(f) "Resident" or "resident of Mississippi" means a natural person and, for the purpose of determining eligibility for the tax credit provided by this section, any person domiciled in the State of Mississippi and any other person who maintains a permanent place of abode within the state and spends in the aggregate more than six (6) months of each year within the state.

(g) "State" means the State of Mississippi.

(h) "State-certified production" means a television production approved by the Mississippi Development Authority produced by a production company in the state. An application for approval as a state-certified production must be submitted to the Mississippi Development Authority before production of the project begins.

(i) "Television production" means any scripted or unscripted series, content or pilot episodes intended for broadcast or streaming. The term "television production" shall not include any production or work described in this paragraph (d) that contains any material or performance defined in Section 97-29-103.

(2) (a) A production company that expends at least Four Million Dollars (\$4,000,000.00) in qualified expenditures in the state for the production of a state-certified production in which at least sixty-five percent (65%) of the running time occurs from

activities in Mississippi shall be entitled to a credit against the taxes imposed by Section 27-7-5. The amount of the credit shall not exceed twenty-five percent (25%) of the qualified expenditures made by the production company and shall consist of:

(i) A credit against the taxes imposed by Section 27-7-5 in an amount equal to twenty percent (20%) of payroll and fringes paid for any employee who is not a resident and whose wages are subject to the Mississippi Income Tax Withholding Law of 1968; however, if the payroll and fringes paid for an employee exceeds Three Million Dollars (\$3,000,000.00), then the credit is authorized only for the first Three Million Dollars (\$3,000,000.00) of such payroll and fringes;

(ii) A credit against the taxes imposed by Section 27-7-5 in an amount equal to thirty percent (30%) of payroll and fringes paid for any employee who is a resident and whose wages are subject to the Mississippi Income Tax Withholding Law of 1968; however, if the payroll and fringes paid for an employee exceeds Three Million Dollars (\$3,000,000.00), then the credit is authorized only for the first Three Million Dollars (\$3,000,000.00) of such payroll and fringes; and

(iii) A credit against the taxes imposed by Section 27-7-5 in an amount equal to twenty-five percent (25%) of qualified expenditures subject to tax under Chapter 65, Title 27, Mississippi Code of 1972; however, if such expenditures exceed Three Million Dollars (\$3,000,000.00), then the credit is

authorized only for the first Three Million Dollars
(\$3,000,000.00) of such expenditures.

(b) Qualified expenditures for which a tax credit may be claimed under this section: (i) may not be used or included for the purpose of satisfying any minimum investment required in order to be eligible for a rebate under the Mississippi Motion Picture Incentive Act or under Section 57-89-51, and (ii) may not be used for and shall not be eligible for any rebate authorized under the Mississippi Motion Picture Incentive Act or under Section 57-89-51.

(c) If a television production has physical production activities and/or post-production activities both inside and outside the state, then the production company shall be required to provide an itemized accounting for each employee regarding such activities inside and outside the state for the purposes of proration of eligible payroll based on the percentage of activities performed in the state.

(d) (i) If the amount of the tax credit authorized by this section exceeds the total state income tax liability of the production company for the credit year, the amount that exceeds the total state income tax liability may be carried forward for the ten (10) succeeding tax years.

(ii) In lieu of claiming a tax credit, the production company may elect to claim a rebate in the amount of seventy-five percent (75%) of the amount that would be eligible to

claim as a credit. The election may be made at any time after the certification of the rebate. If the production company has utilized a credit on an income tax return before making an election to claim a rebate, then the available rebate will be reduced by the amount of credit utilized. If claiming a credit instead of a rebate, the production company shall claim the credit on the income tax return for the tax year for which the credit is certified.

(iii) Credits authorized by this section that are earned by a partnership, limited liability company, S corporation or other similar pass-through entity shall be allocated among all partners, members or shareholders, respectively, either in proportion to their ownership interest in such entity or as the partners, members or shareholders mutually agree as provided in an executed document. Partners, members or other owners of a pass-through entity are not eligible to elect a refund of excess credit in lieu of a carryforward of the credit. However, a partnership or limited liability company taxed as a partnership may elect to claim a rebate at the entity level on a form prescribed by the Department of Revenue.

(iv) Rebate requests must be submitted to the Department of Revenue on forms prescribed by the department. The Department of Revenue then will provide the production company with a voucher for the approved amount. Within twelve (12) months of the issuance of the voucher by the Department of Revenue, the

production company may submit the voucher to the department to receive payment. Rebates shall be made from current tax collections.

(e) The total amount of credits and rebates authorized in any fiscal year shall not exceed Forty-two Million Dollars (\$42,000,000.00) in the aggregate.

(3) A production company desiring a credit under this section must submit a request to the Department of Revenue upon completion of the project. The request must include a detailed accounting of the qualified expenditures made by the production company, the amount of payroll and fringes paid by the production company and any other information required by the Department of Revenue.
