HOUSE BILL NO. 1351

1 AN ACT TO AMEND SECTION 27-104-13, MISSISSIPPI CODE OF 1972,
2 TO CLARIFY THAT THE STATE FISCAL OFFICER HAS THE DISCRETION TO
3 REDUCE AND REVISE THE ESTIMATES OF FUNDS FOR ANY AGENCY IF AT ANY
4 TIME HE FINDS THAT FUNDS WILL NOT BE AVAILABLE WITHIN THE PERIOD
5 FOR WHICH THE BUDGET IS DRAWN; TO MOVE INTO THIS CODE SECTION THE
6 LANGUAGE FROM SECTION 31-17-123, MISSISSIPPI CODE OF 1972, THAT
7 REQUIRES THE STATE FISCAL OFFICER TO REDUCE ALLOCATIONS OF FUNDS
8 TO AGENCIES AT THE END OF OCTOBER IF THE REVENUES FALL BELOW 98%
9 OF THE SINE DIE GENERAL FUND REVENUE ESTIMATE; TO AMEND SECTION
10 31-17-123, MISSISSIPPI CODE OF 1972, TO DELETE THE LANGUAGE THAT
11 IS MOVED TO THE PRECEDING SECTION; AND FOR RELATED PURPOSES.

12 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

13 **SECTION 1.** Section 27-104-13, Mississippi Code of 1972, is
14 amended as follows:

15 27-104-13. (1) The State Fiscal Officer may disapprove or
16 reduce and revise the estimates of general funds and state-source
17 special funds for any general fund or special fund agency and for
18 the "administration and other expenses" budget of the Mississippi
19 Department of Transportation, in an amount not to exceed five
20 percent (5%), if at any time he finds that funds will not be
21 available within the period for which the budget is drawn, or if
22 at any time he finds that the requested expenditures, or any part
23 thereof, are not authorized by law, and that action shall be
24 reported to the Legislative Budget Office.

25 The State Fiscal Officer may, upon his determination of need
26 based upon a finding that funds will not be available within the
27 period for which the budget is drawn, transfer funds as provided
28 in Section 27-103-203, from the Working Cash-Stabilization Reserve
29 Fund to the General Fund to supplement the general fund revenue.

30 If the estimates of general funds and state-source special
31 funds of all general fund and special fund agencies and of the

"administration and other expenses" budget of the Mississippi Department of Transportation have been reduced by five percent (5%), additional reductions may be made, but shall consist of a uniform percentage reduction of general funds and state-source special funds to all general fund and special fund agencies and to the "administration and other expenses" budget of the Mississippi Department of Transportation.

Any state-source special funds reduced under the provisions of this subsection (1) shall be transferred to the State General Fund upon requisitions for warrants signed by the respective agency head, and the transfer shall be made within a reasonable period to be determined by the State Fiscal Officer.

(2) The State Tax Commission and University Research Center, utilizing all available revenue forecast data, shall annually develop a general fund revenue estimate to be adopted by the Legislative Budget Office as of the date of sine die adjournment.

If, at the end of October, or at the end of any month thereafter of any fiscal year, the revenues received for the fiscal year fall below ninety-eight percent (98%) of the Legislative Budget Office general fund revenue estimate at the date of sine die adjournment, the State Fiscal Officer shall reduce allocations of general funds and state-source special funds to general fund and special fund agencies and to the "administration and other expenses" budget of the Mississippi Department of Transportation, in an amount necessary to keep expenditures within the sum of actual general fund receipts, including any transfers to the General Fund from the Working Cash-Stabilization Reserve Fund for the fiscal year.

The State Fiscal Officer may, upon his determination of need based on the revenue shortfall, transfer funds as provided in Section 27-103-203 from the Working Cash-Stabilization Reserve Fund to the General Fund to supplement the general fund revenue. State-source special funds in an amount equal to any reduction

65 made under the provisions of this subsection (2) shall be
66 transferred to the State General Fund upon requisitions for
67 warrants signed by the respective agency head, and the transfer
68 shall be made within a reasonable period to be determined by the
69 State Fiscal Officer.

70 No agency's allocation shall be reduced in an amount to
71 exceed five percent (5%); however, if the allocations of general
72 funds and state-source special funds to all general fund and
73 special fund agencies and to the "administration and other
74 expenses" budget of the Mississippi Department of Transportation
75 have been reduced by five percent (5%), any additional reductions
76 required to be made under this subsection (2) shall consist of a
77 uniform percentage reduction of general funds and state-source
78 special funds to all general fund and special fund agencies and to
79 the "administration and other expenses" budget of the Mississippi
80 Department of Transportation. Any receipt from loans authorized
81 by Sections 31-17-101 through 31-17-123 shall not be included as
82 revenue receipts.

83 The State Fiscal Officer shall immediately send notice of any
84 action taken under authority of this subsection (2) to the
85 Legislative Budget Office.

86 (3) For the purpose of this section, the term "state-source
87 special funds" * * * means any special funds in any agency derived
88 from any source, but shall not include the following special
89 funds: special funds derived from federal sources, from local or

106 amended as follows:

108 borrowing funds under the provisions of Sections 31-17-101 through
