MISSISSIPPI LEGISLATURE

By: Senator(s) McCaughn, DeBar, Seymour

To: Rules

SENATE CONCURRENT RESOLUTION NO. 538

1 A CONCURRENT RESOLUTION REQUESTING THE GOVERNOR TO DECLARE A 2 STATE OF EMERGENCY IN CERTAIN COUNTIES IN MISSISSIPPI WHICH ARE 3 EXPERIENCING MAJOR EXPENSE AND SEVERE ECONOMIC IMPACT LOSS DUE TO 4 ONGOING DROUGHT CONDITIONS CAUSING PINE BEETLE OUTBREAK AND DEAD 5 TREE REMOVAL.

WHEREAS, in accordance with the provisions of Sections 6 7 33-15-11 and 33-15-301, Mississippi Code of 1972, which authorize the Governor to declare an emergency in counties in the State of 8 9 Mississippi in which any natural disaster has occurred that has 10 caused damage of sufficient severity and magnitude that will require massive state and/or federal assistance, the Legislature 11 finds that the "pine beetle outbreak" in our state due to the 12 ongoing drought meets the criteria for a "catastrophic disaster" 13 which would authorize the implementation of action and relief 14 15 programs of the Mississippi Emergency Management Agency; and WHEREAS, the Pine Beetle Outbreak Due to Ongoing Drought 16 17 Information received by the Legislature is as follows:

The affected area consists of approximately 2.5 million
acres in Mississippi;

S. C. R. No. 538	~ OFFICIAL ~	N1/2
24/SS26/R1300		
PAGE 1 (rdd\kr)		

• There are approximately 811,111 spots covering 80,415 21 acres;

12.5 million trees were estimated to be dead by the end of
December 2023;

\$96 Million is the estimated economic impact loss;
Miles of power line and utility rights-of-way are and will
continue to be impacted by the dead trees;

Counties are making major expenditures to keep road
 rights-of-way (ROW'S) clear of falling trees;

MDOT has already and will continue to have major expense
to keep rights-of-way (ROW'S) clear of falling trees;

Municipalities will also have same issues as county and
 state rights-of-way (ROW'S);

• Residential and metropolitan areas are being impacted with only one option to remove dead trees before falling on homes and businesses, which is high-cost tree removal that some people can't afford;

• Insect outbreaks run in two- to three-year cycles. The second year is always worse than the first year. Already reports of beetles swarming in unbelievable numbers this year;

Beetles have not wintered as they normally do and have
continued to kill more trees all through the winter as if it were
still fall or summer; and

43 WHEREAS, it has been found that local resources are unable to 44 cope with the effects of said emergency:

S. C. R. No. 538 **~ OFFICIAL ~** 24/SS26/R1300 PAGE 2 (rdd\kr)

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE STATE OF 45 MISSISSIPPI, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN, That 46 we do hereby request the Governor to declare a state of emergency 47 in certain counties in Mississippi which are experiencing major 48 49 expense and severe economic impact loss due to ongoing drought 50 conditions causing pine beetle outbreak and dead tree removal, and 51 authorize the implementation of action and relief programs of the 52 Mississippi Emergency Management Agency as appropriate.

53 BE IT FURTHER RESOLVED, That a certified copy of this 54 resolution be transmitted to the Governor of the State of 55 Mississippi and the Executive Director of the Mississippi 56 Emergency Management Agency, and made available to the Capitol 57 Press Corps.

S. C. R. No. 538 **CFFICIAL ~** 24/SS26/R1300 ST: Request the Governor to Declare a State of PAGE 3 (rdd\kr) Emergency in areas impacted by the ongoing drought and pine beetle outbreak.
