23A. (1) All official meetings of any conference committee on a bill or on a resolution proposing a constitutional amendment shall be open to the public at all times, unless declared an executive session in accordance with the provisions of Section 25-41-7, Mississippi Code of 1972.

(2) The chairman of each Senate and House committee to which such a measure is first referred shall designate one (1), two (2) or three (3) rooms in which official meetings of the conference committees pertaining to such measures shall be held. For the 2004 Regular Session and every four (4) years thereafter, the designation of the rooms shall be announced within three (3) legislative days after adoption of these joint rules. For all other sessions, the designation of the rooms shall be announced not later than the third legislative day of each session. Copies of a list of these rooms shall be available in the respective offices of the committee chairmen. This announcement shall constitute notice of the place of the official meetings of conference committees, and notice that the time of each meeting shall not be announced individually. If a conference committee meets in a location other than a designated room, a written notice giving the location of the meeting shall be placed in a conspicuous place in one (1) of the designated rooms.
