HOUSE BILL NO. 948

1 AN ACT TO PRESCRIBE CERTAIN CRITERIA THAT DRUG FORMULARIES  
2 AND OTHER CARE MANAGEMENT TECHNIQUES USED BY PAYERS AND BENEFIT  
3 MANAGERS MUST MEET; TO REQUIRE THAT THOSE CARE MANAGEMENT  
4 TECHNIQUES BE BASED ON SCIENTIFIC AND CLINICAL DATA; TO AMEND  
5 SECTIONS 25-15-9, 43-13-117 AND 83-41-409, MISSISSIPPI CODE OF  
6 1972, TO CONFORM TO THE PRECEDING PROVISIONS; AND FOR RELATED  
7 PURPOSES.

8 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

9 **SECTION 1.** (1) It is unlawful for a payer or benefit  
10 manager to employ a care management technique (including, but not  
11 limited to, implementation of a formulary, treatment protocol or  
12 guideline, step therapy or other use of prior authorization)  
13 without assuring that its clinical foundation is consistent with  
14 quality patient care. Those assurances include evidence of:

15 (a) Clinically based definitions for each "therapeutic  
16 class" of drugs;

17 (b) Reliance on scientific and clinical data in  
18 updating formularies, protocols or treatment guidelines; and

19 (c) For any drug subject to prior authorization, a  
20 specific set of clinical criteria, available to physicians and  
21 patients, specifying when that drug is authorized for coverage.

22 (2) Any formulary or list of drugs that will be covered only  
23 with prior authorization shall be implemented only if established  
24 by a pharmaceutical and therapeutics committee that includes  
25 practicing physicians, including specialty physicians,  
26 pharmacists, and others who are independent of the payer and who  
27 have expertise in the beneficiary population served by the payer.  
28 The decisions of the committee regarding any limitations to be  
29 imposed on any drug or its use for a specific indication shall be

30 based on sound clinical evidence found in the labeling, drug  
31 compendia and peer reviewed clinical literature pertaining to use  
32 of the drug in the relevant population.

33 (3) It shall be unlawful for a payer or benefit manager to  
34 restrict coverage of a drug approved by the Federal Food and Drug  
35 Administration (FDA) for an indication unless the payer or benefit  
36 manager has at least six (6) months of data regarding use of the  
37 drug for treating the indication in the population of individuals  
38 who receive benefits through its plan.

39 (4) No decision of a payer, benefit manager or pharmacy and  
40 therapeutic committee to limit coverage of a drug for an approved  
41 indication shall be lawful unless it has been ratified by a  
42 physician board certified in the specialty that most commonly  
43 treats the disease or prescribes the relevant therapeutic class of  
44 drugs.

45 (5) A formulary is a per se unlawful denial of medically  
46 necessary patient health care if it fails to provide for coverage  
47 of drugs in every therapeutic class. For each therapeutic class  
48 in which there are two (2) or more FDA-approved pharmaceutical or  
49 biological entities, a formulary shall offer a choice of at least  
50 two (2) pharmaceutical or biological entities without an  
51 administrative preference for one (1) over the other.

52 (6) It is unlawful for a payer or benefit manager to impose  
53 a blanket exclusion of a drug or biologic that is approved by FDA  
54 for a specific indication unless the payer or benefit manager  
55 makes a written finding, supported by the preponderance of the  
56 peer-reviewed medical literature, that one or more drugs covered  
57 for treatment of the indication, provides a significant clinically  
58 meaningful benefit over the excluded drug for treatment of the  
59 indication in the beneficiary population.

60 **SECTION 2.** Section 25-15-9, Mississippi Code of 1972, is  
61 amended as follows:

62           25-15-9. (1) (a) The board shall design a plan of health  
63 insurance for state employees which provides benefits for  
64 semiprivate rooms in addition to other incidental coverages that  
65 the board deems necessary. The amount of the coverages shall be  
66 in such reasonable amount as may be determined by the board to be  
67 adequate, after due consideration of current health costs in  
68 Mississippi. The plan shall also include major medical benefits  
69 in such amounts as the board \* \* \* determines. The board is also  
70 authorized to accept bids for such alternate coverage and optional  
71 benefits as the board \* \* \* deems proper. Any drug formulary used  
72 in connection with the plan shall be in compliance with the  
73 provisions of Section 1 of this act. Any contract for alternative  
74 coverage and optional benefits shall be awarded by the board after  
75 it has carefully studied and evaluated the bids and selected the  
76 best and most cost-effective bid. The board may reject all such  
77 bids; however, the board shall notify all bidders of the rejection  
78 and shall actively solicit new bids if all bids are rejected. The  
79 board may employ or contract for such consulting or actuarial  
80 services as may be necessary to formulate the plan, and to assist  
81 the board in the preparation of specifications and in the process  
82 of advertising for the bids for the plan. Such contracts shall be  
83 solicited and entered into in accordance with Section 25-15-5.  
84 The board shall keep a record of all persons, agents and  
85 corporations who contract with or assist the board in preparing  
86 and developing the plan. The board in a timely manner shall  
87 provide copies of this record to the members of the advisory  
88 council created in this section and those legislators, or their  
89 designees, who may attend meetings of the advisory council. The  
90 board shall provide copies of this record in the solicitation of  
91 bids for the administration or servicing of the self-insured  
92 program. Each person, agent or corporation which, during the  
93 previous fiscal year, has assisted in the development of the plan  
94 or employed or compensated any person who assisted in the

95 development of the plan, and which bids on the administration or  
96 servicing of the plan, shall submit to the board a statement  
97 accompanying the bid explaining in detail its participation with  
98 the development of the plan. This statement shall include the  
99 amount of compensation paid by the bidder to any such employee  
100 during the previous fiscal year. The board shall make all such  
101 information available to the members of the advisory council and  
102 those legislators, or their designees, who may attend meetings of  
103 the advisory council before any action is taken by the board on  
104 the bids submitted. The failure of any bidder to fully and  
105 accurately comply with this paragraph shall result in the  
106 rejection of any bid submitted by that bidder or the cancellation  
107 of any contract executed when the failure is discovered after the  
108 acceptance of that bid. The board is authorized to promulgate  
109 rules and regulations to implement the provisions of this  
110 subsection.

111 The board shall develop plans for the insurance plan  
112 authorized by this section in accordance with the provisions of  
113 Section 25-15-5.

114 Any corporation, association, company or individual that  
115 contracts with the board for the third-party claims administration  
116 of the self-insured plan shall prepare and keep on file an  
117 explanation of benefits for each claim processed. The explanation  
118 of benefits shall contain such information relative to each  
119 processed claim which the board deems necessary, and, at a  
120 minimum, each explanation shall provide the claimant's name, claim  
121 number, provider number, provider name, service dates, type of  
122 services, amount of charges, amount allowed to the claimant and  
123 reason codes. The information contained in the explanation of  
124 benefits shall be available for inspection upon request by the  
125 board. The board shall have access to all claims information  
126 utilized in the issuance of payments to employees and providers.

127           (b) There is created an advisory council to advise the  
128 board in the formulation of the State and School Employees Health  
129 Insurance Plan. The council shall be composed of the State  
130 Insurance Commissioner or his designee, an employee-representative  
131 of the institutions of higher learning appointed by the board of  
132 trustees thereof, an employee-representative of the Department of  
133 Transportation appointed by the director thereof, an  
134 employee-representative of the State Tax Commission appointed by  
135 the Commissioner of Revenue, an employee-representative of the  
136 Mississippi Department of Health appointed by the State Health  
137 Officer, an employee-representative of the Mississippi Department  
138 of Corrections appointed by the Commissioner of Corrections, and  
139 an employee-representative of the Department of Human Services  
140 appointed by the Executive Director of Human Services, two (2)  
141 certificated public school administrators appointed by the State  
142 Board of Education, two (2) certificated classroom teachers  
143 appointed by the State Board of Education, a noncertificated  
144 school employee appointed by the State Board of Education and a  
145 community/junior college employee appointed by the State Board for  
146 Community and Junior Colleges.

147           The Lieutenant Governor may designate the Secretary of the  
148 Senate, the Chairman of the Senate Appropriations Committee, the  
149 Chairman of the Senate Education Committee and the Chairman of the  
150 Senate Insurance Committee, and the Speaker of the House of  
151 Representatives may designate the Clerk of the House, the Chairman  
152 of the House Appropriations Committee, the Chairman of the House  
153 Education Committee and the Chairman of the House Insurance  
154 Committee, to attend any meeting of the State and School Employees  
155 Insurance Advisory Council. The appointing authorities may  
156 designate an alternate member from their respective houses to  
157 serve when the regular designee is unable to attend such meetings  
158 of the council. Such designees shall have no jurisdiction or vote  
159 on any matter within the jurisdiction of the council. For

160 attending meetings of the council, such legislators shall receive  
161 per diem and expenses which shall be paid from the contingent  
162 expense funds of their respective houses in the same amounts as  
163 provided for committee meetings when the Legislature is not in  
164 session; however, no per diem and expenses for attending meetings  
165 of the council will be paid while the Legislature is in session.  
166 No per diem and expenses will be paid except for attending  
167 meetings of the council without prior approval of the proper  
168 committee in their respective houses.

169 (c) No change in the terms of the State and School  
170 Employees Health Insurance Plan may be made effective unless the  
171 board, or its designee, has provided notice to the State and  
172 School Employees Health Insurance Advisory Council and has called  
173 a meeting of the council at least fifteen (15) days before the  
174 effective date of such change. In the event that the State and  
175 School Employees Health Insurance Advisory Council does not meet  
176 to advise the board on the proposed changes, the changes to the  
177 plan shall become effective at such time as the board has informed  
178 the council that the changes shall become effective.

179 (d) **Medical benefits for retired employees and**  
180 **dependents under age sixty-five (65) years and not eligible for**  
181 **Medicare benefits.** The same health insurance coverage as for all  
182 other active employees and their dependents shall be available to  
183 retired employees and all dependents under age sixty-five (65)  
184 years who are not eligible for Medicare benefits, the level of  
185 benefits to be the same level as for all other active  
186 participants. This section will apply to those employees who  
187 retire due to one hundred percent (100%) medical disability as  
188 well as those employees electing early retirement.

189 (e) **Medical benefits for retired employees and**  
190 **dependents over age sixty-five (65) years or otherwise eligible**  
191 **for Medicare benefits.** The health insurance coverage available to  
192 retired employees over age sixty-five (65) years or otherwise

193 eligible for Medicare benefits, and all dependents over age  
194 sixty-five (65) years or otherwise eligible for Medicare benefits,  
195 shall be the major medical coverage with the lifetime maximum of  
196 One Million Dollars (\$1,000,000.00). Benefits shall be reduced by  
197 Medicare benefits as though such Medicare benefits were the base  
198 plan.

199 All covered individuals shall be assumed to have full  
200 Medicare coverage, Parts A and B; and any Medicare payments under  
201 both Parts A and B shall be computed to reduce benefits payable  
202 under this plan.

203 (2) Nonduplication of benefits--reduction of benefits by  
204 Title XIX benefits: When benefits would be payable under more  
205 than one (1) group plan, benefits under those plans will be  
206 coordinated to the extent that the total benefits under all plans  
207 will not exceed the total expenses incurred.

208 Benefits for hospital or surgical or medical benefits shall  
209 be reduced by any similar benefits payable in accordance with  
210 Title XIX of the Social Security Act or under any amendments  
211 thereto, or any implementing legislation.

212 Benefits for hospital or surgical or medical benefits shall  
213 be reduced by any similar benefits payable by workers'  
214 compensation.

215 (3) (a) Schedule of life insurance benefits--group term:  
216 The amount of term life insurance for each active employee of a  
217 department, agency or institution of the state government shall  
218 not be in excess of One Hundred Thousand Dollars (\$100,000.00), or  
219 twice the amount of the employee's annual wage to the next highest  
220 One Thousand Dollars (\$1,000.00), whichever may be less, but in no  
221 case less than Thirty Thousand Dollars (\$30,000.00), with a like  
222 amount for accidental death and dismemberment on a  
223 twenty-four-hour basis. The plan will further contain a premium  
224 waiver provision if a covered employee becomes totally and  
225 permanently disabled prior to age sixty-five (65) years.

226 Employees retiring after June 30, 1999, shall be eligible to  
227 continue life insurance coverage in an amount of Five Thousand  
228 Dollars (\$5,000.00), Ten Thousand Dollars (\$10,000.00) or Twenty  
229 Thousand Dollars (\$20,000.00) into retirement.

230 (b) Effective October 1, 1999, schedule of life  
231 insurance benefits--group term: The amount of term life insurance  
232 for each active employee of any school district, community/junior  
233 college, public library or university-based program authorized  
234 under Section 37-23-31 for deaf, aphasic and emotionally disturbed  
235 children or any regular nonstudent bus driver shall not be in  
236 excess of One Hundred Thousand Dollars (\$100,000.00), or twice the  
237 amount of the employee's annual wage to the next highest One  
238 Thousand Dollars (\$1,000.00), whichever may be less, but in no  
239 case less than Thirty Thousand Dollars (\$30,000.00), with a like  
240 amount for accidental death and dismemberment on a  
241 twenty-four-hour basis. The plan will further contain a premium  
242 waiver provision if a covered employee of any school district,  
243 community/junior college, public library or university-based  
244 program authorized under Section 37-23-31 for deaf, aphasic and  
245 emotionally disturbed children or any regular nonstudent bus  
246 driver becomes totally and permanently disabled prior to age  
247 sixty-five (65) years. Employees of any school district,  
248 community/junior college, public library or university-based  
249 program authorized under Section 37-23-31 for deaf, aphasic and  
250 emotionally disturbed children or any regular nonstudent bus  
251 driver retiring after September 30, 1999, shall be eligible to  
252 continue life insurance coverage in an amount of Five Thousand  
253 Dollars (\$5,000.00), Ten Thousand Dollars (\$10,000.00) or Twenty  
254 Thousand Dollars (\$20,000.00) into retirement.

255 (4) Any eligible employee who on March 1, 1971, was  
256 participating in a group life insurance program which has  
257 provisions different from those included herein and for which the  
258 State of Mississippi was paying a part of the premium may, at his

259 discretion, continue to participate in such plan. Such employee  
260 shall pay in full all additional costs, if any, above the minimum  
261 program established by this article. Under no circumstances shall  
262 any individual who begins employment with the state after March 1,  
263 1971, be eligible for the provisions of this paragraph.

264 (5) The board may offer medical savings accounts as defined  
265 in Section 71-9-3 as a plan option.

266 (6) Any premium differentials, differences in coverages,  
267 discounts determined by risk or by any other factors shall be  
268 uniformly applied to all active employees participating in the  
269 insurance plan. It is the intent of the Legislature that the  
270 state contribution to the plan be the same for each employee  
271 throughout the state.

272 (7) On October 1, 1999, any school district,  
273 community/junior college district or public library may elect to  
274 remain with an existing policy or policies of group life insurance  
275 with an insurance company approved by the State and School  
276 Employees Health Insurance Management Board, in lieu of  
277 participation in the State and School Life Insurance Plan. The  
278 state's contribution of up to fifty percent (50%) of the active  
279 employee's premium under the State and School Life Insurance Plan  
280 may be applied toward the cost of coverage for full-time employees  
281 participating in the approved life insurance company group plan.  
282 For purposes of this subsection (7), "life insurance company group  
283 plan" means a plan administered or sold by a private insurance  
284 company. After October 1, 1999, the board may assess charges in  
285 addition to the existing State and School Life Insurance Plan  
286 rates to such employees as a condition of enrollment in the State  
287 and School Life Insurance Plan. In order for any life insurance  
288 company group plan existing as of October 1, 1999, to be approved  
289 by the State and School Employees Health Insurance Management  
290 Board under this subsection (7), it shall meet the following  
291 criteria:

292 (a) The insurance company offering the group life  
293 insurance plan shall be rated "A-" or better by A.M. Best state  
294 insurance rating service and be licensed as an admitted carrier in  
295 the State of Mississippi by the Mississippi Department of  
296 Insurance.

297 (b) The insurance company group life insurance plan  
298 shall provide the same life insurance, accidental death and  
299 dismemberment insurance and waiver of premium benefits as provided  
300 in the State and School Life Insurance Plan.

301 (c) The insurance company group life insurance plan  
302 shall be fully insured, and no form of self-funding life insurance  
303 by such company shall be approved.

304 (d) The insurance company group life insurance plan  
305 shall have one (1) composite rate per One Thousand Dollars  
306 (\$1,000.00) of coverage for active employees regardless of age and  
307 one (1) composite rate per One Thousand Dollars (\$1,000.00) of  
308 coverage for all retirees regardless of age or type of retiree.

309 (e) The insurance company and its group life insurance  
310 plan shall comply with any administrative requirements of the  
311 State and School Employees Health Insurance Management Board. In  
312 the event any insurance company providing group life insurance  
313 benefits to employees under this subsection (7) fails to comply  
314 with any requirements specified herein or any administrative  
315 requirements of the board, the state shall discontinue providing  
316 funding for the cost of such insurance.

317 **SECTION 3.** Section 43-13-117, Mississippi Code of 1972, is  
318 amended as follows:

319 43-13-117. Medicaid as authorized by this article shall  
320 include payment of part or all of the costs, at the discretion of  
321 the division or its successor, with approval of the Governor, of  
322 the following types of care and services rendered to eligible  
323 applicants who \* \* \* have been determined to be eligible for that

324 care and services, within the limits of state appropriations and  
325 federal matching funds:

326 (1) Inpatient hospital services.

327 (a) The division shall allow thirty (30) days of  
328 inpatient hospital care annually for all Medicaid recipients.  
329 Precertification of inpatient days must be obtained as required by  
330 the division. The division may allow unlimited days in  
331 disproportionate hospitals as defined by the division for eligible  
332 infants under the age of six (6) years.

333 (b) From and after July 1, 1994, the Executive  
334 Director of the Division of Medicaid shall amend the Mississippi  
335 Title XIX Inpatient Hospital Reimbursement Plan to remove the  
336 occupancy rate penalty from the calculation of the Medicaid  
337 Capital Cost Component utilized to determine total hospital costs  
338 allocated to the Medicaid program.

339 (c) Hospitals will receive an additional payment  
340 for the implantable programmable baclofen drug pump used to treat  
341 spasticity which is implanted on an inpatient basis. The payment  
342 pursuant to written invoice will be in addition to the facility's  
343 per diem reimbursement and will represent a reduction of costs on  
344 the facility's annual cost report, and shall not exceed Ten  
345 Thousand Dollars (\$10,000.00) per year per recipient. This  
346 paragraph (c) shall stand repealed on July 1, 2005.

347 (2) Outpatient hospital services. \* \* \* Where the same  
348 services are reimbursed as clinic services, the division may  
349 revise the rate or methodology of outpatient reimbursement to  
350 maintain consistency, efficiency, economy and quality of  
351 care. \* \* \*

352 (3) Laboratory and x-ray services.

353 (4) Nursing facility services.

354 (a) The division shall make full payment to  
355 nursing facilities for each day, not exceeding fifty-two (52) days  
356 per year, that a patient is absent from the facility on home

357 leave. Payment may be made for the following home leave days in  
358 addition to the fifty-two-day limitation: Christmas, the day  
359 before Christmas, the day after Christmas, Thanksgiving, the day  
360 before Thanksgiving and the day after Thanksgiving.

361 (b) From and after July 1, 1997, the division  
362 shall implement the integrated case-mix payment and quality  
363 monitoring system, which includes the fair rental system for  
364 property costs and in which recapture of depreciation is  
365 eliminated. The division may reduce the payment for hospital  
366 leave and therapeutic home leave days to the lower of the case-mix  
367 category as computed for the resident on leave using the  
368 assessment being utilized for payment at that point in time, or a  
369 case-mix score of 1.000 for nursing facilities, and shall compute  
370 case-mix scores of residents so that only services provided at the  
371 nursing facility are considered in calculating a facility's per  
372 diem.

373 (c) From and after July 1, 1997, all state-owned  
374 nursing facilities shall be reimbursed on a full reasonable cost  
375 basis.

376 (d) When a facility of a category that does not  
377 require a certificate of need for construction and that could not  
378 be eligible for Medicaid reimbursement is constructed to nursing  
379 facility specifications for licensure and certification, and the  
380 facility is subsequently converted to a nursing facility under a  
381 certificate of need that authorizes conversion only and the  
382 applicant for the certificate of need was assessed an application  
383 review fee based on capital expenditures incurred in constructing  
384 the facility, the division shall allow reimbursement for capital  
385 expenditures necessary for construction of the facility that were  
386 incurred within the twenty-four (24) consecutive calendar months  
387 immediately preceding the date that the certificate of need  
388 authorizing the conversion was issued, to the same extent that  
389 reimbursement would be allowed for construction of a new nursing

390 facility under a certificate of need that authorizes that  
391 construction. The reimbursement authorized in this subparagraph  
392 (d) may be made only to facilities the construction of which was  
393 completed after June 30, 1989. Before the division shall be  
394 authorized to make the reimbursement authorized in this  
395 subparagraph (d), the division first must have received approval  
396 from the Health Care Financing Administration of the United States  
397 Department of Health and Human Services of the change in the state  
398 Medicaid plan providing for the reimbursement.

399 (e) The division shall develop and implement, not  
400 later than January 1, 2001, a case-mix payment add-on determined  
401 by time studies and other valid statistical data that will  
402 reimburse a nursing facility for the additional cost of caring for  
403 a resident who has a diagnosis of Alzheimer's or other related  
404 dementia and exhibits symptoms that require special care. Any  
405 such case-mix add-on payment shall be supported by a determination  
406 of additional cost. The division shall also develop and implement  
407 as part of the fair rental reimbursement system for nursing  
408 facility beds, an Alzheimer's resident bed depreciation enhanced  
409 reimbursement system that will provide an incentive to encourage  
410 nursing facilities to convert or construct beds for residents with  
411 Alzheimer's or other related dementia.

412 (f) The Division of Medicaid shall develop and  
413 implement a referral process for long-term care alternatives for  
414 Medicaid beneficiaries and applicants. No Medicaid beneficiary  
415 shall be admitted to a Medicaid-certified nursing facility unless  
416 a licensed physician certifies that nursing facility care is  
417 appropriate for that person on a standardized form to be prepared  
418 and provided to nursing facilities by the Division of Medicaid.  
419 The physician shall forward a copy of that certification to the  
420 Division of Medicaid within twenty-four (24) hours after it is  
421 signed by the physician. Any physician who fails to forward the  
422 certification to the Division of Medicaid within the time period

423 specified in this paragraph shall be ineligible for Medicaid  
424 reimbursement for any physician's services performed for the  
425 applicant. The Division of Medicaid shall determine, through an  
426 assessment of the applicant conducted within two (2) business days  
427 after receipt of the physician's certification, whether the  
428 applicant also could live appropriately and cost-effectively at  
429 home or in some other community-based setting if home- or  
430 community-based services were available to the applicant. The  
431 time limitation prescribed in this paragraph shall be waived in  
432 cases of emergency. If the Division of Medicaid determines that a  
433 home- or other community-based setting is appropriate and  
434 cost-effective, the division shall:

435 (i) Advise the applicant or the applicant's  
436 legal representative that a home- or other community-based setting  
437 is appropriate;

438 (ii) Provide a proposed care plan and inform  
439 the applicant or the applicant's legal representative regarding  
440 the degree to which the services in the care plan are available in  
441 a home- or in other community-based setting rather than nursing  
442 facility care; and

443 (iii) Explain that the plan and services are  
444 available only if the applicant or the applicant's legal  
445 representative chooses a home- or community-based alternative to  
446 nursing facility care, and that the applicant is free to choose  
447 nursing facility care.

448 The Division of Medicaid may provide the services described  
449 in this paragraph (f) directly or through contract with case  
450 managers from the local Area Agencies on Aging, and shall  
451 coordinate long-term care alternatives to avoid duplication with  
452 hospital discharge planning procedures.

453 Placement in a nursing facility may not be denied by the  
454 division if home- or community-based services that would be more  
455 appropriate than nursing facility care are not actually available,

456 or if the applicant chooses not to receive the appropriate home-  
457 or community-based services.

458 The division shall provide an opportunity for a fair hearing  
459 under federal regulations to any applicant who is not given the  
460 choice of home- or community-based services as an alternative to  
461 institutional care.

462 The division shall make full payment for long-term care  
463 alternative services.

464 The division shall apply for necessary federal waivers to  
465 assure that additional services providing alternatives to nursing  
466 facility care are made available to applicants for nursing  
467 facility care.

468 (5) Periodic screening and diagnostic services for  
469 individuals under age twenty-one (21) years as are needed to  
470 identify physical and mental defects and to provide health care  
471 treatment and other measures designed to correct or ameliorate  
472 defects and physical and mental illness and conditions discovered  
473 by the screening services regardless of whether these services are  
474 included in the state plan. The division may include in its  
475 periodic screening and diagnostic program those discretionary  
476 services authorized under the federal regulations adopted to  
477 implement Title XIX of the federal Social Security Act, as  
478 amended. The division, in obtaining physical therapy services,  
479 occupational therapy services, and services for individuals with  
480 speech, hearing and language disorders, may enter into a  
481 cooperative agreement with the State Department of Education for  
482 the provision of those services to handicapped students by public  
483 school districts using state funds that are provided from the  
484 appropriation to the Department of Education to obtain federal  
485 matching funds through the division. The division, in obtaining  
486 medical and psychological evaluations for children in the custody  
487 of the State Department of Human Services may enter into a  
488 cooperative agreement with the State Department of Human Services

489 for the provision of those services using state funds that are  
490 provided from the appropriation to the Department of Human  
491 Services to obtain federal matching funds through the division.

492 On July 1, 1993, all fees for periodic screening and  
493 diagnostic services under this paragraph (5) shall be increased by  
494 twenty-five percent (25%) of the reimbursement rate in effect on  
495 June 30, 1993.

496 (6) Physician's services. The division shall allow  
497 twelve (12) physician visits annually. All fees for physicians'  
498 services that are covered only by Medicaid shall be reimbursed at  
499 ninety percent (90%) of the rate established on January 1, 1999,  
500 and as adjusted each January thereafter, under Medicare (Title  
501 XVIII of the Social Security Act, as amended), and which shall in  
502 no event be less than seventy percent (70%) of the rate  
503 established on January 1, 1994. All fees for physicians' services  
504 that are covered by both Medicare and Medicaid shall be reimbursed  
505 at ten percent (10%) of the adjusted Medicare payment established  
506 on January 1, 1999, and as adjusted each January thereafter, under  
507 Medicare (Title XVIII of the Social Security Act, as amended), and  
508 which shall in no event be less than seventy percent (70%) of the  
509 adjusted Medicare payment established on January 1, 1994.

510 (7) (a) Home health services for eligible persons, not  
511 to exceed in cost the prevailing cost of nursing facility  
512 services, not to exceed sixty (60) visits per year. All home  
513 health visits must be precertified as required by the division.

514 (b) Repealed.

515 (8) Emergency medical transportation services. On  
516 January 1, 1994, emergency medical transportation services shall  
517 be reimbursed at seventy percent (70%) of the rate established  
518 under Medicare (Title XVIII of the Social Security Act, as  
519 amended). "Emergency medical transportation services" shall mean,  
520 but shall not be limited to, the following services by a properly  
521 permitted ambulance operated by a properly licensed provider in

522 accordance with the Emergency Medical Services Act of 1974  
523 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced  
524 life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids,  
525 (vi) disposable supplies, (vii) similar services.

526 (9) Legend and other drugs as may be determined by the  
527 division. The division may implement a program of prior approval  
528 for drugs to the extent permitted by law. Payment by the division  
529 for covered multiple source drugs shall be limited to the lower of  
530 the upper limits established and published by the Centers for  
531 Medicare and Medicaid Services (CMS) plus a dispensing fee of Four  
532 Dollars and Ninety-one Cents (\$4.91), or the estimated acquisition  
533 cost (EAC) as determined by the division plus a dispensing fee of  
534 Four Dollars and Ninety-one Cents (\$4.91), or the providers' usual  
535 and customary charge to the general public. The division shall  
536 allow ten (10) prescriptions per month for noninstitutionalized  
537 Medicaid recipients.

538 Payment for other covered drugs, other than multiple source  
539 drugs with CMS upper limits, shall not exceed the lower of the  
540 estimated acquisition cost as determined by the division plus a  
541 dispensing fee of Four Dollars and Ninety-one Cents (\$4.91) or the  
542 providers' usual and customary charge to the general public.

543 Payment for nonlegend or over-the-counter drugs covered on  
544 the division's formulary shall be reimbursed at the lower of the  
545 division's estimated shelf price or the providers' usual and  
546 customary charge to the general public. No dispensing fee shall  
547 be paid.

548 The division's drug formulary shall be in compliance with the  
549 provisions of Section 1 of this act.

550 The division shall develop and implement a program of payment  
551 for additional pharmacist services, with payment to be based on  
552 demonstrated savings, but in no case shall the total payment  
553 exceed twice the amount of the dispensing fee.

554           As used in this paragraph (9), "estimated acquisition cost"  
555 means the division's best estimate of what price providers  
556 generally are paying for a drug in the package size that providers  
557 buy most frequently. Product selection shall be made in  
558 compliance with existing state law; however, the division may  
559 reimburse as if the prescription had been filled under the generic  
560 name. The division may provide otherwise in the case of specified  
561 drugs when the consensus of competent medical advice is that  
562 trademarked drugs are substantially more effective.

563           (10) Dental care that is an adjunct to treatment of an  
564 acute medical or surgical condition; services of oral surgeons and  
565 dentists in connection with surgery related to the jaw or any  
566 structure contiguous to the jaw or the reduction of any fracture  
567 of the jaw or any facial bone; and emergency dental extractions  
568 and treatment related thereto. On July 1, 1999, all fees for  
569 dental care and surgery under authority of this paragraph (10)  
570 shall be increased to one hundred sixty percent (160%) of the  
571 amount of the reimbursement rate that was in effect on June 30,  
572 1999. It is the intent of the Legislature to encourage more  
573 dentists to participate in the Medicaid program.

574           (11) Eyeglasses necessitated by reason of eye surgery,  
575 and as prescribed by a physician skilled in diseases of the eye or  
576 an optometrist, whichever the patient may select, or one (1) pair  
577 every three (3) years as prescribed by a physician or an  
578 optometrist, whichever the patient may select.

579           (12) Intermediate care facility services.

580           (a) The division shall make full payment to all  
581 intermediate care facilities for the mentally retarded for each  
582 day, not exceeding eighty-four (84) days per year, that a patient  
583 is absent from the facility on home leave. Payment may be made  
584 for the following home leave days in addition to the  
585 eighty-four-day limitation: Christmas, the day before Christmas,

586 the day after Christmas, Thanksgiving, the day before Thanksgiving  
587 and the day after Thanksgiving.

588 (b) All state-owned intermediate care facilities  
589 for the mentally retarded shall be reimbursed on a full reasonable  
590 cost basis.

592 supplies and devices, when those services are under the  
593 supervision of a physician.

595 therapeutic, rehabilitative or palliative services furnished to an  
596 outpatient by or under the supervision of a physician or dentist  
597 in a facility that is not a part of a hospital but that is  
598 organized and operated to provide medical care to outpatients.  
599 Clinic services shall include any services reimbursed as  
600 outpatient hospital services that may be rendered in such a  
601 facility, including those that become so after July 1, 1991. On  
602 July 1, 1999, all fees for physicians' services reimbursed under  
603 authority of this paragraph (14) shall be reimbursed at ninety  
604 percent (90%) of the rate established on January 1, 1999, and as  
605 adjusted each January thereafter, under Medicare (Title XVIII of  
606 the Social Security Act, as amended), and which shall in no event  
607 be less than seventy percent (70%) of the rate established on  
608 January 1, 1994. All fees for physicians' services that are  
609 covered by both Medicare and Medicaid shall be reimbursed at ten  
610 percent (10%) of the adjusted Medicare payment established on  
611 January 1, 1999, and as adjusted each January thereafter, under  
612 Medicare (Title XVIII of the Social Security Act, as amended), and  
613 which shall in no event be less than seventy percent (70%) of the  
614 adjusted Medicare payment established on January 1, 1994. On July  
615 1, 1999, all fees for dentists' services reimbursed under  
616 authority of this paragraph (14) shall be increased to one hundred  
617 sixty percent (160%) of the amount of the reimbursement rate that  
618 was in effect on June 30, 1999.

619           (15) Home- and community-based services, as provided  
620 under Title XIX of the federal Social Security Act, as amended,  
621 under waivers, subject to the availability of funds specifically  
622 appropriated therefor by the Legislature. Payment for those  
623 services shall be limited to individuals who would be eligible for  
624 and would otherwise require the level of care provided in a  
625 nursing facility. The home- and community-based services  
626 authorized under this paragraph shall be expanded over a five-year  
627 period beginning July 1, 1999. The division shall certify case  
628 management agencies to provide case management services and  
629 provide for home- and community-based services for eligible  
630 individuals under this paragraph. The home- and community-based  
631 services under this paragraph and the activities performed by  
632 certified case management agencies under this paragraph shall be  
633 funded using state funds that are provided from the appropriation  
634 to the Division of Medicaid and used to match federal funds.

635           (16) Mental health services. Approved therapeutic and  
636 case management services provided by (a) an approved regional  
637 mental health/retardation center established under Sections  
638 41-19-31 through 41-19-39, or by another community mental health  
639 service provider meeting the requirements of the Department of  
640 Mental Health to be an approved mental health/retardation center  
641 if determined necessary by the Department of Mental Health, using  
642 state funds that are provided from the appropriation to the State  
643 Department of Mental Health and used to match federal funds under  
644 a cooperative agreement between the division and the department,  
645 or (b) a facility that is certified by the State Department of  
646 Mental Health to provide therapeutic and case management services,  
647 to be reimbursed on a fee for service basis. Any such services  
648 provided by a facility described in paragraph (b) must have the  
649 prior approval of the division to be reimbursable under this  
650 section. After June 30, 1997, mental health services provided by  
651 regional mental health/retardation centers established under

652 Sections 41-19-31 through 41-19-39, or by hospitals as defined in  
653 Section 41-9-3(a) and/or their subsidiaries and divisions, or by  
654 psychiatric residential treatment facilities as defined in Section  
655 43-11-1, or by another community mental health service provider  
656 meeting the requirements of the Department of Mental Health to be  
657 an approved mental health/retardation center if determined  
658 necessary by the Department of Mental Health, shall not be  
659 included in or provided under any capitated managed care pilot  
660 program provided for under paragraph (24) of this section.

661 (17) Durable medical equipment services and medical  
662 supplies. Precertification of durable medical equipment and  
663 medical supplies must be obtained as required by the division.  
664 The Division of Medicaid may require durable medical equipment  
665 providers to obtain a surety bond in the amount and to the  
666 specifications as established by the Balanced Budget Act of 1997.

667 (18) (a) Notwithstanding any other provision of this  
668 section to the contrary, the division shall make additional  
669 reimbursement to hospitals that serve a disproportionate share of  
670 low-income patients and that meet the federal requirements for  
671 those payments as provided in Section 1923 of the federal Social  
672 Security Act and any applicable regulations. However, from and  
673 after January 1, 2000, no public hospital shall participate in the  
674 Medicaid disproportionate share program unless the public hospital  
675 participates in an intergovernmental transfer program as provided  
676 in Section 1903 of the federal Social Security Act and any

678 participating hospitals shall be provided by the Mississippi

681 Payment Limits Program as defined in Section 1902(a)(30) of the  
682 federal Social Security Act and any applicable federal  
683 regulations. The division shall assess each hospital for the sole  
684 purpose of financing the state portion of the Medicare Upper

685 Payment Limits Program. This assessment shall be based on  
686 Medicaid utilization, or other appropriate method consistent with  
687 federal regulations, and will remain in effect as long as the  
688 state participates in the Medicare Upper Payment Limits Program.  
689 The division shall make additional reimbursement to hospitals for  
690 the Medicare Upper Payment Limits as defined in Section  
691 1902(a)(30) of the federal Social Security Act and any applicable

700 division shall promulgate regulations to be effective from and  
701 after October 1, 1988, to establish a comprehensive perinatal  
702 system for risk assessment of all pregnant and infant Medicaid  
703 recipients and for management, education and follow-up for those  
704 who are determined to be at risk. Services to be performed

714 Act (IDEA). The State Department of Health shall certify annually  
715 in writing to the executive director of the division the dollar  
716 amount of state early intervention funds available that will be  
717 utilized as a certified match for Medicaid matching funds. Those

718 funds then shall be used to provide expanded targeted case  
719 management services for Medicaid eligible children with special  
720 needs who are eligible for the state's early intervention system.

728 state funds that are provided from the appropriation to the State  
729 Department of Rehabilitation Services and used to match federal

745 qualified health centers and in clinics of the local health

765 by and under the authority of the division, the division shall be  
766 responsible for educating the Medicaid recipients who are  
767 participants in the managed care program regarding the manner in  
768 which the participants should seek health care under the program.  
769 Notwithstanding any other provision in this article to the  
770 contrary, the division shall establish rates of reimbursement to  
771 providers rendering care and services authorized under this  
772 paragraph (24), and may revise those rates of reimbursement  
773 without amendment to this section by the Legislature for the  
774 purpose of achieving effective and accessible health services, and  
775 for responsible containment of costs.

852 under waivers from the United States Department of Health and  
853 Human Services, using up to seventy-five percent (75%) of the  
854 funds that are appropriated to the Department of Rehabilitation  
855 Services from the Spinal Cord and Head Injury Trust Fund  
856 established under Section 37-33-261 and used to match federal  
857 funds under a cooperative agreement between the division and the  
858 department.

859           (42) Notwithstanding any other provision in this  
860 article to the contrary, the division may develop a population  
861 health management program for women and children health services  
862 through the age of two (2) years. This program is primarily for  
863 obstetrical care associated with low birth weight and pre-term  
864 babies. In order to effect cost savings, the division may develop  
865 a revised payment methodology that may include at-risk capitated  
866 payments.

867           (43) The division shall provide reimbursement,  
868 according to a payment schedule developed by the division, for  
869 smoking cessation medications for pregnant women during their  
870 pregnancy and other Medicaid-eligible women who are of  
871 child-bearing age.

872           (44) Nursing facility services for the severely  
873 disabled.

874                   (a) Severe disabilities include, but are not  
875 limited to, spinal cord injuries, closed head injuries and  
876 ventilator dependent patients.

877                   (b) Those services must be provided in a long-term  
878 care nursing facility dedicated to the care and treatment of  
879 persons with severe disabilities, and shall be reimbursed as a  
880 separate category of nursing facilities.

881           (45) Physician assistant services. Services furnished  
882 by a physician assistant who is licensed by the State Board of  
883 Medical Licensure and is practicing with physician supervision  
884 under regulations adopted by the board, under regulations adopted  
885 by the division. Reimbursement for those services shall not  
886 exceed ninety percent (90%) of the reimbursement rate for  
887 comparable services rendered by a physician.

888           (46) The division shall make application to the federal  
889 Centers for Medicare and Medicaid Services (CMS) for a waiver to  
890 develop and provide services for children with serious emotional  
891 disturbances as defined in Section 43-14-1(1), which may include  
892 home- and community-based services, case management services or  
893 managed care services through mental health providers certified by  
894 the Department of Mental Health. The division may implement and  
895 provide services under this waived program only if funds for  
896 these services are specifically appropriated for this purpose by  
897 the Legislature, or if funds are voluntarily provided by affected  
898 agencies.

899           Notwithstanding any provision of this article, except as  
900 authorized in the following paragraph and in Section 43-13-139,  
901 neither (a) the limitations on quantity or frequency of use of or  
902 the fees or charges for any of the care or services available to  
903 recipients under this section, nor (b) the payments or rates of  
904 reimbursement to providers rendering care or services authorized  
905 under this section to recipients, may be increased, decreased or  
906 otherwise changed from the levels in effect on July 1, 1999,  
907 unless they are authorized by an amendment to this section by the  
908 Legislature. However, the restriction in this paragraph shall not  
909 prevent the division from changing the payments or rates of  
910 reimbursement to providers without an amendment to this section  
911 whenever those changes are required by federal law or regulation,  
912 or whenever those changes are necessary to correct administrative

913 errors or omissions in calculating those payments or rates of  
914 reimbursement.

915 Notwithstanding any provision of this article, no new groups  
916 or categories of recipients and new types of care and services may  
917 be added without enabling legislation from the Mississippi  
918 Legislature, except that the division may authorize those changes  
919 without enabling legislation when the addition of recipients or  
920 services is ordered by a court of proper authority. The executive  
921 director shall keep the Governor advised on a timely basis of the  
922 funds available for expenditure and the projected expenditures.  
923 If current or projected expenditures of the division can be  
924 reasonably anticipated to exceed the amounts appropriated for any  
925 fiscal year, the Governor, after consultation with the executive  
926 director, shall discontinue any or all of the payment of the types  
927 of care and services as provided in this section that are deemed  
928 to be optional services under Title XIX of the federal Social  
929 Security Act, as amended, for any period necessary to not exceed  
930 appropriated funds, and when necessary shall institute any other  
931 cost containment measures on any program or programs authorized  
932 under the article to the extent allowed under the federal law  
933 governing that program or programs, it being the intent of the  
934 Legislature that expenditures during any fiscal year shall not  
935 exceed the amounts appropriated for that fiscal year.

936 Notwithstanding any other provision of this article, it shall  
937 be the duty of each nursing facility, intermediate care facility  
938 for the mentally retarded, psychiatric residential treatment  
939 facility, and nursing facility for the severely disabled that is  
940 participating in the Medicaid program to keep and maintain books,  
941 documents, and other records as prescribed by the Division of  
942 Medicaid in substantiation of its cost reports for a period of  
943 three (3) years after the date of submission to the Division of  
944 Medicaid of an original cost report, or three (3) years after the

945 date of submission to the Division of Medicaid of an amended cost  
946 report.

971 both, are used in the credentialing process upon request;

972             (e) When any provider application for participation is  
973 denied or contract is terminated, the reasons for denial or
