vision change for which eyeglasses or a change in eyeglasses is
408 medically indicated within six (6) months of the surgery and is in
409 accordance with policies established by the division, or (b) one
410 (1) pair every five (5) years and in accordance with policies
411 established by the division. In either instance, the eyeglasses
412 must be prescribed by a physician skilled in diseases of the eye
413 or an optometrist, whichever the beneficiary may select.

414 (12) Intermediate care facility services.

415 (a) The division shall make full payment to all
416 intermediate care facilities for individuals with intellectual
417 disabilities for each day, not exceeding sixty-three (63) days per
418 year, that a patient is absent from the facility on home leave.
419 Payment may be made for the following home leave days in addition
420 to the sixty-three-day limitation: Christmas, the day before
421 Christmas, the day after Christmas, Thanksgiving, the day before
422 Thanksgiving and the day after Thanksgiving.

423 (b) All state-owned intermediate care facilities
424 for individuals with intellectual disabilities shall be reimbursed
425 on a full reasonable cost basis.

426 (c) Effective January 1, 2015, the division shall
427 update the fair rental reimbursement system for intermediate care
428 facilities for individuals with intellectual disabilities.

429 (13) Family planning services, including drugs,
430 supplies and devices, when those services are under the
431 supervision of a physician or nurse practitioner.

432 (14) Clinic services. Preventive, diagnostic,
433 therapeutic, rehabilitative or palliative services that are
434 furnished by a facility that is not part of a hospital but is
435 organized and operated to provide medical care to outpatients.
436 Clinic services include, but are not limited to:

437 (a) Services provided by ambulatory surgical
438 centers (ACSS) as defined in Section 41-75-1(a); and

439 (b) Dialysis center services.

440 (15) Home- and community-based services for the elderly
441 and disabled, as provided under Title XIX of the federal Social
442 Security Act, as amended, under waivers, subject to the
443 availability of funds specifically appropriated for that purpose
444 by the Legislature.

445 (16) Mental health services. Certain services provided
446 by a psychiatrist shall be reimbursed at up to one hundred percent
447 (100%) of the Medicare rate. Approved therapeutic and case

448 management services (a) provided by an approved regional mental
449 health/intellectual disability center established under Sections
450 41-19-31 through 41-19-39, or by another community mental health
451 service provider meeting the requirements of the Department of
452 Mental Health to be an approved mental health/intellectual
453 disability center if determined necessary by the Department of
454 Mental Health, using state funds that are provided in the
455 appropriation to the division to match federal funds, or (b)
456 provided by a facility that is certified by the State Department
457 of Mental Health to provide therapeutic and case management
458 services, to be reimbursed on a fee for service basis, or (c)
459 provided in the community by a facility or program operated by the
460 Department of Mental Health. Any such services provided by a
461 facility described in subparagraph (b) must have the prior
462 approval of the division to be reimbursable under this section.

463 (17) Durable medical equipment services and medical
464 supplies. Precertification of durable medical equipment and
465 medical supplies must be obtained as required by the division.
466 The Division of Medicaid may require durable medical equipment
467 providers to obtain a surety bond in the amount and to the
468 specifications as established by the Balanced Budget Act of 1997.
469 A maximum dollar amount of reimbursement for noninvasive
470 ventilators or ventilation treatments properly ordered and being
471 used in an appropriate care setting shall not be set by any health
472 maintenance organization, coordinated care organization,

473 provider-sponsored health plan, or other organization paid for
474 services on a capitated basis by the division under any managed
475 care program or coordinated care program implemented by the
476 division under this section. Reimbursement by these organizations
477 to durable medical equipment suppliers for home use of noninvasive
478 and invasive ventilators shall be on a continuous monthly payment
479 basis for the duration of medical need throughout a patient's
480 valid prescription period.

481 (18) (a) Notwithstanding any other provision of this
482 section to the contrary, as provided in the Medicaid state plan
483 amendment or amendments as defined in Section 43-13-145(10), the
484 division shall make additional reimbursement to hospitals that
485 serve a disproportionate share of low-income patients and that
486 meet the federal requirements for those payments as provided in
487 Section 1923 of the federal Social Security Act and any applicable
488 regulations. It is the intent of the Legislature that the
489 division shall draw down all available federal funds allotted to
490 the state for disproportionate share hospitals. However, from and
491 after January 1, 1999, public hospitals participating in the
492 Medicaid disproportionate share program may be required to
493 participate in an intergovernmental transfer program as provided
494 in Section 1903 of the federal Social Security Act and any
495 applicable regulations.

496 (b) (i) 1. The division may establish a Medicare
497 Upper Payment Limits Program, as defined in Section 1902(a)(30) of

523 with physicians participating in the Medicare Upper Payment Limits
524 Program or other program(s) authorized under this subsection
525 (A) (18) (b) shall be required to participate in an
526 intergovernmental transfer or assessment, as determined by the
527 division, for the purpose of financing the state portion of the
528 physician UPL payments or other payment(s) authorized under this
529 subsection (A) (18) (b) .

530 (iii) Subject to approval by the Centers for
531 Medicare and Medicaid Services (CMS) and the provisions of this
532 subsection (A) (18) (b), the division shall make additional
533 reimbursement to hospitals, nursing facilities, and emergency
534 ambulance transportation providers for the Medicare Upper Payment
535 Limits Program or other program(s) authorized under this
536 subsection (A) (18) (b), and, if the program is established for
537 physicians, shall make additional reimbursement for physicians, as
538 defined in Section 1902(a) (30) of the federal Social Security Act
539 and any applicable federal regulations, provided the assessment in
540 this subsection (A) (18) (b) is in effect.

541 (iv) Notwithstanding any other provision of
542 this article to the contrary, effective upon implementation of the
543 Mississippi Hospital Access Program (MHAP) provided in
544 subparagraph (c) (i) below, the hospital portion of the inpatient
545 Upper Payment Limits Program shall transition into and be replaced
546 by the MHAP program. However, the division is authorized to
547 develop and implement an alternative fee-for-service Upper Payment

548 Limits model in accordance with federal laws and regulations if
549 necessary to preserve supplemental funding. Further, the
550 division, in consultation with the hospital industry shall develop
551 alternative models for distribution of medical claims and
552 supplemental payments for inpatient and outpatient hospital
553 services, and such models may include, but shall not be limited to
554 the following: increasing rates for inpatient and outpatient
555 services; creating a low-income utilization pool of funds to
556 reimburse hospitals for the costs of uncompensated care, charity
557 care and bad debts as permitted and approved pursuant to federal
558 regulations and the Centers for Medicare and Medicaid Services;
559 supplemental payments based upon Medicaid utilization, quality,
560 service lines and/or costs of providing such services to Medicaid
561 beneficiaries and to uninsured patients. The goals of such
562 payment models shall be to ensure access to inpatient and
563 outpatient care and to maximize any federal funds that are
564 available to reimburse hospitals for services provided. Any such
565 documents required to achieve the goals described in this
566 paragraph shall be submitted to the Centers for Medicare and
567 Medicaid Services, with a proposed effective date of July 1, 2019,
568 to the extent possible, but in no event shall the effective date
569 of such payment models be later than July 1, 2020. The Chairmen
570 of the Senate and House Medicaid Committees shall be provided a
571 copy of the proposed payment model(s) prior to submission.
572 Effective July 1, 2018, and until such time as any payment

573 model(s) as described above become effective, the division, in
574 consultation with the hospital industry, is authorized to
575 implement a transitional program for inpatient and outpatient
576 payments and/or supplemental payments (including, but not limited
577 to, MHAP and directed payments), to redistribute available
578 supplemental funds among hospital providers, provided that when
579 compared to a hospital's prior year supplemental payments,
580 supplemental payments made pursuant to any such transitional
581 program shall not result in a decrease of more than five percent
582 (5%) and shall not increase by more than the amount needed to
583 maximize the distribution of the available funds.

584 (v) 1. To preserve and improve access to
585 ambulance transportation provider services, the division shall
586 seek CMS approval to make ambulance service access payments as set
587 forth in this subsection (A) (18) (b) for all covered emergency
588 ambulance services rendered on or after July 1, 2022, and shall
589 make such ambulance service access payments for all covered
590 services rendered on or after the effective date of CMS approval.

591 2. The division shall calculate the
592 ambulance service access payment amount as the balance of the
593 portion of the Medical Care Fund related to ambulance
594 transportation service provider assessments plus any federal
595 matching funds earned on the balance, up to, but not to exceed,
596 the upper payment limit gap for all emergency ambulance service
597 providers.

598 3. a. Except for ambulance services
599 exempt from the assessment provided in this paragraph (18)(b), all
600 ambulance transportation service providers shall be eligible for
601 ambulance service access payments each state fiscal year as set
602 forth in this paragraph (18)(b).

603 b. In addition to any other funds
604 paid to ambulance transportation service providers for emergency
605 medical services provided to Medicaid beneficiaries, each eligible
606 ambulance transportation service provider shall receive ambulance
607 service access payments each state fiscal year equal to the
608 ambulance transportation service provider's upper payment limit
609 gap. Subject to approval by the Centers for Medicare and Medicaid
610 Services, ambulance service access payments shall be made no less
611 than on a quarterly basis.

612 c. As used in this paragraph
613 (18)(b)(v), the term "upper payment limit gap" means the
614 difference between the total amount that the ambulance
615 transportation service provider received from Medicaid and the
616 average amount that the ambulance transportation service provider
617 would have received from commercial insurers for those services
618 reimbursed by Medicaid.

619 4. An ambulance service access payment
620 shall not be used to offset any other payment by the division for
621 emergency or nonemergency services to Medicaid beneficiaries.

622 (c) (i) Not later than December 1, 2015, the
623 division shall, subject to approval by the Centers for Medicare
624 and Medicaid Services (CMS), establish, implement and operate a
625 Mississippi Hospital Access Program (MHAP) for the purpose of
626 protecting patient access to hospital care through hospital
627 inpatient reimbursement programs provided in this section designed
628 to maintain total hospital reimbursement for inpatient services
629 rendered by in-state hospitals and the out-of-state hospital that
630 is authorized by federal law to submit intergovernmental transfers
631 (IGTs) to the State of Mississippi and is classified as Level I
632 trauma center located in a county contiguous to the state line at
633 the maximum levels permissible under applicable federal statutes
634 and regulations, at which time the current inpatient Medicare
635 Upper Payment Limits (UPL) Program for hospital inpatient services
636 shall transition to the MHAP.

637 (ii) Subject to approval by the Centers for
638 Medicare and Medicaid Services (CMS), the MHAP shall provide
639 increased inpatient capitation (PMPM) payments to managed care
640 entities contracting with the division pursuant to subsection (H)
641 of this section to support availability of hospital services or
642 such other payments permissible under federal law necessary to
643 accomplish the intent of this subsection.

644 (iii) The intent of this subparagraph (c) is
645 that effective for all inpatient hospital Medicaid services during
646 state fiscal year 2016, and so long as this provision shall remain

647 in effect hereafter, the division shall to the fullest extent
648 feasible replace the additional reimbursement for hospital
649 inpatient services under the inpatient Medicare Upper Payment
650 Limits (UPL) Program with additional reimbursement under the MHAP
651 and other payment programs for inpatient and/or outpatient
652 payments which may be developed under the authority of this
653 paragraph.

654 (iv) The division shall assess each hospital
655 as provided in Section 43-13-145(4) (a) for the purpose of
656 financing the state portion of the MHAP, supplemental payments and
657 such other purposes as specified in Section 43-13-145. The
658 assessment will remain in effect as long as the MHAP and
659 supplemental payments are in effect.

660 (19) (a) Perinatal risk management services. The
661 division shall promulgate regulations to be effective from and
662 after October 1, 1988, to establish a comprehensive perinatal
663 system for risk assessment of all pregnant and infant Medicaid
664 recipients and for management, education and follow-up for those
665 who are determined to be at risk. Services to be performed
666 include case management, nutrition assessment/counseling,
667 psychosocial assessment/counseling and health education. The
668 division shall contract with the State Department of Health to
669 provide services within this paragraph (Perinatal High Risk
670 Management/Infant Services System (PHRM/ISS)). The State

671 Department of Health shall be reimbursed on a full reasonable cost
672 basis for services provided under this subparagraph (a).

673 (b) Early intervention system services. The
674 division shall cooperate with the State Department of Health,
675 acting as lead agency, in the development and implementation of a
676 statewide system of delivery of early intervention services, under
677 Part C of the Individuals with Disabilities Education Act (IDEA).
678 The State Department of Health shall certify annually in writing
679 to the executive director of the division the dollar amount of
680 state early intervention funds available that will be utilized as
681 a certified match for Medicaid matching funds. Those funds then
682 shall be used to provide expanded targeted case management
683 services for Medicaid eligible children with special needs who are
684 eligible for the state's early intervention system.

685 Qualifications for persons providing service coordination shall be
686 determined by the State Department of Health and the Division of
687 Medicaid.

688 (20) Home- and community-based services for physically
689 disabled approved services as allowed by a waiver from the United
690 States Department of Health and Human Services for home- and
691 community-based services for physically disabled people using
692 state funds that are provided from the appropriation to the State
693 Department of Rehabilitation Services and used to match federal
694 funds under a cooperative agreement between the division and the
695 department, provided that funds for these services are

696 specifically appropriated to the Department of Rehabilitation
697 Services.

698 (21) Nurse practitioner services. Services furnished
699 by a registered nurse who is licensed and certified by the
700 Mississippi Board of Nursing as a nurse practitioner, including,
701 but not limited to, nurse anesthetists, nurse midwives, family
702 nurse practitioners, family planning nurse practitioners,
703 pediatric nurse practitioners, obstetrics-gynecology nurse
704 practitioners and neonatal nurse practitioners, under regulations
705 adopted by the division. Reimbursement for those services shall
706 not exceed ninety percent (90%) of the reimbursement rate for
707 comparable services rendered by a physician. The division may
708 provide for a reimbursement rate for nurse practitioner services
709 of up to one hundred percent (100%) of the reimbursement rate for
710 comparable services rendered by a physician for nurse practitioner
711 services that are provided after the normal working hours of the
712 nurse practitioner, as determined in accordance with regulations
713 of the division.

714 (22) Ambulatory services delivered in federally
715 qualified health centers, rural health centers and clinics of the
716 local health departments of the State Department of Health for
717 individuals eligible for Medicaid under this article based on
718 reasonable costs as determined by the division. Federally
719 qualified health centers shall be reimbursed by the Medicaid
720 prospective payment system as approved by the Centers for Medicare

721 and Medicaid Services. The division shall recognize federally
722 qualified health centers (FQHCs), rural health clinics (RHCs) and
723 community mental health centers (CMHCs) as both an originating and
724 distant site provider for the purposes of telehealth
725 reimbursement. The division is further authorized and directed to
726 reimburse FQHCs, RHCs and CMHCs for both distant site and
727 originating site services when such services are appropriately
728 provided by the same organization.

729 (23) Inpatient psychiatric services.

730 (a) Inpatient psychiatric services to be
731 determined by the division for recipients under age twenty-one
732 (21) that are provided under the direction of a physician in an
733 inpatient program in a licensed acute care psychiatric facility or
734 in a licensed psychiatric residential treatment facility, before
735 the recipient reaches age twenty-one (21) or, if the recipient was
736 receiving the services immediately before he or she reached age
737 twenty-one (21), before the earlier of the date he or she no
738 longer requires the services or the date he or she reaches age
739 twenty-two (22), as provided by federal regulations. From and
740 after January 1, 2015, the division shall update the fair rental
741 reimbursement system for psychiatric residential treatment
742 facilities. Precertification of inpatient days and residential
743 treatment days must be obtained as required by the division. From
744 and after July 1, 2009, all state-owned and state-operated
745 facilities that provide inpatient psychiatric services to persons

746 under age twenty-one (21) who are eligible for Medicaid
747 reimbursement shall be reimbursed for those services on a full
748 reasonable cost basis.

749 (b) The division may reimburse for services
750 provided by a licensed freestanding psychiatric hospital to
751 Medicaid recipients over the age of twenty-one (21) in a method
752 and manner consistent with the provisions of Section 43-13-117.5.

753 (24) [Deleted]

754 (25) [Deleted]

755 (26) Hospice care. As used in this paragraph, the term
756 "hospice care" means a coordinated program of active professional
757 medical attention within the home and outpatient and inpatient
758 care that treats the terminally ill patient and family as a unit,
759 employing a medically directed interdisciplinary team. The
760 program provides relief of severe pain or other physical symptoms
761 and supportive care to meet the special needs arising out of
762 physical, psychological, spiritual, social and economic stresses
763 that are experienced during the final stages of illness and during
764 dying and bereavement and meets the Medicare requirements for
765 participation as a hospice as provided in federal regulations.

766 (27) Group health plan premiums and cost-sharing if it
767 is cost-effective as defined by the United States Secretary of
768 Health and Human Services.

769 (28) Other health insurance premiums that are
770 cost-effective as defined by the United States Secretary of Health

771 and Human Services. Medicare eligible must have Medicare Part B
772 before other insurance premiums can be paid.

773 (29) The Division of Medicaid may apply for a waiver
774 from the United States Department of Health and Human Services for
775 home- and community-based services for developmentally disabled
776 people using state funds that are provided from the appropriation
777 to the State Department of Mental Health and/or funds transferred
778 to the department by a political subdivision or instrumentality of
779 the state and used to match federal funds under a cooperative
780 agreement between the division and the department, provided that
781 funds for these services are specifically appropriated to the
782 Department of Mental Health and/or transferred to the department
783 by a political subdivision or instrumentality of the state.

784 (30) Pediatric skilled nursing services as determined
785 by the division and in a manner consistent with regulations
786 promulgated by the Mississippi State Department of Health.

787 (31) Targeted case management services for children
788 with special needs, under waivers from the United States
789 Department of Health and Human Services, using state funds that
790 are provided from the appropriation to the Mississippi Department
791 of Human Services and used to match federal funds under a
792 cooperative agreement between the division and the department.

793 (32) Care and services provided in Christian Science
794 Sanatoria listed and certified by the Commission for Accreditation
795 of Christian Science Nursing Organizations/Facilities, Inc.,

796 rendered in connection with treatment by prayer or spiritual means
797 to the extent that those services are subject to reimbursement
798 under Section 1903 of the federal Social Security Act.

799 (33) Podiatrist services.

800 (34) Assisted living services as provided through
801 home- and community-based services under Title XIX of the federal
802 Social Security Act, as amended, subject to the availability of
803 funds specifically appropriated for that purpose by the
804 Legislature.

805 (35) Services and activities authorized in Sections
806 43-27-101 and 43-27-103, using state funds that are provided from
807 the appropriation to the Mississippi Department of Human Services
808 and used to match federal funds under a cooperative agreement
809 between the division and the department.

810 (36) Nonemergency transportation services for
811 Medicaid-eligible persons as determined by the division. The PEER
812 Committee shall conduct a performance evaluation of the
813 nonemergency transportation program to evaluate the administration
814 of the program and the providers of transportation services to
815 determine the most cost-effective ways of providing nonemergency
816 transportation services to the patients served under the program.
817 The performance evaluation shall be completed and provided to the
818 members of the Senate Medicaid Committee and the House Medicaid
819 Committee not later than January 1, 2019, and every two (2) years
820 thereafter.

821 (37) [Deleted]

822 (38) Chiropractic services. A chiropractor's manual
823 manipulation of the spine to correct a subluxation, if x-ray
824 demonstrates that a subluxation exists and if the subluxation has
825 resulted in a neuromusculoskeletal condition for which
826 manipulation is appropriate treatment, and related spinal x-rays
827 performed to document these conditions. Reimbursement for
828 chiropractic services shall not exceed Seven Hundred Dollars
829 (\$700.00) per year per beneficiary.

830 (39) Dually eligible Medicare/Medicaid beneficiaries.
831 The division shall pay the Medicare deductible and coinsurance
832 amounts for services available under Medicare, as determined by
833 the division. From and after July 1, 2009, the division shall
834 reimburse crossover claims for inpatient hospital services and
835 crossover claims covered under Medicare Part B in the same manner
836 that was in effect on January 1, 2008, unless specifically
837 authorized by the Legislature to change this method.

838 (40) [Deleted]

839 (41) Services provided by the State Department of
840 Rehabilitation Services for the care and rehabilitation of persons
841 with spinal cord injuries or traumatic brain injuries, as allowed
842 under waivers from the United States Department of Health and
843 Human Services, using up to seventy-five percent (75%) of the
844 funds that are appropriated to the Department of Rehabilitation
845 Services from the Spinal Cord and Head Injury Trust Fund

846 established under Section 37-33-261 and used to match federal
847 funds under a cooperative agreement between the division and the
848 department.

849 (42) [Deleted]

850 (43) The division shall provide reimbursement,
851 according to a payment schedule developed by the division, for
852 smoking cessation medications for pregnant women during their
853 pregnancy and other Medicaid-eligible women who are of
854 child-bearing age.

855 (44) Nursing facility services for the severely
856 disabled.

857 (a) Severe disabilities include, but are not
858 limited to, spinal cord injuries, closed-head injuries and
859 ventilator-dependent patients.

860 (b) Those services must be provided in a long-term
861 care nursing facility dedicated to the care and treatment of
862 persons with severe disabilities.

863 (45) Physician assistant services. Services furnished
864 by a physician assistant who is licensed by the State Board of
865 Medical Licensure and is practicing with physician supervision
866 under regulations adopted by the board, under regulations adopted
867 by the division. Reimbursement for those services shall not
868 exceed ninety percent (90%) of the reimbursement rate for
869 comparable services rendered by a physician. The division may
870 provide for a reimbursement rate for physician assistant services

871 of up to one hundred percent (100%) or the reimbursement rate for
872 comparable services rendered by a physician for physician
873 assistant services that are provided after the normal working
874 hours of the physician assistant, as determined in accordance with
875 regulations of the division.

876 (46) The division shall make application to the federal
877 Centers for Medicare and Medicaid Services (CMS) for a waiver to
878 develop and provide services for children with serious emotional
879 disturbances as defined in Section 43-14-1(1), which may include
880 home- and community-based services, case management services or
881 managed care services through mental health providers certified by
882 the Department of Mental Health. The division may implement and
883 provide services under this waived program only if funds for
884 these services are specifically appropriated for this purpose by
885 the Legislature, or if funds are voluntarily provided by affected
886 agencies.

887 (47) (a) The division may develop and implement
888 disease management programs for individuals with high-cost chronic
889 diseases and conditions, including the use of grants, waivers,
890 demonstrations or other projects as necessary.

891 (b) Participation in any disease management
892 program implemented under this paragraph (47) is optional with the
893 individual. An individual must affirmatively elect to participate
894 in the disease management program in order to participate, and may
895 elect to discontinue participation in the program at any time.

896 (48) Pediatric long-term acute care hospital services.

897 (a) Pediatric long-term acute care hospital
898 services means services provided to eligible persons under
899 twenty-one (21) years of age by a freestanding Medicare-certified
900 hospital that has an average length of inpatient stay greater than
901 twenty-five (25) days and that is primarily engaged in providing
902 chronic or long-term medical care to persons under twenty-one (21)
903 years of age.

904 (b) The services under this paragraph (48) shall
905 be reimbursed as a separate category of hospital services.

906 (49) The division may establish copayments and/or
907 coinsurance for any Medicaid services for which copayments and/or
908 coinsurance are allowable under federal law or regulation.

909 (50) Services provided by the State Department of
910 Rehabilitation Services for the care and rehabilitation of persons
911 who are deaf and blind, as allowed under waivers from the United
912 States Department of Health and Human Services to provide home-
913 and community-based services using state funds that are provided
914 from the appropriation to the State Department of Rehabilitation
915 Services or if funds are voluntarily provided by another agency.

916 (51) Upon determination of Medicaid eligibility and in
917 association with annual redetermination of Medicaid eligibility,
918 beneficiaries shall be encouraged to undertake a physical
919 examination that will establish a base-line level of health and
920 identification of a usual and customary source of care (a medical

921 home) to aid utilization of disease management tools. This
922 physical examination and utilization of these disease management
923 tools shall be consistent with current United States Preventive
924 Services Task Force or other recognized authority recommendations.

925 For persons who are determined ineligible for Medicaid, the
926 division will provide information and direction for accessing
927 medical care and services in the area of their residence.

928 (52) Notwithstanding any provisions of this article,
929 the division may pay enhanced reimbursement fees related to trauma
930 care, as determined by the division in conjunction with the State
931 Department of Health, using funds appropriated to the State
932 Department of Health for trauma care and services and used to
933 match federal funds under a cooperative agreement between the
934 division and the State Department of Health. The division, in
935 conjunction with the State Department of Health, may use grants,
936 waivers, demonstrations, enhanced reimbursements, Upper Payment
937 Limits Programs, supplemental payments, or other projects as
938 necessary in the development and implementation of this
939 reimbursement program.

940 (53) Targeted case management services for high-cost
941 beneficiaries may be developed by the division for all services
942 under this section.

943 (54) [Deleted]

944 (55) Therapy services. The plan of care for therapy
945 services may be developed to cover a period of treatment for up to

946 six (6) months, but in no event shall the plan of care exceed a
947 six-month period of treatment. The projected period of treatment
948 must be indicated on the initial plan of care and must be updated
949 with each subsequent revised plan of care. Based on medical
950 necessity, the division shall approve certification periods for
951 less than or up to six (6) months, but in no event shall the
952 certification period exceed the period of treatment indicated on
953 the plan of care. The appeal process for any reduction in therapy
954 services shall be consistent with the appeal process in federal
955 regulations.

956 (56) Prescribed pediatric extended care centers
957 services for medically dependent or technologically dependent
958 children with complex medical conditions that require continual
959 care as prescribed by the child's attending physician, as
960 determined by the division.

961 (57) No Medicaid benefit shall restrict coverage for
962 medically appropriate treatment prescribed by a physician and
963 agreed to by a fully informed individual, or if the individual
964 lacks legal capacity to consent by a person who has legal
965 authority to consent on his or her behalf, based on an
966 individual's diagnosis with a terminal condition. As used in this
967 paragraph (57), "terminal condition" means any aggressive
968 malignancy, chronic end-stage cardiovascular or cerebral vascular
969 disease, or any other disease, illness or condition which a
970 physician diagnoses as terminal.

971 (58) Treatment services for persons with opioid
972 dependency or other highly addictive substance use disorders. The
973 division is authorized to reimburse eligible providers for
974 treatment of opioid dependency and other highly addictive
975 substance use disorders, as determined by the division. Treatment
976 related to these conditions shall not count against any physician
977 visit limit imposed under this section.

978 (59) The division shall allow beneficiaries between the
979 ages of ten (10) and eighteen (18) years to receive vaccines
980 through a pharmacy venue. The division and the State Department
981 of Health shall coordinate and notify OB-GYN providers that the
982 Vaccines for Children program is available to providers free of
983 charge.

984 (60) Border city university-affiliated pediatric
985 teaching hospital.

986 (a) Payments may only be made to a border city
987 university-affiliated pediatric teaching hospital if the Centers
988 for Medicare and Medicaid Services (CMS) approve an increase in
989 the annual request for the provider payment initiative authorized
990 under 42 CFR Section 438.6(c) in an amount equal to or greater
991 than the estimated annual payment to be made to the border city
992 university-affiliated pediatric teaching hospital. The estimate
993 shall be based on the hospital's prior year Mississippi managed
994 care utilization.

995 (b) As used in this paragraph (60), the term
996 "border city university-affiliated pediatric teaching hospital"
997 means an out-of-state hospital located within a city bordering the
998 eastern bank of the Mississippi River and the State of Mississippi
999 that submits to the division a copy of a current and effective
1000 affiliation agreement with an accredited university and other
1001 documentation establishing that the hospital is
1002 university-affiliated, is licensed and designated as a pediatric
1003 hospital or pediatric primary hospital within its home state,
1004 maintains at least five (5) different pediatric specialty training
1005 programs, and maintains at least one hundred (100) operated beds
1006 dedicated exclusively for the treatment of patients under the age
1007 of twenty-one (21) years.

1008 (c) The cost of providing services to Mississippi
1009 Medicaid beneficiaries under the age of twenty-one (21) years who
1010 are treated by a border city university-affiliated pediatric
1011 teaching hospital shall not exceed the cost of providing the same
1012 services to individuals in hospitals in the state.

1013 (d) It is the intent of the Legislature that
1014 payments shall not result in any in-state hospital receiving
1015 payments lower than they would otherwise receive if not for the
1016 payments made to any border city university-affiliated pediatric
1017 teaching hospital.

1018 (e) This paragraph (60) shall stand repealed on
1019 July 1, 2024.

1020 (61) Services described in Section 2 of this act that
1021 are provided by certified community health workers employed and
1022 supervised by a Medicaid provider. Reimbursement for these
1023 services shall be provided only if the division has received
1024 approval from the Centers for Medicare and Medicaid Services for a
1025 state plan amendment, waiver or alternative payment model for
1026 services delivered by certified community health workers.

1027 (B) Planning and development districts participating in the
1028 home- and community-based services program for the elderly and
1029 disabled as case management providers shall be reimbursed for case
1030 management services at the maximum rate approved by the Centers
1031 for Medicare and Medicaid Services (CMS).

1032 (C) The division may pay to those providers who participate
1033 in and accept patient referrals from the division's emergency room
1034 redirection program a percentage, as determined by the division,
1035 of savings achieved according to the performance measures and
1036 reduction of costs required of that program. Federally qualified
1037 health centers may participate in the emergency room redirection
1038 program, and the division may pay those centers a percentage of
1039 any savings to the Medicaid program achieved by the centers'
1040 accepting patient referrals through the program, as provided in
1041 this subsection (C).

1042 (D) (1) As used in this subsection (D), the following terms
1043 shall be defined as provided in this paragraph, except as
1044 otherwise provided in this subsection:

1045 (a) "Committees" means the Medicaid Committees of
1046 the House of Representatives and the Senate, and "committee" means
1047 either one of those committees.

1048 (b) "Rate change" means an increase, decrease or
1049 other change in the payments or rates of reimbursement, or a
1050 change in any payment methodology that results in an increase,
1051 decrease or other change in the payments or rates of
1052 reimbursement, to any Medicaid provider that renders any services
1053 authorized to be provided to Medicaid recipients under this
1054 article.

1055 (2) Whenever the Division of Medicaid proposes a rate
1056 change, the division shall give notice to the chairmen of the
1057 committees at least thirty (30) calendar days before the proposed
1058 rate change is scheduled to take effect. The division shall
1059 furnish the chairmen with a concise summary of each proposed rate
1060 change along with the notice, and shall furnish the chairmen with
1061 a copy of any proposed rate change upon request. The division
1062 also shall provide a summary and copy of any proposed rate change
1063 to any other member of the Legislature upon request.

1064 (3) If the chairman of either committee or both
1065 chairmen jointly object to the proposed rate change or any part
1066 thereof, the chairman or chairmen shall notify the division and
1067 provide the reasons for their objection in writing not later than
1068 seven (7) calendar days after receipt of the notice from the
1069 division. The chairman or chairmen may make written

1070 recommendations to the division for changes to be made to a
1071 proposed rate change.

1072 (4) (a) The chairman of either committee or both
1073 chairmen jointly may hold a committee meeting to review a proposed
1074 rate change. If either chairman or both chairmen decide to hold a
1075 meeting, they shall notify the division of their intention in
1076 writing within seven (7) calendar days after receipt of the notice
1077 from the division, and shall set the date and time for the meeting
1078 in their notice to the division, which shall not be later than
1079 fourteen (14) calendar days after receipt of the notice from the
1080 division.

1081 (b) After the committee meeting, the committee or
1082 committees may object to the proposed rate change or any part
1083 thereof. The committee or committees shall notify the division
1084 and the reasons for their objection in writing not later than
1085 seven (7) calendar days after the meeting. The committee or
1086 committees may make written recommendations to the division for
1087 changes to be made to a proposed rate change.

1088 (5) If both chairmen notify the division in writing
1089 within seven (7) calendar days after receipt of the notice from
1090 the division that they do not object to the proposed rate change
1091 and will not be holding a meeting to review the proposed rate
1092 change, the proposed rate change will take effect on the original
1093 date as scheduled by the division or on such other date as
1094 specified by the division.

1095 (6) (a) If there are any objections to a proposed rate
1096 change or any part thereof from either or both of the chairmen or
1097 the committees, the division may withdraw the proposed rate
1098 change, make any of the recommended changes to the proposed rate
1099 change, or not make any changes to the proposed rate change.

1100 (b) If the division does not make any changes to
1101 the proposed rate change, it shall notify the chairmen of that
1102 fact in writing, and the proposed rate change shall take effect on
1103 the original date as scheduled by the division or on such other
1104 date as specified by the division.

1105 (c) If the division makes any changes to the
1106 proposed rate change, the division shall notify the chairmen of
1107 its actions in writing, and the revised proposed rate change shall
1108 take effect on the date as specified by the division.

1109 (7) Nothing in this subsection (D) shall be construed
1110 as giving the chairmen or the committees any authority to veto,
1111 nullify or revise any rate change proposed by the division. The
1112 authority of the chairmen or the committees under this subsection
1113 shall be limited to reviewing, making objections to and making
1114 recommendations for changes to rate changes proposed by the
1115 division.

1116 (E) Notwithstanding any provision of this article, no new
1117 groups or categories of recipients and new types of care and
1118 services may be added without enabling legislation from the
1119 Mississippi Legislature, except that the division may authorize

1120 those changes without enabling legislation when the addition of
1121 recipients or services is ordered by a court of proper authority.

1122 (F) The executive director shall keep the Governor advised
1123 on a timely basis of the funds available for expenditure and the
1124 projected expenditures. Notwithstanding any other provisions of
1125 this article, if current or projected expenditures of the division
1126 are reasonably anticipated to exceed the amount of funds
1127 appropriated to the division for any fiscal year, the Governor,
1128 after consultation with the executive director, shall take all
1129 appropriate measures to reduce costs, which may include, but are
1130 not limited to:

1131 (1) Reducing or discontinuing any or all services that
1132 are deemed to be optional under Title XIX of the Social Security
1133 Act;

1134 (2) Reducing reimbursement rates for any or all service
1135 types;

1136 (3) Imposing additional assessments on health care
1137 providers; or

1138 (4) Any additional cost-containment measures deemed
1139 appropriate by the Governor.

1140 To the extent allowed under federal law, any reduction to
1141 services or reimbursement rates under this subsection (F) shall be
1142 accompanied by a reduction, to the fullest allowable amount, to
1143 the profit margin and administrative fee portions of capitated

1144 payments to organizations described in paragraph (1) of subsection
1145 (H).

1146 Beginning in fiscal year 2010 and in fiscal years thereafter,
1147 when Medicaid expenditures are projected to exceed funds available
1148 for the fiscal year, the division shall submit the expected
1149 shortfall information to the PEER Committee not later than
1150 December 1 of the year in which the shortfall is projected to
1151 occur. PEER shall review the computations of the division and
1152 report its findings to the Legislative Budget Office not later
1153 than January 7 in any year.

1154 (G) Notwithstanding any other provision of this article, it
1155 shall be the duty of each provider participating in the Medicaid
1156 program to keep and maintain books, documents and other records as
1157 prescribed by the Division of Medicaid in accordance with federal
1158 laws and regulations.

1159 (H) (1) Notwithstanding any other provision of this
1160 article, the division is authorized to implement (a) a managed
1161 care program, (b) a coordinated care program, (c) a coordinated
1162 care organization program, (d) a health maintenance organization
1163 program, (e) a patient-centered medical home program, (f) an
1164 accountable care organization program, (g) provider-sponsored
1165 health plan, or (h) any combination of the above programs. As a
1166 condition for the approval of any program under this subsection
1167 (H) (1), the division shall require that no managed care program,
1168 coordinated care program, coordinated care organization program,

1169 health maintenance organization program, or provider-sponsored
1170 health plan may:

1171 (a) Pay providers at a rate that is less than the
1172 Medicaid All Patient Refined Diagnosis Related Groups (APR-DRG)
1173 reimbursement rate;

1174 (b) Override the medical decisions of hospital
1175 physicians or staff regarding patients admitted to a hospital for
1176 an emergency medical condition as defined by 42 US Code Section
1177 1395dd. This restriction (b) does not prohibit the retrospective
1178 review of the appropriateness of the determination that an
1179 emergency medical condition exists by chart review or coding
1180 algorithm, nor does it prohibit prior authorization for
1181 nonemergency hospital admissions;

1182 (c) Pay providers at a rate that is less than the
1183 normal Medicaid reimbursement rate. It is the intent of the
1184 Legislature that all managed care entities described in this
1185 subsection (H), in collaboration with the division, develop and
1186 implement innovative payment models that incentivize improvements
1187 in health care quality, outcomes, or value, as determined by the
1188 division. Participation in the provider network of any managed
1189 care, coordinated care, provider-sponsored health plan, or similar
1190 contractor shall not be conditioned on the provider's agreement to
1191 accept such alternative payment models;

1192 (d) Implement a prior authorization and
1193 utilization review program for medical services, transportation

1194 services and prescription drugs that is more stringent than the
1195 prior authorization processes used by the division in its
1196 administration of the Medicaid program. Not later than December
1197 2, 2021, the contractors that are receiving capitated payments
1198 under a managed care delivery system established under this
1199 subsection (H) shall submit a report to the Chairmen of the House
1200 and Senate Medicaid Committees on the status of the prior
1201 authorization and utilization review program for medical services,
1202 transportation services and prescription drugs that is required to
1203 be implemented under this subparagraph (d);

1204 (e) [Deleted]

1205 (f) Implement a preferred drug list that is more
1206 stringent than the mandatory preferred drug list established by
1207 the division under subsection (A) (9) of this section;

1208 (g) Implement a policy which denies beneficiaries
1209 with hemophilia access to the federally funded hemophilia
1210 treatment centers as part of the Medicaid Managed Care network of
1211 providers.

1212 Each health maintenance organization, coordinated care
1213 organization, provider-sponsored health plan, or other
1214 organization paid for services on a capitated basis by the
1215 division under any managed care program or coordinated care
1216 program implemented by the division under this section shall use a
1217 clear set of level of care guidelines in the determination of
1218 medical necessity and in all utilization management practices,

1219 including the prior authorization process, concurrent reviews,
1220 retrospective reviews and payments, that are consistent with
1221 widely accepted professional standards of care. Organizations
1222 participating in a managed care program or coordinated care
1223 program implemented by the division may not use any additional
1224 criteria that would result in denial of care that would be
1225 determined appropriate and, therefore, medically necessary under
1226 those levels of care guidelines.

1227 (2) Notwithstanding any provision of this section, the
1228 recipients eligible for enrollment into a Medicaid Managed Care
1229 Program authorized under this subsection (H) may include only
1230 those categories of recipients eligible for participation in the
1231 Medicaid Managed Care Program as of January 1, 2021, the
1232 Children's Health Insurance Program (CHIP), and the CMS-approved
1233 Section 1115 demonstration waivers in operation as of January 1,
1234 2021. No expansion of Medicaid Managed Care Program contracts may
1235 be implemented by the division without enabling legislation from
1236 the Mississippi Legislature.

1237 (3) (a) Any contractors receiving capitated payments
1238 under a managed care delivery system established in this section
1239 shall provide to the Legislature and the division statistical data
1240 to be shared with provider groups in order to improve patient
1241 access, appropriate utilization, cost savings and health outcomes
1242 not later than October 1 of each year. Additionally, each
1243 contractor shall disclose to the Chairmen of the Senate and House

1244 Medicaid Committees the administrative expenses costs for the
1245 prior calendar year, and the number of full-equivalent employees
1246 located in the State of Mississippi dedicated to the Medicaid and
1247 CHIP lines of business as of June 30 of the current year.

1248 (b) The division and the contractors participating
1249 in the managed care program, a coordinated care program or a
1250 provider-sponsored health plan shall be subject to annual program
1251 reviews or audits performed by the Office of the State Auditor,
1252 the PEER Committee, the Department of Insurance and/or independent
1253 third parties.

1254 (c) Those reviews shall include, but not be
1255 limited to, at least two (2) of the following items:

1256 (i) The financial benefit to the State of
1257 Mississippi of the managed care program,

1258 (ii) The difference between the premiums paid
1259 to the managed care contractors and the payments made by those
1260 contractors to health care providers,

1261 (iii) Compliance with performance measures
1262 required under the contracts,

1263 (iv) Administrative expense allocation
1264 methodologies,

1265 (v) Whether nonprovider payments assigned as
1266 medical expenses are appropriate,

1267 (vi) Capitated arrangements with related
1268 party subcontractors,

1269 (vii) Reasonableness of corporate
1270 allocations,
1271 (viii) Value-added benefits and the extent to
1272 which they are used,
1273 (ix) The effectiveness of subcontractor
1274 oversight, including subcontractor review,
1275 (x) Whether health care outcomes have been
1276 improved, and
1277 (xi) The most common claim denial codes to
1278 determine the reasons for the denials.

1279 The audit reports shall be considered public documents and
1280 shall be posted in their entirety on the division's website.

1281 (4) All health maintenance organizations, coordinated
1282 care organizations, provider-sponsored health plans, or other
1283 organizations paid for services on a capitated basis by the
1284 division under any managed care program or coordinated care
1285 program implemented by the division under this section shall
1286 reimburse all providers in those organizations at rates no lower
1287 than those provided under this section for beneficiaries who are
1288 not participating in those programs.

1289 (5) No health maintenance organization, coordinated
1290 care organization, provider-sponsored health plan, or other
1291 organization paid for services on a capitated basis by the
1292 division under any managed care program or coordinated care
1293 program implemented by the division under this section shall

1294 require its providers or beneficiaries to use any pharmacy that
1295 ships, mails or delivers prescription drugs or legend drugs or
1296 devices.

1297 (6) (a) Not later than December 1, 2021, the
1298 contractors who are receiving capitated payments under a managed
1299 care delivery system established under this subsection (H) shall
1300 develop and implement a uniform credentialing process for
1301 providers. Under that uniform credentialing process, a provider
1302 who meets the criteria for credentialing will be credentialed with
1303 all of those contractors and no such provider will have to be
1304 separately credentialed by any individual contractor in order to
1305 receive reimbursement from the contractor. Not later than
1306 December 2, 2021, those contractors shall submit a report to the
1307 Chairmen of the House and Senate Medicaid Committees on the status
1308 of the uniform credentialing process for providers that is
1309 required under this subparagraph (a).

1310 (b) If those contractors have not implemented a
1311 uniform credentialing process as described in subparagraph (a) by
1312 December 1, 2021, the division shall develop and implement, not
1313 later than July 1, 2022, a single, consolidated credentialing
1314 process by which all providers will be credentialed. Under the
1315 division's single, consolidated credentialing process, no such
1316 contractor shall require its providers to be separately
1317 credentialed by the contractor in order to receive reimbursement
1318 from the contractor, but those contractors shall recognize the

1319 credentialing of the providers by the division's credentialing
1320 process.

1321 (c) The division shall require a uniform provider
1322 credentialing application that shall be used in the credentialing
1323 process that is established under subparagraph (a) or (b). If the
1324 contractor or division, as applicable, has not approved or denied
1325 the provider credentialing application within sixty (60) days of
1326 receipt of the completed application that includes all required
1327 information necessary for credentialing, then the contractor or
1328 division, upon receipt of a written request from the applicant and
1329 within five (5) business days of its receipt, shall issue a
1330 temporary provider credential/enrollment to the applicant if the
1331 applicant has a valid Mississippi professional or occupational
1332 license to provide the health care services to which the
1333 credential/enrollment would apply. The contractor or the division
1334 shall not issue a temporary credential/enrollment if the applicant
1335 has reported on the application a history of medical or other
1336 professional or occupational malpractice claims, a history of
1337 substance abuse or mental health issues, a criminal record, or a
1338 history of medical or other licensing board, state or federal
1339 disciplinary action, including any suspension from participation
1340 in a federal or state program. The temporary
1341 credential/enrollment shall be effective upon issuance and shall
1342 remain in effect until the provider's credentialing/enrollment
1343 application is approved or denied by the contractor or division.

1344 The contractor or division shall render a final decision regarding
1345 credentialing/enrollment of the provider within sixty (60) days
1346 from the date that the temporary provider credential/enrollment is
1347 issued to the applicant.

1348 (d) If the contractor or division does not render
1349 a final decision regarding credentialing/enrollment of the
1350 provider within the time required in subparagraph (c), the
1351 provider shall be deemed to be credentialed by and enrolled with
1352 all of the contractors and eligible to receive reimbursement from
1353 the contractors.

1354 (7) (a) Each contractor that is receiving capitated
1355 payments under a managed care delivery system established under
1356 this subsection (H) shall provide to each provider for whom the
1357 contractor has denied the coverage of a procedure that was ordered
1358 or requested by the provider for or on behalf of a patient, a
1359 letter that provides a detailed explanation of the reasons for the
1360 denial of coverage of the procedure and the name and the
1361 credentials of the person who denied the coverage. The letter
1362 shall be sent to the provider in electronic format.

1363 (b) After a contractor that is receiving capitated
1364 payments under a managed care delivery system established under
1365 this subsection (H) has denied coverage for a claim submitted by a
1366 provider, the contractor shall issue to the provider within sixty
1367 (60) days a final ruling of denial of the claim that allows the
1368 provider to have a state fair hearing and/or agency appeal with

1369 the division. If a contractor does not issue a final ruling of
1370 denial within sixty (60) days as required by this subparagraph
1371 (b), the provider's claim shall be deemed to be automatically
1372 approved and the contractor shall pay the amount of the claim to
1373 the provider.

1374 (c) After a contractor has issued a final ruling
1375 of denial of a claim submitted by a provider, the division shall
1376 conduct a state fair hearing and/or agency appeal on the matter of
1377 the disputed claim between the contractor and the provider within
1378 sixty (60) days, and shall render a decision on the matter within
1379 thirty (30) days after the date of the hearing and/or appeal.

1380 (8) It is the intention of the Legislature that the
1381 division evaluate the feasibility of using a single vendor to
1382 administer pharmacy benefits provided under a managed care
1383 delivery system established under this subsection (H). Providers
1384 of pharmacy benefits shall cooperate with the division in any
1385 transition to a carve-out of pharmacy benefits under managed care.

1386 (9) The division shall evaluate the feasibility of
1387 using a single vendor to administer dental benefits provided under
1388 a managed care delivery system established in this subsection (H).
1389 Providers of dental benefits shall cooperate with the division in
1390 any transition to a carve-out of dental benefits under managed
1391 care.

1392 (10) It is the intent of the Legislature that any
1393 contractor receiving capitated payments under a managed care

1394 delivery system established in this section shall implement
1395 innovative programs to improve the health and well-being of
1396 members diagnosed with prediabetes and diabetes.

1397 (11) It is the intent of the Legislature that any
1398 contractors receiving capitated payments under a managed care
1399 delivery system established under this subsection (H) shall work
1400 with providers of Medicaid services to improve the utilization of
1401 long-acting reversible contraceptives (LARCs). Not later than
1402 December 1, 2021, any contractors receiving capitated payments
1403 under a managed care delivery system established under this
1404 subsection (H) shall provide to the Chairmen of the House and
1405 Senate Medicaid Committees and House and Senate Public Health
1406 Committees a report of LARC utilization for State Fiscal Years
1407 2018 through 2020 as well as any programs, initiatives, or efforts
1408 made by the contractors and providers to increase LARC
1409 utilization. This report shall be updated annually to include
1410 information for subsequent state fiscal years.

1411 (12) The division is authorized to make not more than
1412 one (1) emergency extension of the contracts that are in effect on
1413 July 1, 2021, with contractors who are receiving capitated
1414 payments under a managed care delivery system established under
1415 this subsection (H), as provided in this paragraph (12). The
1416 maximum period of any such extension shall be one (1) year, and
1417 under any such extensions, the contractors shall be subject to all
1418 of the provisions of this subsection (H). The extended contracts

1419 shall be revised to incorporate any provisions of this subsection
1420 (H).

1421 (I) [Deleted]

1422 (J) There shall be no cuts in inpatient and outpatient
1423 hospital payments, or allowable days or volumes, as long as the
1424 hospital assessment provided in Section 43-13-145 is in effect.
1425 This subsection (J) shall not apply to decreases in payments that
1426 are a result of: reduced hospital admissions, audits or payments
1427 under the APR-DRG or APC models, or a managed care program or
1428 similar model described in subsection (H) of this section.

1429 (K) In the negotiation and execution of such contracts
1430 involving services performed by actuarial firms, the Executive
1431 Director of the Division of Medicaid may negotiate a limitation on
1432 liability to the state of prospective contractors.

1433 (L) The Division of Medicaid shall reimburse for services
1434 provided to eligible Medicaid beneficiaries by a licensed birthing
1435 center in a method and manner to be determined by the division in
1436 accordance with federal laws and federal regulations. The
1437 division shall seek any necessary waivers, make any required
1438 amendments to its State Plan or revise any contracts authorized
1439 under subsection (H) of this section as necessary to provide the
1440 services authorized under this subsection. As used in this
1441 subsection, the term "birthing centers" shall have the meaning as
1442 defined in Section 41-77-1(a), which is a publicly or privately
1443 owned facility, place or institution constructed, renovated,

1444 leased or otherwise established where nonemergency births are
1445 planned to occur away from the mother's usual residence following
1446 a documented period of prenatal care for a normal uncomplicated
1447 pregnancy which has been determined to be low risk through a
1448 formal risk-scoring examination.

1449 (M) This section shall stand repealed on July 1, * * * 2028.

1450 **SECTION 6.** This act shall take effect and be in force from
1451 and after July 1, 2024.
