1660 investment earnings or interest earned on amounts in the fund  
1661 shall be deposited to the credit of the fund.

1662 **SECTION 6.** Section 65-1-189, Mississippi Code of 1972, is  
1663 amended as follows:

1679           **SECTION 7.** Section 31-7-13, Mississippi Code of 1972, is  
1680 amended as follows:

1681           31-7-13. All agencies and governing authorities shall  
1682 purchase their commodities and printing; contract for garbage  
1683 collection or disposal; contract for solid waste collection or  
1684 disposal; contract for sewage collection or disposal; contract for  
1685 public construction; and contract for rentals as herein provided.

1686           (a) **Bidding procedure for purchases not over \$5,000.00.**  
1687 Purchases which do not involve an expenditure of more than Five  
1688 Thousand Dollars (\$5,000.00), exclusive of freight or shipping

1689 charges, may be made without advertising or otherwise requesting  
1690 competitive bids. However, nothing contained in this paragraph  
1691 (a) shall be construed to prohibit any agency or governing  
1692 authority from establishing procedures which require competitive  
1693 bids on purchases of Five Thousand Dollars (\$5,000.00) or less.

1694 (b) **Bidding procedure for purchases over \$5,000.00 but**  
1695 **not over \$75,000.00.** Purchases which involve an expenditure of  
1696 more than Five Thousand Dollars (\$5,000.00) but not more than  
1697 Seventy-five Thousand Dollars (\$75,000.00), exclusive of freight  
1698 and shipping charges, may be made from the lowest and best bidder  
1699 without publishing or posting advertisement for bids, provided at  
1700 least two (2) competitive written bids have been obtained. Any  
1701 state agency or community or junior college purchasing commodities  
1702 or procuring construction pursuant to this paragraph (b) may  
1703 authorize its purchasing agent, or his designee, to accept the  
1704 lowest competitive written bid under Seventy-five Thousand Dollars  
1705 (\$75,000.00). Any governing authority purchasing commodities  
1706 pursuant to this paragraph (b) may authorize its purchasing agent,  
1707 or his designee, with regard to governing authorities other than  
1708 counties, or its purchase clerk, or his designee, with regard to  
1709 counties, to accept the lowest and best competitive written bid.  
1710 Such authorization shall be made in writing by the governing  
1711 authority and shall be maintained on file in the primary office of  
1712 the agency and recorded in the official minutes of the governing  
1713 authority, as appropriate. The purchasing agent or the purchase

1714 clerk, or his designee, as the case may be, and not the governing  
1715 authority, shall be liable for any penalties and/or damages as may  
1716 be imposed by law for any act or omission of the purchasing agent  
1717 or purchase clerk, or his designee, constituting a violation of  
1718 law in accepting any bid without approval by the governing  
1719 authority. The term "competitive written bid" shall mean a bid  
1720 submitted on a bid form furnished by the buying agency or  
1721 governing authority and signed by authorized personnel  
1722 representing the vendor, or a bid submitted on a vendor's  
1723 letterhead or identifiable bid form and signed by authorized  
1724 personnel representing the vendor. "Competitive" shall mean that  
1725 the bids are developed based upon comparable identification of the  
1726 needs and are developed independently and without knowledge of  
1727 other bids or prospective bids. Any bid item for construction in  
1728 excess of Five Thousand Dollars (\$5,000.00) shall be broken down  
1729 by components to provide detail of component description and  
1730 pricing. These details shall be submitted with the written bids  
1731 and become part of the bid evaluation criteria. Bids may be  
1732 submitted by facsimile, electronic mail or other generally  
1733 accepted method of information distribution. Bids submitted by  
1734 electronic transmission shall not require the signature of the  
1735 vendor's representative unless required by agencies or governing  
1736 authorities.

1737 (c) **Bidding procedure for purchases over \$75,000.00.**

1738 (i) **Publication requirement.**

1739                   1. Purchases which involve an expenditure of  
1740 more than Seventy-five Thousand Dollars (\$75,000.00), exclusive of  
1741 freight and shipping charges, may be made from the lowest and best  
1742 bidder after advertising for competitive bids once each week for  
1743 two (2) consecutive weeks in a regular newspaper published in the  
1744 county or municipality in which such agency or governing authority  
1745 is located. However, all American Recovery and Reinvestment Act  
1746 projects in excess of Twenty-five Thousand Dollars (\$25,000.00)  
1747 shall be bid. All references to American Recovery and  
1748 Reinvestment Act projects in this section shall not apply to  
1749 programs identified in Division B of the American Recovery and  
1750 Reinvestment Act.

1751                   2. Reverse auctions shall be the primary  
1752 method for receiving bids during the bidding process. If a  
1753 purchasing entity determines that a reverse auction is not in the  
1754 best interest of the state, then that determination must be  
1755 approved by the Public Procurement Review Board. The purchasing  
1756 entity shall submit a detailed explanation of why a reverse  
1757 auction would not be in the best interest of the state and present  
1758 an alternative process to be approved by the Public Procurement  
1759 Review Board. If the Public Procurement Review Board authorizes  
1760 the purchasing entity to solicit bids with a method other than  
1761 reverse auction, then the purchasing entity may designate the  
1762 other methods by which the bids will be received, including, but  
1763 not limited to, bids sealed in an envelope, bids received

1764 electronically in a secure system, or bids received by any other  
1765 method that promotes open competition and has been approved by the  
1766 Office of Purchasing and Travel. However, reverse auction shall  
1767 not be used for any public contract for design, construction,  
1768 improvement, repair or remodeling of any public facilities,  
1769 including the purchase of materials, supplies, equipment or goods  
1770 for same and including buildings, roads and bridges. The Public  
1771 Procurement Review Board must approve any contract entered into by  
1772 alternative process. The provisions of this item 2 shall not  
1773 apply to the individual state institutions of higher learning.  
1774 The provisions of this item 2 requiring reverse auction as the  
1775 primary method of receiving bids shall not apply to term contract  
1776 purchases as provided in paragraph (n) of this section; however, a  
1777 purchasing entity may, in its discretion, utilize reverse auction  
1778 for such purchases. The provisions of this item 2 shall not apply  
1779 to individual public schools, including public charter schools and  
1780 public school districts, only when purchasing copyrighted  
1781 educational supplemental materials and software as a service  
1782 product. For such purchases, a local school board may authorize a  
1783 purchasing entity in its jurisdiction to use a Request for  
1784 Qualifications which promotes open competition and meets the  
1785 requirements of the Office of Purchasing and Travel.

1786                   3. The date as published for the bid opening  
1787 shall not be less than seven (7) working days after the last  
1788 published notice; however, if the purchase involves a construction

1789 project in which the estimated cost is in excess of Seventy-five  
1790 Thousand Dollars (\$75,000.00), such bids shall not be opened in  
1791 less than fifteen (15) working days after the last notice is  
1792 published and the notice for the purchase of such construction  
1793 shall be published once each week for two (2) consecutive weeks.

1794 \* \* \* The notice of intention to let contracts or purchase  
1795 equipment shall state the time and place at which bids shall be  
1796 received, list the contracts to be made or types of equipment or  
1797 supplies to be purchased, and, if all plans and/or specifications  
1798 are not published, refer to the plans and/or specifications on  
1799 file. If there is no newspaper published in the county or  
1800 municipality, then such notice shall be given by posting same at  
1801 the courthouse, or for municipalities at the city hall, and at two  
1802 (2) other public places in the county or municipality, and also by  
1803 publication once each week for two (2) consecutive weeks in some  
1804 newspaper having a general circulation in the county or  
1805 municipality in the above-provided manner. \* \* \*

1806 4. Agencies shall publish the notice required  
1807 in subparagraph (i)3 of this paragraph (c) on the Mississippi  
1808 Procurement Portal in accordance with Section 25-53-151. Agencies  
1809 shall ensure that notice is sent to minority or women-owned  
1810 businesses through the state's eProcurement system or by direct  
1811 solicitation. Governing authorities shall ensure that notice is  
1812 sent to minority or women-owned businesses by using the services  
1813 of the Mississippi Development Authority, Mississippi Procurement

1814 Technical Assistance Program, or by direct solicitation. Agencies  
1815 and governing authorities shall ensure that minority or  
1816 women-owned businesses are given equal time to respond to the  
1817 solicitation.

1818 5. Agencies and governing authorities using  
1819 federal funds for the procurement of any good or service,  
1820 including exempt personal and professional services, must comply  
1821 with the Uniform Administrative Requirements, Cost Principles, and  
1822 Audit Requirements for Federal Awards - Subpart D - Post Federal  
1823 Award Requirements Procurement Standards, in accordance with 2 CFR  
1824 200.317 through 2 CFR 200.327.

1825 (ii) **Bidding process amendment procedure.** If all  
1826 plans and/or specifications are published in the notification,  
1827 then the plans and/or specifications may not be amended. If all  
1828 plans and/or specifications are not published in the notification,  
1829 then amendments to the plans/specifications, bid opening date, bid  
1830 opening time and place may be made, provided that the agency or  
1831 governing authority maintains a list of all prospective bidders  
1832 who are known to have received a copy of the bid documents and all  
1833 such prospective bidders are sent copies of all amendments. This  
1834 notification of amendments may be made via mail, facsimile,  
1835 electronic mail or other generally accepted method of information  
1836 distribution. No addendum to bid specifications may be issued  
1837 within two (2) working days of the time established for the  
1838 receipt of bids unless such addendum also amends the bid opening

1839 to a date not less than five (5) working days after the date of  
1840 the addendum.

1841                   (iii) **Filing requirement.** In all cases involving  
1842 governing authorities, before the notice shall be published or  
1843 posted, the plans or specifications for the construction or  
1844 equipment being sought shall be filed with the clerk of the board  
1845 of the governing authority. In addition to these requirements, a  
1846 bid file shall be established which shall indicate those vendors  
1847 to whom such solicitations and specifications were issued, and  
1848 such file shall also contain such information as is pertinent to  
1849 the bid.

1850                   (iv) **Specification restrictions.**

1851                   1. Specifications pertinent to such bidding  
1852 shall be written so as not to exclude comparable equipment of  
1853 domestic manufacture. However, if valid justification is  
1854 presented, the Department of Finance and Administration or the  
1855 board of a governing authority may approve a request for specific  
1856 equipment necessary to perform a specific job. Further, such  
1857 justification, when placed on the minutes of the board of a  
1858 governing authority, may serve as authority for that governing  
1859 authority to write specifications to require a specific item of  
1860 equipment needed to perform a specific job. In addition to these  
1861 requirements, from and after July 1, 1990, vendors of relocatable  
1862 classrooms and the specifications for the purchase of such  
1863 relocatable classrooms published by local school boards shall meet

1864 all pertinent regulations of the State Board of Education,  
1865 including prior approval of such bid by the State Department of  
1866 Education.

1867                   2. Specifications for construction projects  
1868 may include an allowance for commodities, equipment, furniture,  
1869 construction materials or systems in which prospective bidders are  
1870 instructed to include in their bids specified amounts for such  
1871 items so long as the allowance items are acquired by the vendor in  
1872 a commercially reasonable manner and approved by the  
1873 agency/governing authority. Such acquisitions shall not be made  
1874 to circumvent the public purchasing laws.

1875                   (v) **Electronic bids.** Agencies and governing  
1876 authorities shall provide a secure electronic interactive system  
1877 for the submittal of bids requiring competitive bidding that shall  
1878 be an additional bidding option for those bidders who choose to  
1879 submit their bids electronically. The Department of Finance and  
1880 Administration shall provide, by regulation, the standards that  
1881 agencies must follow when receiving electronic bids. Agencies and  
1882 governing authorities shall make the appropriate provisions  
1883 necessary to accept electronic bids from those bidders who choose  
1884 to submit their bids electronically for all purchases requiring  
1885 competitive bidding under this section. Any special condition or  
1886 requirement for the electronic bid submission shall be specified  
1887 in the advertisement for bids required by this section. Agencies  
1888 or governing authorities that are currently without available high

1889 speed Internet access shall be exempt from the requirement of this  
1890 subparagraph (v) until such time that high speed Internet access  
1891 becomes available. Any county having a population of less than  
1892 twenty thousand (20,000) shall be exempt from the provisions of  
1893 this subparagraph (v). Any municipality having a population of  
1894 less than ten thousand (10,000) shall be exempt from the  
1895 provisions of this subparagraph (v). The provisions of this  
1896 subparagraph (v) shall not require any bidder to submit bids  
1897 electronically. When construction bids are submitted  
1898 electronically, the requirement for including a certificate of  
1899 responsibility, or a statement that the bid enclosed does not  
1900 exceed Fifty Thousand Dollars (\$50,000.00), on the exterior of the  
1901 bid envelope as indicated in Section 31-3-21(1) and (2) shall be  
1902 deemed in compliance with by including same as an attachment with  
1903 the electronic bid submittal.

1904 (d) **Lowest and best bid decision procedure.**

1905 (i) **Decision procedure.** Purchases may be made  
1906 from the lowest and best bidder. In determining the lowest and  
1907 best bid, freight and shipping charges shall be included.  
1908 Life-cycle costing, total cost bids, warranties, guaranteed  
1909 buy-back provisions and other relevant provisions may be included  
1910 in the best bid calculation. All best bid procedures for state  
1911 agencies must be in compliance with regulations established by the  
1912 Department of Finance and Administration. If any governing  
1913 authority accepts a bid other than the lowest bid actually

1914 submitted, it shall place on its minutes detailed calculations and  
1915 narrative summary showing that the accepted bid was determined to  
1916 be the lowest and best bid, including the dollar amount of the  
1917 accepted bid and the dollar amount of the lowest bid. No agency  
1918 or governing authority shall accept a bid based on items not  
1919 included in the specifications.

1920 (ii) **Decision procedure for Certified Purchasing**  
1921 **Offices.** In addition to the decision procedure set forth in  
1922 subparagraph (i) of this paragraph (d), Certified Purchasing  
1923 Offices may also use the following procedure: Purchases may be  
1924 made from the bidder offering the best value. In determining the  
1925 best value bid, freight and shipping charges shall be included.  
1926 Life-cycle costing, total cost bids, warranties, guaranteed  
1927 buy-back provisions, documented previous experience, training  
1928 costs and other relevant provisions, including, but not limited  
1929 to, a bidder having a local office and inventory located within  
1930 the jurisdiction of the governing authority, may be included in  
1931 the best value calculation. This provision shall authorize  
1932 Certified Purchasing Offices to utilize a Request For Proposals  
1933 (RFP) process when purchasing commodities. All best value  
1934 procedures for state agencies must be in compliance with  
1935 regulations established by the Department of Finance and  
1936 Administration. No agency or governing authority shall accept a  
1937 bid based on items or criteria not included in the specifications.

1938 (iii) **Decision procedure for Mississippi**  
1939 **Landmarks.** In addition to the decision procedure set forth in  
1940 subparagraph (i) of this paragraph (d), where purchase involves  
1941 renovation, restoration, or both, of the State Capitol Building or  
1942 any other historical building designated for at least five (5)  
1943 years as a Mississippi Landmark by the Board of Trustees of the  
1944 Department of Archives and History under the authority of Sections  
1945 39-7-7 and 39-7-11, the agency or governing authority may use the  
1946 following procedure: Purchases may be made from the lowest and  
1947 best prequalified bidder. Prequalification of bidders shall be  
1948 determined not less than fifteen (15) working days before the  
1949 first published notice of bid opening. Prequalification criteria  
1950 shall be limited to bidder's knowledge and experience in  
1951 historical restoration, preservation and renovation. In  
1952 determining the lowest and best bid, freight and shipping charges  
1953 shall be included. Life-cycle costing, total cost bids,  
1954 warranties, guaranteed buy-back provisions and other relevant  
1955 provisions may be included in the best bid calculation. All best  
1956 bid and prequalification procedures for state agencies must be in  
1957 compliance with regulations established by the Department of  
1958 Finance and Administration. If any governing authority accepts a  
1959 bid other than the lowest bid actually submitted, it shall place  
1960 on its minutes detailed calculations and narrative summary showing  
1961 that the accepted bid was determined to be the lowest and best  
1962 bid, including the dollar amount of the accepted bid and the

1963 dollar amount of the lowest bid. No agency or governing authority  
1964 shall accept a bid based on items not included in the  
1965 specifications.

1966 (iv) **Construction project negotiations authority.**

1967 If the lowest and best bid is not more than ten percent (10%)  
1968 above the amount of funds allocated for a public construction or  
1969 renovation project, then the agency or governing authority shall  
1970 be permitted to negotiate with the lowest bidder in order to enter  
1971 into a contract for an amount not to exceed the funds allocated.

1972 (e) **Lease-purchase authorization.** For the purposes of  
1973 this section, the term "equipment" shall mean equipment, furniture  
1974 and, if applicable, associated software and other applicable  
1975 direct costs associated with the acquisition. Any lease-purchase  
1976 of equipment which an agency is not required to lease-purchase  
1977 under the master lease-purchase program pursuant to Section  
1978 31-7-10 and any lease-purchase of equipment which a governing  
1979 authority elects to lease-purchase may be acquired by a  
1980 lease-purchase agreement under this paragraph (e). Lease-purchase  
1981 financing may also be obtained from the vendor or from a  
1982 third-party source after having solicited and obtained at least  
1983 two (2) written competitive bids, as defined in paragraph (b) of  
1984 this section, for such financing without advertising for such  
1985 bids. Solicitation for the bids for financing may occur before or  
1986 after acceptance of bids for the purchase of such equipment or,  
1987 where no such bids for purchase are required, at any time before

1988 the purchase thereof. No such lease-purchase agreement shall be  
1989 for an annual rate of interest which is greater than the overall  
1990 maximum interest rate to maturity on general obligation  
1991 indebtedness permitted under Section 75-17-101, and the term of  
1992 such lease-purchase agreement shall not exceed the useful life of  
1993 equipment covered thereby as determined according to the upper  
1994 limit of the asset depreciation range (ADR) guidelines for the  
1995 Class Life Asset Depreciation Range System established by the  
1996 Internal Revenue Service pursuant to the United States Internal  
1997 Revenue Code and regulations thereunder as in effect on December  
1998 31, 1980, or comparable depreciation guidelines with respect to  
1999 any equipment not covered by ADR guidelines. Any lease-purchase  
2000 agreement entered into pursuant to this paragraph (e) may contain  
2001 any of the terms and conditions which a master lease-purchase  
2002 agreement may contain under the provisions of Section 31-7-10(5),  
2003 and shall contain an annual allocation dependency clause  
2004 substantially similar to that set forth in Section 31-7-10(8).  
2005 Each agency or governing authority entering into a lease-purchase  
2006 transaction pursuant to this paragraph (e) shall maintain with  
2007 respect to each such lease-purchase transaction the same  
2008 information as required to be maintained by the Department of  
2009 Finance and Administration pursuant to Section 31-7-10(13).  
2010 However, nothing contained in this section shall be construed to  
2011 permit agencies to acquire items of equipment with a total  
2012 acquisition cost in the aggregate of less than Ten Thousand

2013 Dollars (\$10,000.00) by a single lease-purchase transaction. All  
2014 equipment, and the purchase thereof by any lessor, acquired by  
2015 lease-purchase under this paragraph and all lease-purchase  
2016 payments with respect thereto shall be exempt from all Mississippi  
2017 sales, use and ad valorem taxes. Interest paid on any  
2018 lease-purchase agreement under this section shall be exempt from  
2019 State of Mississippi income taxation.

2020 (f) **Alternate bid authorization.** When necessary to  
2021 ensure ready availability of commodities for public works and the  
2022 timely completion of public projects, no more than two (2)  
2023 alternate bids may be accepted by a governing authority for  
2024 commodities. No purchases may be made through use of such  
2025 alternate bids procedure unless the lowest and best bidder cannot  
2026 deliver the commodities contained in his bid. In that event,  
2027 purchases of such commodities may be made from one (1) of the  
2028 bidders whose bid was accepted as an alternate.

2029 (g) **Construction contract change authorization.** In the  
2030 event a determination is made by an agency or governing authority  
2031 after a construction contract is let that changes or modifications  
2032 to the original contract are necessary or would better serve the  
2033 purpose of the agency or the governing authority, such agency or  
2034 governing authority may, in its discretion, order such changes  
2035 pertaining to the construction that are necessary under the  
2036 circumstances without the necessity of further public bids;  
2037 provided that such change shall be made in a commercially

2038 reasonable manner and shall not be made to circumvent the public  
2039 purchasing statutes. In addition to any other authorized person,  
2040 the architect or engineer hired by an agency or governing  
2041 authority with respect to any public construction contract shall  
2042 have the authority, when granted by an agency or governing  
2043 authority, to authorize changes or modifications to the original  
2044 contract without the necessity of prior approval of the agency or  
2045 governing authority when any such change or modification is less  
2046 than one percent (1%) of the total contract amount. The agency or  
2047 governing authority may limit the number, manner or frequency of  
2048 such emergency changes or modifications.

2049           (h) **Petroleum purchase alternative.** In addition to  
2050 other methods of purchasing authorized in this chapter, when any  
2051 agency or governing authority shall have a need for gas, diesel  
2052 fuel, oils and/or other petroleum products in excess of the amount  
2053 set forth in paragraph (a) of this section, such agency or  
2054 governing authority may purchase the commodity after having  
2055 solicited and obtained at least two (2) competitive written bids,  
2056 as defined in paragraph (b) of this section. If two (2)  
2057 competitive written bids are not obtained, the entity shall comply  
2058 with the procedures set forth in paragraph (c) of this section.  
2059 In the event any agency or governing authority shall have  
2060 advertised for bids for the purchase of gas, diesel fuel, oils and  
2061 other petroleum products and coal and no acceptable bids can be  
2062 obtained, such agency or governing authority is authorized and

2063 directed to enter into any negotiations necessary to secure the  
2064 lowest and best contract available for the purchase of such  
2065 commodities.

2066           (i) **Road construction petroleum products price**  
2067 **adjustment clause authorization.** Any agency or governing  
2068 authority authorized to enter into contracts for the construction,  
2069 maintenance, surfacing or repair of highways, roads or streets,  
2070 may include in its bid proposal and contract documents a price  
2071 adjustment clause with relation to the cost to the contractor,  
2072 including taxes, based upon an industry-wide cost index, of  
2073 petroleum products including asphalt used in the performance or  
2074 execution of the contract or in the production or manufacture of  
2075 materials for use in such performance. Such industry-wide index  
2076 shall be established and published monthly by the Mississippi  
2077 Department of Transportation with a copy thereof to be mailed,  
2078 upon request, to the clerks of the governing authority of each  
2079 municipality and the clerks of each board of supervisors  
2080 throughout the state. The price adjustment clause shall be based  
2081 on the cost of such petroleum products only and shall not include  
2082 any additional profit or overhead as part of the adjustment. The  
2083 bid proposals or document contract shall contain the basis and  
2084 methods of adjusting unit prices for the change in the cost of  
2085 such petroleum products.

2086           (j) **State agency emergency purchase procedure.** If the  
2087 governing board or the executive head, or his designees, of any

2088 agency of the state shall determine that an emergency exists in  
2089 regard to the purchase of any commodities or repair contracts, so  
2090 that the delay incident to giving opportunity for competitive  
2091 bidding would be detrimental to the interests of the state, then  
2092 the head of such agency, or his designees, shall file with the  
2093 Department of Finance and Administration (i) a statement  
2094 explaining the conditions and circumstances of the emergency,  
2095 which shall include a detailed description of the events leading  
2096 up to the situation and the negative impact to the entity if the  
2097 purchase is made following the statutory requirements set forth in  
2098 paragraph (a), (b) or (c) of this section, and (ii) a certified  
2099 copy of the appropriate minutes of the board of such agency  
2100 requesting the emergency purchase, if applicable. Upon receipt of  
2101 the statement and applicable board certification, the State Fiscal  
2102 Officer, or his designees, may, in writing, authorize the purchase  
2103 or repair without having to comply with competitive bidding  
2104 requirements.

2105         If the governing board or the executive head, or his  
2106 designees, of any agency determines that an emergency exists in  
2107 regard to the purchase of any commodities or repair contracts, so  
2108 that the delay incident to giving opportunity for competitive  
2109 bidding would threaten the health or safety of any person, or the  
2110 preservation or protection of property, then the provisions in  
2111 this section for competitive bidding shall not apply, and any  
2112 officer or agent of the agency having general or specific

2113 authority for making the purchase or repair contract shall approve  
2114 the bill presented for payment, and he shall certify in writing  
2115 from whom the purchase was made, or with whom the repair contract  
2116 was made.

2117 Total purchases made under this paragraph (j) shall only be  
2118 for the purpose of meeting needs created by the emergency  
2119 situation. Following the emergency purchase, documentation of the  
2120 purchase, including a description of the commodity purchased, the  
2121 purchase price thereof and the nature of the emergency shall be  
2122 filed with the Department of Finance and Administration. Any  
2123 contract awarded pursuant to this paragraph (j) shall not exceed a  
2124 term of one (1) year.

2125 Purchases under the grant program established under Section  
2126 37-68-7 in response to COVID-19 and the directive that school  
2127 districts create a distance learning plan and fulfill technology  
2128 needs expeditiously shall be deemed an emergency purchase for  
2129 purposes of this paragraph (j).

2130 (k) **Governing authority emergency purchase procedure.**

2131 If the governing authority, or the governing authority acting  
2132 through its designee, shall determine that an emergency exists in  
2133 regard to the purchase of any commodities or repair contracts, so  
2134 that the delay incident to giving opportunity for competitive  
2135 bidding would be detrimental to the interest of the governing  
2136 authority, then the provisions herein for competitive bidding  
2137 shall not apply and any officer or agent of such governing

2138 authority having general or special authority therefor in making  
2139 such purchase or repair shall approve the bill presented therefor,  
2140 and he shall certify in writing thereon from whom such purchase  
2141 was made, or with whom such a repair contract was made. At the  
2142 board meeting next following the emergency purchase or repair  
2143 contract, documentation of the purchase or repair contract,  
2144 including a description of the commodity purchased, the price  
2145 thereof and the nature of the emergency shall be presented to the  
2146 board and shall be placed on the minutes of the board of such  
2147 governing authority. Purchases under the grant program  
2148 established under Section 37-68-7 in response to COVID-19 and the  
2149 directive that school districts create a distance learning plan  
2150 and fulfill technology needs expeditiously shall be deemed an  
2151 emergency purchase for purposes of this paragraph (k).

2152           (1) **Hospital purchase, lease-purchase and lease**  
2153 **authorization.**

2154                   (i) The commissioners or board of trustees of any  
2155 public hospital may contract with such lowest and best bidder for  
2156 the purchase or lease-purchase of any commodity under a contract  
2157 of purchase or lease-purchase agreement whose obligatory payment  
2158 terms do not exceed five (5) years.

2159                   (ii) In addition to the authority granted in  
2160 subparagraph (i) of this paragraph (1), the commissioners or board  
2161 of trustees is authorized to enter into contracts for the lease of  
2162 equipment or services, or both, which it considers necessary for

2163 the proper care of patients if, in its opinion, it is not  
2164 financially feasible to purchase the necessary equipment or  
2165 services. Any such contract for the lease of equipment or  
2166 services executed by the commissioners or board shall not exceed a  
2167 maximum of five (5) years' duration and shall include a  
2168 cancellation clause based on unavailability of funds. If such  
2169 cancellation clause is exercised, there shall be no further  
2170 liability on the part of the lessee. Any such contract for the  
2171 lease of equipment or services executed on behalf of the  
2172 commissioners or board that complies with the provisions of this  
2173 subparagraph (ii) shall be excepted from the bid requirements set  
2174 forth in this section.

2175 (m) **Exceptions from bidding requirements.** Excepted  
2176 from bid requirements are:

2177 (i) **Purchasing agreements approved by department.**  
2178 Purchasing agreements, contracts and maximum price regulations  
2179 executed or approved by the Department of Finance and  
2180 Administration.

2181 (ii) **Outside equipment repairs.** Repairs to  
2182 equipment, when such repairs are made by repair facilities in the  
2183 private sector; however, engines, transmissions, rear axles and/or  
2184 other such components shall not be included in this exemption when  
2185 replaced as a complete unit instead of being repaired and the need  
2186 for such total component replacement is known before disassembly  
2187 of the component; however, invoices identifying the equipment,

2188 specific repairs made, parts identified by number and name,  
2189 supplies used in such repairs, and the number of hours of labor  
2190 and costs therefor shall be required for the payment for such  
2191 repairs.

2192 (iii) **In-house equipment repairs.** Purchases of  
2193 parts for repairs to equipment, when such repairs are made by  
2194 personnel of the agency or governing authority; however, entire  
2195 assemblies, such as engines or transmissions, shall not be  
2196 included in this exemption when the entire assembly is being  
2197 replaced instead of being repaired.

2198 (iv) **Raw gravel or dirt.** Raw unprocessed deposits  
2199 of gravel or fill dirt which are to be removed and transported by  
2200 the purchaser.

2201 (v) **Governmental equipment auctions.** Motor

2203 authority, another governing authority or state agency of the  
2204 State of Mississippi, or any governing authority or state agency  
2205 of another state at a public auction held for the purpose of  
2206 disposing of such vehicles or other equipment. Any purchase by a  
2207 governing authority under the exemption authorized by this  
2208 subparagraph (v) shall require advance authorization spread upon  
2209 the minutes of the governing authority to include the listing of  
2210 the item or items authorized to be purchased and the maximum bid  
2211 authorized to be paid for each item or items.

2212                   (vi)   **Intergovernmental sales and transfers.**  
2213 Purchases, sales, transfers or trades by governing authorities or  
2214 state agencies when such purchases, sales, transfers or trades are  
2215 made by a private treaty agreement or through means of  
2216 negotiation, from any federal agency or authority, another  
2217 governing authority or state agency of the State of Mississippi,  
2218 or any state agency or governing authority of another state.  
2219 Nothing in this section shall permit such purchases through public  
2220 auction except as provided for in subparagraph (v) of this  
2221 paragraph (m). It is the intent of this section to allow  
2222 governmental entities to dispose of and/or purchase commodities  
2223 from other governmental entities at a price that is agreed to by  
2224 both parties. This shall allow for purchases and/or sales at  
2225 prices which may be determined to be below the market value if the  
2226 selling entity determines that the sale at below market value is  
2227 in the best interest of the taxpayers of the state. Governing  
2228 authorities shall place the terms of the agreement and any  
2229 justification on the minutes, and state agencies shall obtain

2237 available from one (1) source only. In connection with the  
2238 purchase of noncompetitive items only available from one (1)  
2239 source, a certification of the conditions and circumstances  
2240 requiring the purchase shall be filed by the agency with the  
2241 Department of Finance and Administration and by the governing  
2242 authority with the board of the governing authority. Upon receipt  
2243 of that certification the Department of Finance and Administration  
2244 or the board of the governing authority, as the case may be, may,  
2245 in writing, authorize the purchase, which authority shall be noted  
2246 on the minutes of the body at the next regular meeting thereafter.  
2247 In those situations, a governing authority is not required to  
2248 obtain the approval of the Department of Finance and  
2249 Administration. Following the purchase, the executive head of the  
2250 state agency, or his designees, shall file with the Department of  
2251 Finance and Administration, documentation of the purchase,  
2252 including a description of the commodity purchased, the purchase

2259 in constructing such facilities, a governing authority or agency  
2260 shall publicly issue requests for proposals, advertised for in the

2261 same manner as provided herein for seeking bids for public

2263 ownership, operation and/or maintenance of such facilities,  
2264 wherein such requests for proposals when issued shall contain  
2265 terms and conditions relating to price, financial responsibility,  
2266 technology, environmental compatibility, legal responsibilities  
2267 and such other matters as are determined by the governing  
2268 authority or agency to be appropriate for inclusion; and after  
2269 responses to the request for proposals have been duly received,  
2270 the governing authority or agency may select the most qualified  
2271 proposal or proposals on the basis of price, technology and other  
2272 relevant factors and from such proposals, but not limited to the
