12 **Section 1: PURPOSE**

13 The purpose of this Compact is to facilitate interstate  
14 practice of dietetics with the goal of improving public access to  
15 dietetics services. This Compact preserves the regulatory  
16 authority of states to protect public health and safety through  
17 the current system of state licensure, while also providing for  
18 licensure portability through a compact privilege granted to  
19 qualifying professionals.

20 This Compact is designed to achieve the following objectives:

21 A. Increase public access to dietetics services;

22 B. Provide opportunities for interstate practice by licensed

23 dietitians who meet uniform requirements;

24 C. Eliminate the necessity for licenses in multiple states;

25 D. Reduce administrative burden on member states and

26 licensees;

27 E. Enhance the states' ability to protect the public's

28 health and safety;

30 multistate practice of licensed dietitians;

32 spouses;

33 H. Enhance the exchange of licensure, investigative, and

34 disciplinary information among member states; and

2. Have a mechanism in place for receiving and investigating complaints about licensees.

B. A member state shall:

1. Participate fully in the compact commission's data system, including using the unique identifier as defined in rules;
2. Notify the compact commission, in compliance with the terms of the Compact and rules, of any adverse action or the availability of current significant investigative information regarding a licensee;
3. Implement or utilize procedures for considering the criminal history record information of applicants for an initial compact privilege. These procedures shall include the submission

of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant's criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records;

a. A member state must fully implement a criminal history record information requirement, within a time frame established by rule, which includes receiving the results of the Federal Bureau of Investigation record search and shall use those results in determining compact privilege eligibility.

b. Communication between a member state and the compact commission or among member states regarding the verification of eligibility for a compact privilege shall not include any information received from the Federal Bureau of Investigation relating to a federal criminal history record information check performed by a member state.

4. Comply with and enforce the rules of the compact commission;

However, the single state license granted to these individuals shall not be recognized as granting a compact privilege to engage in the practice of dietetics in any other member state.

E. Nothing in this Compact shall affect the requirements established by a member state for the issuance of a single state license.

F. At no point shall the compact commission have the power to define the requirements for the issuance of a single state license to practice dietetics. The member states shall retain sole jurisdiction over the provision of these requirements.

#### **Section 4. COMPACT PRIVILEGE**

A. To exercise the compact privilege under the terms and provisions of the Compact, the licensee shall:

1. Satisfy one (1) of the following:

a. Hold a valid current registration that gives the applicant the right to use the term registered dietitian; or

b. Complete all of the following:

i. An education program which is either:

(a) A master's degree or doctoral degree that is programmatically accredited by (i) ACEND; or (ii) a

dietetics accrediting agency recognized by the United States Department of Education, which the compact commission may by rule determine, and from a college or university accredited at the time of graduation by the appropriate regional accrediting agency recognized by the Council on Higher Education Accreditation and the United States Department of Education.

(b) An academic degree from a college or university in a foreign country equivalent to the degree described in item (a) that is programmatically accredited by (i) ACEND; or (ii) a dietetics accrediting agency recognized by the United States Department of Education, which the compact commission may by rule determine.

ii. A planned, documented, supervised practice experience in dietetics that is programmatically accredited by (i) ACEND, or (ii) a dietetics accrediting agency recognized by the United States Department of Education which the compact commission may by rule determine and which involves at least one thousand (1,000) hours of practice experience under the supervision of a registered dietitian or a licensed dietitian.

iii. Successful completion of either: (i) the Registration Examination for Dietitians administered by CDR, or (ii) a national credentialing examination for dietitians approved by the compact commission by rule; such completion being no more than five (5) years prior to the date of the licensee's application for initial licensure and accompanied by a period of

continuous licensure thereafter, all of which may be further governed by the rules of the compact commission.

2. Hold an unencumbered license in the home state;

3. Notify the compact commission that the licensee is seeking a compact privilege within a remote state(s);

4. Pay any applicable fees, including any state fee, for the compact privilege;

5. Meet any jurisprudence requirements established by the remote state(s) in which the licensee is seeking a compact privilege; and

6. Report to the compact commission any adverse action, encumbrance, or restriction on a license taken by any nonmember state within thirty (30) days from the date the action is taken.

B. The compact privilege is valid until the expiration date of the home state license. To maintain a compact privilege, renewal of the compact privilege shall be congruent with the renewal of the home state license as the compact commission may define by rule. The licensee must comply with the requirements of Section 4A of this Compact to maintain the compact privilege in the remote state(s).

C. A licensee exercising a compact privilege shall adhere to the laws and regulations of the remote state. Licensees shall be responsible for educating themselves on, and complying with, any and all state laws relating to the practice of dietetics in such remote state.

D. Notwithstanding anything to the contrary provided in this Compact or state law, a licensee exercising a compact privilege shall not be required to complete continuing education requirements required by a remote state. A licensee exercising a compact privilege is only required to meet any continuing education requirements as required by the home state.

**Section 5: OBTAINING A NEW HOME STATE LICENSE  
BASED ON A COMPACT PRIVILEGE**

A. A licensee may hold a home state license, which allows for a compact privilege in other member states, in only one (1) member state at a time.

B. If a licensee changes home state by moving between two member states:

1. The licensee shall file an application for obtaining a new home state license based on a compact privilege, pay all applicable fees, and notify the current and new home state in accordance with the rules of the compact commission.

2. Upon receipt of an application for obtaining a new home state license by virtue of a compact privilege, the new home state shall verify that the Licensee meets the criteria in Section 4 of this Compact via the data system, and require that the licensee complete the following:

a. Federal Bureau of Investigation  
fingerprint-based criminal history record information check;

b. Any other criminal history record information required by the new home state; and

c. Any jurisprudence requirements of the new home state.

3. The former home state shall convert the former home state license into a compact privilege once the new home state has activated the new home state license in accordance with applicable rules adopted by the compact commission.

4. Notwithstanding any other provision of this Compact, if the licensee cannot meet the criteria in Section 4 of this Compact, the new home state may apply its requirements for issuing a new single-state license.

5. The licensee shall pay all applicable fees to the new home state in order to be issued a new home state license.

C. If a licensee changes their state of residence by moving from a member state to a nonmember state, or from a nonmember state to a member state, the state criteria shall apply for issuance of a single state license in the new state.

D. Nothing in this Compact shall interfere with a licensee's ability to hold a single state license in multiple states; however, for the purposes of this Compact, a licensee shall have only one (1) home state license.

E. Nothing in this Compact shall affect the requirements established by a member state for the issuance of a single state license.

313                   **Section 6. ACTIVE MILITARY MEMBERS OR THEIR SPOUSES**

314           An active military member, or their spouse, shall designate a  
315 Home State where the individual has a current license in good  
316 standing. The individual may retain the home state designation  
317 during the period the service member is on active duty.

318                   **Section 7. ADVERSE ACTIONS**

319           A. In addition to the other powers conferred by state law, a  
320 remote state shall have the authority, in accordance with existing  
321 state due process law, to:

322                   1. Take adverse action against a licensee's compact  
323 privilege within that member state; and

324                   2. Issue subpoenas for both hearings and investigations  
325 that require the attendance and testimony of witnesses as well as  
326 the production of evidence. Subpoenas issued by a licensing  
327 authority in a member state for the attendance and testimony of  
328 witnesses or the production of evidence from another member state  
329 shall be enforced in the latter state by any court of competent  
330 jurisdiction, according to the practice and procedure applicable  
331 to subpoenas issued in proceedings pending before that court. The  
332 issuing authority shall pay any witness fees, travel expenses,  
333 mileage, and other fees required by the service statutes of the  
334 state in which the witnesses or evidence are located.

335           B. Only the home state shall have the power to take adverse  
336 action against a licensee's home state license.

337 C. For purposes of taking adverse action, the home state  
338 shall give the same priority and effect to reported conduct  
339 received from a member state as it would if the conduct had  
340 occurred within the home state. In so doing, the home state shall  
341 apply its own state laws to determine appropriate action.

342 D. The home state shall complete any pending investigations  
343 of a licensee who changes home states during the course of the  
344 investigations. The home state shall also have authority to take  
345 appropriate action(s) and shall promptly report the conclusions of  
346 the investigations to the administrator of the data system. The  
347 administrator of the data system shall promptly notify the new  
348 home state of any adverse actions.

349 E. A member state, if otherwise permitted by state law, may  
350 recover from the affected licensee the costs of investigations and  
351 dispositions of cases resulting from any adverse action taken  
352 against that licensee.

353 F. A member state may take adverse action based on the  
354 factual findings of another remote state, provided that the member  
355 state follows its own procedures for taking the adverse action.

356 G. Joint investigations:

357 1. In addition to the authority granted to a member  
358 state by its respective state law, any member state may  
359 participate with other member states in joint investigations of  
360 licensees.

2. Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint investigation initiated under the Compact.

H. If adverse action is taken by the home state against a licensee's home state license resulting in an encumbrance on the home state license, the licensee's compact privilege(s) in all other member states shall be revoked until all encumbrances have been removed from the home state license. All home state disciplinary orders that impose adverse action against a Licensee shall include a statement that the licensee's compact privileges are revoked in all member states during the pendency of the order.

I. Once an encumbered license in the home state is restored to an unencumbered license (as certified by the home state's licensing authority), the licensee must meet the requirements of Section 4A of this Compact and follow the administrative requirements to reapply to obtain a compact privilege in any remote state.

J. If a member state takes adverse action, it shall promptly notify the administrator of the data system. The administrator of the data system shall promptly notify the other member state of any adverse actions.

K. Nothing in this Compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action.

385                   **Section 8. ESTABLISHMENT OF THE DIETITIAN LICENSURE**  
386                   **COMPACT COMMISSION**

387           A. The compact member states hereby create and establish a  
388 joint government agency whose membership consists of all member  
389 states that have enacted the Compact known as the dietitian

391 instrumentality of the Compact states acting jointly and not an  
392 instrumentality of any one (1) state. The compact commission

404 suspension of any delegate from office.

409 all matters before the compact commission requiring a vote by the  
410 delegates.

429 the provisions of this Compact, the compact commission's rules,  
430 and the bylaws;
- 431           6. Initiate and conclude legal proceedings or actions  
432 in the name of the compact commission, provided that the standing

434 shall not be affected;

435           7. Maintain and certify records and information  
436 provided to a member state as the authenticated business records

456 interest;

478 appropriate to achieve the purposes of this Compact.

566                   e. Negotiation of contracts for the purchase,  
567 lease, or sale of goods, services, or real estate;  
568                   f. Accusing any person of a crime or formally  
569 censuring any person;  
570                   g. Trade secrets or commercial or financial  
571 information that is privileged or confidential;  
572                   h. Information of a personal nature where  
573 disclosure would constitute a clearly unwarranted invasion of  
574 personal privacy;  
575                   i. Investigative records compiled for law  
576 enforcement purposes;  
577                   j. Information related to any investigative  
578 reports prepared by or on behalf of or for use of the compact  
579 commission or other committee charged with responsibility of

investigation or determination of compliance issues pursuant to  
the Compact;

k. Matters specifically exempted from disclosure  
by federal or member state law; or

l. Other matters as specified in the rules of the  
compact commission.

3. If a meeting, or portion of a meeting, is closed,  
the presiding officer shall state that the meeting will be closed  
and reference each relevant exempting provision, and such  
reference shall be recorded in the minutes.

4. The compact commission shall keep minutes that fully  
and clearly describe all matters discussed in a meeting and shall  
provide a full and accurate summary of actions taken, and the  
reasons therefore, including a description of the views expressed.  
All documents considered in connection with an action shall be  
identified in such minutes. All minutes and documents of a closed  
meeting shall remain under seal, subject to release only by a  
majority vote of the compact commission or order of a court of  
competent jurisdiction.

#### G. Financing of the compact commission

1. The compact commission shall pay, or provide for the  
payment of, the reasonable expenses of its establishment,  
organization, and ongoing activities.

2. The compact commission may accept any and all appropriate revenue sources as provided in subsection C.13. of this section.

3. The compact commission may levy on and collect an annual assessment from each member state and impose fees on licensees of member states to whom it grants a compact privilege to cover the cost of the operations and activities of the compact commission and its staff, which must, in a total amount, be sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount for member states shall be allocated based upon a formula that the compact commission shall promulgate by rule.

4. The compact commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the compact commission pledge the credit of any of the member states, except by and with the authority of the member state.

5. The compact commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the compact commission shall be subject to the financial review and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the compact commission shall be subject to an annual financial review by a certified or licensed public accountant, and the report of the

financial review shall be included in and become part of the annual report of the compact commission.

H. Qualified immunity, defense, and indemnification

1. The members, officers, executive director, employees and representatives of the compact commission shall be immune from suit and liability, both personally and in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of compact commission employment, duties, or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person. The procurement of insurance of any type by the compact commission shall not in any way compromise or limit the immunity granted hereunder.

2. The compact commission shall defend any member, officer, executive director, employee, and representative of the compact commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of compact commission employment, duties, or responsibilities, or as determined by the compact commission that the person against whom the claim is made had a

reasonable basis for believing occurred within the scope of compact commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining their own counsel at their own expense; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

3. The compact commission shall indemnify and hold harmless any member, officer, executive director, employee, and representative of the compact commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of compact commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Compact Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

4. Nothing herein shall be construed as a limitation on the liability of any licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable state laws.

5. Nothing in this Compact shall be interpreted to waive or otherwise abrogate a member state's state action immunity or state action affirmative defense with respect to antitrust

claims under the Sherman Act, Clayton Act, or any other state or federal antitrust or anticompetitive law or regulation.

6. Nothing in this Compact shall be construed to be a waiver of sovereign immunity by the member states or by the compact commission.

#### **Section 9. DATA SYSTEM**

A. The compact commission shall provide for the development, maintenance, operation, and utilization of a coordinated data system.

B. The compact commission shall assign each applicant for a compact privilege a unique identifier, as determined by the rules.

C. Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the data system on all individuals to whom this Compact is applicable as required by the rules of the compact commission, including:

1. Identifying information;
2. Licensure data;
3. Adverse actions against a license or compact privilege and information related thereto;
4. Nonconfidential information related to alternative program participation, the beginning and ending dates of such participation, and other information related to such participation not made confidential under member state law;
5. Any denial of application for licensure, and the reason(s) for such denial;

6. The presence of current significant investigative information; and

7. Other information that may facilitate the administration of this Compact or the protection of the public, as determined by the rules of the compact commission.

D. The records and information provided to a member state pursuant to this Compact or through the data system, when certified by the compact commission or an agent thereof, shall constitute the authenticated business records of the compact commission, and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial, or administrative proceedings in a Member State.

E. Current significant investigative information pertaining to a licensee in any member state will only be available to other member states.

F. It is the responsibility of the member states to report any adverse action against a licensee and to monitor the data system to determine whether any adverse action has been taken against a licensee. Adverse action information pertaining to a licensee in any member state will be available to any other member state.

G. Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing State.

H. Any information submitted to the data system that is subsequently expunged pursuant to federal law or the laws of the member state contributing the information shall be removed from the data system.

#### **Section 10. RULEMAKING**

A. The compact commission shall promulgate reasonable rules in order to effectively and efficiently implement and administer the purposes and provisions of the Compact. A rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the rule is invalid because the compact commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the Compact, or the powers granted hereunder, or based upon another applicable standard of review.

B. The rules of the compact commission shall have the force of law in each member state, provided however that where the rules conflict with the laws or regulations of a member state that relate to the procedures, actions, and processes a licensed dietitian is permitted to undertake in that state and the circumstances under which they may do so, as held by a court of competent jurisdiction, the rules of the compact commission shall be ineffective in that state to the extent of the conflict.

C. The compact commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules shall become binding on the day

following adoption or as of the date specified in the rule or amendment, whichever is later.

D. If a majority of the legislatures of the member states rejects a rule or portion of a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four (4) years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

E. Rules shall be adopted at a regular or special meeting of the compact commission.

F. Prior to adoption of a proposed rule, the compact commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments.

G. Prior to adoption of a proposed rule by the compact commission, and at least thirty (30) days in advance of the meeting at which the compact commission will hold a public hearing on the proposed rule, the compact commission shall provide a notice of proposed rulemaking:

1. On the website of the compact commission or other publicly accessible platform;

2. To persons who have requested notice of the compact commission's notices of proposed rulemaking; and

3. In such other way(s) as the compact commission may by rule specify.

H. The notice of proposed rulemaking shall include:

777           1. The time, date, and location of the public hearing  
778 at which the compact commission will hear public comments on the  
779 proposed rule and, if different, the time, date, and location of  
780 the meeting where the compact commission will consider and vote on  
781 the proposed rule;

782           2. If the hearing is held via telecommunication, video  
783 conference, or other means of communication, the compact  
784 commission shall include the mechanism for access to the hearing  
785 in the notice of proposed rulemaking;

786           3. The text of the proposed rule and the reason  
787 therefore;

788           4. A request for comments on the proposed rule from any  
789 interested person; and

790           5. The manner in which interested persons may submit  
791 written comments.

792           I. All hearings will be recorded. A copy of the recording  
793 and all written comments and documents received by the compact  
794 commission in response to the proposed rule shall be available to  
795 the public.

796           J. Nothing in this section shall be construed as requiring a  
797 separate hearing on each rule. Rules may be grouped for the  
798 convenience of the compact commission at hearings required by this  
799 section.

800 K. The compact commission shall, by majority vote of all  
801 members, take final action on the proposed rule based on the  
802 rulemaking record and the full text of the rule.

803 1. The compact commission may adopt changes to the  
804 proposed rule provided the changes do not enlarge the original  
805 purpose of the proposed rule.

806 2. The compact commission shall provide an explanation  
807 of the reasons for substantive changes made to the proposed rule  
808 as well as reasons for substantive changes not made that were  
809 recommended by commenters.

810 3. The compact commission shall determine a reasonable  
811 effective date for the rule. Except for an emergency as provided  
812 in subsection L. of this section, the effective date of the rule  
813 shall be no sooner than thirty (30) days after issuing the notice  
814 that it adopted or amended the rule.

815 L. Upon determination that an emergency exists, the compact  
816 commission may consider and adopt an emergency rule with  
817 twenty-four (24) hours' notice, with opportunity to comment,  
818 provided that the usual rulemaking procedures provided in the  
819 Compact and in this section shall be retroactively applied to the  
820 rule as soon as reasonably possible, in no event later than ninety  
821 (90) days after the effective date of the rule. For the purposes  
822 of this provision, an emergency rule is one that must be adopted  
823 immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;
2. Prevent a loss of compact commission or member state funds;
3. Meet a deadline for the promulgation of a rule that is established by federal law or rule; or
4. Protect public health and safety.

M. The compact commission or an authorized committee of the compact commission may direct revision to a previously adopted rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revision shall be posted on the website of the compact commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the compact commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the compact commission.

N. No member state's rulemaking requirements shall apply under this Compact.

## **Section 11. OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT**

### **A. Oversight**

849           1. The executive and judicial branches of state  
850 government in each member state shall enforce this Compact and  
851 take all actions necessary and appropriate to implement this  
852 Compact.

853           2. Except as otherwise provided in this Compact, venue  
854 is proper and judicial proceedings by or against the compact  
855 commission shall be brought solely and exclusively in a court of  
856 competent jurisdiction where the principal office of the compact  
857 commission is located. The compact commission may waive venue and  
858 jurisdictional defenses to the extent it adopts or consents to  
859 participate in alternative dispute resolution proceedings.

860 Nothing herein shall affect or limit the selection or propriety of  
861 venue in any action against a licensee for professional  
862 malpractice, misconduct, or any such similar matter.

863           3. The compact commission shall be entitled to receive  
864 service of process in any proceeding regarding the enforcement or  
865 interpretation of the Compact and shall have standing to intervene  
866 in such a proceeding for all purposes. Failure to provide the  
867 compact commission service of process shall render a judgment or  
868 order void as to the compact commission, this Compact, or  
869 promulgated rules.

870           B. Default, technical assistance, and termination

871           1. If the compact commission determines that a member  
872 state has defaulted in the performance of its obligations or  
873 responsibilities under this Compact or the promulgated rules, the

874 compact commission shall provide written notice to the defaulting  
875 state. The notice of default shall describe the default, the  
876 proposed means of curing the default, and any other action that  
877 the compact commission may take and shall offer training and  
878 specific technical assistance regarding the default.

879           2. The compact commission shall provide a copy of the  
880 notice of default to the other member states.

881           C. If a state in default fails to cure the default, the  
882 defaulting state may be terminated from the Compact upon an  
883 affirmative vote of a majority of the delegates of the member  
884 states, and all rights, privileges, and benefits conferred on that  
885 state by this Compact may be terminated on the effective date of  
886 termination. A cure of the default does not relieve the offending  
887 state of obligations or liabilities incurred during the period of  
888 default.

889           D. Termination of membership in the Compact shall be imposed  
890 only after all other means of securing compliance have been  
891 exhausted. Notice of intent to suspend or terminate shall be  
892 given by the compact commission to the Governor, the majority and  
893 minority leaders of the defaulting state's Legislature, the  
894 defaulting state's licensing authority, and each of the member  
895 states' licensing authority.

896           E. A state that has been terminated is responsible for all  
897 assessments, obligations, and liabilities incurred through the

898 effective date of termination, including obligations that extend  
899 beyond the effective date of termination.

900 F. Upon the termination of a state's membership from this  
901 Compact, that state shall immediately provide notice to all  
902 licensees within that state of such termination. The  
903 terminated state shall continue to recognize all compact  
904 privileges granted pursuant to this Compact for a minimum of six  
905 (6) months after the date of said notice of termination.

906 G. The compact commission shall not bear any costs related  
907 to a state that is found to be in default or that has been  
908 terminated from the Compact, unless agreed upon in writing between  
909 the compact commission and the defaulting state.

910 H. The defaulting state may appeal the action of the compact  
911 commission by petitioning the U.S. District Court for the District  
912 of Columbia or the federal district where the compact commission  
913 has its principal offices. The prevailing party shall be awarded  
914 all costs of such litigation, including reasonable attorney's  
915 fees.

916 I. Dispute resolution

917 1. Upon request by a member state, the compact  
918 commission shall attempt to resolve disputes related to the  
919 Compact that arise among member states and between member and  
920 nonmember states.

921           2. The compact commission shall promulgate a rule  
922 providing for both mediation and binding dispute resolution for  
923 disputes as appropriate.

924           J. Enforcement

925           1. By supermajority vote, the compact commission may  
926 initiate legal action against a member state in default in the  
927 United States District Court for the District of Columbia or the  
928 federal district where the compact commission has its principal  
929 offices to enforce compliance with the provisions of the Compact  
930 and its promulgated rules. The relief sought may include both  
931 injunctive relief and damages. In the event judicial enforcement  
932 is necessary, the prevailing party shall be awarded all costs of  
933 such litigation, including reasonable attorney's fees. The  
934 remedies herein shall not be the exclusive remedies of the compact  
935 commission. The compact commission may pursue any other remedies  
936 available under federal or the defaulting member state's law.

937           2. A member state may initiate legal action against the  
938 compact commission in the U.S. District Court for the District of  
939 Columbia or the federal district where the compact commission has  
940 its principal offices to enforce compliance with the provisions of  
941 the Compact and its promulgated rules. The relief sought may  
942 include both injunctive relief and damages. In the event judicial  
943 enforcement is necessary, the prevailing party shall be awarded  
944 all costs of such litigation, including reasonable attorney's  
945 fees.

3. No party other than a member state shall enforce this Compact against the compact commission.

**Section 12. EFFECTIVE DATE, WITHDRAWAL, AND AMENDMENT**

A. The Compact shall come into effect on the date on which the compact statute is enacted into law in the seventh member state.

1. On or after the effective date of the Compact, the compact commission shall convene and review the enactment of each of the first seven (7) member states ("charter member states") to determine if the statute enacted by each such charter member state is materially different than the model compact statute.

a. A charter member state whose enactment is found to be materially different from the model compact statute shall be entitled to the default process set forth in Section 11 of this Compact.

b. If any member state is later found to be in default, or is terminated, or withdraws from the Compact, the compact commission shall remain in existence and the Compact shall remain in effect even if the number of member states should be less than seven (7).

2. Member states enacting the Compact subsequent to the seven initial charter member states shall be subject to the process set forth in Section 8C.21. of this Compact to determine if their enactments are materially different from the model

compact statute and whether they qualify for participation in the Compact.

3. All actions taken for the benefit of the Compact commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the compact commission coming into existence shall be considered to be actions of the compact commission unless specifically repudiated by the compact commission.

4. Any state that joins the Compact subsequent to the compact commission's initial adoption of the rules and bylaws shall be subject to the rules and bylaws as they exist on the date on which the Compact becomes law in that state. Any rule that has been previously adopted by the compact commission shall have the full force and effect of law on the day the Compact becomes law in that state.

B. Any member state may withdraw from this Compact by enacting a statute repealing the same.

1. A member state's withdrawal shall not take effect until one hundred eighty (180) days after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's licensing authority to comply with the investigative and adverse action reporting requirements of this Compact prior to the effective date of withdrawal.

995           3. Upon the enactment of a statute withdrawing from  
996 this Compact, a state shall immediately provide notice of such  
997 withdrawal to all licensees within that state. Notwithstanding  
998 any subsequent statutory enactment to the contrary, such  
999 withdrawing state shall continue to recognize all compact  
1000 privileges granted pursuant to this Compact for a minimum of one  
1001 hundred eighty (180) days after the date of such notice of  
1002 withdrawal.

1003           C. Nothing contained in this Compact shall be construed to  
1004 invalidate or prevent any licensure agreement or other cooperative  
1005 arrangement between a member state and a nonmember state that does  
1006 not conflict with the provisions of this Compact.

1007           D. This Compact may be amended by the member states. No  
1008 amendment to this Compact shall become effective and binding upon  
1009 any member state until it is enacted into the laws of all member  
1010 states.

### 1011           **Section 13. CONSTRUCTION AND SEVERABILITY**

1012           A. This Compact and the compact commission's rulemaking  
1013 authority shall be liberally construed so as to effectuate the  
1014 purposes and the implementation and administration of the Compact.  
1015 Provisions of the Compact expressly authorizing or requiring the  
1016 promulgation of rules shall not be construed to limit the compact  
1017 commission's rulemaking authority solely for those purposes.

1018           B. The provisions of this Compact shall be severable and if  
1019 any phrase, clause, sentence, or provision of this Compact is held

1020 by a court of competent jurisdiction to be contrary to the  
1021 constitution of any member state, a state seeking participation in  
1022 the Compact, or of the United States, or the applicability thereof  
1023 to any government, agency, person, or circumstance is held to be  
1024 unconstitutional by a court of competent jurisdiction, the  
1025 validity of the remainder of this Compact and the applicability  
1026 thereof to any other government, agency, person, or circumstance  
1027 shall not be affected thereby.

1028 C. Notwithstanding subsection B. of this section, the  
1029 compact commission may deny a state's participation in the Compact  
1030 or, in accordance with the requirements of Section 11.B.,  
1031 terminate a member state's participation in the Compact, if it  
1032 determines that a constitutional requirement of a member state is  
1033 a material departure from the Compact. Otherwise, if this Compact  
1034 shall be held to be contrary to the constitution of any member  
1035 state, the Compact shall remain in full force and effect as to the  
1036 remaining member states and in full force and effect as to the  
1037 member state affected as to all severable matters.

1038 **Section 14. CONSISTENT EFFECT AND CONFLICT WITH OTHER**  
1039 **STATE LAWS**

1040 A. Nothing herein shall prevent or inhibit the enforcement  
1041 of any other law of a member state that is not inconsistent with  
1042 the Compact.

1043           B. Any laws, statutes, regulations, or other legal  
1044 requirements in a member state in conflict with the Compact are  
1045 superseded to the extent of the conflict.

1046           C. All permissible agreements between the compact commission  
1047 and the member states are binding in accordance with their terms.
