This dental services reimbursement rate revision shall be known as the "James Russell Dumas Medicaid Dental Services Incentive Program."

The Medical Care Advisory Committee, assisted by the Division of Medicaid, shall annually determine the effect of this incentive by evaluating the number of dentists who are Medicaid providers, the number who and the degree to which they are actively billing Medicaid, the geographic trends of where dentists are offering what types of Medicaid services and other statistics pertinent to the goals of this legislative intent. This data shall annually be presented to the Chair of the Senate Medicaid Committee and the Chair of the House Medicaid Committee.

699 assessments, if established, shall be based on Medicaid

701 division, consistent with federal regulations. The assessments  
702 will remain in effect as long as the state participates in the  
703 Medicare Upper Payment Limits Program or other program(s)  
704 authorized under this subsection (A) (18) (b) . In addition to the  
705 hospital assessment provided in Section 43-13-145(4) (a), hospitals

(iv) Notwithstanding any other provision of this article to the contrary, effective upon implementation of the Mississippi Hospital Access Program (MHAP) provided in subparagraph (c) (i) below, the hospital portion of the inpatient Upper Payment Limits Program shall transition into and be replaced by the MHAP program. However, the division is authorized to develop and implement an alternative fee-for-service Upper Payment Limits model in accordance with federal laws and regulations if necessary to preserve supplemental funding. Further, the division, in consultation with the hospital industry shall develop alternative models for distribution of medical claims and supplemental payments for inpatient and outpatient hospital services, and such models may include, but shall not be limited to the following: increasing rates for inpatient and outpatient

738 services; creating a low-income utilization pool of funds to  
739 reimburse hospitals for the costs of uncompensated care, charity  
740 care and bad debts as permitted and approved pursuant to federal  
741 regulations and the Centers for Medicare and Medicaid Services;  
742 supplemental payments based upon Medicaid utilization, quality,  
743 service lines and/or costs of providing such services to Medicaid  
744 beneficiaries and to uninsured patients. The goals of such  
745 payment models shall be to ensure access to inpatient and  
746 outpatient care and to maximize any federal funds that are  
747 available to reimburse hospitals for services provided. Any such  
748 documents required to achieve the goals described in this  
749 paragraph shall be submitted to the Centers for Medicare and  
750 Medicaid Services, with a proposed effective date of July 1, 2019,  
751 to the extent possible, but in no event shall the effective date  
752 of such payment models be later than July 1, 2020. The Chairmen  
753 of the Senate and House Medicaid Committees shall be provided a  
754 copy of the proposed payment model(s) prior to submission.  
755 Effective July 1, 2018, and until such time as any payment  
756 model(s) as described above become effective, the division, in  
757 consultation with the hospital industry, is authorized to  
758 implement a transitional program for inpatient and outpatient  
759 payments and/or supplemental payments (including, but not limited  
760 to, MHAP and directed payments), to redistribute available  
761 supplemental funds among hospital providers, provided that when  
762 compared to a hospital's prior year supplemental payments,

supplemental payments made pursuant to any such transitional program shall not result in a decrease of more than five percent (5%) and shall not increase by more than the amount needed to maximize the distribution of the available funds.

(v) 1. To preserve and improve access to ambulance transportation provider services, the division shall seek CMS approval to make ambulance service access payments as set forth in this subsection (A)(18)(b) for all covered emergency ambulance services rendered on or after July 1, 2022, and shall make such ambulance service access payments for all covered services rendered on or after the effective date of CMS approval.

2. The division shall calculate the ambulance service access payment amount as the balance of the portion of the Medical Care Fund related to ambulance transportation service provider assessments plus any federal matching funds earned on the balance, up to, but not to exceed, the upper payment limit gap for all emergency ambulance service providers.

3. a. Except for ambulance services exempt from the assessment provided in this paragraph (18)(b), all ambulance transportation service providers shall be eligible for ambulance service access payments each state fiscal year as set forth in this paragraph (18)(b).

medical services provided to Medicaid beneficiaries, each eligible ambulance transportation service provider shall receive ambulance service access payments each state fiscal year equal to the ambulance transportation service provider's upper payment limit gap. Subject to approval by the Centers for Medicare and Medicaid Services, ambulance service access payments shall be made no less than on a quarterly basis.

c. As used in this paragraph (18) (b) (v), the term "upper payment limit gap" means the difference between the total amount that the ambulance transportation service provider received from Medicaid and the average amount that the ambulance transportation service provider would have received from commercial insurers for those services reimbursed by Medicaid.

4. An ambulance service access payment shall not be used to offset any other payment by the division for emergency or nonemergency services to Medicaid beneficiaries.

(c) (i) Not later than December 1, 2015, the division shall, subject to approval by the Centers for Medicare and Medicaid Services (CMS), establish, implement and operate a Mississippi Hospital Access Program (MHAP) for the purpose of protecting patient access to hospital care through hospital inpatient reimbursement programs provided in this section designed to maintain total hospital reimbursement for inpatient services rendered by in-state hospitals and the out-of-state hospital that

813 is authorized by federal law to submit intergovernmental transfers  
814 (IGTs) to the State of Mississippi and is classified as Level I  
815 trauma center located in a county contiguous to the state line at

828 that effective for all inpatient hospital Medicaid services during

830 in effect hereafter, the division shall to the fullest extent  
831 feasible replace the additional reimbursement for hospital  
832 inpatient services under the inpatient Medicare Upper Payment

834 and other payment programs for inpatient and/or outpatient  
835 payments which may be developed under the authority of this  
836 paragraph.

837                   (iv) The division shall assess each hospital  
838 as provided in Section 43-13-145(4) (a) for the purpose of

1075 program implemented under this paragraph (47) is optional with the  
1076 individual. An individual must affirmatively elect to participate  
1077 in the disease management program in order to participate, and may  
1078 elect to discontinue participation in the program at any time.

1079           (48) Pediatric long-term acute care hospital services.

1080           (a) Pediatric long-term acute care hospital  
1081 services means services provided to eligible persons under  
1082 twenty-one (21) years of age by a freestanding Medicare-certified  
1083 hospital that has an average length of inpatient stay greater than  
1084 twenty-five (25) days and that is primarily engaged in providing

1085 chronic or long-term medical care to persons under twenty-one (21)  
1086 years of age.

1087 (b) The services under this paragraph (48) shall  
1088 be reimbursed as a separate category of hospital services.

1089 (49) The division may establish copayments and/or  
1090 coinsurance for any Medicaid services for which copayments and/or  
1091 coinsurance are allowable under federal law or regulation.

1092 (50) Services provided by the State Department of  
1093 Rehabilitation Services for the care and rehabilitation of persons  
1094 who are deaf and blind, as allowed under waivers from the United  
1095 States Department of Health and Human Services to provide home-  
1096 and community-based services using state funds that are provided  
1097 from the appropriation to the State Department of Rehabilitation  
1098 Services or if funds are voluntarily provided by another agency.

1099 (51) Upon determination of Medicaid eligibility and in  
1100 association with annual redetermination of Medicaid eligibility,  
1101 beneficiaries shall be encouraged to undertake a physical  
1102 examination that will establish a base-line level of health and  
1103 identification of a usual and customary source of care (a medical  
1104 home) to aid utilization of disease management tools. This  
1105 physical examination and utilization of these disease management  
1106 tools shall be consistent with current United States Preventive  
1107 Services Task Force or other recognized authority recommendations.

1108           For persons who are determined ineligible for Medicaid, the  
1109   division will provide information and direction for accessing  
1110   medical care and services in the area of their residence.

1111           (52) Notwithstanding any provisions of this article,  
1112   the division may pay enhanced reimbursement fees related to trauma  
1113   care, as determined by the division in conjunction with the State  
1114   Department of Health, using funds appropriated to the State  
1115   Department of Health for trauma care and services and used to  
1116   match federal funds under a cooperative agreement between the  
1117   division and the State Department of Health. The division, in  
1118   conjunction with the State Department of Health, may use grants,  
1119   waivers, demonstrations, enhanced reimbursements, Upper Payment  
1120   Limits Programs, supplemental payments, or other projects as  
1121   necessary in the development and implementation of this  
1122   reimbursement program.

1123           (53) Targeted case management services for high-cost  
1124   beneficiaries may be developed by the division for all services  
1125   under this section.

1126           (54) [Deleted]

1127           (55) Therapy services. The plan of care for therapy  
1128   services may be developed to cover a period of treatment for up to  
1129   six (6) months, but in no event shall the plan of care exceed a  
1130   six-month period of treatment. The projected period of treatment  
1131   must be indicated on the initial plan of care and must be updated  
1132   with each subsequent revised plan of care. Based on medical

1133 necessity, the division shall approve certification periods for  
1134 less than or up to six (6) months, but in no event shall the  
1135 certification period exceed the period of treatment indicated on  
1136 the plan of care. The appeal process for any reduction in therapy  
1137 services shall be consistent with the appeal process in federal  
1138 regulations.

1139 (56) Prescribed pediatric extended care centers  
1140 services for medically dependent or technologically dependent  
1141 children with complex medical conditions that require continual  
1142 care as prescribed by the child's attending physician, as  
1143 determined by the division.

1144 (57) No Medicaid benefit shall restrict coverage for  
1145 medically appropriate treatment prescribed by a physician and  
1146 agreed to by a fully informed individual, or if the individual  
1147 lacks legal capacity to consent by a person who has legal  
1148 authority to consent on his or her behalf, based on an  
1149 individual's diagnosis with a terminal condition. As used in this  
1150 paragraph (57), "terminal condition" means any aggressive  
1151 malignancy, chronic end-stage cardiovascular or cerebral vascular  
1152 disease, or any other disease, illness or condition which a  
1153 physician diagnoses as terminal.

1154 (58) Treatment services for persons with opioid  
1155 dependency or other highly addictive substance use disorders. The  
1156 division is authorized to reimburse eligible providers for  
1157 treatment of opioid dependency and other highly addictive

1158 substance use disorders, as determined by the division. Treatment  
1159 related to these conditions shall not count against any physician  
1160 visit limit imposed under this section.

1161 (59) The division shall allow beneficiaries between the  
1162 ages of ten (10) and eighteen (18) years to receive vaccines  
1163 through a pharmacy venue. The division and the State Department  
1164 of Health shall coordinate and notify OB-GYN providers that the  
1165 Vaccines for Children program is available to providers free of  
1166 charge.

1167 (60) Border city university-affiliated pediatric  
1168 teaching hospital.

1169 (a) Payments may only be made to a border city  
1170 university-affiliated pediatric teaching hospital if the Centers  
1171 for Medicare and Medicaid Services (CMS) approve an increase in  
1172 the annual request for the provider payment initiative authorized  
1173 under 42 CFR Section 438.6(c) in an amount equal to or greater  
1174 than the estimated annual payment to be made to the border city  
1175 university-affiliated pediatric teaching hospital. The estimate  
1176 shall be based on the hospital's prior year Mississippi managed  
1177 care utilization.

1178 (b) As used in this paragraph (60), the term  
1179 "border city university-affiliated pediatric teaching hospital"  
1180 means an out-of-state hospital located within a city bordering the  
1181 eastern bank of the Mississippi River and the State of Mississippi  
1182 that submits to the division a copy of a current and effective

1183 affiliation agreement with an accredited university and other  
1184 documentation establishing that the hospital is  
1185 university-affiliated, is licensed and designated as a pediatric  
1186 hospital or pediatric primary hospital within its home state,  
1187 maintains at least five (5) different pediatric specialty training  
1188 programs, and maintains at least one hundred (100) operated beds  
1189 dedicated exclusively for the treatment of patients under the age  
1190 of twenty-one (21) years.

1191 (c) The cost of providing services to Mississippi  
1192 Medicaid beneficiaries under the age of twenty-one (21) years who  
1193 are treated by a border city university-affiliated pediatric  
1194 teaching hospital shall not exceed the cost of providing the same  
1195 services to individuals in hospitals in the state.

1196 (d) It is the intent of the Legislature that  
1197 payments shall not result in any in-state hospital receiving  
1198 payments lower than they would otherwise receive if not for the  
1199 payments made to any border city university-affiliated pediatric  
1200 teaching hospital.

1201 (e) This paragraph (60) shall stand repealed on  
1202 July 1, 2024.

1203 (61) Beginning July 1, 2025, essential health benefits  
1204 as described in the federal Patient Protection and Affordable Care  
1205 Act of 2010 (ACA) and as amended, for individuals eligible for  
1206 Medicaid under the federal Patient Protection and Affordable Care  
1207 Act of 2010 (ACA) as amended, as described in Section

1208 43-13-115(29) of this article. These services shall be provided  
1209 only so long as the Medicaid federal matching percentage is not  
1210 less than ninety percent (90%) for Medicaid services to this  
1211 population. This paragraph (61) shall stand repealed on December  
1212 31, 2027.

1213 (B) Planning and development districts participating in the  
1214 home- and community-based services program for the elderly and  
1215 disabled as case management providers shall be reimbursed for case  
1216 management services at the maximum rate approved by the Centers  
1217 for Medicare and Medicaid Services (CMS).

1218 (C) The division may pay to those providers who participate  
1219 in and accept patient referrals from the division's emergency room  
1220 redirection program a percentage, as determined by the division,  
1221 of savings achieved according to the performance measures and  
1222 reduction of costs required of that program. Federally qualified  
1223 health centers may participate in the emergency room redirection  
1224 program, and the division may pay those centers a percentage of  
1225 any savings to the Medicaid program achieved by the centers'  
1226 accepting patient referrals through the program, as provided in  
1227 this subsection (C).

1228 (D) (1) As used in this subsection (D), the following terms  
1229 shall be defined as provided in this paragraph, except as  
1230 otherwise provided in this subsection:

1231                   (a) "Committees" means the Medicaid Committees of  
1232 the House of Representatives and the Senate, and "committee" means  
1233 either one of those committees.

1234                   (b) "Rate change" means an increase, decrease or  
1235 other change in the payments or rates of reimbursement, or a  
1236 change in any payment methodology that results in an increase,  
1237 decrease or other change in the payments or rates of  
1238 reimbursement, to any Medicaid provider that renders any services  
1239 authorized to be provided to Medicaid recipients under this  
1240 article.

1241                   (2) Whenever the Division of Medicaid proposes a rate  
1242 change, the division shall give notice to the chairmen of the  
1243 committees at least thirty (30) calendar days before the proposed  
1244 rate change is scheduled to take effect. The division shall  
1245 furnish the chairmen with a concise summary of each proposed rate  
1246 change along with the notice, and shall furnish the chairmen with  
1247 a copy of any proposed rate change upon request. The division  
1248 also shall provide a summary and copy of any proposed rate change  
1249 to any other member of the Legislature upon request.

1250                   (3) If the chairman of either committee or both  
1251 chairmen jointly object to the proposed rate change or any part  
1252 thereof, the chairman or chairmen shall notify the division and  
1253 provide the reasons for their objection in writing not later than  
1254 seven (7) calendar days after receipt of the notice from the  
1255 division. The chairman or chairmen may make written

1256 recommendations to the division for changes to be made to a  
1257 proposed rate change.

1258           (4)   (a)   The chairman of either committee or both  
1259 chairmen jointly may hold a committee meeting to review a proposed  
1260 rate change. If either chairman or both chairmen decide to hold a  
1261 meeting, they shall notify the division of their intention in  
1262 writing within seven (7) calendar days after receipt of the notice  
1263 from the division, and shall set the date and time for the meeting  
1264 in their notice to the division, which shall not be later than  
1265 fourteen (14) calendar days after receipt of the notice from the  
1266 division.

1267           (b)   After the committee meeting, the committee or  
1268 committees may object to the proposed rate change or any part  
1269 thereof. The committee or committees shall notify the division  
1270 and the reasons for their objection in writing not later than  
1271 seven (7) calendar days after the meeting. The committee or  
1272 committees may make written recommendations to the division for  
1273 changes to be made to a proposed rate change.

1274           (5)   If both chairmen notify the division in writing  
1275 within seven (7) calendar days after receipt of the notice from  
1276 the division that they do not object to the proposed rate change  
1277 and will not be holding a meeting to review the proposed rate  
1278 change, the proposed rate change will take effect on the original  
1279 date as scheduled by the division or on such other date as  
1280 specified by the division.

1281           (6)   (a)   If there are any objections to a proposed rate  
1282 change or any part thereof from either or both of the chairmen or  
1283 the committees, the division may withdraw the proposed rate  
1284 change, make any of the recommended changes to the proposed rate  
1285 change, or not make any changes to the proposed rate change.

1286           (b)   If the division does not make any changes to  
1287 the proposed rate change, it shall notify the chairmen of that  
1288 fact in writing, and the proposed rate change shall take effect on  
1289 the original date as scheduled by the division or on such other  
1290 date as specified by the division.

1291           (c)   If the division makes any changes to the  
1292 proposed rate change, the division shall notify the chairmen of  
1293 its actions in writing, and the revised proposed rate change shall  
1294 take effect on the date as specified by the division.

1295           (7)   Nothing in this subsection (D) shall be construed  
1296 as giving the chairmen or the committees any authority to veto,  
1297 nullify or revise any rate change proposed by the division. The  
1298 authority of the chairmen or the committees under this subsection  
1299 shall be limited to reviewing, making objections to and making  
1300 recommendations for changes to rate changes proposed by the  
1301 division.

1302           (E)   Notwithstanding any provision of this article, no new  
1303 groups or categories of recipients and new types of care and  
1304 services may be added without enabling legislation from the  
1305 Mississippi Legislature, except that the division may authorize

those changes without enabling legislation when the addition of recipients or services is ordered by a court of proper authority.

(F) The executive director shall keep the Governor advised on a timely basis of the funds available for expenditure and the projected expenditures. Notwithstanding any other provisions of this article, if current or projected expenditures of the division are reasonably anticipated to exceed the amount of funds appropriated to the division for any fiscal year, the Governor, after consultation with the executive director, shall take all appropriate measures to reduce costs, which may include, but are not limited to:

(1) Reducing or discontinuing any or all services that are deemed to be optional under Title XIX of the Social Security Act;

(2) Reducing reimbursement rates for any or all service types;

(3) Imposing additional assessments on health care providers; or

(4) Any additional cost-containment measures deemed appropriate by the Governor.

To the extent allowed under federal law, any reduction to services or reimbursement rates under this subsection (F) shall be accompanied by a reduction, to the fullest allowable amount, to the profit margin and administrative fee portions of capitated

1330 payments to organizations described in paragraph (1) of subsection  
1331 (H) .

1332 Beginning in fiscal year 2010 and in fiscal years thereafter,  
1333 when Medicaid expenditures are projected to exceed funds available  
1334 for the fiscal year, the division shall submit the expected  
1335 shortfall information to the PEER Committee not later than  
1336 December 1 of the year in which the shortfall is projected to  
1337 occur. PEER shall review the computations of the division and  
1338 report its findings to the Legislative Budget Office not later  
1339 than January 7 in any year.

1340 (G) Notwithstanding any other provision of this article, it  
1341 shall be the duty of each provider participating in the Medicaid  
1342 program to keep and maintain books, documents and other records as  
1343 prescribed by the Division of Medicaid in accordance with federal  
1344 laws and regulations.

1345 (H) (1) Notwithstanding any other provision of this  
1346 article, the division is authorized to implement (a) a managed  
1347 care program, (b) a coordinated care program, (c) a coordinated  
1348 care organization program, (d) a health maintenance organization  
1349 program, (e) a patient-centered medical home program, (f) an  
1350 accountable care organization program, (g) provider-sponsored  
1351 health plan, or (h) any combination of the above programs. As a  
1352 condition for the approval of any program under this subsection  
1353 (H)(1), the division shall require that no managed care program,  
1354 coordinated care program, coordinated care organization program,

1355 health maintenance organization program, or provider-sponsored  
1356 health plan may:

1357                   (a) Pay providers at a rate that is less than the  
1358 Medicaid All Patient Refined Diagnosis Related Groups (APR-DRG)  
1359 reimbursement rate;

1360                   (b) Override the medical decisions of hospital  
1361 physicians or staff regarding patients admitted to a hospital for  
1362 an emergency medical condition as defined by 42 US Code Section  
1363 1395dd. This restriction (b) does not prohibit the retrospective  
1364 review of the appropriateness of the determination that an  
1365 emergency medical condition exists by chart review or coding  
1366 algorithm, nor does it prohibit prior authorization for  
1367 nonemergency hospital admissions;

1368                   (c) Pay providers at a rate that is less than the  
1369 normal Medicaid reimbursement rate. It is the intent of the  
1370 Legislature that all managed care entities described in this  
1371 subsection (H), in collaboration with the division, develop and  
1372 implement innovative payment models that incentivize improvements  
1373 in health care quality, outcomes, or value, as determined by the  
1374 division. Participation in the provider network of any managed  
1375 care, coordinated care, provider-sponsored health plan, or similar  
1376 contractor shall not be conditioned on the provider's agreement to  
1377 accept such alternative payment models;

1378                   (d) Implement a prior authorization and  
1379 utilization review program for medical services, transportation

1380 services and prescription drugs that is more stringent than the  
1381 prior authorization processes used by the division in its  
1382 administration of the Medicaid program. Not later than December  
1383 2, 2021, the contractors that are receiving capitated payments  
1384 under a managed care delivery system established under this  
1385 subsection (H) shall submit a report to the Chairmen of the House  
1386 and Senate Medicaid Committees on the status of the prior  
1387 authorization and utilization review program for medical services,  
1388 transportation services and prescription drugs that is required to  
1389 be implemented under this subparagraph (d);

1390 (e) [Deleted]

1391 (f) Implement a preferred drug list that is more  
1392 stringent than the mandatory preferred drug list established by  
1393 the division under subsection (A)(9) of this section;

1394 (g) Implement a policy which denies beneficiaries  
1395 with hemophilia access to the federally funded hemophilia  
1396 treatment centers as part of the Medicaid Managed Care network of  
1397 providers.

1398 Each health maintenance organization, coordinated care  
1399 organization, provider-sponsored health plan, or other  
1400 organization paid for services on a capitated basis by the  
1401 division under any managed care program or coordinated care  
1402 program implemented by the division under this section shall use a  
1403 clear set of level of care guidelines in the determination of  
1404 medical necessity and in all utilization management practices,

1405 including the prior authorization process, concurrent reviews,  
1406 retrospective reviews and payments, that are consistent with  
1407 widely accepted professional standards of care. Organizations  
1408 participating in a managed care program or coordinated care  
1409 program implemented by the division may not use any additional  
1410 criteria that would result in denial of care that would be  
1411 determined appropriate and, therefore, medically necessary under  
1412 those levels of care guidelines.

1413           (2) Notwithstanding any provision of this section, the  
1414 recipients eligible for enrollment into a Medicaid Managed Care  
1415 Program authorized under this subsection (H) may include only  
1416 those categories of recipients eligible for participation in the  
1417 Medicaid Managed Care Program as of January 1, 2021, the  
1418 Children's Health Insurance Program (CHIP), and the CMS-approved  
1419 Section 1115 demonstration waivers in operation as of January 1,  
1420 2021. No expansion of Medicaid Managed Care Program contracts may  
1421 be implemented by the division without enabling legislation from  
1422 the Mississippi Legislature.

1423           (3) (a) Any contractors receiving capitated payments  
1424 under a managed care delivery system established in this section  
1425 shall provide to the Legislature and the division statistical data  
1426 to be shared with provider groups in order to improve patient  
1427 access, appropriate utilization, cost savings and health outcomes  
1428 not later than October 1 of each year. Additionally, each  
1429 contractor shall disclose to the Chairmen of the Senate and House

1430 Medicaid Committees the administrative expenses costs for the  
1431 prior calendar year, and the number of full-equivalent employees  
1432 located in the State of Mississippi dedicated to the Medicaid and  
1433 CHIP lines of business as of June 30 of the current year.

1434 (b) The division and the contractors participating  
1435 in the managed care program, a coordinated care program or a  
1436 provider-sponsored health plan shall be subject to annual program  
1437 reviews or audits performed by the Office of the State Auditor,  
1438 the PEER Committee, the Department of Insurance and/or independent  
1439 third parties.

1440 (c) Those reviews shall include, but not be  
1441 limited to, at least two (2) of the following items:

1442 (i) The financial benefit to the State of  
1443 Mississippi of the managed care program,

1444 (ii) The difference between the premiums paid  
1445 to the managed care contractors and the payments made by those  
1446 contractors to health care providers,

1447 (iii) Compliance with performance measures  
1448 required under the contracts,

1449 (iv) Administrative expense allocation  
1450 methodologies,

1451 (v) Whether nonprovider payments assigned as  
1452 medical expenses are appropriate,

1453 (vi) Capitated arrangements with related  
1454 party subcontractors,

1455 (vii) Reasonableness of corporate  
1456 allocations,  
1457 (viii) Value-added benefits and the extent to  
1458 which they are used,  
1459 (ix) The effectiveness of subcontractor  
1460 oversight, including subcontractor review,  
1461 (x) Whether health care outcomes have been  
1462 improved, and  
1463 (xi) The most common claim denial codes to  
1464 determine the reasons for the denials.

1465 The audit reports shall be considered public documents and  
1466 shall be posted in their entirety on the division's website.

1467 (4) All health maintenance organizations, coordinated  
1468 care organizations, provider-sponsored health plans, or other  
1469 organizations paid for services on a capitated basis by the  
1470 division under any managed care program or coordinated care  
1471 program implemented by the division under this section shall  
1472 reimburse all providers in those organizations at rates no lower  
1473 than those provided under this section for beneficiaries who are  
1474 not participating in those programs.

1475 (5) No health maintenance organization, coordinated  
1476 care organization, provider-sponsored health plan, or other  
1477 organization paid for services on a capitated basis by the  
1478 division under any managed care program or coordinated care  
1479 program implemented by the division under this section shall

1480 require its providers or beneficiaries to use any pharmacy that  
1481 ships, mails or delivers prescription drugs or legend drugs or  
1482 devices.

1483           (6)   (a)   Not later than December 1, 2021, the  
1484 contractors who are receiving capitated payments under a managed  
1485 care delivery system established under this subsection (H) shall  
1486 develop and implement a uniform credentialing process for  
1487 providers. Under that uniform credentialing process, a provider  
1488 who meets the criteria for credentialing will be credentialed with  
1489 all of those contractors and no such provider will have to be  
1490 separately credentialed by any individual contractor in order to  
1491 receive reimbursement from the contractor. Not later than  
1492 December 2, 2021, those contractors shall submit a report to the  
1493 Chairmen of the House and Senate Medicaid Committees on the status  
1494 of the uniform credentialing process for providers that is  
1495 required under this subparagraph (a).

1496           (b)   If those contractors have not implemented a  
1497 uniform credentialing process as described in subparagraph (a) by  
1498 December 1, 2021, the division shall develop and implement, not  
1499 later than July 1, 2022, a single, consolidated credentialing  
1500 process by which all providers will be credentialed. Under the  
1501 division's single, consolidated credentialing process, no such  
1502 contractor shall require its providers to be separately  
1503 credentialed by the contractor in order to receive reimbursement  
1504 from the contractor, but those contractors shall recognize the

1553 (60) days a final ruling of denial of the claim that allows the  
1554 provider to have a state fair hearing and/or agency appeal with

1555 the division. If a contractor does not issue a final ruling of  
1556 denial within sixty (60) days as required by this subparagraph  
1557 (b), the provider's claim shall be deemed to be automatically  
1558 approved and the contractor shall pay the amount of the claim to
