Legislature and expended exclusively for the support and maintenance of the Mississippi Fire Fighters Memorial Burn Center.

(3) From and after June 17, 2005, there shall be created in the State Treasury a fund known as the Mississippi Burn Care Fund. The Mississippi Burn Care Fund shall be the Mississippi Fire Fighters Memorial Burn Center Fund and any reference to the Mississippi Fire Fighters Memorial Burn Center Fund in law shall mean the Mississippi Burn Care Fund. For fiscal year 2006, and for each fiscal year thereafter, the Legislature may appropriate interest, income or other funds credited to the Mississippi Burn Care Fund, and there shall be no requirement that the monies deposited to the fund be held inviolate in trust. Any appropriation of funds from the Mississippi Burn Care Fund shall be to the Mississippi Department of Health for the purpose of carrying out its responsibilities established in Section 41-59-5; however, after the Mississippi Burn Center established at the University of Mississippi Medical Center under Section 37-115-45 is operational, any appropriation of funds from the Mississippi

Burn Care Fund shall be to the University of Mississippi Medical Center for the operation of the Mississippi Burn Center, to Baptist Medical Center, and to any burn center affiliated with a Level I trauma center in the Mississippi Trauma Care System. However, such funds shall be equitably distributed to the University of Mississippi Medical Center for the operation of the Mississippi Burn Center, to Baptist Medical Center, and to any burn center affiliated with a Level I trauma center in the Mississippi Trauma Care System. The Mississippi Burn Care Fund shall be authorized to accept gifts, donations, bequests, appropriations or other grants from any source, governmental or private, for deposit into the fund. The Department of Health * * * shall be the agency responsible for receiving any such gifts, donations, bequests, appropriations or grants and shall deposit such to the Mississippi Burn Care Fund.

SECTION 3. Section 41-59-5, Mississippi Code of 1972, is amended as follows:

41-59-5. (1) The State Board of Health shall establish and maintain a program for the improvement and regulation of emergency medical services (hereinafter EMS) in the State of Mississippi.

121 The responsibility for implementation and conduct of this program
122 shall be vested in the State Health Officer of the State Board of
123 Health along with such other officers and boards as may be
124 specified by law or regulation.

125 (2) The board shall provide for the regulation and licensing
126 of public and private ambulance service, inspection and issuance
127 of permits for ambulance vehicles, training and certification of
128 EMS personnel, including drivers and attendants, the development
129 and maintenance of a statewide EMS records program, development
130 and adoption of EMS regulations, the coordination of an EMS
131 communications system, and other related EMS activities.

132 (3) The board is authorized to promulgate and enforce such
133 rules, regulations and minimum standards as needed to carry out
134 the provisions of this chapter.

135 (4) The board is authorized to receive any funds
136 appropriated to the board from the Emergency Medical Services
137 Operating Fund created in Section 41-59-61 and is further
138 authorized, with the Emergency Medical Services Advisory Council
139 acting in an advisory capacity, to administer the disbursement of
140 such funds to the counties, municipalities and organized emergency
141 medical service districts and the utilization of such funds by the
142 same, as provided in Section 41-59-61.

143 (5) The department acting as the lead agency, in
144 consultation with and having solicited advice from the EMS
145 Advisory Council, shall develop a uniform nonfragmented inclusive
146 statewide trauma care system that provides excellent patient care.

147 It is the intent of the Legislature that the purpose of this
148 system is to reduce death and disability resulting from traumatic
149 injury, and in order to accomplish this goal it is necessary to
150 assign additional responsibilities to the department. The
151 department is assigned the responsibility for creating,
152 implementing and managing the statewide trauma care system. The
153 department shall be designated as the lead agency for trauma care
154 systems development. The department shall develop and administer
155 trauma regulations that include, but are not limited to, the

163 the statewide trauma system. Those regulations shall include
164 mechanisms for determining the appropriate level of participation
165 for each facility or class of facilities. The department shall
166 also adopt a schedule of fees to be assessed for facilities that
167 choose not to participate in the statewide trauma care system, or
168 which participate at a level lower than the level at which they
169 are capable of participating. The fees paid under this provision
170 shall be for the exclusive benefit of the statewide trauma care
171 system and shall not lapse into the State General Fund. The
172 department shall promulgate rules and regulations necessary to

effectuate this provision by September 1, 2008, with an implementation date of September 1, 2008. The department shall take the necessary steps to develop, adopt and implement the Mississippi Trauma Care System Plan and all associated trauma care system regulations necessary to implement the Mississippi Trauma Care System. The department shall cause the implementation of both professional and lay trauma education programs. These trauma educational programs shall include both clinical trauma education and injury prevention. As it is recognized that rehabilitation services are essential for traumatized individuals to be returned to active, productive lives, the department shall coordinate the development of the inclusive trauma system with the Mississippi Department of Rehabilitation Services and all other appropriate rehabilitation systems.

(6) The State Board of Health is authorized to receive any funds appropriated to the board from the Mississippi Trauma Care * * * Systems Fund created in Section 41-59-75. It is further authorized, with the Emergency Medical Services Advisory Council and the Mississippi Trauma Advisory Committee acting in advisory capacities, to administer the disbursements of those funds according to adopted trauma care system regulations. Any Level I trauma care facility or center located in a state contiguous to the State of Mississippi that participates in the Mississippi Trauma Care System and has been designated by the department to perform specified trauma care services within the Trauma Care System under standards adopted by the department shall

199 receive a reasonable amount of reimbursement from the department
200 for the cost of providing trauma care services to Mississippi
201 residents whose treatment is uncompensated.

202 (7) In addition to the trauma-related duties provided for in
203 this section, the Board of Health shall develop a plan for the
204 delivery of services to Mississippi burn victims through the
205 existing trauma care system of hospitals. Such plan shall be
206 operational by July 1, 2005, and shall include:

207 (a) Systems by which burn patients will be assigned or
208 transferred to hospitals capable of meeting their needs;

209 (b) Until the Mississippi Burn Center established at
210 the University of Mississippi Medical Center under Section
211 37-115-45 is operational, procedures for allocating funds
212 appropriated from the Mississippi Burn Care Fund to hospitals that
213 provide services to Mississippi burn victims; and

214 (c) Such other provisions necessary to provide burn
215 care for Mississippi residents, including reimbursement for
216 travel, lodging, if no free lodging is available, meals and other
217 reasonable travel-related expenses incurred by burn victims,
218 family members and/or caregivers, as established by the State
219 Board of Health through rules and regulations.

220 After the Mississippi Burn Center established at the
221 University of Mississippi Medical Center under Section 37-115-45
222 is operational, the Board of Health shall revise the plan to
223 include the Mississippi Burn Center, Baptist Medical Center, and
224 any burn center affiliated with a Level I trauma center in the

Mississippi Trauma Care System. In addition, all funds
appropriated and collected shall be equitably distributed to the
University of Mississippi Medical Center for the operation of the
Mississippi Burn Center, to Baptist Medical Center, and to any
burn center affiliated with a Level I trauma center in the
Mississippi Trauma Care System.
