As used in this section, the term "Personal Services" shall  
mean funds provided under the major object of expenditure category

Personal Services for Salaries, Wages, and Fringe Benefits. Funds in this category shall not be transferred to any other category.

It is the intention of the Legislature to ensure compliance with the Variable Compensation Plan, as outlined in Section 25-9-147, Mississippi Code of 1972. Payment from these funds shall be in accordance with the Variable Compensation Plan promulgated by the Mississippi State Personnel Board. It is the Legislature's intention that no employee's salary falls below the minimum salary established by the Mississippi State Personnel Board.

The State Personnel Board shall determine and publish the projected annual cost of "Personal Services" based on monthly and year-to-date payroll expenditures in compliance with the provisions of this act.

With the funds herein appropriated, it shall be the agency's responsibility to ensure that no single personnel action or combination of personnel actions, when annualized, exceeds the Fiscal Year 2026 appropriation for "Personal Services" with the exception of escalated funds. Further, it shall be the agency's responsibility to ensure that funds required to be appropriated for "Personal Services" for Fiscal Year 2027 do not exceed Fiscal Year 2026 funds appropriated for that purpose unless programs or positions are added to the agency's Fiscal Year 2026 budget by the Mississippi Legislature.

If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the

144 agency has taken or will take an action that would cause the  
145 agency to exceed the funds appropriated in this act when  
146 annualized for Fiscal Year 2026 or increase the need for "Personal  
147 Services" for Fiscal Year 2027, when annualized, the State  
148 Personnel Board shall process no salary actions until such time as  
149 the requirements of the provisions of this section are met with  
150 the exception of new hires determined to be essential for the  
151 agency.

152       When used in this section, "Vacancy Funding" shall mean funds  
153 included in the Total Personal Services amount listed above and  
154 designated for approved vacancies in Fiscal Year 2026. These funds  
155 are to be utilized to increase the number of filled headcounts  
156 that were authorized but unfilled as of the last day of Fiscal  
157 Year 2025. If the agency fills additional headcounts after May 1,  
158 2025, until the end of Fiscal Year 2025, the amount of available  
159 Vacancy Funding may be proportionally reduced to reflect the  
160 updated number of filled headcounts. The agency shall be  
161 responsible for ensuring that "Vacancy Funding" is used to  
162 increase headcounts and not for promotions, title changes,  
163 in-range salary adjustments, or any other mechanism for increasing  
164 salaries for current employees.

165       Any transfers or escalations shall be made in accordance with  
166 the terms, conditions, and procedures established by law or  
167 allowable under the terms set forth within this act. The State  
168 Personnel Board shall not escalate positions without written

approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or headcounts without proof of availability of new or additional funds above the appropriated level. Unless specifically noted, all Fiscal Year 2025 escalated headcounts have been accounted for and shall be converted to authorized time-limited headcounts.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of the Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

If the agency's total authorized headcount decreases from Fiscal Year 2025 to Fiscal Year 2026, it will be the agency's discretion as to what headcounts are removed.

**SECTION 8.** It is the intention of the Legislature that the State Department of Health shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under this act and that such records shall be in the same format and level of detail as maintained for Fiscal Year 2025. It is further the intention of the Legislature that the agency's budget request for Fiscal Year 2027 shall be submitted to

the Joint Legislative Budget Committee in a format and level of detail comparable to the format and level of detail provided during the Fiscal Year 2026 budget request process.

**SECTION 9.** In compliance with the "Mississippi Performance Budget and Strategic Planning Act of 1994," it is the intent of the Legislature that the funds provided herein shall be utilized in the most efficient and effective manner possible to achieve the intended mission of this agency.
