Security Act, as amended, under waivers, subject to the availability of funds specifically appropriated for that purpose by the Legislature.

(16) Mental health services. Certain services provided by a psychiatrist shall be reimbursed at up to one hundred percent (100%) of the Medicare rate. Approved therapeutic and case management services (a) provided by an approved regional mental health/intellectual disability center established under Sections 41-19-31 through 41-19-39, or by another community mental health service provider meeting the requirements of the Department of Mental Health to be an approved mental health/intellectual disability center if determined necessary by the Department of Mental Health, using state funds that are provided in the appropriation to the division to match federal funds, or (b) provided by a facility that is certified by the State Department of Mental Health to provide therapeutic and case management services, to be reimbursed on a fee for service basis, or (c) provided in the community by a facility or program operated by the Department of Mental Health. Any such services provided by a facility described in subparagraph (b) must have the prior approval of the division to be reimbursable under this section.

(17) Durable medical equipment services and medical supplies. Precertification of durable medical equipment and medical supplies must be obtained as required by the division. The Division of Medicaid may require durable medical equipment

758 providers to obtain a surety bond in the amount and to the
759 specifications as established by the Balanced Budget Act of 1997.
760 A maximum dollar amount of reimbursement for noninvasive
761 ventilators or ventilation treatments properly ordered and being
762 used in an appropriate care setting shall not be set by any health
763 maintenance organization, coordinated care organization,
764 provider-sponsored health plan, or other organization paid for
765 services on a capitated basis by the division under any managed
766 care program or coordinated care program implemented by the
767 division under this section. Reimbursement by these organizations
768 to durable medical equipment suppliers for home use of noninvasive
769 and invasive ventilators shall be on a continuous monthly payment
770 basis for the duration of medical need throughout a patient's
771 valid prescription period.

772 The division may provide reimbursement for devices used for
773 the reduction of snoring and obstructive sleep apnea.

774 (18) (a) Notwithstanding any other provision of this
775 section to the contrary, as provided in the Medicaid state plan
776 amendment or amendments as defined in Section 43-13-145(10), the
777 division shall make additional reimbursement to hospitals that
778 serve a disproportionate share of low-income patients and that
779 meet the federal requirements for those payments as provided in
780 Section 1923 of the federal Social Security Act and any applicable
781 regulations. It is the intent of the Legislature that the
782 division shall draw down all available federal funds allotted to

the state for disproportionate share hospitals. However, from and after January 1, 1999, public hospitals participating in the Medicaid disproportionate share program may be required to participate in an intergovernmental transfer program as provided in Section 1903 of the federal Social Security Act and any applicable regulations.

(b) (i) 1. The division may establish a Medicare Upper Payment Limits Program, as defined in Section 1902(a)(30) of the federal Social Security Act and any applicable federal regulations, or an allowable delivery system or provider payment initiative authorized under 42 CFR 438.6(c), for hospitals, nursing facilities and physicians employed or contracted by hospitals. The division shall allow physicians employed or contracted at any hospital in the state to participate in any Medicare Upper Payment Limits Program, allowable delivery system or provider payment initiative authorized under this subsection (A)(18)(b), subject to federal limitations on collection of provider taxes.

2. The division shall establish a Medicaid Supplemental Payment Program, as permitted by the federal Social Security Act and a comparable allowable delivery system or provider payment initiative authorized under 42 CFR 438.6(c), for emergency ambulance transportation providers in accordance with this subsection (A)(18)(b).

807 (ii) The division shall assess each hospital,
808 nursing facility, and emergency ambulance transportation provider
809 for the sole purpose of financing the state portion of the
810 Medicare Upper Payment Limits Program or other program(s)
811 authorized under this subsection (A)(18)(b). The hospital
812 assessment shall be as provided in Section 43-13-145(4)(a), and
813 the nursing facility and the emergency ambulance transportation
814 assessments, if established, shall be based on Medicaid
815 utilization or other appropriate method, as determined by the
816 division, consistent with federal regulations. The assessments
817 will remain in effect as long as the state participates in the
818 Medicare Upper Payment Limits Program or other program(s)
819 authorized under this subsection (A)(18)(b). * * * Provided that
820 all hospitals are allowed to participate in payments authorized
821 under this subsection (A)(18)(b), hospitals with physicians
822 participating in the Medicare Upper Payment Limits Program or
823 other program(s) authorized under this subsection (A)(18)(b) shall
824 be required to participate in an intergovernmental transfer or
825 assessment, as determined by the division, for the purpose of
826 financing the state portion of the physician UPL payments or other
827 payment(s) authorized under this subsection (A)(18)(b).

828 (iii) Subject to approval by the Centers for
829 Medicare and Medicaid Services (CMS) and the provisions of this
830 subsection (A)(18)(b), the division shall make additional
831 reimbursement to hospitals, nursing facilities, and emergency

ambulance transportation providers for the Medicare Upper Payment Limits Program or other program(s) authorized under this subsection (A)(18)(b), and, if the program is established for physicians, shall make additional reimbursement for physicians, as defined in Section 1902(a)(30) of the federal Social Security Act and any applicable federal regulations, provided the assessment in this subsection (A)(18)(b) is in effect.

(iv) * * * The division is authorized to develop and implement an alternative fee-for-service Upper Payment Limits model in accordance with federal laws and regulations if necessary to preserve supplemental funding. * * * The division, in consultation with the Mississippi Hospital Association, may develop alternative models for distribution of medical claims and supplemental payments for inpatient and outpatient hospital services, with input from the stakeholders of such claims and payments. The goals of such payment models shall be to ensure access to inpatient and outpatient care and to maximize any federal funds that are available to reimburse hospitals for services provided. The Chairmen of the Senate and House Medicaid Committees shall be provided copies of the proposed payment model(s) before submission.

(v) 1. To preserve and improve access to ambulance transportation provider services, the division shall seek CMS approval to make ambulance service access payments as set forth in this subsection (A)(18)(b) for all covered emergency

ambulance services rendered on or after July 1, 2022, and shall make such ambulance service access payments for all covered services rendered on or after the effective date of CMS approval.

2. The division shall calculate the ambulance service access payment amount as the balance of the portion of the Medical Care Fund related to ambulance transportation service provider assessments plus any federal matching funds earned on the balance, up to, but not to exceed, the upper payment limit gap for all emergency ambulance service providers.

3. a. Except for ambulance services exempt from the assessment provided in this paragraph (18)(b), all ambulance transportation service providers shall be eligible for ambulance service access payments each state fiscal year as set forth in this paragraph (18)(b).

b. In addition to any other funds paid to ambulance transportation service providers for emergency medical services provided to Medicaid beneficiaries, each eligible ambulance transportation service provider shall receive ambulance service access payments each state fiscal year equal to the ambulance transportation service provider's upper payment limit gap. Subject to approval by the Centers for Medicare and Medicaid Services, ambulance service access payments shall be made no less than on a quarterly basis.

881 c. As used in this paragraph
882 (18) (b) (v), the term "upper payment limit gap" means the
883 difference between the total amount that the ambulance
884 transportation service provider received from Medicaid and the
885 average amount that the ambulance transportation service provider
886 would have received from commercial insurers for those services
887 reimbursed by Medicaid.

888 4. An ambulance service access payment
889 shall not be used to offset any other payment by the division for
890 emergency or nonemergency services to Medicaid beneficiaries.

891 (c) (i) * * * The division shall, subject to
892 approval by the Centers for Medicare and Medicaid Services (CMS),
893 establish, implement and operate a Mississippi Hospital Access
894 Program (MHAP) for the purpose of protecting patient access to
895 hospital care through hospital inpatient reimbursement programs
896 provided in this section designed to maintain total hospital
897 reimbursement for inpatient services rendered by in-state
898 hospitals and the out-of-state hospital that is authorized by
899 federal law to submit intergovernmental transfers (IGTs) to the
900 State of Mississippi and is classified as Level I trauma center
901 located in a county contiguous to the state line at the maximum
902 levels permissible under applicable federal statutes and
903 regulations * * *.

904 (ii) Subject to approval by the Centers for
905 Medicare and Medicaid Services (CMS), the MHAP shall provide

increased inpatient capitation (PMPM) payments to managed care entities contracting with the division pursuant to subsection (H) of this section to support availability of hospital services or such other payments permissible under federal law necessary to accomplish the intent of this subsection.

* * *

(* * * iii) The division shall assess each hospital as provided in Section 43-13-145(4)(a) for the purpose of financing the state portion of the MHAP, supplemental payments and such other purposes as specified in Section 43-13-145. The assessment will remain in effect as long as the MHAP and supplemental payments are in effect.

(iv) The division shall maximize total federal funding for MHAP, UPL and other supplemental payment programs in effect for state fiscal year 2025 and shall not change the methodologies, formulas, models or preprints used to calculate the distribution of supplemental payments to hospitals from those methodologies, formulas, models or preprints in effect and as approved by the Centers for Medicare and Medicaid Services for state fiscal year 2025 as of December 31, 2024, except to update the time period to the most recent annual period or as required by federal law or regulation. The provisions of this subparagraph (iv) do not apply if the hospital is no longer eligible to participate in the supplemental payment program pursuant to federal or state law or if a hospital that was not included in the

distribution is subsequently opened or closed. Nothing in this
subparagraph (iv) shall be construed to prohibit an aggregate
increase or decrease in total funding to maximize the total
funding available for hospital supplemental payment programs so
long as the increased funding is distributed pursuant to the state
fiscal year 2025 methodologies, formulas, models or preprints.
Notwithstanding the above, the division shall conform the penalty
for failure to satisfy quality standards to an amount that is more
comparable to the value of the encounter. Nothing in this
subparagraph (iv) shall prohibit a border city
university-affiliated pediatric teaching hospital as described in
paragraph (60) of this subsection (A) to be included in a payment
model authorized under this paragraph (18).

(19) (a) Perinatal risk-management services. The
division shall promulgate regulations to be effective from and
after October 1, 1988, to establish a comprehensive perinatal

who are determined to be at risk. Services to be performed
include case management, nutrition assessment/counseling,
psychosocial assessment/counseling and health education. The
division * * * may contract with the State Department of Health to
provide services within this paragraph (Perinatal High Risk
Management/Infant Services System (PHRM/ISS)) for any eligible
beneficiary who cannot receive these services under a different

956 program. The State Department of Health shall be reimbursed on a
957 full reasonable cost basis for services provided under this
958 subparagraph (a). Any program authorized under subsection (H) of
959 this section shall develop a perinatal risk-management services
960 program in consultation with the division and the State Department
961 of Health or may contract with the State Department of Health for
962 these services, and the programs shall begin providing these
963 services no later than January 1, 2026.

964 (b) Early intervention system services. The
965 division shall cooperate with the State Department of Health,
966 acting as lead agency, in the development and implementation of a
967 statewide system of delivery of early intervention services, under
968 Part C of the Individuals with Disabilities Education Act (IDEA).
969 The State Department of Health shall certify annually in writing
970 to the executive director of the division the dollar amount of
971 state early intervention funds available that will be utilized as
972 a certified match for Medicaid matching funds. Those funds then
973 shall be used to provide expanded targeted case management
974 services for Medicaid eligible children with special needs who are
975 eligible for the state's early intervention system.

983 state funds that are provided from the appropriation to the State
984 Department of Rehabilitation Services and used to match federal

986 department, provided that funds for these services are
987 specifically appropriated to the Department of Rehabilitation
988 Services.

998 comparable services rendered by a physician. The division may
999 provide for a reimbursement rate for nurse practitioner services
1000 of up to one hundred percent (100%) of the reimbursement rate for

1015 distant site provider for the purposes of telehealth
1016 reimbursement. The division is further authorized and directed to
1017 reimburse FQHCs, RHCs and CMHCs for both distant site and

1260 paragraph (57), "terminal condition" means any aggressive
1261 malignancy, chronic end-stage cardiovascular or cerebral vascular
1262 disease, or any other disease, illness or condition which a
1263 physician diagnoses as terminal.

1264 (58) Treatment services for persons with opioid
1265 dependency or other highly addictive substance use disorders. The
1266 division is authorized to reimburse eligible providers for
1267 treatment of opioid dependency and other highly addictive
1268 substance use disorders, as determined by the division. Treatment
1269 related to these conditions shall not count against any physician
1270 visit limit imposed under this section.

1271 (59) The division shall allow beneficiaries between the
1272 ages of ten (10) and eighteen (18) years to receive vaccines
1273 through a pharmacy venue. The division and the State Department
1274 of Health shall coordinate and notify OB-GYN providers that the
1275 Vaccines for Children program is available to providers free of
1276 charge.

1277 (60) Border city university-affiliated pediatric
1278 teaching hospital.

1279 (a) Payments may only be made to a border city
1280 university-affiliated pediatric teaching hospital if the Centers
1281 for Medicare and Medicaid Services (CMS) approve an increase in
1282 the annual request for the provider payment initiative authorized
1283 under 42 CFR Section 438.6(c) in an amount equal to or greater
1284 than the estimated annual payment to be made to the border city
1285 university-affiliated pediatric teaching hospital. The estimate
1286 shall be based on the hospital's prior year Mississippi managed
1287 care utilization.

1288 (b) As used in this paragraph (60), the term
1289 "border city university-affiliated pediatric teaching hospital"
1290 means an out-of-state hospital located within a city bordering the
1291 eastern bank of the Mississippi River and the State of Mississippi
1292 that submits to the division a copy of a current and effective
1293 affiliation agreement with an accredited university and other
1294 documentation establishing that the hospital is
1295 university-affiliated, is licensed and designated as a pediatric
1296 hospital or pediatric primary hospital within its home state,
1297 maintains at least five (5) different pediatric specialty training
1298 programs, and maintains at least one hundred (100) operated beds
1299 dedicated exclusively for the treatment of patients under the age
1300 of twenty-one (21) years.

1301 (c) The * * * payment for providing services to
1302 Mississippi Medicaid beneficiaries under the age of twenty-one
1303 (21) years who are treated by a border city university-affiliated
1304 pediatric teaching hospital shall not exceed * * * two hundred
1305 percent (200%) of its cost of providing the services to
1306 Mississippi Medicaid individuals.

1307 (d) It is the intent of the Legislature that
1308 payments shall not result in any in-state hospital receiving
1309 payments lower than they would otherwise receive if not for the
1310 payments made to any border city university-affiliated pediatric
1311 teaching hospital.

1312 (e) This paragraph (60) shall stand repealed on
1313 July 1, * * * 2027.

1314 (61) Autism spectrum disorder services. The division
1315 shall develop and implement a method for reimbursement of autism
1316 spectrum disorder services based on a continuum of care for best
1317 practices in medically necessary early intervention treatment.
1318 The division shall work in consultation with the Department of
1319 Mental Health, healthcare providers, the Autism Advisory
1320 Committee, and other stakeholders relevant to the autism industry
1321 to develop these reimbursement rates. The requirements of this
1322 subsection shall apply to any autism spectrum disorder services
1323 rendered under the authority of the Medicaid State Plan and any
1324 Home and Community Based Services Waiver authorized under this

section through which autism spectrum disorder services are provided.

(62) Preparticipation physical evaluations. The division shall reimburse for preparticipation physical evaluations of beneficiaries in a manner as determined by the division.

(63) Medications that have been approved for chronic weight management by the United States Food and Drug Administration (FDA). The division shall, in a manner as determined by the division, reimburse for medications prescribed for chronic weight management and/or for management of additional conditions in the discretion of the medical provider.

(64) Nonstatin medications. The division shall provide coverage and reimbursement, in a manner as determined by the division, for any nonstatin medication approved by the United States Food and Drug Administration that has a unique indication to reduce the risk of a major cardiovascular event in primary prevention and secondary prevention patients. The division (a) shall not designate any such nonstatin medication as a nonpreferred drug or otherwise exclude such nonstatin medication from the preferred drug list if any statin medication is designated as a preferred drug; and (b) shall not establish more restrictive or more extensive utilization controls for any such nonstatin medication than the least restrictive or extensive utilization controls applicable to any statin medication. This paragraph (64) also applies to nonstatin medications that are

provided under a contract between the division and any managed care organization.

(65) Nonopioid medications. The division shall provide coverage and reimbursement, in a manner as determined by the division, for any nonopioid medication approved by the United States Food and Drug Administration for the treatment or management of pain. The division (a) shall not designate any such nonopioid medication as a nonpreferred drug or otherwise exclude such nonopioid medication from the preferred drug list if any opioid medication for the treatment or management of pain is designated as a preferred drug; and (b) shall not establish more restrictive or more extensive utilization controls for any such nonopioid medication than the least restrictive or extensive utilization controls applicable to any opioid medication for the treatment or management of pain. This paragraph (65) also applies to such nonopioid medications that are provided under a contract between the division and any managed care organization.

(B) Planning and development districts participating in the home- and community-based services program for the elderly and disabled as case management providers shall be reimbursed for case management services at the maximum rate approved by the Centers for Medicare and Medicaid Services (CMS).

(C) The division may pay to those providers who participate in and accept patient referrals from the division's emergency room redirection program a percentage, as determined by the division,

of savings achieved according to the performance measures and reduction of costs required of that program. Federally qualified health centers may participate in the emergency room redirection program, and the division may pay those centers a percentage of any savings to the Medicaid program achieved by the centers' accepting patient referrals through the program, as provided in this subsection (C).

(D) (1) As used in this subsection (D), the following terms shall be defined as provided in this paragraph, except as otherwise provided in this subsection:

(a) "Committees" means the Medicaid Committees of the House of Representatives and the Senate, and "committee" means either one of those committees.

(b) "Rate change" means an increase, decrease or other change in the payments or rates of reimbursement, or a change in any payment methodology that results in an increase, decrease or other change in the payments or rates of reimbursement, to any Medicaid provider that renders any services authorized to be provided to Medicaid recipients under this article.

(2) Whenever the Division of Medicaid proposes a rate change, the division shall give notice to the chairmen of the committees at least * * * fifteen (15) calendar days, when possible, before the proposed rate change is scheduled to take effect. If the division needs to expedite the fifteen-day notice,

1400 the division shall notify both chairmen of the fact as soon as
1401 possible. The division shall furnish the chairmen with a concise
1402 summary of each proposed rate change along with the notice, and
1403 shall furnish the chairmen with a copy of any proposed rate change
1404 upon request. The division also shall provide a summary and copy
1405 of any proposed rate change to any other member of the Legislature
1406 upon request.

1407 (3) If the chairman of either committee or both
1408 chairmen jointly object to the proposed rate change or any part
1409 thereof, the chairman or chairmen shall notify the division and
1410 provide the reasons for their objection in writing not later than
1411 seven (7) calendar days after receipt of the notice from the
1412 division. The chairman or chairmen may make written
1413 recommendations to the division for changes to be made to a
1414 proposed rate change.

1415 (4) (a) The chairman of either committee or both
1416 chairmen jointly may hold a committee meeting to review a proposed
1417 rate change. If either chairman or both chairmen decide to hold a
1418 meeting, they shall notify the division of their intention in
1419 writing within seven (7) calendar days after receipt of the notice
1420 from the division, and shall set the date and time for the meeting
1421 in their notice to the division, which shall not be later than
1422 fourteen (14) calendar days after receipt of the notice from the
1423 division.

1424 (b) After the committee meeting, the committee or
1425 committees may object to the proposed rate change or any part
1426 thereof. The committee or committees shall notify the division
1427 and the reasons for their objection in writing not later than
1428 seven (7) calendar days after the meeting. The committee or
1429 committees may make written recommendations to the division for
1430 changes to be made to a proposed rate change.

1431 (5) If both chairmen notify the division in writing
1432 within seven (7) calendar days after receipt of the notice from
1433 the division that they do not object to the proposed rate change
1434 and will not be holding a meeting to review the proposed rate
1435 change, the proposed rate change will take effect on the original
1436 date as scheduled by the division or on such other date as
1437 specified by the division.

1438 (6) (a) If there are any objections to a proposed rate
1439 change or any part thereof from either or both of the chairmen or
1440 the committees, the division may withdraw the proposed rate
1441 change, make any of the recommended changes to the proposed rate
1442 change, or not make any changes to the proposed rate change.

1443 (b) If the division does not make any changes to
1444 the proposed rate change, it shall notify the chairmen of that
1445 fact in writing, and the proposed rate change shall take effect on
1446 the original date as scheduled by the division or on such other
1447 date as specified by the division.

1448 (c) If the division makes any changes to the
1449 proposed rate change, the division shall notify the chairmen of
1450 its actions in writing, and the revised proposed rate change shall
1451 take effect on the date as specified by the division.

1452 (7) Nothing in this subsection (D) shall be construed
1453 as giving the chairmen or the committees any authority to veto,
1454 nullify or revise any rate change proposed by the division. The
1455 authority of the chairmen or the committees under this subsection
1456 shall be limited to reviewing, making objections to and making
1457 recommendations for changes to rate changes proposed by the
1458 division.

1459 (E) Notwithstanding any provision of this article, no new
1460 groups or categories of recipients and new types of care and
1461 services may be added without enabling legislation from the
1462 Mississippi Legislature, except that the division may authorize
1463 those changes without enabling legislation when the addition of
1464 recipients or services is ordered by a court of proper authority.

1465 (F) The executive director shall keep the Governor advised
1466 on a timely basis of the funds available for expenditure and the
1467 projected expenditures. Notwithstanding any other provisions of
1468 this article, if current or projected expenditures of the division
1469 are reasonably anticipated to exceed the amount of funds
1470 appropriated to the division for any fiscal year, the Governor,
1471 after consultation with the executive director, shall take all

1472 appropriate measures to reduce costs, which may include, but are
1473 not limited to:

1474 (1) Reducing or discontinuing any or all services that
1475 are deemed to be optional under Title XIX of the Social Security
1476 Act;

1477 (2) Reducing reimbursement rates for any or all service
1478 types;

1479 (3) Imposing additional assessments on health care
1480 providers; or

1481 (4) Any additional cost-containment measures deemed
1482 appropriate by the Governor.

1483 To the extent allowed under federal law, any reduction to
1484 services or reimbursement rates under this subsection (F) shall be
1485 accompanied by a reduction, to the fullest allowable amount, to
1486 the profit margin and administrative fee portions of capitated
1487 payments to organizations described in paragraph (1) of subsection
1488 (H).

1489 Beginning in fiscal year 2010 and in fiscal years thereafter,
1490 when Medicaid expenditures are projected to exceed funds available
1491 for the fiscal year, the division shall submit the expected
1492 shortfall information to the PEER Committee not later than
1493 December 1 of the year in which the shortfall is projected to
1494 occur. PEER shall review the computations of the division and
1495 report its findings to the Legislative Budget Office not later
1496 than January 7 in any year.

1497 (G) Notwithstanding any other provision of this article, it
1498 shall be the duty of each provider participating in the Medicaid
1499 program to keep and maintain books, documents and other records as
1500 prescribed by the Division of Medicaid in accordance with federal
1501 laws and regulations.

1502 (H) (1) Notwithstanding any other provision of this
1503 article, the division is authorized to implement (a) a managed
1504 care program, (b) a coordinated care program, (c) a coordinated
1505 care organization program, (d) a health maintenance organization
1506 program, (e) a patient-centered medical home program, (f) an
1507 accountable care organization program, (g) provider-sponsored
1508 health plan, or (h) any combination of the above programs. As a
1509 condition for the approval of any program under this subsection
1510 (H)(1), the division shall require that no managed care program,
1511 coordinated care program, coordinated care organization program,
1512 health maintenance organization program, or provider-sponsored
1513 health plan may:

1514 (a) Pay providers at a rate that is less than the
1515 Medicaid All Patient Refined Diagnosis Related Groups (APR-DRG)
1516 reimbursement rate;

1517 (b) Override the medical decisions of hospital
1518 physicians or staff regarding patients admitted to a hospital for
1519 an emergency medical condition as defined by 42 US Code Section
1520 1395dd. This restriction (b) does not prohibit the retrospective
1521 review of the appropriateness of the determination that an

emergency medical condition exists by chart review or coding algorithm, nor does it prohibit prior authorization for nonemergency hospital admissions;

(c) Pay providers at a rate that is less than the normal Medicaid reimbursement rate. It is the intent of the Legislature that all managed care entities described in this subsection (H), in collaboration with the division, develop and implement innovative payment models that incentivize improvements in health care quality, outcomes, or value, as determined by the division. Participation in the provider network of any managed care, coordinated care, provider-sponsored health plan, or similar contractor shall not be conditioned on the provider's agreement to accept such alternative payment models;

(d) Implement a prior authorization and utilization review program for medical services, transportation services and prescription drugs that is more stringent than the prior authorization processes used by the division in its administration of the Medicaid program. Not later than December 2, 2021, the contractors that are receiving capitated payments under a managed care delivery system established under this subsection (H) shall submit a report to the Chairmen of the House and Senate Medicaid Committees on the status of the prior authorization and utilization review program for medical services, transportation services and prescription drugs that is required to be implemented under this subparagraph (d);

1547 (e) [Deleted]

1548 (f) Implement a preferred drug list that is more
1549 stringent than the mandatory preferred drug list established by
1550 the division under subsection (A)(9) of this section;

1551 (g) Implement a policy which denies beneficiaries
1552 with hemophilia access to the federally funded hemophilia
1553 treatment centers as part of the Medicaid Managed Care network of
1554 providers.

1555 Each health maintenance organization, coordinated care
1556 organization, provider-sponsored health plan, or other
1557 organization paid for services on a capitated basis by the
1558 division under any managed care program or coordinated care
1559 program implemented by the division under this section shall use a
1560 clear set of level of care guidelines in the determination of
1561 medical necessity and in all utilization management practices,
1562 including the prior authorization process, concurrent reviews,
1563 retrospective reviews and payments, that are consistent with
1564 widely accepted professional standards of care. Organizations
1565 participating in a managed care program or coordinated care
1566 program implemented by the division may not use any additional
1567 criteria that would result in denial of care that would be
1568 determined appropriate and, therefore, medically necessary under
1569 those levels of care guidelines.

1570 (2) Notwithstanding any provision of this section, the
1571 recipients eligible for enrollment into a Medicaid Managed Care

1572 Program authorized under this subsection (H) may include only
1573 those categories of recipients eligible for participation in the
1574 Medicaid Managed Care Program as of January 1, 2021, the
1575 Children's Health Insurance Program (CHIP), and the CMS-approved
1576 Section 1115 demonstration waivers in operation as of January 1,
1577 2021. No expansion of Medicaid Managed Care Program contracts may
1578 be implemented by the division without enabling legislation from
1579 the Mississippi Legislature.

1580 (3) (a) Any contractors receiving capitated payments
1581 under a managed care delivery system established in this section
1582 shall provide to the Legislature and the division statistical data
1583 to be shared with provider groups in order to improve patient
1584 access, appropriate utilization, cost savings and health outcomes
1585 not later than October 1 of each year. Additionally, each
1586 contractor shall disclose to the Chairmen of the Senate and House
1587 Medicaid Committees the administrative expenses costs for the
1588 prior calendar year, and the number of full-equivalent employees
1589 located in the State of Mississippi dedicated to the Medicaid and
1590 CHIP lines of business as of June 30 of the current year.

1591 (b) The division and the contractors participating
1592 in the managed care program, a coordinated care program or a
1593 provider-sponsored health plan shall be subject to annual program
1594 reviews or audits performed by the Office of the State Auditor,
1595 the PEER Committee, the Department of Insurance and/or independent
1596 third parties.

1597 (c) Those reviews shall include, but not be
1598 limited to, at least two (2) of the following items:
1599 (i) The financial benefit to the State of
1600 Mississippi of the managed care program,
1601 (ii) The difference between the premiums paid
1602 to the managed care contractors and the payments made by those
1603 contractors to health care providers,
1604 (iii) Compliance with performance measures
1605 required under the contracts,
1606 (iv) Administrative expense allocation
1607 methodologies,
1608 (v) Whether nonprovider payments assigned as
1609 medical expenses are appropriate,
1610 (vi) Capitated arrangements with related
1611 party subcontractors,
1612 (vii) Reasonableness of corporate
1613 allocations,
1614 (viii) Value-added benefits and the extent to
1615 which they are used,
1616 (ix) The effectiveness of subcontractor
1617 oversight, including subcontractor review,
1618 (x) Whether health care outcomes have been
1619 improved, and
1620 (xi) The most common claim denial codes to
1621 determine the reasons for the denials.

1622 The audit reports shall be considered public documents and
1623 shall be posted in their entirety on the division's website.

1624 (4) All health maintenance organizations, coordinated
1625 care organizations, provider-sponsored health plans, or other
1626 organizations paid for services on a capitated basis by the
1627 division under any managed care program or coordinated care
1628 program implemented by the division under this section shall
1629 reimburse all providers in those organizations at rates no lower
1630 than those provided under this section for beneficiaries who are
1631 not participating in those programs.

1632 (5) No health maintenance organization, coordinated
1633 care organization, provider-sponsored health plan, or other
1634 organization paid for services on a capitated basis by the
1635 division under any managed care program or coordinated care
1636 program implemented by the division under this section shall
1637 require its providers or beneficiaries to use any pharmacy that
1638 ships, mails or delivers prescription drugs or legend drugs or
1639 devices.

1640 (6) (a) Not later than December 1, 2021, the
1641 contractors who are receiving capitated payments under a managed
1642 care delivery system established under this subsection (H) shall
1643 develop and implement a uniform credentialing process for
1644 providers. Under that uniform credentialing process, a provider
1645 who meets the criteria for credentialing will be credentialed with
1646 all of those contractors and no such provider will have to be

1647 separately credentialed by any individual contractor in order to
1648 receive reimbursement from the contractor. Not later than
1649 December 2, 2021, those contractors shall submit a report to the
1650 Chairmen of the House and Senate Medicaid Committees on the status
1651 of the uniform credentialing process for providers that is
1652 required under this subparagraph (a).

1653 (b) If those contractors have not implemented a
1654 uniform credentialing process as described in subparagraph (a) by
1655 December 1, 2021, the division shall develop and implement, not
1656 later than July 1, 2022, a single, consolidated credentialing
1657 process by which all providers will be credentialed. Under the
1658 division's single, consolidated credentialing process, no such
1659 contractor shall require its providers to be separately
1660 credentialed by the contractor in order to receive reimbursement
1661 from the contractor, but those contractors shall recognize the
1662 credentialing of the providers by the division's credentialing
1663 process.

1664 (c) The division shall require a uniform provider
1665 credentialing application that shall be used in the credentialing
1666 process that is established under subparagraph (a) or (b). If the
1667 contractor or division, as applicable, has not approved or denied
1668 the provider credentialing application within sixty (60) days of
1669 receipt of the completed application that includes all required
1670 information necessary for credentialing, then the contractor or
1671 division, upon receipt of a written request from the applicant and

1672 within five (5) business days of its receipt, shall issue a
1673 temporary provider credential/enrollment to the applicant if the
1674 applicant has a valid Mississippi professional or occupational
1675 license to provide the health care services to which the
1676 credential/enrollment would apply. The contractor or the division
1677 shall not issue a temporary credential/enrollment if the applicant
1678 has reported on the application a history of medical or other
1679 professional or occupational malpractice claims, a history of
1680 substance abuse or mental health issues, a criminal record, or a
1681 history of medical or other licensing board, state or federal
1682 disciplinary action, including any suspension from participation
1683 in a federal or state program. The temporary
1684 credential/enrollment shall be effective upon issuance and shall
1685 remain in effect until the provider's credentialing/enrollment
1686 application is approved or denied by the contractor or division.
1687 The contractor or division shall render a final decision regarding
1688 credentialing/enrollment of the provider within sixty (60) days
1689 from the date that the temporary provider credential/enrollment is
1690 issued to the applicant.

1691 (d) If the contractor or division does not render
1692 a final decision regarding credentialing/enrollment of the
1693 provider within the time required in subparagraph (c), the
1694 provider shall be deemed to be credentialed by and enrolled with
1695 all of the contractors and eligible to receive reimbursement from
1696 the contractors.

1697 (7) (a) Each contractor that is receiving capitated
1698 payments under a managed care delivery system established under
1699 this subsection (H) shall provide to each provider for whom the
1700 contractor has denied the coverage of a procedure that was ordered
1701 or requested by the provider for or on behalf of a patient, a
1702 letter that provides a detailed explanation of the reasons for the
1703 denial of coverage of the procedure and the name and the
1704 credentials of the person who denied the coverage. The letter
1705 shall be sent to the provider in electronic format.

1706 (b) After a contractor that is receiving capitated
1707 payments under a managed care delivery system established under
1708 this subsection (H) has denied coverage for a claim submitted by a
1709 provider, the contractor shall issue to the provider within sixty
1710 (60) days a final ruling of denial of the claim that allows the
1711 provider to have a state fair hearing and/or agency appeal with
1712 the division. If a contractor does not issue a final ruling of
1713 denial within sixty (60) days as required by this subparagraph
1714 (b), the provider's claim shall be deemed to be automatically
1715 approved and the contractor shall pay the amount of the claim to
1716 the provider.

1717 (c) After a contractor has issued a final ruling
1718 of denial of a claim submitted by a provider, the division
1719 shallconduct a state fair hearing and/or agency appeal on the
1720 matter of the disputed claim between the contractor and the
1721 provider within sixty (60) days, and shall render a decision on

the matter within thirty (30) days after the date of the hearing and/or appeal.

(8) It is the intention of the Legislature that the division evaluate the feasibility of using a single vendor to administer pharmacy benefits provided under a managed care delivery system established under this subsection (H). Providers of pharmacy benefits shall cooperate with the division in any transition to a carve-out of pharmacy benefits under managed care.

(9) The division shall evaluate the feasibility of using a single vendor to administer dental benefits provided under a managed care delivery system established in this subsection (H). Providers of dental benefits shall cooperate with the division in any transition to a carve-out of dental benefits under managed care.

(10) It is the intent of the Legislature that any contractor receiving capitated payments under a managed care delivery system established in this section shall implement innovative programs to improve the health and well-being of members diagnosed with prediabetes and diabetes.

(11) It is the intent of the Legislature that any contractors receiving capitated payments under a managed care delivery system established under this subsection (H) shall work with providers of Medicaid services to improve the utilization of long-acting reversible contraceptives (LARCs). Not later than December 1, 2021, any contractors receiving capitated payments

1747 under a managed care delivery system established under this
1748 subsection (H) shall provide to the Chairmen of the House and
1749 Senate Medicaid Committees and House and Senate Public Health
1750 Committees a report of LARC utilization for State Fiscal Years
1751 2018 through 2020 as well as any programs, initiatives, or efforts
1752 made by the contractors and providers to increase LARC
1753 utilization. This report shall be updated annually to include
1754 information for subsequent state fiscal years.

1755 (12) The division is authorized to make not more than
1756 one (1) emergency extension of the contracts that are in effect on
1757 July 1, 2021, with contractors who are receiving capitated
1758 payments under a managed care delivery system established under
1759 this subsection (H), as provided in this paragraph (12). The
1760 maximum period of any such extension shall be one (1) year, and
1761 under any such extensions, the contractors shall be subject to all
1762 of the provisions of this subsection (H). The extended contracts
1763 shall be revised to incorporate any provisions of this subsection
1764 (H).

1765 (I) [Deleted]

1766 (J) There shall be no cuts in inpatient and outpatient
1767 hospital payments, or allowable days or volumes, as long as the
1768 hospital assessment provided in Section 43-13-145 is in effect.
1769 This subsection (J) shall not apply to decreases in payments that
1770 are a result of: reduced hospital admissions, audits or payments

under the APR-DRG or APC models, or a managed care program or similar model described in subsection (H) of this section.

(K) In the negotiation and execution of such contracts involving services performed by actuarial firms, the Executive Director of the Division of Medicaid may negotiate a limitation on liability to the state of prospective contractors.

(L) The Division of Medicaid shall reimburse for services provided to eligible Medicaid beneficiaries by a licensed birthing center in a method and manner to be determined by the division in accordance with federal laws and federal regulations. The division shall seek any necessary waivers, make any required amendments to its State Plan or revise any contracts authorized under subsection (H) of this section as necessary to provide the services authorized under this subsection. As used in this subsection, the term "birthing centers" shall have the meaning as defined in Section 41-77-1(a), which is a publicly or privately owned facility, place or institution constructed, renovated, leased or otherwise established where nonemergency births are planned to occur away from the mother's usual residence following a documented period of prenatal care for a normal uncomplicated pregnancy which has been determined to be low risk through a formal risk-scoring examination.

(M) The Division of Medicaid shall reimburse ambulance service providers that provide an assessment, triage or treatment for eligible Medicaid beneficiaries. The reimbursement rate for

1796 an ambulance service provider whose operators provide an
1797 assessment, triage or treatment shall be reimbursed at a rate or
1798 methodology as determined by the division. The division shall
1799 consult with the Mississippi Ambulance Alliance in determining the
1800 initial rate or methodology, and the division shall give due
1801 consideration of the inclusion in the Transforming Reimbursement
1802 for Emergency Ambulance Transportation program.

1803 (* * *N) This section shall stand repealed on July 1, * * *
1804 2029.

1805 **SECTION 3.** Section 43-13-121, Mississippi Code of 1972, is
1806 amended as follows:

1807 43-13-121. (1) The division shall administer the Medicaid
1808 program under the provisions of this article, and may do the
1809 following:

1810 (a) Adopt and promulgate reasonable rules, regulations
1811 and standards, with approval of the Governor, and in accordance
1812 with the Administrative Procedures Law, Section 25-43-1.101 et
1813 seq.:

1814 (i) Establishing methods and procedures as may be
1815 necessary for the proper and efficient administration of this
1816 article;

1817 (ii) Providing Medicaid to all qualified
1818 recipients under the provisions of this article as the division
1819 may determine and within the limits of appropriated funds;

1820 (iii) Establishing reasonable fees, charges and
1821 rates for medical services and drugs; in doing so, the division
1822 shall fix all of those fees, charges and rates at the minimum
1823 levels absolutely necessary to provide the medical assistance
1824 authorized by this article, and shall not change any of those
1825 fees, charges or rates except as may be authorized in Section
1826 43-13-117;

1827 (iv) Providing for fair and impartial hearings;
1828 (v) Providing safeguards for preserving the
1829 confidentiality of records; and

1830 (vi) For detecting and processing fraudulent
1831 practices and abuses of the program;

1832 (b) Receive and expend state, federal and other funds
1833 in accordance with court judgments or settlements and agreements
1834 between the State of Mississippi and the federal government, the
1835 rules and regulations promulgated by the division, with the
1836 approval of the Governor, and within the limitations and
1837 restrictions of this article and within the limits of funds
1838 available for that purpose;

1839 (c) Subject to the limits imposed by this article and
1840 subject to the provisions of subsection (8) of this section, to
1841 submit a Medicaid plan to the United States Department of Health
1842 and Human Services for approval under the provisions of the
1843 federal Social Security Act, to act for the state in making
1844 negotiations relative to the submission and approval of that plan,

1845 to make such arrangements, not inconsistent with the law, as may
1846 be required by or under federal law to obtain and retain that
1847 approval and to secure for the state the benefits of the
1848 provisions of that law.

1849 No agreements, specifically including the general plan for
1850 the operation of the Medicaid program in this state, shall be made
1851 by and between the division and the United States Department of
1852 Health and Human Services unless the Attorney General of the State
1853 of Mississippi has reviewed the agreements, specifically including
1854 the operational plan, and has certified in writing to the Governor
1855 and to the executive director of the division that the agreements,
1856 including the plan of operation, have been drawn strictly in
1857 accordance with the terms and requirements of this article;

1858 (d) In accordance with the purposes and intent of this
1859 article and in compliance with its provisions, provide for aged
1860 persons otherwise eligible for the benefits provided under Title
1861 XVIII of the federal Social Security Act by expenditure of funds
1862 available for those purposes;

1863 (e) To make reports to the United States Department of
1864 Health and Human Services as from time to time may be required by
1865 that federal department and to the Mississippi Legislature as
1866 provided in this section;

1867 (f) Define and determine the scope, duration and amount
1868 of Medicaid that may be provided in accordance with this article
1869 and establish priorities therefor in conformity with this article;

1870 (g) Cooperate and contract with other state agencies
1871 for the purpose of coordinating Medicaid provided under this
1872 article and eliminating duplication and inefficiency in the
1873 Medicaid program;

1874 (h) Adopt and use an official seal of the division;

1875 (i) Sue in its own name on behalf of the State of
1876 Mississippi and employ legal counsel on a contingency basis with
1877 the approval of the Attorney General;

1878 (j) To recover any and all payments incorrectly made by
1879 the division to a recipient or provider from the recipient or
1880 provider receiving the payments. The division shall be authorized
1881 to collect any overpayments to providers sixty (60) days after the
1882 conclusion of any administrative appeal unless the matter is
1883 appealed to a court of proper jurisdiction and bond is posted.
1884 Any appeal filed after July 1, 2015, shall be to the Chancery
1885 Court of the First Judicial District of Hinds County, Mississippi,
1886 within sixty (60) days after the date that the division has
1887 notified the provider by certified mail sent to the proper address
1888 of the provider on file with the division and the provider has
1889 signed for the certified mail notice, or sixty (60) days after the
1890 date of the final decision if the provider does not sign for the
1891 certified mail notice. To recover those payments, the division
1892 may use the following methods, in addition to any other methods
1893 available to the division:

1894 (i) The division shall report to the Department of
1895 Revenue the name of any current or former Medicaid recipient who
1896 has received medical services rendered during a period of
1897 established Medicaid ineligibility and who has not reimbursed the
1898 division for the related medical service payment(s). The
1899 Department of Revenue shall withhold from the state tax refund of
1900 the individual, and pay to the division, the amount of the
1901 payment(s) for medical services rendered to the ineligible
1902 individual that have not been reimbursed to the division for the
1903 related medical service payment(s).

1904 (ii) The division shall report to the Department
1905 of Revenue the name of any Medicaid provider to whom payments were
1906 incorrectly made that the division has not been able to recover by
1907 other methods available to the division. The Department of
1908 Revenue shall withhold from the state tax refund of the provider,
1909 and pay to the division, the amount of the payments that were
1910 incorrectly made to the provider that have not been recovered by
1911 other available methods;

1912 (k) To recover any and all payments by the division
1913 fraudulently obtained by a recipient or provider. Additionally,
1914 if recovery of any payments fraudulently obtained by a recipient
1915 or provider is made in any court, then, upon motion of the
1916 Governor, the judge of the court may award twice the payments
1917 recovered as damages;

1918 (1) Have full, complete and plenary power and authority
1919 to conduct such investigations as it may deem necessary and
1920 requisite of alleged or suspected violations or abuses of the
1921 provisions of this article or of the regulations adopted under
1922 this article, including, but not limited to, fraudulent or
1923 unlawful act or deed by applicants for Medicaid or other benefits,
1924 or payments made to any person, firm or corporation under the
1925 terms, conditions and authority of this article, to suspend or
1926 disqualify any provider of services, applicant or recipient for
1927 gross abuse, fraudulent or unlawful acts for such periods,
1928 including permanently, and under such conditions as the division
1929 deems proper and just, including the imposition of a legal rate of
1930 interest on the amount improperly or incorrectly paid. Recipients
1931 who are found to have misused or abused Medicaid benefits may be
1932 locked into one (1) physician and/or one (1) pharmacy of the
1933 recipient's choice for a reasonable amount of time in order to
1934 educate and promote appropriate use of medical services, in
1935 accordance with federal regulations. If an administrative hearing
1936 becomes necessary, the division may, if the provider does not
1937 succeed in his or her defense, tax the costs of the administrative
1938 hearing, including the costs of the court reporter or stenographer
1939 and transcript, to the provider. The convictions of a recipient
1940 or a provider in a state or federal court for abuse, fraudulent or
1941 unlawful acts under this chapter shall constitute an automatic

disqualification of the recipient or automatic disqualification of the provider from participation under the Medicaid program.

A conviction, for the purposes of this chapter, shall include a judgment entered on a plea of nolo contendere or a nonadjudicated guilty plea and shall have the same force as a judgment entered pursuant to a guilty plea or a conviction following trial. A certified copy of the judgment of the court of competent jurisdiction of the conviction shall constitute prima facie evidence of the conviction for disqualification purposes;

(m) Establish and provide such methods of administration as may be necessary for the proper and efficient operation of the Medicaid program, fully utilizing computer equipment as may be necessary to oversee and control all current expenditures for purposes of this article, and to closely monitor and supervise all recipient payments and vendors rendering services under this article. Notwithstanding any other provision of state law, the division is authorized to enter into a ten-year contract(s) with a vendor(s) to provide services described in this paragraph (m). Notwithstanding any provision of law to the contrary, the division is authorized to extend its Medicaid * * * Enterprise System * * * and fiscal agent services, including all related components and services, contracts in effect on June 30, * * * 2025, for * * * additional five-year periods if the system continues to meet the needs of the state, the annual cost continues to be a fair market value, and the rate of increase is

1967 no more than five percent (5%) or the current Consumer Price
1968 Index, whichever is less. Notwithstanding any other provision of
1969 state law, the division is authorized to enter into a two-year
1970 contract ending no later than June 30, 2027, with a vendor to
1971 provide support of the division's eligibility system;

1972 (n) To cooperate and contract with the federal
1973 government for the purpose of providing Medicaid to Vietnamese and
1974 Cambodian refugees, under the provisions of Public Law 94-23 and
1975 Public Law 94-24, including any amendments to those laws, only to
1976 the extent that the Medicaid assistance and the administrative
1977 cost related thereto are one hundred percent (100%) reimbursable
1978 by the federal government. For the purposes of Section 43-13-117,
1979 persons receiving Medicaid under Public Law 94-23 and Public Law
1980 94-24, including any amendments to those laws, shall not be
1981 considered a new group or category of recipient; and

1982 (o) The division shall impose penalties upon Medicaid
1983 only, Title XIX participating long-term care facilities found to
1984 be in noncompliance with division and certification standards in
1985 accordance with federal and state regulations, including interest
1986 at the same rate calculated by the United States Department of
1987 Health and Human Services and/or the Centers for Medicare and
1988 Medicaid Services (CMS) under federal regulations.

1989 (2) The division also shall exercise such additional powers
1990 and perform such other duties as may be conferred upon the
1991 division by act of the Legislature.

1992 (3) The division, and the State Department of Health as the
1993 agency for licensure of health care facilities and certification
1994 and inspection for the Medicaid and/or Medicare programs, shall
1995 contract for or otherwise provide for the consolidation of on-site
1996 inspections of health care facilities that are necessitated by the
1997 respective programs and functions of the division and the
1998 department.

1999 (4) The division and its hearing officers shall have power
2000 to preserve and enforce order during hearings; to issue subpoenas
2001 for, to administer oaths to and to compel the attendance and
2002 testimony of witnesses, or the production of books, papers,
2003 documents and other evidence, or the taking of depositions before
2004 any designated individual competent to administer oaths; to
2005 examine witnesses; and to do all things conformable to law that
2006 may be necessary to enable them effectively to discharge the
2007 duties of their office. In compelling the attendance and
2008 testimony of witnesses, or the production of books, papers,
2009 documents and other evidence, or the taking of depositions, as
2010 authorized by this section, the division or its hearing officers
2011 may designate an individual employed by the division or some other
2012 suitable person to execute and return that process, whose action
2013 in executing and returning that process shall be as lawful as if
2014 done by the sheriff or some other proper officer authorized to
2015 execute and return process in the county where the witness may
2016 reside. In carrying out the investigatory powers under the

2017 provisions of this article, the executive director or other
2018 designated person or persons may examine, obtain, copy or
2019 reproduce the books, papers, documents, medical charts,
2020 prescriptions and other records relating to medical care and
2021 services furnished by the provider to a recipient or designated
2022 recipients of Medicaid services under investigation. In the
2023 absence of the voluntary submission of the books, papers,
2024 documents, medical charts, prescriptions and other records, the
2025 Governor, the executive director, or other designated person may
2026 issue and serve subpoenas instantly upon the provider, his or her
2027 agent, servant or employee for the production of the books,
2028 papers, documents, medical charts, prescriptions or other records
2029 during an audit or investigation of the provider. If any provider
2030 or his or her agent, servant or employee refuses to produce the
2031 records after being duly subpoenaed, the executive director may
2032 certify those facts and institute contempt proceedings in the
2033 manner, time and place as authorized by law for administrative
2034 proceedings. As an additional remedy, the division may recover
2035 all amounts paid to the provider covering the period of the audit
2036 or investigation, inclusive of a legal rate of interest and a
2037 reasonable attorney's fee and costs of court if suit becomes
2038 necessary. Division staff shall have immediate access to the
2039 provider's physical location, facilities, records, documents,
2040 books, and any other records relating to medical care and services
2041 rendered to recipients during regular business hours.

2042 (5) If any person in proceedings before the division
2043 disobeys or resists any lawful order or process, or misbehaves
2044 during a hearing or so near the place thereof as to obstruct the
2045 hearing, or neglects to produce, after having been ordered to do
2046 so, any pertinent book, paper or document, or refuses to appear
2047 after having been subpoenaed, or upon appearing refuses to take
2048 the oath as a witness, or after having taken the oath refuses to
2049 be examined according to law, the executive director shall certify
2050 the facts to any court having jurisdiction in the place in which
2051 it is sitting, and the court shall thereupon, in a summary manner,
2052 hear the evidence as to the acts complained of, and if the
2053 evidence so warrants, punish that person in the same manner and to
2054 the same extent as for a contempt committed before the court, or
2055 commit that person upon the same condition as if the doing of the
2056 forbidden act had occurred with reference to the process of, or in
2057 the presence of, the court.

2058 (6) In suspending or terminating any provider from
2059 participation in the Medicaid program, the division shall preclude
2060 the provider from submitting claims for payment, either personally
2061 or through any clinic, group, corporation or other association to
2062 the division or its fiscal agents for any services or supplies
2063 provided under the Medicaid program except for those services or
2064 supplies provided before the suspension or termination. No
2065 clinic, group, corporation or other association that is a provider
2066 of services shall submit claims for payment to the division or its

fiscal agents for any services or supplies provided by a person within that organization who has been suspended or terminated from participation in the Medicaid program except for those services or supplies provided before the suspension or termination. When this provision is violated by a provider of services that is a clinic, group, corporation or other association, the division may suspend or terminate that organization from participation. Suspension may be applied by the division to all known affiliates of a provider, provided that each decision to include an affiliate is made on a case-by-case basis after giving due regard to all relevant facts and circumstances. The violation, failure or inadequacy of performance may be imputed to a person with whom the provider is affiliated where that conduct was accomplished within the course of his or her official duty or was effectuated by him or her with the knowledge or approval of that person.

(7) The division may deny or revoke enrollment in the Medicaid program to a provider if any of the following are found to be applicable to the provider, his or her agent, a managing employee or any person having an ownership interest equal to five percent (5%) or greater in the provider:

(a) Failure to truthfully or fully disclose any and all information required, or the concealment of any and all information required, on a claim, a provider application or a provider agreement, or the making of a false or misleading statement to the division relative to the Medicaid program.

2092 (b) Previous or current exclusion, suspension,
2093 termination from or the involuntary withdrawing from participation
2094 in the Medicaid program, any other state's Medicaid program,
2095 Medicare or any other public or private health or health insurance
2096 program. If the division ascertains that a provider has been
2097 convicted of a felony under federal or state law for an offense
2098 that the division determines is detrimental to the best interest
2099 of the program or of Medicaid beneficiaries, the division may
2100 refuse to enter into an agreement with that provider, or may
2101 terminate or refuse to renew an existing agreement.

2102 (c) Conviction under federal or state law of a criminal
2103 offense relating to the delivery of any goods, services or
2104 supplies, including the performance of management or
2105 administrative services relating to the delivery of the goods,
2106 services or supplies, under the Medicaid program, any other
2107 state's Medicaid program, Medicare or any other public or private
2108 health or health insurance program.

2109 (d) Conviction under federal or state law of a criminal
2110 offense relating to the neglect or abuse of a patient in
2111 connection with the delivery of any goods, services or supplies.

2112 (e) Conviction under federal or state law of a criminal
2113 offense relating to the unlawful manufacture, distribution,
2114 prescription or dispensing of a controlled substance.

2115 (f) Conviction under federal or state law of a criminal
2116 offense relating to fraud, theft, embezzlement, breach of
2117 fiduciary responsibility or other financial misconduct.

2118 (g) Conviction under federal or state law of a criminal
2119 offense punishable by imprisonment of a year or more that involves
2120 moral turpitude, or acts against the elderly, children or infirm.

2121 (h) Conviction under federal or state law of a criminal
2122 offense in connection with the interference or obstruction of any
2123 investigation into any criminal offense listed in paragraphs (c)
2124 through (i) of this subsection.

2125 (i) Sanction for a violation of federal or state laws
2126 or rules relative to the Medicaid program, any other state's
2127 Medicaid program, Medicare or any other public health care or
2128 health insurance program.

2129 (j) Revocation of license or certification.

2130 (k) Failure to pay recovery properly assessed or
2131 pursuant to an approved repayment schedule under the Medicaid
2132 program.

2133 (l) Failure to meet any condition of enrollment.

2134 (8) (a) As used in this subsection (8), the following terms
2135 shall be defined as provided in this paragraph, except as
2136 otherwise provided in this subsection:

2137 (i) "Committees" means the Medicaid Committees of
2138 the House of Representatives and the Senate, and "committee" means
2139 either one of those committees.

2140 (ii) "State Plan" means the agreement between the
2141 State of Mississippi and the federal government regarding the
2142 nature and scope of Mississippi's Medicaid Program.

2143 (iii) "State Plan Amendment" means a change to the
2144 State Plan, which must be approved by the Centers for Medicare and
2145 Medicaid Services (CMS) before its implementation.

2146 (b) Whenever the Division of Medicaid proposes a State
2147 Plan Amendment, the division shall give notice to the chairmen of
2148 the committees at least * * * fifteen (15) calendar days, when
2149 possible, before the proposed State Plan Amendment is filed with
2150 CMS. If the division needs to expedite the fifteen-day notice,
2151 the division will notify both chairmen of that fact as soon as
2152 possible. The division shall furnish the chairmen with a concise
2153 summary of each proposed State Plan Amendment along with the
2154 notice, and shall furnish the chairmen with a copy of any proposed
2155 State Plan Amendment upon request. The division also shall
2156 provide a summary and copy of any proposed State Plan Amendment to
2157 any other member of the Legislature upon request.

2158 (c) If the chairman of either committee or both
2159 chairmen jointly object to the proposed State Plan Amendment or
2160 any part thereof, the chairman or chairmen shall notify the
2161 division and provide the reasons for their objection in writing
2162 not later than seven (7) calendar days after receipt of the notice
2163 from the division. The chairman or chairmen may make written

2164 recommendations to the division for changes to be made to a
2165 proposed State Plan Amendment.

2166 (d) (i) The chairman of either committee or both
2167 chairmen jointly may hold a committee meeting to review a proposed
2168 State Plan Amendment. If either chairman or both chairmen decide
2169 to hold a meeting, they shall notify the division of their
2170 intention in writing within seven (7) calendar days after receipt
2171 of the notice from the division, and shall set the date and time
2172 for the meeting in their notice to the division, which shall not
2173 be later than fourteen (14) calendar days after receipt of the
2174 notice from the division.

2175 (ii) After the committee meeting, the committee or
2176 committees may object to the proposed State Plan Amendment or any
2177 part thereof. The committee or committees shall notify the
2178 division and the reasons for their objection in writing not later
2179 than seven (7) calendar days after the meeting. The committee or
2180 committees may make written recommendations to the division for
2181 changes to be made to a proposed State Plan Amendment.

2182 (e) If both chairmen notify the division in writing
2183 within seven (7) calendar days after receipt of the notice from
2184 the division that they do not object to the proposed State Plan
2185 Amendment and will not be holding a meeting to review the proposed
2186 State Plan Amendment, the division may proceed to file the
2187 proposed State Plan Amendment with CMS.

2188 (f) (i) If there are any objections to a proposed rate
2189 change or any part thereof from either or both of the chairmen or
2190 the committees, the division may withdraw the proposed State Plan
2191 Amendment, make any of the recommended changes to the proposed
2192 State Plan Amendment, or not make any changes to the proposed
2193 State Plan Amendment.

2194 (ii) If the division does not make any changes to
2195 the proposed State Plan Amendment, it shall notify the chairmen of
2196 that fact in writing, and may proceed to file the State Plan
2197 Amendment with CMS.

2198 (iii) If the division makes any changes to the
2199 proposed State Plan Amendment, the division shall notify the
2200 chairmen of its actions in writing, and may proceed to file the
2201 State Plan Amendment with CMS.

2202 (g) Nothing in this subsection (8) shall be construed
2203 as giving the chairmen or the committees any authority to veto,
2204 nullify or revise any State Plan Amendment proposed by the
2205 division. The authority of the chairmen or the committees under
2206 this subsection shall be limited to reviewing, making objections
2207 to and making recommendations for changes to State Plan Amendments
2208 proposed by the division.

2209 (i) If the division does not make any changes to
2210 the proposed State Plan Amendment, it shall notify the chairmen of
2211 that fact in writing, and may proceed to file the proposed State
2212 Plan Amendment with CMS.

2213 (ii) If the division makes any changes to the
2214 proposed State Plan Amendment, the division shall notify the
2215 chairmen of the changes in writing, and may proceed to file the
2216 proposed State Plan Amendment with CMS.

2218 as giving the chairmen of the committees any authority to veto,
2219 nullify or revise any State Plan Amendment proposed by the
2220 division. The authority of the chairmen of the committees under
2221 this subsection shall be limited to reviewing, making objections
2222 to and making recommendations for suggested changes to State Plan
2223 Amendments proposed by the division.

2224 **SECTION 4.** Section 43-13-305, Mississippi Code of 1972, is
2225 amended as follows:

2226 43-13-305. (1) By accepting Medicaid from the Division of
2227 Medicaid in the Office of the Governor, the recipient shall, to
2228 the extent of the payment of medical expenses by the Division of
2229 Medicaid, be deemed to have made an assignment to the Division of
2230 Medicaid of any and all rights and interests in any third-party
2231 benefits, hospitalization or indemnity contract or any cause of
2232 action, past, present or future, against any person, firm or
2233 corporation for Medicaid benefits provided to the recipient by the
2234 Division of Medicaid for injuries, disease or sickness caused or
2235 suffered under circumstances creating a cause of action in favor
2236 of the recipient against any such person, firm or corporation as
2237 set out in Section 43-13-125. The recipient shall be deemed,

2238 without the necessity of signing any document, to have appointed
2239 the Division of Medicaid as his or her true and lawful
2240 attorney-in-fact in his or her name, place and stead in collecting
2241 any and all amounts due and owing for medical expenses paid by the
2242 Division of Medicaid against such person, firm or corporation.

2243 (2) Whenever a provider of medical services or the Division
2244 of Medicaid submits claims to an insurer on behalf of a Medicaid
2245 recipient for whom an assignment of rights has been received, or
2246 whose rights have been assigned by the operation of law, the
2247 insurer must respond within sixty (60) days of receipt of a claim
2248 by forwarding payment or issuing a notice of denial directly to
2249 the submitter of the claim. The failure of the insuring entity to
2250 comply with the provisions of this section shall subject the
2251 insuring entity to recourse by the Division of Medicaid in
2252 accordance with the provision of Section 43-13-315. In the case
2253 of a responsible insurer, other than the insurers exempted under
2254 federal law, that requires prior authorization for an item or
2255 service furnished to a recipient, the insurer shall accept
2256 authorization provided by the Division of Medicaid that the item
2257 or service is covered under the state plan (or waiver of such
2258 plan) for such recipient, as if such authorization were the prior
2259 authorization made by the third party for such item or service.
2260 The Division of Medicaid shall be authorized to endorse any and
2261 all, including, but not limited to, multi-payee checks, drafts,

2262 money orders or other negotiable instruments representing Medicaid
2263 payment recoveries that are received by the Division of Medicaid.

2264 (3) Court orders or agreements for medical support shall
2265 direct such payments to the Division of Medicaid, which shall be
2266 authorized to endorse any and all checks, drafts, money orders or
2267 other negotiable instruments representing medical support payments
2268 which are received. Any designated medical support funds received
2269 by the State Department of Human Services or through its local
2270 county departments shall be paid over to the Division of Medicaid.
2271 When medical support for a Medicaid recipient is available through
2272 an absent parent or custodial parent, the insuring entity shall
2273 direct the medical support payment(s) to the provider of medical
2274 services or to the Division of Medicaid.

2275 **SECTION 5.** Section 43-13-117.7, Mississippi Code of 1972, is
2276 amended as follows:

2277 43-13-117.7. Notwithstanding any other provisions of Section
2278 43-13-117, the division shall not reimburse or provide coverage
2279 for gender transition procedures for * * * any person * * *.

2280 **SECTION 6.** Section 43-13-145, Mississippi Code of 1972, is
2281 amended as follows:

2282 43-13-145. (1) (a) Upon each nursing facility licensed by
2283 the State of Mississippi, there is levied an assessment in an
2284 amount set by the division, equal to the maximum rate allowed by
2285 federal law or regulation, for each licensed and occupied bed of
2286 the facility.

2287 (b) A nursing facility is exempt from the assessment
2288 levied under this subsection if the facility is operated under the
2289 direction and control of:

2290 (i) The United States Veterans Administration or
2291 other agency or department of the United States government; or

2292 (ii) The State Veterans Affairs Board.

2293 (2) (a) Upon each intermediate care facility for
2294 individuals with intellectual disabilities licensed by the State
2295 of Mississippi, there is levied an assessment in an amount set by
2296 the division, equal to the maximum rate allowed by federal law or
2297 regulation, for each licensed and occupied bed of the facility.

2298 (b) An intermediate care facility for individuals with
2299 intellectual disabilities is exempt from the assessment levied
2300 under this subsection if the facility is operated under the
2301 direction and control of:

2302 (i) The United States Veterans Administration or
2303 other agency or department of the United States government;

2304 (ii) The State Veterans Affairs Board; or

2305 (iii) The University of Mississippi Medical
2306 Center.

2307 (3) (a) Upon each psychiatric residential treatment
2308 facility licensed by the State of Mississippi, there is levied an
2309 assessment in an amount set by the division, equal to the maximum
2310 rate allowed by federal law or regulation, for each licensed and
2311 occupied bed of the facility.

2312 (b) A psychiatric residential treatment facility is
2313 exempt from the assessment levied under this subsection if the
2314 facility is operated under the direction and control of:

2315 (i) The United States Veterans Administration or
2316 other agency or department of the United States government;

2317 (ii) The University of Mississippi Medical Center;
2318 or

2319 (iii) A state agency or a state facility that
2320 either provides its own state match through intergovernmental
2321 transfer or certification of funds to the division.

2322 (4) Hospital assessment.

2323 (a) (i) Subject to and upon fulfillment of the
2324 requirements and conditions of paragraph (f) below, and
2325 notwithstanding any other provisions of this section, an annual
2326 assessment on each hospital licensed in the state is imposed on
2327 each non-Medicare hospital inpatient day as defined below at a
2328 rate that is determined by dividing the sum prescribed in this
2329 subparagraph (i), plus the nonfederal share necessary to maximize
2330 the Disproportionate Share Hospital (DSH) and Medicare Upper
2331 Payment Limits (UPL) Program payments and hospital access payments
2332 and such other supplemental payments as may be developed pursuant
2333 to Section 43-13-117(A)(18), by the total number of non-Medicare
2334 hospital inpatient days as defined below for all licensed
2335 Mississippi hospitals, except as provided in paragraph (d) below.
2336 If the state-matching funds percentage for the Mississippi

2337 Medicaid program is sixteen percent (16%) or less, the sum used in
2338 the formula under this subparagraph (i) shall be Seventy-four
2339 Million Dollars (\$74,000,000.00). If the state-matching funds
2340 percentage for the Mississippi Medicaid program is twenty-four
2341 percent (24%) or higher, the sum used in the formula under this
2342 subparagraph (i) shall be One Hundred Four Million Dollars
2343 (\$104,000,000.00). If the state-matching funds percentage for the
2344 Mississippi Medicaid program is between sixteen percent (16%) and
2345 twenty-four percent (24%), the sum used in the formula under this
2346 subparagraph (i) shall be a pro rata amount determined as follows:
2347 the current state-matching funds percentage rate minus sixteen
2348 percent (16%) divided by eight percent (8%) multiplied by Thirty
2349 Million Dollars (\$30,000,000.00) and add that amount to
2350 Seventy-four Million Dollars (\$74,000,000.00). However, no
2351 assessment in a quarter under this subparagraph (i) may exceed the
2352 assessment in the previous quarter by more than Three Million
2353 Seven Hundred Fifty Thousand Dollars (\$3,750,000.00) (which would
2354 be Fifteen Million Dollars (\$15,000,000.00) on an annualized
2355 basis), unless such increase is to maximize federal funds that are
2356 available to reimburse hospitals for services provided under new
2357 programs for hospitals, for increased supplemental payment
2358 programs for hospitals or to assist with state matching funds as
2359 authorized by the Legislature. The division shall publish the
2360 state-matching funds percentage rate applicable to the Mississippi
2361 Medicaid program on the tenth day of the first month of each

2362 quarter and the assessment determined under the formula prescribed
2363 above shall be applicable in the quarter following any adjustment
2364 in that state-matching funds percentage rate. The division shall
2365 notify each hospital licensed in the state as to any projected
2366 increases or decreases in the assessment determined under this
2367 subparagraph (i). However, if the Centers for Medicare and
2368 Medicaid Services (CMS) does not approve the provision in Section
2369 43-13-117(39) requiring the division to reimburse crossover claims
2370 for inpatient hospital services and crossover claims covered under
2371 Medicare Part B for dually eligible beneficiaries in the same
2372 manner that was in effect on January 1, 2008, the sum that
2373 otherwise would have been used in the formula under this
2374 subparagraph (i) shall be reduced by Seven Million Dollars
2375 (\$7,000,000.00).

2376 (ii) In addition to the assessment provided under
2377 subparagraph (i), an additional annual assessment on each hospital
2378 licensed in the state is imposed on each non-Medicare hospital
2379 inpatient day as defined below at a rate that is determined by
2380 dividing twenty-five percent (25%) of any provider reductions in
2381 the Medicaid program as authorized in Section 43-13-117(F) for
2382 that fiscal year up to the following maximum amount, plus the
2383 nonfederal share necessary to maximize the Disproportionate Share
2384 Hospital (DSH) and inpatient Medicare Upper Payment Limits (UPL)
2385 Program payments and inpatient hospital access payments, by the
2386 total number of non-Medicare hospital inpatient days as defined

2387 below for all licensed Mississippi hospitals: in fiscal year
2388 2010, the maximum amount shall be Twenty-four Million Dollars
2389 (\$24,000,000.00); in fiscal year 2011, the maximum amount shall be
2390 Thirty-two Million Dollars (\$32,000,000.00); and in fiscal year
2391 2012 and thereafter, the maximum amount shall be Forty Million
2392 Dollars (\$40,000,000.00). Any such deficit in the Medicaid
2393 program shall be reviewed by the PEER Committee as provided in
2394 Section 43-13-117(F).

2395 (iii) In addition to the assessments provided in
2396 subparagraphs (i) and (ii), an additional annual assessment on
2397 each hospital licensed in the state is imposed pursuant to the
2398 provisions of Section 43-13-117(F) if the cost-containment
2399 measures described therein have been implemented and there are
2400 insufficient funds in the Health Care Trust Fund to reconcile any
2401 remaining deficit in any fiscal year. If the Governor institutes
2402 any other additional cost-containment measures on any program or
2403 programs authorized under the Medicaid program pursuant to Section
2404 43-13-117(F), hospitals shall be responsible for twenty-five
2405 percent (25%) of any such additional imposed provider cuts, which
2406 shall be in the form of an additional assessment not to exceed the
2407 twenty-five percent (25%) of provider expenditure reductions.
2408 Such additional assessment shall be imposed on each non-Medicare
2409 hospital inpatient day in the same manner as assessments are
2410 imposed under subparagraphs (i) and (ii).

2411 (b) Definitions.

2412 (i) [Deleted]

2413 (ii) For purposes of this subsection (4):

2414 1. "Non-Medicare hospital inpatient day"

2415 means total hospital inpatient days including subcomponent days
2416 less Medicare inpatient days including subcomponent days from the
2417 hospital's most recent Medicare cost report for the second
2418 calendar year preceding the beginning of the state fiscal year, on
2419 file with CMS per the CMS HCRIS database, or cost report submitted
2420 to the Division if the HCRIS database is not available to the
2421 division, as of June 1 of each year.

2422 a. Total hospital inpatient days shall
2423 be the sum of Worksheet S-3, Part 1, column 8 row 14, column 8 row
2424 16, and column 8 row 17, excluding column 8 rows 5 and 6.

2425 b. Hospital Medicare inpatient days
2426 shall be the sum of Worksheet S-3, Part 1, column 6 row 14, column
2427 6 row 16.00, and column 6 row 17, excluding column 6 rows 5 and 6.

2428 c. Inpatient days shall not include
2429 residential treatment or long-term care days.

2430 2. "Subcomponent inpatient day" means the
2431 number of days of care charged to a beneficiary for inpatient
2432 hospital rehabilitation and psychiatric care services in units of
2433 full days. A day begins at midnight and ends twenty-four (24)
2434 hours later. A part of a day, including the day of admission and
2435 day on which a patient returns from leave of absence, counts as a
2436 full day. However, the day of discharge, death, or a day on which

2437 a patient begins a leave of absence is not counted as a day unless
2438 discharge or death occur on the day of admission. If admission
2439 and discharge or death occur on the same day, the day is
2440 considered a day of admission and counts as one (1) subcomponent
2441 inpatient day.

2442 (c) The assessment provided in this subsection is
2443 intended to satisfy and not be in addition to the assessment and
2444 intergovernmental transfers provided in Section 43-13-117(A)(18).
2445 Nothing in this section shall be construed to authorize any state
2446 agency, division or department, or county, municipality or other
2447 local governmental unit to license for revenue, levy or impose any
2448 other tax, fee or assessment upon hospitals in this state not
2449 authorized by a specific statute.

2450 (d) Hospitals operated by the United States Department
2451 of Veterans Affairs and state-operated facilities that provide
2452 only inpatient and outpatient psychiatric services shall not be
2453 subject to the hospital assessment provided in this subsection.

2454 (e) Multihospital systems, closure, merger, change of
2455 ownership and new hospitals.

2456 (i) If a hospital conducts, operates or maintains
2457 more than one (1) hospital licensed by the State Department of
2458 Health, the provider shall pay the hospital assessment for each
2459 hospital separately.

2460 (ii) Notwithstanding any other provision in this
2461 section, if a hospital subject to this assessment operates or

conducts business only for a portion of a fiscal year, the assessment for the state fiscal year shall be adjusted by multiplying the assessment by a fraction, the numerator of which is the number of days in the year during which the hospital operates, and the denominator of which is three hundred sixty-five (365). Immediately upon ceasing to operate, the hospital shall pay the assessment for the year as so adjusted (to the extent not previously paid).

(iii) The division shall determine the tax for new hospitals and hospitals that undergo a change of ownership in accordance with this section, using the best available information, as determined by the division.

(f) Applicability.

The hospital assessment imposed by this subsection shall not take effect and/or shall cease to be imposed if:

(i) The assessment is determined to be an impermissible tax under Title XIX of the Social Security Act; or

(ii) CMS revokes its approval of the division's 2009 Medicaid State Plan Amendment for the methodology for DSH payments to hospitals under Section 43-13-117(A)(18).

Notwithstanding any provision of this article, the division is authorized to reduce or eliminate the portion of the assessment applicable to long-term acute care hospitals and rehabilitation hospitals if the Centers for Medicare and Medicaid Services waives the uniform and broad-based requirements set forth in federal

2487 regulation; however, any reduction or elimination of the portion
2488 of the assessment applicable to such hospitals under any waiver
2489 shall be rescinded at such time as the methodology for calculating
2490 the assessment under this subsection (4) is substantially changed
2491 by the Legislature.

2492 (5) Each health care facility that is subject to the
2493 provisions of this section shall keep and preserve such suitable
2494 books and records as may be necessary to determine the amount of
2495 assessment for which it is liable under this section. The books
2496 and records shall be kept and preserved for a period of not less
2497 than five (5) years, during which time those books and records
2498 shall be open for examination during business hours by the
2499 division, the Department of Revenue, the Office of the Attorney
2500 General and the State Department of Health.

2501 (6) [Deleted]

2502 (7) All assessments collected under this section shall be
2503 deposited in the Medical Care Fund created by Section 43-13-143.

2504 (8) The assessment levied under this section shall be in
2505 addition to any other assessments, taxes or fees levied by law,
2506 and the assessment shall constitute a debt due the State of
2507 Mississippi from the time the assessment is due until it is paid.

2508 (9) (a) If a health care facility that is liable for
2509 payment of an assessment levied by the division does not pay the
2510 assessment when it is due, the division shall give written notice
2511 to the health care facility demanding payment of the assessment

2512 within ten (10) days from the date of delivery of the notice. If
2513 the health care facility fails or refuses to pay the assessment
2514 after receiving the notice and demand from the division, the
2515 division shall withhold from any Medicaid reimbursement payments
2516 that are due to the health care facility the amount of the unpaid
2517 assessment and a penalty of ten percent (10%) of the amount of the
2518 assessment, plus the legal rate of interest until the assessment
2519 is paid in full. If the health care facility does not participate
2520 in the Medicaid program, the division shall turn over to the
2521 Office of the Attorney General the collection of the unpaid
2522 assessment by civil action. In any such civil action, the Office
2523 of the Attorney General shall collect the amount of the unpaid
2524 assessment and a penalty of ten percent (10%) of the amount of the
2525 assessment, plus the legal rate of interest until the assessment
2526 is paid in full.

2527 (b) As an additional or alternative method for
2528 collecting unpaid assessments levied by the division, if a health
2529 care facility fails or refuses to pay the assessment after
2530 receiving notice and demand from the division, the division may
2531 file a notice of a tax lien with the chancery clerk of the county
2532 in which the health care facility is located, for the amount of
2533 the unpaid assessment and a penalty of ten percent (10%) of the
2534 amount of the assessment, plus the legal rate of interest until
2535 the assessment is paid in full. Immediately upon receipt of
2536 notice of the tax lien for the assessment, the chancery clerk

2537 shall forward the notice to the circuit clerk who shall enter the
2538 notice of the tax lien as a judgment upon the judgment roll and
2539 show in the appropriate columns the name of the health care
2540 facility as judgment debtor, the name of the division as judgment
2541 creditor, the amount of the unpaid assessment, and the date and
2542 time of enrollment. The judgment shall be valid as against
2543 mortgagees, pledgees, entrusters, purchasers, judgment creditors
2544 and other persons from the time of filing with the clerk. The
2545 amount of the judgment shall be a debt due the State of
2546 Mississippi and remain a lien upon the tangible property of the
2547 health care facility until the judgment is satisfied. The
2548 judgment shall be the equivalent of any enrolled judgment of a
2549 court of record and shall serve as authority for the issuance of
2550 writs of execution, writs of attachment or other remedial writs.

2551 (10) (a) To further the provisions of Section
2552 43-13-117(A)(18), the Division of Medicaid shall submit to the
2553 Centers for Medicare and Medicaid Services (CMS) any documents
2554 regarding the hospital assessment established under subsection (4)
2555 of this section. In addition to defining the assessment
2556 established in subsection (4) of this section if necessary, the
2557 documents shall describe any supplement payment programs and/or
2558 payment methodologies as authorized in Section 43-13-117(A)(18) if
2559 necessary.

2560 (b) All hospitals satisfying the minimum federal DSH
2561 eligibility requirements (Section 1923(d) of the Social Security

Act) may, subject to OBRA 1993 payment limitations, receive a DSH payment. This DSH payment shall expend the balance of the federal DSH allotment and associated state share not utilized in DSH payments to state-owned institutions for treatment of mental diseases. The payment to each hospital shall be calculated by applying a uniform percentage to the uninsured costs of each eligible hospital, excluding state-owned institutions for treatment of mental diseases; however, that percentage for a state-owned teaching hospital located in Hinds County shall be multiplied by a factor of two (2).

(11) The division shall implement DSH and supplemental payment calculation methodologies that result in the maximization of available federal funds.

(12) The DSH payments shall be paid on or before December 31, March 31, and June 30 of each fiscal year, in increments of one-third (1/3) of the total calculated DSH amounts. Supplemental payments developed pursuant to Section 43-13-117(A)(18) shall be paid monthly.

(13) Payment.

(a) The hospital assessment as described in subsection (4) for the nonfederal share necessary to maximize the Medicare Upper Payments Limits (UPL) Program payments and hospital access payments and such other supplemental payments as may be developed pursuant to Section 43-3-117(A)(18) shall be assessed and

2586 collected monthly no later than the fifteenth calendar day of each
2587 month.

2588 (b) The hospital assessment as described in subsection
2589 (4) for the nonfederal share necessary to maximize the
2590 Disproportionate Share Hospital (DSH) payments shall be assessed
2591 and collected on December 15, March 15 and June 15.

2592 (c) The annual hospital assessment and any additional
2593 hospital assessment as described in subsection (4) shall be
2594 assessed and collected on September 15 and on the 15th of each
2595 month from December through June.

2596 (14) If for any reason any part of the plan for annual DSH
2597 and supplemental payment programs to hospitals provided under
2598 subsection (10) of this section and/or developed pursuant to
2599 Section 43-13-117(A)(18) is not approved by CMS, the remainder of
2600 the plan shall remain in full force and effect.

2601 (15) Nothing in this section shall prevent the Division of
2602 Medicaid from facilitating participation in Medicaid supplemental
2603 hospital payment programs by a hospital located in a county
2604 contiguous to the State of Mississippi that is also authorized by
2605 federal law to submit intergovernmental transfers (IGTs) to the
2606 State of Mississippi to fund the state share of the hospital's
2607 supplemental and/or MHAP payments.

2608 (16) This section shall stand repealed on July 1, 2028.

2609 **SECTION 7.** Section 43-13-115.1, Mississippi Code of 1972, is
2610 amended as follows:

2611 43-13-115.1. (1) Ambulatory prenatal care shall be
2612 available to a pregnant woman under this article during a
2613 presumptive eligibility period in accordance with the provisions
2614 of this section.

2615 (2) For purposes of this section, the following terms shall
2616 be defined as provided in this subsection:

2617 (a) "Presumptive eligibility" means a reasonable
2618 determination of Medicaid eligibility of a pregnant woman made by
2619 a qualified provider based only on the countable family income of
2620 the woman, which allows the woman to receive ambulatory prenatal
2621 care under this article during a presumptive eligibility period
2622 while the Division of Medicaid makes a determination with respect
2623 to the eligibility of the woman for Medicaid.

2624 (b) "Presumptive eligibility period" means, with
2625 respect to a pregnant woman, the period that:

2626 (i) Begins with the date on which a qualified
2627 provider determines, on the basis of preliminary information, that
2628 the total countable net family income of the woman does not exceed
2629 the income limits for eligibility of pregnant women in the
2630 Medicaid state plan; and

2631 (ii) Ends with, and includes, the earlier of:

2632 1. The day on which a determination is made
2633 with respect to the eligibility of the woman for Medicaid; or

2634 2. In the case of a woman who does not file
2635 an application by the last day of the month following the month

during which the provider makes the determination referred to in
subparagraph (i) of this paragraph, such last day * * *.

* * *

(c) "Qualified provider" means any provider that meets
the definition of "qualified provider" under 42 USC Section
1396r-1. The term includes, but is not limited to, county health
departments, federally qualified health centers (FQHCs), and other
entities approved and designated by the Division of Medicaid to
conduct presumptive eligibility determinations for pregnant women.

(3) A pregnant woman shall be deemed to be presumptively
eligible for ambulatory prenatal care under this article if a
qualified provider determines, on the basis of preliminary
information, that the total countable net family income of the
woman does not exceed the income limits for eligibility of
pregnant women in the Medicaid state plan. * * * A pregnant woman
who is determined to be presumptively eligible may receive no more
than one (1) presumptive eligibility period per pregnancy.

(4) A qualified provider that determines that a pregnant
woman is presumptively eligible for Medicaid shall:

(a) Notify the Division of Medicaid of the
determination within five (5) working days after the date on which
determination is made; and

(b) Inform the woman at the time the determination is
made that she is required to make application for Medicaid by not

later than the last day of the month following the month during which the determination is made.

(5) A pregnant woman who is determined by a qualified provider to be presumptively eligible for Medicaid shall make application for Medicaid by not later than the last day of the month following the month during which the determination is made.

(6) The Division of Medicaid shall provide qualified providers with such forms as are necessary for a pregnant woman to make application for Medicaid and information on how to assist such women in completing and filing such forms. The division shall make those application forms and the application process itself as simple as possible.

SECTION 8. The following shall be codified as Section 41-140-1, Mississippi Code of 1972:

41-140-1. **Definitions.** As used in Sections 41-140-1 and 41-140-5:

(a) "Maternal health care facility" means any facility that provides prenatal or perinatal care, including, but not limited to, hospitals, clinics and other physician facilities.

(b) "Maternal health care provider" means any physician, nurse or other authorized practitioner that attends to pregnant women and mothers of infants.

SECTION 9. The following shall be codified as Section 41-140-3, Mississippi Code of 1972:

2684 41-140-3. **Education and awareness.** (1) The State
2685 Department of Health shall develop written educational materials
2686 and information for maternal health care providers and patients
2687 about maternal mental health conditions, including postpartum
2688 depression.

2689 (a) The materials shall include information on the
2690 symptoms and methods of coping with postpartum depression, as well
2691 treatment options and resources;

2692 (b) The State Department of Health shall periodically
2693 review the materials and information to determine their
2694 effectiveness and ensure they reflect the most up-to-date and
2695 accurate information;

2696 (c) The State Department of Health shall post on its
2697 website the materials and information; and

2698 (d) The State Department of Health shall make available
2699 or distribute the materials and information in physical form upon
2700 request.

2701 (2) Hospitals that provide birth services and other maternal
2702 health care facilities shall provide departing new parents and
2703 other family members, as appropriate, with written materials and
2704 information developed under subsection (1) of this section, upon
2705 discharge from such institution.

2706 (3) Any maternal health care facility, maternal health care
2707 provider, or any other facility, physician, health care provider
2708 or nurse midwife who renders prenatal care, postnatal care, or

pediatric infant care, shall provide the materials and information developed under subsection (1) of this section, to any woman who presents with signs of a maternal mental health disorder.
