1       **Amend** after line 138 by inserting the following:

2       "(5) For students transferring to a school located in a  
3 school district in which the student does not reside, the State  
4 Department of Education shall pay to the transferee school  
5 district (receiving school district) to which the student is  
6 transferred an amount as follows: the pro rata ad valorem receipts  
7 and in-lieu payments per pupil for the support of the local school  
8 district in which the student resides under Sections 37-57-1  
9 (local contribution to the adequate education program) and 37-57-  
10 105 (school district operational levy), not including any taxes  
11 levied for the retirement of the school district of residence's  
12 bonded indebtedness or short-term notes or any taxes levied for  
13 the support of vocational-technical education programs. The  
14 amount of funds payable to the receiving school district by the

15 transferor school district of residence, must be based on the  
16 previous year's enrollment data and ad valorem receipts and in-  
17 lieu receipts of the local school district in which the student  
18 resides. The pro rata amount must be calculated by dividing the  
19 local school district of residence's months one (1) through nine  
20 (9) average daily membership into the total amount of ad valorem  
21 receipts and in-lieu receipts, as reported to the State Department  
22 of Education by the transferor local school district. The State  
23 Department of Education shall reduce the school district's January  
24 transfer of Mississippi Adequate Education Program funds, or any  
25 subsequent funding program which replaces MAEP, by the amount owed  
26 to the receiving school district and shall redirect that amount to  
27 the receiving school district. Any such payments made under this  
28 subsection (5) by the State Department of Education to a receiving  
29 school district must be made two (2) business days prior to the  
30 last working day of each month there shall be paid to a receiving  
31 school district, by electronic funds transfer, one-twelfth (1/12)  
32 of the funds to which the receiving school district is entitled  
33 from funds appropriated for the adequate education program fund,  
34 or any subsequent funding program which replaces such program  
35 fund, for each child transferred to such school district under the  
36 authority of this section. However, in December those payments  
37 shall be made on December 15th or the next business day after that  
38 date. If a student transfer occurs after the start date of the  
39 scholastic year, the department shall not make any distribution of

40 payments to the receiving school district until such time that the  
41 receiving school district certifies the enrollment of the transfer  
42 student to the department, which shall then only make payments to  
43 the receiving school district for such student for the remainder  
44 of the scholastic year as a proportionate share of the one-twelfth  
45 (1/12) of funds to which the receiving school district is  
46 entitled."
