BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. Section 41-41-3, Mississippi Code of 1972, is amended as follows:

41-41-3. (1) For the purpose of this section, the terms "health-care institution," "health-care provider," "unemancipated minor" and "surrogate" shall have the meanings as defined in Section 41-41-203, and the term "parent" means any parent with joint or separate legal custody of a minor.

(2) Each health-care provider operating in this state, at each minor patient's visit when accompanied by a parent or guardian after July 1, 2025, shall present to the parent or legal guardian a written document advising the parent or guardian that he or she has the statutory right to elect to prevent persons other than themselves, another parent or guardian, or their adult designees from consenting to medical treatment for their minor child. This written document also shall:

(a) Invite the parent or legal guardian to identify on the document the names of each of their minor children, and their dates of birth or other customary patient identifiers;

63 is * * * recognized and established that * * * a health-care

66 after first obtaining the consent of any parent or guardian or
67 other adult designated by a parent or guardian as having authority
68 to consent as specified in subsection (2) of this section. If
69 neither a minor's parent, guardian, or other parent or
70 guardian-designated adult has provided consent within seventy-two
71 (72) hours after attempted contact by the health-care institution
72 or health-care provider at those persons' last known telephone
73 numbers, then any one (1) of the following persons who are

(j) In regard to medical assistance rendered by an athletic trainer during a school or youth recreation league sporting event.

(* * *5) Any female, regardless of age or marital status, is empowered to give consent for herself in connection with pregnancy or childbirth.

(6) The provisions of this section do not affect other statutes of this state governing treatment for mental illness of an individual involuntarily committed to a mental health-care institution.

SECTION 2. (1) A parent, guardian or surrogate of an unemancipated minor may bring suit for any violation of Section 1 of this act and may raise Section 1 of this act as a defense in any judicial or administrative proceeding without regard to whether the proceeding is brought by or in the name of the state government, any private person, or any other party.
