To: Education;
Appropriations A

HOUSE BILL NO. 323

1 AN ACT TO REQUIRE THE STATE DEPARTMENT OF EDUCATION, IN
2 CONJUNCTION WITH THE BOARD OF TRUSTEES OF STATE INSTITUTIONS OF
3 HIGHER LEARNING AND THE DEPARTMENT OF HUMAN SERVICES TO ESTABLISH
4 AND IMPLEMENT THE "AFRICAN-AMERICAN MALE SUCCESS ACADEMY" FOR
5 PUBLIC SCHOOL STUDENTS IN KINDERGARTEN THROUGH GRADE 8; TO PROVIDE
6 THAT THE ACADEMY SHALL ASSIST PRACTITIONERS, TEACHERS AND SCHOOL
7 LEADERS TO RECOGNIZE TO UNDERSTAND AND CULTIVATE THE DIVERSITY OF
8 SOCIAL SKILLS AND SCHOOL SUCCESS OF YOUNG AFRICAN-AMERICAN MALE
9 STUDENTS IN THE EARLY GRADES THROUGH A CULTURALLY RESPONSIVE AND
10 STRENGTHS-BASED APPROACH TO INSTRUCTION; TO REQUIRE THE ACADEMY TO
11 BE STRUCTURED AS A ONE SEMESTER COURSE OF INSTRUCTION THAT IS AGE
12 AND GRADE APPROPRIATE FOR PARTICIPATING STUDENTS IN THE APPLICABLE
13 GRADES; TO PRESCRIBE THE MINIMUM INSTRUCTIONAL COMPONENTS REQUIRED
14 TO BE TAUGHT IN THE ACADEMY; TO REQUIRE PARTICIPATING STUDENTS TO
15 COMPLETE A SERIES OF TASKS DESIGNED TO ENHANCE THEIR ACADEMIC AND
16 SOCIAL ABILITIES; AND FOR RELATED PURPOSES.

17 WHEREAS, studies have shown that youth imprisonment
18 correlates to a host of negative consequences both while
19 incarcerated and after incarceration as they eventually attempt to
20 reenter society; and

21 WHEREAS, since fiscal year 2007, African-American youths have
22 accounted for nearly 85% of all youth prison admissions in
23 Mississippi, a racial disparity that continues to persist despite
24 the decline of prison admissions for people under age 18; and

25 WHEREAS, according to November 2021 data from the Mississippi
26 Department of Corrections (MDOC), 1,181 people incarcerated in
27 Mississippi prisons were arrested and detained before age 18,
28 which represents roughly 1 out of every 14 incarcerations; and

29 WHEREAS, the average sentence for youth MDOC admissions over
30 the last five fiscal years is 8.6 years, with various kinds of
31 burglary as the most common offense; and

32 WHEREAS, in addition to the inappropriateness of juvenile
33 long-term sentencing, the state must also account for the
34 financial cost of extended incarceration, averaging a daily cost
35 of \$50.63 which, in annual totality of \$18,480.00, exceeds the
36 annual in-state tuition cost at Ole Miss and Mississippi State
37 University combined, which is estimated at \$18,044.00; and

38 WHEREAS, incarcerating youth has been proven to have many
39 consequences, including an increased likelihood of recidivism
40 after release, exacerbation of mental illnesses, and less success
41 with educational achievement and gainful employment; and

42 WHEREAS, youth incarcerated in adult prisons are twice as
43 likely to be beaten by prison staff, five times more likely to be
44 sexually assaulted and 36 times more likely to attempt suicide
45 compared to youths detained in more age-appropriate environments;
46 and

47 WHEREAS, the 68 people in Mississippi who were arrested as
48 juveniles and have served at least 20 years in prison costs the
49 state in excess of \$1.2 million each year of incarcerating, which

50 such costs could be realized as savings to be reinvested into
51 anti-recidivism efforts such as job training, educational courses
52 and support counseling if the state acted to expand parole
53 eligibility for this small portion of the prison population; and

54 WHEREAS, it is the intent of the Mississippi Legislature to
55 promote successful educational, civic and quality of life outcomes
56 for its citizens, regardless of ethnicity or gender, by
57 recognizing and taking the necessary steps to make sound policy
58 decisions to eradicate the grave disparities that exist within
59 health, educational, correctional and judicial systems: NOW,
60 THEREFORE,

61 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

62 **SECTION 1.** (1) Beginning with the 2025-2026 school year,
63 the State Department of Education, in conjunction with the Board
64 of Trustees of State Institutions of Higher Learning and the
65 Department of Human Services shall establish and implement a
66 program known as the "African-American Male Success Academy" for
67 public school students in kindergarten through Grade 8. In
68 addition to assisting practitioners, teachers and school leaders
69 to recognize, understand, and cultivate the diversity of social
70 skills and school success of young African-American male students
71 in the early grades, the academy shall illustrate, through a
72 culturally responsive and strengths-based approach to instruction,
73 what is lost when this demographic of students is prevented from

74 free participation in boyhood without the demands placed upon them
75 to attend to adult and peer interactions and attitudes.

76 (2) The academy established under subsection (1) of this
77 section shall be structured for one (1) semester of instruction
78 that is age and grade appropriate for students in kindergarten
79 through Grade 8. The lecture-based portions of instruction in the
80 academy must be conducted by culturally competent instructors with
81 adequate certification in cognitive and social-emotional
82 development and behaviors who are licensed by the State Department
83 of Education or who teach those subject areas at the collegiate
84 level.

85 (3) The African-American Male Success Academy must include,
86 but not be limited to, the following instructional components:

87 (a) An orientation, which the parents are encouraged to
88 attend;

89 (b) Classes in social studies that affirm the
90 experiences of adolescent African-American males, which
91 incorporate books, visuals and other materials that reflect the
92 richness of the histories, lives and points of view of
93 African-American men and their contributions to shaping social
94 change through their advocacy and personal sacrifices made for the
95 causes of social justice and equity;

96 (c) African-American literature and artistic
97 expression;

98 (d) Instructional interaction with authority figures in
99 the home, school and community, including:
100 (i) Caregivers;
101 (ii) Educators;
102 (iii) School administrators;
103 (iv) Law enforcement officers; and
104 (v) First responders;
105 (e) Presentations from community partners;
106 (f) Access to mental health professional for
107 evaluations and assistance in response to traumatic events;
108 (g) Instruction that avoids the effects of unconscious
109 biases by honoring and valuing the cultural and personal
110 identities of all children;
111 (h) Strengths-based approaches to readiness for life,
112 academic and career success; and
113 (i) For students in middle school grades, additional
114 components shall consist of:
115 (i) Facilitation of social interaction with peers
116 and goal orientation to college completion;
117 (ii) Positive youth development grounded in an
118 ethic of care and love; and
119 (iii) Create a pathway to college entrance through
120 early exposure to academic and career options, faculty mentoring
121 and integration into college life.

122 (4) Students participating in the academy must complete a
123 series of tasks designed to enhance their ability to overcome
124 traditional barriers to academic achievement, to develop racial
125 pride and self-awareness and develop scholar identity-view of self
126 as intellectual.

127 **SECTION 2.** This act shall take effect and be in force from
128 and after July 1, 2025.
