SECTION 14. Section 73-13-27, Mississippi Code of 1972, is amended as follows:

73-13-27. Examinations shall be required for enrollment as an engineer intern * * *, surveyor intern, licensure as a professional engineer, or licensure as a professional surveyor. The examinations shall be held at such time and place as the board may determine.

The scope of the engineering examinations and the methods and procedure shall be prescribed by the board with special reference to the applicant's ability to design and supervise engineering works so as to * * * ensure the safety of life, health and property.

550 The scope of the surveying examinations and the methods and
551 procedure shall be prescribed by the board with special reference
552 to the applicant's ability to exercise direct control and personal
553 supervision of all surveying functions.

554 The board shall cite applicants to examinations in accordance
555 with its rules and regulations.

556 **SECTION 15.** Section 73-13-29, Mississippi Code of 1972, is
557 amended as follows:

558 73-13-29. The board shall issue a * * * license and shall
559 provide a certificate of licensure upon payment of licensure fee
560 as provided for in * * * this chapter, to any applicant who, in
561 the opinion of the board, has satisfactorily met all the
562 requirements of * * * this chapter. In the case of a licensed
563 engineer, the * * * license shall authorize the "practice of
564 engineering." In the case of an engineer intern, * * * a
565 certificate of enrollment shall be provided, and it shall state
566 that the applicant has successfully passed the examination in
567 fundamental engineering subjects required by the board and has
568 been enrolled as an "engineer intern." In the case of licensed
569 professional surveyors, the license shall authorize the "practice
570 of surveying." In the case of a surveyor intern, the certificate
571 shall state that the applicant has successfully passed the
572 examination in fundamental surveying subjects required by the
573 board and has been enrolled as a "surveyor intern." Certificates
574 shall show the full name, shall have a * * * license or enrollment

number, and shall be signed by the president and the secretary of the board under seal of the board.

The issuance of a * * * license by this board shall be prima facie evidence that the person named therein is entitled to all the rights and privileges of a * * * licensed professional engineer or a licensed professional surveyor while the said * * * license remains unrevoked or unexpired.

Before engaging in the practice of the * * * engineering or surveying, each licensee hereunder shall upon licensure obtain a seal of the design authorized by the board, bearing the licensee's name and the legend, "Licensed Professional Engineer" or "Licensed Professional Surveyor." Each person licensed as a professional engineer, who is also licensed as a professional surveyor, may also obtain a seal bearing the licensee's name and the legend "Professional Engineer and Professional Surveyor."

Plans, specifications and reports prepared by a * * * licensed engineer shall be stamped with the seal * * *, but it shall be unlawful for anyone to stamp or seal any documents with the seal after the * * * license is expired or revoked, or while the * * * license is suspended. It shall be unlawful for anyone other than the licensee to whom the seal has been issued to stamp or seal any document utilizing such seal.

Plats, maps and reports prepared by a licensed surveyor shall be stamped with the seal during the life of the licensee's license, but it shall be unlawful for anyone to stamp or seal any

documents with the seal after the license of the licensee named thereon has expired or been revoked or suspended. It shall be unlawful for anyone other than the licensee to whom the seal has been issued to stamp or seal any documents utilizing such seal.

SECTION 16. Section 73-13-31, Mississippi Code of 1972, is amended as follows:

73-13-31. * * * Licenses shall expire on the last day of the month of December following their issuance or at the end of their renewal period and shall become invalid on that date unless renewed. It shall be the duty of the board to notify every person licensed under this chapter of the date of the expiration of * * * the license and the amount of the fee that shall be required for its renewal for one (1) year or two (2) years. Such notice shall occur at least one (1) month in advance of the date of the expiration of said * * * license. Renewal may be effected at any time during the month of December by the payment of a fee, as determined by the board, not to exceed * * * One Hundred Dollars (\$100.00) or * * * Two Hundred Dollars (\$200.00) if renewals are for two (2) years. A person who is licensed as a professional engineer and as a professional surveyor may effect both renewals by the payment of a fee not to exceed * * * One Hundred Fifty Dollars (\$150.00), or * * * Three Hundred Dollars (\$300.00) if renewals are for two (2) years. The failure on the part of any licensee to renew * * * their license annually, or biennially, in the month of December as required above, shall not deprive such

person of the right of renewal, but the fee to be paid for the renewal of a * * * license after the month of December shall be increased ten percent (10%) for each month, or fraction of a month that payment of renewal is delayed; provided, however, that the maximum fee for delayed renewal shall not exceed five (5) times the normal renewal fee. A state agency or any of the state's political subdivisions, such as a county or municipality, may pay the renewal fee of any licensee who is a full-time employee; provided, however, that any licensee who permits * * * their renewal fee to be paid from any public funds shall not perform engineering or surveying services for a fee or other emoluments for the public or for any other public entity.

If a * * * license has expired for six (6) months or more, the licensee shall be required to submit a new application, paying back fees and submitting proof of continuing professional competency compliance. * * * If a license has expired for five (5) years or more, in addition to submitting a new application and proof of continuing professional competency compliance, reexamination may be required.

SECTION 17. Section 73-13-33, Mississippi Code of 1972, is amended as follows:

73-13-33. All professional engineers, licensed in accordance with the provisions of Chapter 56 of the Laws of Mississippi of 1928, Extraordinary Session, and as amended under Senate Bill No. 383, Chapter 131, Laws of 1940, and whose certificates of

650 licensure are in effect at the time of passage of * * * this
651 chapter, shall be entitled to all the rights and privileges of a
652 licensed professional engineer as provided for in those sections,
653 while the said certificate remains unrevoked or unexpired.

654 **SECTION 18.** Section 73-13-35, Mississippi Code of 1972, is
655 amended as follows:

656 73-13-35. The board may, upon application therefor and the
657 payment of a fee in accordance with * * * this chapter, issue
658 a * * * license as a professional engineer or a professional
659 surveyor to any person who holds a * * * license issued to * * *
660 them by proper authority of any state or territory or possession
661 of the United States, or of any country, provided that the
662 applicant's qualifications meet the requirements of * * * this
663 chapter and the rules established by the board. The issuance of
664 a * * * license by reciprocity to a military-trained applicant,
665 military spouse or person who establishes residence in this state
666 shall be subject to the provisions of Section 73-50-1 or 73-50-2,
667 as applicable.

668 **SECTION 19.** Section 73-13-37, Mississippi Code of 1972, is
669 amended as follows:

670 73-13-37. (1) The board, upon satisfactory proof and in
671 accordance with the provisions of this chapter and the
672 implementing regulations of the board pertaining thereto, is
673 authorized to take the disciplinary actions provided for
674 hereinafter against any person or firm practicing engineering or

675 surveying, including * * * nonlicensees, for any of the following
676 reasons:

677 (a) Violating any of the provisions of * * * this
678 chapter or the implementing bylaws, rules, regulations, or
679 standards of ethics or conduct duly adopted and promulgated by the
680 board pertaining to the practice of engineering or the practice of
681 surveying;

682 (b) Fraud, deceit or misrepresentation in obtaining
683 a * * * license;

684 (c) Gross negligence, malpractice or incompetency;

685 (d) Any professional misconduct, as defined by the
686 board through bylaws, rules and regulations, and standards of
687 conduct and ethics;

688 (e) Practicing or offering to practice engineering or
689 surveying on an expired * * * license or while under suspension or
690 revocation of * * * license unless said suspension or revocation
691 be abated through probation, as provided for hereinafter; or

692 (f) Addiction to or dependence on alcohol or other
693 habit-forming drugs or being an habitual user of alcohol,
694 narcotics, barbiturates, amphetamines, hallucinogens, or other
695 drugs having similar effect.

696 (2) Any person may prefer charges against any other person
697 practicing engineering or surveying, including nonlicensees, for
698 committing any of the acts set forth in subsection (1). Such

charges shall be sworn to, either upon actual knowledge or upon information and belief, and shall be filed with the board. * * *

The board shall investigate all charges filed with it and, upon finding reasonable cause to believe that the charges are not frivolous, unfounded or filed in bad faith, may, in its discretion, cause a hearing to be held, at a time and place fixed by the board, regarding the charges and may compel the accused by subpoena to appear before the board to respond to said charges.

No disciplinary action taken hereunder may be taken until the accused has been furnished both a statement of the charges against * * * them and notice of the time and place of the hearing thereof, which shall be personally served on or mailed by registered or certified mail, return receipt requested, to the last-known business or residence address of the accused not less than thirty (30) days prior to the date fixed for the hearing.

Notice on a firm shall be had by notice on the principal or officer designated by the firm as having management or supervision of the engineering/surveying practice, or on the registered agent in the case of a corporation not domiciled in Mississippi.

(3) At any hearing held hereunder, the board shall have the power to subpoena witnesses and compel their attendance and may also require the production of * * * records and data, as provided elsewhere in this chapter. The board is authorized to designate or secure a hearing officer to conduct the hearing. All evidence shall be presented under oath, which may be administered by any

724 member of the board, and thereafter the proceedings may, if
725 necessary, be transcribed in full by the court reporter and filed
726 as part of the record in the case. Copies of such transcriptions
727 may be provided to any party to the proceedings at a cost to be
728 fixed by the board.

729 All witnesses who shall be subpoenaed and who shall appear in
730 any proceedings before the board shall receive the same fees and
731 mileage as allowed by law in judicial civil proceedings, and all
732 such fees shall be taxed as part of the costs in the case.

733 Where in any proceeding before the board any witness shall
734 fail or refuse to attend upon subpoena issued by the board, shall
735 refuse to testify or shall refuse to produce any * * * records and
736 data, the production of which is called for by the subpoena, the
737 attendance of such witness and the giving of * * * their testimony
738 and the production of the * * * records and data shall be enforced
739 by any court of competent jurisdiction of this state in the manner
740 provided for the enforcement of attendance and testimony of
741 witnesses in civil cases in the courts of this state.

742 The accused shall have the right to be present at the hearing
743 in person, by counsel or other representative, or both. The board
744 is authorized to continue or recess the hearing as may be
745 necessary.

746 (4) At the conclusion of the hearing, the board may either
747 decide the issue at that time or take the case under advisement
748 for further deliberation. The board shall render its decision not

749 more than ninety (90) days after the close of the hearing, and
750 shall forward to the last-known business or residence address of
751 the accused, by certified or registered mail, return receipt
752 requested, a written statement of the decision of the board.

753 If a majority of the board finds the accused guilty of the
754 charges filed, the board may: (a) issue a public or private
755 reprimand; (b) require the guilty party to complete a course or
756 courses, approved by the board, in ethics or other appropriate
757 subjects; (c) suspend or revoke the * * * license of the accused,
758 if the accused is a licensee; and/or (d) in lieu of or in addition
759 to such reprimand, course completion, suspension or revocation,
760 assess and levy upon the guilty party a monetary penalty of not
761 less than One Hundred Dollars (\$100.00) nor more than Five
762 Thousand Dollars (\$5,000.00) for each violation.

763 (5) A monetary penalty assessed and levied under this
764 section shall be paid to the board upon the expiration of the
765 period allowed for appeal of such penalties under this * * *
766 chapter, or may be paid sooner if the guilty party elects. Money
767 collected by the board under this section shall be deposited to
768 the credit of the board's special fund in the State Treasury.

769 When payment of a monetary penalty assessed and levied by the
770 board in accordance with this section is not paid when due, the
771 board shall have the power to institute and maintain proceedings
772 in its name for enforcement of payment in the chancery court of
773 the county and judicial district of residence of the guilty party

and if the guilty party be a nonresident of the State of Mississippi, such proceedings shall be in the Chancery Court of the First Judicial District of Hinds County, Mississippi.

(6) When the board has taken a disciplinary action under this * * * chapter, the board may, in its discretion, stay such action and place the guilty party on probation for a period not to exceed one (1) year upon the condition that the guilty party shall not further violate either the laws of the State of Mississippi pertaining to the practice of engineering or the practice of surveying or the bylaws, rules and regulations, or standards of conduct and ethics promulgated by the board.

(7) The board, in its discretion, may assess and tax any part or all of the costs of any disciplinary proceedings conducted under this section against either the accused, the charging party, or both, as it may elect.

(8) The power and authority of the board to assess and levy the monetary penalties provided for in this section shall not be affected or diminished by any other proceeding, civil or criminal, concerning the same violation or violations except as provided in this section.

(9) The board, for sufficient cause, may reissue a revoked * * * license or authority whenever a majority of the board members vote to do so.

(10) Any person or firm aggrieved by an action of the board denying or revoking * * * their license or authority or

799 relicensure as a professional engineer or professional surveyor
800 or * * * their enrollment as an engineer intern or surveyor
801 intern, or who is aggrieved by the action of the board as a result
802 of disciplinary proceedings conducted under this section may
803 appeal therefrom to the chancery court of either the county
804 wherein the appellant resides or the Chancery Court of the First
805 Judicial District of Hinds County, at the election of the
806 appellant. If the appellant is a nonresident of this state, the
807 appeal shall be made to the Chancery Court of the First Judicial
808 District of Hinds County. Such appeal shall be perfected before
809 the board by the filing with the board of a notice of appeal to
810 the chancery court. The court shall require a bond in an amount
811 not to exceed One Thousand Dollars (\$1,000.00) conditioned to pay
812 all costs which may be adjudged against the appellant. The notice
813 of appeal shall be filed not later than thirty (30) days after the
814 decision of the board is forwarded to the guilty party, as
815 provided hereinabove.

816 All appeals perfected hereunder shall not act as a
817 supersedeas, and shall be made to the chancery court solely upon
818 the record made before the board during the disciplinary hearing.
819 When the appeal shall have been properly perfected as provided
820 herein, the board shall cause the record of the proceedings
821 conducted before it to be compiled, certified and filed with the
822 chancery court. The briefing schedule shall be the same as for
823 appeals to the Supreme Court. The chancery court shall be

824 required to rule on the case within sixty (60) days of the close
825 of briefing. All procedures and penalties provided for in this
826 section shall apply to nonlicensees as well as licensees.

827 (11) In addition to the reasons specified in subsection (1)
828 of this section, the board shall be authorized to suspend
829 the * * * license of any person for being out of compliance with
830 an order for support, as defined in Section 93-11-153. The
831 procedure for suspension of a * * * license for being out of
832 compliance with an order for support, and the procedure for the
833 reissuance or reinstatement of a * * * license suspended for that
834 purpose, and the payment of any fees for the reissuance or
835 reinstatement of a * * * license suspended for that purpose, shall
836 be governed by Section 93-11-157 or 93-11-163, as the case may be.
837 Actions taken by the board in suspending a * * * license when
838 required by Section 93-11-157 or 93-11-163 are not actions from
839 which an appeal may be taken under this section. Any appeal of a
840 suspension of a * * * license that is required by Section
841 93-11-157 or 93-11-163 shall be taken in accordance with the
842 appeal procedure specified in Section 93-11-157 or 93-11-163, as
843 the case may be, rather than the procedure specified in this
844 section. If there is any conflict between any provision of
845 Section 93-11-157 or 93-11-163 and any provision of this chapter,
846 the provisions of Section 93-11-157 or 93-11-163, as the case may
847 be, shall control.

(12) Any board member whose objectivity in a disciplinary proceeding is impaired shall either recuse * * * themselves from sitting as a member of the board in a formal disciplinary hearing in that proceeding or be disqualified therefrom. In the event a disciplinary proceeding is brought against a member or former member of the board, no member of the board who has served concurrently with the respondent in the disciplinary proceeding shall sit as a member of the board in a formal disciplinary hearing in that proceeding. If, after recusal or disqualification of board members as provided herein, there does not remain a quorum of the board to sit for a disciplinary hearing, the board shall have the power to select, in accordance with duly promulgated regulations of the board, substitute panel members from slates of candidates established by the Mississippi Engineering Society and the Mississippi Association of Professional Surveyors to the extent necessary to achieve the number of panel members equivalent to a quorum of the board. Substitute panel members must meet the qualifications of board members as provided in * * * this chapter and shall receive compensation as provided for board members in * * * this chapter.

SECTION 20. Section 73-13-39, Mississippi Code of 1972, is amended as follows:

73-13-39. Any person or firm who shall practice, or offer to practice, engineering or surveying in this state without being licensed in accordance with the provisions of * * * this chapter,

873 or any person presenting or attempting to use as * * * their own
874 the * * * license or seal of another, or any person who shall give
875 any false or forged evidence of any kind to the board or to any
876 member thereof in obtaining a * * * license, or any person who
877 shall falsely impersonate any other licensee of like or different
878 name, or any person or firm who shall attempt to use an expired or
879 revoked * * * license, or any person or firm who shall violate any
880 of the provisions of * * * this chapter, shall be guilty of a
881 misdemeanor, and shall, upon conviction, be sentenced to pay a
882 fine of not less than One Hundred Dollars (\$100.00), nor more than
883 Five Thousand Dollars (\$5,000.00) in addition to reimbursement of
884 investigative expenses and court costs, or suffer imprisonment for
885 a period not exceeding three (3) months, or both. The criminal
886 penalties provided for in this section may be assessed in addition
887 to those civil penalties provided for in * * * this chapter.

888 Unless licensed in accordance with the provisions of * * *
889 this chapter, no person shall:

890 (a) Directly or indirectly employ, use, cause to be
891 used or make use of any of the following terms or any
892 combinations, variations or abbreviations thereof as a
893 professional, business or commercial identification, title, name,
894 representation, claim, asset or means of advantage or benefit:
895 "engineer," "professional engineer," "licensed engineer,"
896 "registered engineer," "registered professional engineer,"
897 "licensed professional engineer," "engineered," "engineering,"

898 "surveyor," "professional surveyor," "licensed surveyor,"
899 "registered surveyor," "registered professional surveyor,"
900 "licensed professional surveyor," "surveyed," "surveying,"
901 "professional land surveyor," or "licensed professional land
902 surveyor"; or

903 (b) Directly or indirectly employ, use, cause to be
904 used or make use of any letter, abbreviation, word, symbol,
905 slogan, sign or any combinations or variations thereof which in
906 any manner whatsoever tends or is likely to create any impression
907 with the public or any member thereof that any person is qualified
908 or authorized to practice engineering or to practice surveying; or

909 (c) Receive any fee or compensation or the promise of
910 any fee or compensation for performing, offering or attempting to
911 perform any service, work, act or thing which is any part of the
912 practice of engineering or the practice of surveying.

913 Any person, firm, partnership, association or corporation
914 which shall do, offer or attempt to do any one or more of the acts
915 or things set forth in * * * paragraphs (a) through (c) of the
916 preceding paragraph shall be conclusively presumed and regarded as
917 engaged in the practice of engineering or the practice of
918 surveying.

919 It shall be the duty of all duly constituted officers of the
920 law of this state, or any political subdivision thereof, to
921 enforce the provisions of * * * this chapter and to prosecute any
922 persons violating same. Except as otherwise authorized in Section

7-5-39, the Attorney General of the state or * * * their assistant shall act as legal advisor of the board in carrying out the provisions of * * * this chapter.

SECTION 21. Section 73-13-41, Mississippi Code of 1972, is amended as follows:

73-13-41. * * * Any person who may feel aggrieved by an action of the board denying or revoking their license or relicensure as a professional engineer, professional surveyor, enrollment as a professional engineer or enrollment as surveyor intern may appeal therefrom to the chancery court of the county of residence of such person and, after full hearing, the court shall make such order sustaining or reversing the action of the board as it may seem just and proper. However, in case of a nonresident licensee or applicant, such appeal shall be taken or made to the Chancery Court of the First Judicial District of Hinds County, Mississippi.

Actions taken by the board in suspending a license when required by Section 93-11-157 or 93-11-163 are not actions from which an appeal may be taken under this section. Any appeal of a suspension of a license that is required by Section 93-11-157 or 93-11-163 shall be taken in accordance with the appeal procedure specified in Section 93-11-157 or 93-11-163, as the case may be, rather than the procedure specified in this section.

SECTION 22. Section 73-13-43, Mississippi Code of 1972, is amended as follows:

73-13-43. * * * No corporation, firm or partnership may engage in the practice of professional engineering or the practice of professional surveying in this state unless it has been issued a certificate of authority by the board.

In order to qualify for * * * an engineering certificate of authority, a corporation, firm or partnership must have at least one (1) Mississippi-licensed professional engineer as a principal officer, partner or designated principal engineer of the firm who has management responsibility for such practice and who makes significant technical and/or contractual judgments on behalf of the firm which would affect the firm's professional reputation and liability.

In order to qualify for a surveying certificate of authority, a corporation, firm or partnership must have at least one (1) Mississippi-licensed professional surveyor as a principal officer or partner of the firm who has management responsibility for such practice.

A sole proprietorship, owned and operated by a licensee under this chapter shall not be required to obtain a certificate of authority. A professional association of licensed professional engineers or licensed professional surveyors shall not be required to obtain a certificate of authority. Both the licensed sole proprietor and the licensees within a professional association shall maintain their individual licenses in active status and only

972 offer the professional service for which they are licensed and
973 qualified to provide.

974 The board shall have the authority to promulgate rules and
975 regulations setting procedures, standards and other requirements
976 for issuing and maintaining a certificate of authority for
977 corporations, firms or partnerships practicing engineering or
978 surveying in the State of Mississippi.

979 Applications for a certificate of authority shall be on the
980 forms prescribed and furnished by the board, and provide all the
981 information required by said board. The board shall establish a
982 fee for the certificate of authority application, not to
983 exceed * * * Three Hundred Fifty Dollars (\$350.00) for a one-year
984 certificate or * * * Seven Hundred Dollars (\$700.00) for a
985 two-year certificate. Any corporation, firm or partnership having
986 the necessary qualifications as prescribed herein and the rules
987 and regulations of the board shall be issued a certificate of
988 authority for said corporation, firm or partnership to practice
989 engineering or surveying and to contract and collect fees for
990 furnishing this service.

991 Each certificate of * * * authority will expire on December
992 31 of the end of the renewal period year. It shall be the duty of
993 the board to notify every corporation, firm or partnership holding
994 a certificate of authority under * * * this chapter of the date of
995 the expiration of the certificate and the amount of the fee that
996 shall be required for its renewal for one (1) year or two (2)

997 years. The renewal fee shall not exceed * * * Three Hundred Fifty
998 Dollars (\$350.00) for one (1) year or * * * Seven Hundred Dollars
999 (\$700.00) for two (2) years; penalties for late renewal shall be
1000 ten percent (10%) per month that payment is delayed.
1001 Additionally, if any of the information on the initial or any
1002 subsequent renewal application changes for the corporation, firm
1003 or partnership, said corporation, firm or partnership shall notify
1004 the board in the form and manner prescribed by the board within
1005 thirty (30) days of the change.

1006 * * * The Secretary of State shall not issue a certificate
1007 of incorporation, licensure or authorization to an applicant or
1008 licensure as a foreign firm to a corporation, firm or partnership
1009 which includes in its name, or among the objectives for which it
1010 is established, any of the words, "engineer," "engineering,"
1011 "surveyor," "surveying," or any modification or derivation
1012 thereof, unless the board has issued for said applicant a
1013 certificate of authority or a letter indicating the eligibility of
1014 such applicant to receive such a certificate. The corporation,
1015 firm or partnership applying shall supply such certificate or
1016 letter from the board with its application for incorporation,
1017 licensure or authorization to the Secretary of State.

1018 An engineer or surveyor who renders occasional, part-time or
1019 consulting engineering services to or for a corporation, firm or
1020 partnership may not, for the purposes of this section, be

designated as being responsible for the professional activities of the firm.

No such corporation, firm or partnership shall be relieved of responsibility for the conduct or acts of its agents, employees, officers, partners, members or managers by reason of its compliance with the provisions of this section. No individual practicing engineering or practicing surveying under this chapter shall be relieved of responsibility for engineering services or surveying services performed by reason of employment or other relationship with a firm holding * * * a certificate of authority.

SECTION 23. Section 73-13-45, Mississippi Code of 1972, is amended as follows:

73-13-45. (1) (a) Neither the state, nor any of its political subdivisions, such as a county, city or town, shall award construction contracts of any public work involving the practice of engineering or architecture unless the plans, specifications and estimates have been prepared and such work supervised by a registered professional engineer or architect; however, nothing in this subsection shall be held to apply to such public work in which the expenditure does not exceed One Hundred Thousand Dollars (\$100,000.00).

(b) The state and any of its political subdivisions, such as a county, city or town, may engage in construction of public buildings involving the practice of engineering or architecture and using political subdivision workforces without

1046 the supervision of a licensed professional engineer or architect,
1047 provided that the total cost of the public building does not
1048 exceed One Hundred Fifty Thousand Dollars (\$150,000.00). This
1049 paragraph (1)(b) shall not supersede any rules and regulations
1050 promulgated by the State Department of Health and the Department
1051 of Environmental Quality.

1052 (2) (a) In the awarding of public contracts for
1053 professional engineering services, preference shall be given to
1054 resident professional engineers over those nonresident
1055 professional engineers domiciled in a state having laws which
1056 grant a preference to the professional engineers who are residents
1057 of that state. Nonresident professional engineers shall be
1058 awarded Mississippi public contracts only on the same basis as the
1059 nonresident professional's state awards contracts to Mississippi
1060 professional engineers under similar circumstances. When a
1061 nonresident professional engineer submits a proposal for a public
1062 project, he shall attach thereto a copy of his resident state's
1063 current statute, resolution, policy, procedure or executive order
1064 pertaining to such state's treatment of nonresident professional
1065 engineers. Resident professional engineers actually domiciled in
1066 Mississippi, be they corporate, individuals or partnerships, shall
1067 be granted preference over nonresidents in the awarding of
1068 contracts in the same manner and to the same extent as provided by
1069 the laws of the state of domicile of the nonresident. As used in
1070 this section, the term "resident professional engineer" includes a

1071 nonresident person, firm or corporation that has been qualified to
1072 do business in this state and has maintained a permanent full-time
1073 office in the State of Mississippi for not less than two (2) years
1074 prior to submitting a proposal for a public project, and the
1075 subsidiaries and affiliates of such a person, firm or corporation.

1076 (b) The provisions of this subsection shall not apply
1077 to any contract for any project upon which federal funds would be
1078 withheld because of the preference requirements of this
1079 subsection.

1080 (c) Any contract, agreement or arrangement for
1081 professional engineering services negotiated, made or entered
1082 into, directly or indirectly, by the state, counties,
1083 municipalities or any political subdivision thereof, or by any
1084 special districts, which is in any way in violation of the
1085 provisions of this subsection is hereby declared to be void as
1086 contrary to the public policy of this state and shall not be given
1087 effect or enforced by any court of this state or by any of its
1088 officers or employees.

1089 (d) Nothing in this subsection shall affect the
1090 validity of any contract in existence prior to July 1, 1989.

1091 (e) For purposes of this section, the term
1092 "professional engineering services" means those within the scope
1093 of the practice of professional engineering as defined by * * *
1094 this chapter, or those performed by any registered professional
1095 engineer in connection with professional employment or practice.

SECTION 24. The following shall be codified as Section
73-13-47, Mississippi Code of 1972:

73-13-47. (1) For the purposes of this section, the term
"surveyor" means a licensed professional surveyor as defined in
this chapter, and any person who is employed by or under the
direct supervision of a professional surveyor licensed under this
chapter.

(2) A surveyor may enter in or upon public or private lands
or waters, except buildings, while in the lawful performance of
surveying duties without criminal liability for trespass; however,
a surveyor shall make a good faith attempt to announce and
identify themselves and their intentions before entering upon
private property and must present documentation sufficient to
identify themselves as a surveyor to anyone requesting such
identification.

(3) The provisions of this section do not relieve a surveyor
from any civil liability that otherwise is actionable at law or in
equity, and do not relieve a surveyor from criminal liability for
trespass if the entry in or upon the property extends beyond the
property or area that is necessary to actually perform the
surveying duties.

(4) Surveyors shall be personally liable for any damage
caused to private property when exercising entry under this
section. No cause of action shall lie against a landowner for
damages to a surveyor while on such lands unless the damage is

cause by the intentional tortious conduct of landowner or their agent.

SECTION 25. The following shall be codified as Section 73-13-49, Mississippi Code of 1972:

73-13-49. (1) This chapter shall not be construed to prevent or to affect:

(a) The practice of any other legally recognized profession or trade, such as: (i) engineers employed by contractors to supervise work on which a licensed engineer is engaged; (ii) architects who are registered under the provisions of Title 73, Chapter 1; and (iii) the practice of geology as regulated pursuant to Title 73, Chapter 63;

(b) The work of an employee or a subordinate of a person holding a license under this chapter, provided such work does not include final designs or decisions and is done under the responsibility, checking and supervision of a person holding a license under this chapter;

(c) The practice of officers and employees of the government of the United States while engaged within this state in the practice of engineering or surveying for said government;

(d) The performance of engineering services by any regular full-time employee of a manufacturing, research and development, railroad or other industrial corporation, provided:

(i) Such services are rendered on or in connection with existing fixed works, equipment, systems, processes or

1146 facilities owned, operated, or leased by such corporation and/or
1147 its affiliates;

1148 (ii) Such services are not rendered to third
1149 parties;

1150 (iii) Such services do not consist of original
1151 plant design, original system design, or original process design,
1152 other than routine system extensions that do not compromise the
1153 integrity of the original design;

1154 (iv) Such services comply with all requirements
1155 specified by the employee's company or corporation;

1156 (v) All fixed works, equipment, systems, processes
1157 or facilities modified by such services undergo a safety review
1158 that confirms; 1. the construction and equipment is in accordance
1159 with design specifications; and 2. safety, operating, maintenance
1160 and emergency procedures are in place to safeguard life, health
1161 and property;

1162 (vi) Such services are not required to be
1163 performed, approved, or certified by a professional engineer
1164 pursuant to law or regulation, whether federal, state, or local,
1165 other than as defined in this chapter hereof or any applicable
1166 rules or regulations promulgated by the Mississippi Board of
1167 Licensure for Professional Engineers and Surveyors.

1168 It is further stated that this paragraph (d) is intended to
1169 codify the policy and practices of the board at the time of
1170 enactment of this Senate Bill No. 2380, 1999 Regular Session, and

1171 that any ambiguities in this subsection should be construed in
1172 accordance with this intent;

1173 (e) The performance of engineering or surveying
1174 services with respect to utility facilities by any public utility
1175 subject to regulation by the Mississippi Public Service
1176 Commission, the Federal Communications Commission, the Federal
1177 Energy Regulatory Commission, or the Nuclear Regulatory
1178 Commission, including its parents, affiliates, subsidiaries,
1179 provided that they are engaged solely and exclusively in
1180 performing service for such public utility and/or its parents,
1181 affiliates or subsidiaries, and as long as such services comply
1182 with all standard operating procedures and requirements specified
1183 by the employee's company or corporation. This exemption shall
1184 not extend to: (i) the practice of engineering or surveying
1185 performed by public utilities or their officers or employees when
1186 such services are rendered to nonaffiliated third parties in
1187 exchange for compensation other than that received from their
1188 employer, or the use of any name, title or words which tend to
1189 convey the impression that a nonlicensee is offering engineering
1190 or surveying services to the public; and (ii) services which are
1191 required to be performed, approved or certified by a professional
1192 engineer or professional surveyor pursuant to law or regulation
1193 whether federal, state or local, other than this chapter hereof or
1194 any applicable rules or regulations promulgated by the Mississippi
1195 Board of Licensure for Professional Engineers and Surveyors.

1196 It is further stated that this paragraph (e) is intended to
1197 codify the policy and practices of the board at the time of
1198 enactment of Senate Bill No. 2380, 1999 Regular Session, and that
1199 any ambiguities in this subsection should be construed in
1200 accordance with this intent;

1201 (f) The practice of engineering shall not include the
1202 work ordinarily performed by persons who operate or maintain
1203 machinery, equipment, water plants, power generation, utility
1204 transmission, utility distribution facilities, sewage plants and
1205 solid waste disposal facilities;

1206 (g) Activities conducted during the course of, or in
1207 anticipation of, litigation including, but not exclusively:
1208 analyzing, evaluating, consulting, reconstructing, testing,
1209 responding to the opinions and testing conducted by others, and
1210 offering expert testimony. However, this exemption shall not
1211 apply in legal proceedings where the subject matter of the
1212 litigation or claim is nonforensic engineering activity legally
1213 required to be performed under a Mississippi engineer's license;

1214 (h) Certain elected or appointed county surveyors. A
1215 county surveyor as provided for in Section 135 of the Mississippi

1223 rendering to the railroad surveying services in connection with
1224 its facilities within the exclusive scope of their employment

1227 construction of rail lines by class one railroads shall be
1228 surveyed and platted in compliance with the Mississippi Standards
1229 of Practice for Surveying by a Mississippi professional surveyor;
1230 and

1231 (ii) Upon the removal of track and disposition of
1232 an abandoned rail line the railroad shall retain and make
1233 available upon reasonable request from Mississippi licensed
1234 surveyors the railroad's valuation surveys for any such abandoned
1235 rail line;

1236 (j) The practice of geologists performing geologic
1237 mapping insofar as such practice does not encompass tasks or

1239 practice of professional surveying as defined in this chapter; or

1240 (k) Any municipality or county from creating maps for
1241 use in planning, zoning, taxing, elections, police or fire, E-911,
1242 public works, transportation or related activities. However, if
1243 any such document does not bear the seal and signature of a
1244 professional surveyor, the document shall not be considered to be

1245 certifiably accurate as to position or location, nor shall the
1246 document be considered to be an official survey.

1247 (2) In addition to the exemptions provided in subsection
1248 (1), there is hereby granted and reserved to the board the
1249 authority to exempt from this chapter by regulations specific
1250 engineering or surveying tasks or functions performed by regular
1251 full-time employees of manufacturing, public utility, research and
1252 development, railroad or other industrial corporations rendered in
1253 the course and scope of their employment, on a case by case basis,
1254 if, in the opinion of the board, the public health and welfare is
1255 not endangered nor the engineering or surveying professions
1256 diminished.
