SENATE BILL NO. 2612

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,  
2 TO PROVIDE FOR DIRECT MEDICAID REIMBURSEMENT FOR REGISTERED NURSE  
3 FIRST ASSISTANTS (RNFAs) SERVICES; AND FOR RELATED PURPOSES.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

5 **SECTION 1.** Section 43-13-117, Mississippi Code of 1972, is  
6 amended as follows:

7 43-13-117. Medical assistance as authorized by this article  
8 shall include payment of part or all of the costs, at the  
9 discretion of the division or its successor, with approval of the  
10 Governor, of the following types of care and services rendered to  
11 eligible applicants who shall have been determined to be eligible  
12 for such care and services, within the limits of state  
13 appropriations and federal matching funds:

14 (1) Inpatient hospital services.

15 (a) The division shall allow thirty (30) days of  
16 inpatient hospital care annually for all Medicaid recipients.  
17 Precertification of inpatient days must be obtained as required by  
18 the division. The division shall be authorized to allow unlimited  
19 days in disproportionate hospitals as defined by the division for  
20 eligible infants under the age of six (6) years.

21 (b) From and after July 1, 1994, the Executive  
22 Director of the Division of Medicaid shall amend the Mississippi  
23 Title XIX Inpatient Hospital Reimbursement Plan to remove the  
24 occupancy rate penalty from the calculation of the Medicaid  
25 Capital Cost Component utilized to determine total hospital costs  
26 allocated to the Medicaid program.

27                   (c) Hospitals will receive an additional payment  
28 for the implantable programmable baclofen drug pump used to treat  
29 spasticity which is implanted on an inpatient basis. The payment  
30 pursuant to written invoice will be in addition to the facility's  
31 per diem reimbursement and will represent a reduction of costs on  
32 the facility's annual cost report, and shall not exceed Ten  
33 Thousand Dollars (\$10,000.00) per year per recipient. This  
34 paragraph (c) shall stand repealed on July 1, 2005.

35                   (2) Outpatient hospital services. Provided that where  
36 the same services are reimbursed as clinic services, the division  
37 may revise the rate or methodology of outpatient reimbursement to  
38 maintain consistency, efficiency, economy and quality of care.  
39 The division shall develop a Medicaid-specific cost-to-charge  
40 ratio calculation from data provided by hospitals to determine an  
41 allowable rate payment for outpatient hospital services, and shall  
42 submit a report thereon to the Medical Advisory Committee on or  
43 before December 1, 1999. The committee shall make a  
44 recommendation on the specific cost-to-charge reimbursement method  
45 for outpatient hospital services to the 2000 Regular Session of  
46 the Legislature.

47                   (3) Laboratory and x-ray services.

48                   (4) Nursing facility services.

49                   (a) The division shall make full payment to  
50 nursing facilities for each day, not exceeding fifty-two (52) days  
51 per year, that a patient is absent from the facility on home  
52 leave. Payment may be made for the following home leave days in  
53 addition to the fifty-two-day limitation: Christmas, the day  
54 before Christmas, the day after Christmas, Thanksgiving, the day  
55 before Thanksgiving and the day after Thanksgiving.

56                   (b) From and after July 1, 1997, the division  
57 shall implement the integrated case-mix payment and quality  
58 monitoring system, which includes the fair rental system for  
59 property costs and in which recapture of depreciation is

60 eliminated. The division may reduce the payment for hospital  
61 leave and therapeutic home leave days to the lower of the case-mix  
62 category as computed for the resident on leave using the  
63 assessment being utilized for payment at that point in time, or a  
64 case-mix score of 1.000 for nursing facilities, and shall compute  
65 case-mix scores of residents so that only services provided at the  
66 nursing facility are considered in calculating a facility's per  
67 diem.

68 (c) From and after July 1, 1997, all state-owned  
69 nursing facilities shall be reimbursed on a full reasonable cost  
70 basis.

71 (d) When a facility of a category that does not  
72 require a certificate of need for construction and that could not  
73 be eligible for Medicaid reimbursement is constructed to nursing  
74 facility specifications for licensure and certification, and the  
75 facility is subsequently converted to a nursing facility pursuant  
76 to a certificate of need that authorizes conversion only and the  
77 applicant for the certificate of need was assessed an application  
78 review fee based on capital expenditures incurred in constructing  
79 the facility, the division shall allow reimbursement for capital  
80 expenditures necessary for construction of the facility that were  
81 incurred within the twenty-four (24) consecutive calendar months  
82 immediately preceding the date that the certificate of need  
83 authorizing such conversion was issued, to the same extent that  
84 reimbursement would be allowed for construction of a new nursing  
85 facility pursuant to a certificate of need that authorizes such  
86 construction. The reimbursement authorized in this subparagraph  
87 (d) may be made only to facilities the construction of which was  
88 completed after June 30, 1989. Before the division shall be  
89 authorized to make the reimbursement authorized in this  
90 subparagraph (d), the division first must have received approval  
91 from the Health Care Financing Administration of the United States

92 Department of Health and Human Services of the change in the state  
93 Medicaid plan providing for such reimbursement.

94 (e) The division shall develop and implement, not  
95 later than January 1, 2001, a case-mix payment add-on determined  
96 by time studies and other valid statistical data which will  
97 reimburse a nursing facility for the additional cost of caring for  
98 a resident who has a diagnosis of Alzheimer's or other related  
99 dementia and exhibits symptoms that require special care. Any  
100 such case-mix add-on payment shall be supported by a determination  
101 of additional cost. The division shall also develop and implement  
102 as part of the fair rental reimbursement system for nursing  
103 facility beds, an Alzheimer's resident bed depreciation enhanced  
104 reimbursement system which will provide an incentive to encourage  
105 nursing facilities to convert or construct beds for residents with  
106 Alzheimer's or other related dementia.

107 (f) The Division of Medicaid shall develop and  
108 implement a referral process for long-term care alternatives for  
109 Medicaid beneficiaries and applicants. No Medicaid beneficiary  
110 shall be admitted to a Medicaid-certified nursing facility unless  
111 a licensed physician certifies that nursing facility care is  
112 appropriate for that person on a standardized form to be prepared  
113 and provided to nursing facilities by the Division of Medicaid.  
114 The physician shall forward a copy of that certification to the  
115 Division of Medicaid within twenty-four (24) hours after it is  
116 signed by the physician. Any physician who fails to forward the  
117 certification to the Division of Medicaid within the time period  
118 specified in this paragraph shall be ineligible for Medicaid  
119 reimbursement for any physician's services performed for the  
120 applicant. The Division of Medicaid shall determine, through an  
121 assessment of the applicant conducted within two (2) business days  
122 after receipt of the physician's certification, whether the  
123 applicant also could live appropriately and cost-effectively at  
124 home or in some other community-based setting if home- or

125 community-based services were available to the applicant. The  
126 time limitation prescribed in this paragraph shall be waived in  
127 cases of emergency. If the Division of Medicaid determines that a  
128 home- or other community-based setting is appropriate and  
129 cost-effective, the division shall:

130 (i) Advise the applicant or the applicant's  
131 legal representative that a home- or other community-based setting  
132 is appropriate;

133 (ii) Provide a proposed care plan and inform  
134 the applicant or the applicant's legal representative regarding  
135 the degree to which the services in the care plan are available in  
136 a home- or in other community-based setting rather than nursing  
137 facility care; and

138 (iii) Explain that such plan and services are  
139 available only if the applicant or the applicant's legal  
140 representative chooses a home- or community-based alternative to  
141 nursing facility care, and that the applicant is free to choose  
142 nursing facility care.

143 The Division of Medicaid may provide the services described  
144 in this paragraph (f) directly or through contract with case  
145 managers from the local Area Agencies on Aging, and shall  
146 coordinate long-term care alternatives to avoid duplication with  
147 hospital discharge planning procedures.

148 Placement in a nursing facility may not be denied by the  
149 division if home- or community-based services that would be more  
150 appropriate than nursing facility care are not actually available,  
151 or if the applicant chooses not to receive the appropriate home-  
152 or community-based services.

153 The division shall provide an opportunity for a fair hearing  
154 under federal regulations to any applicant who is not given the  
155 choice of home- or community-based services as an alternative to  
156 institutional care.

157           The division shall make full payment for long-term care  
158 alternative services.

159           The division shall apply for necessary federal waivers to  
160 assure that additional services providing alternatives to nursing  
161 facility care are made available to applicants for nursing  
162 facility care.

163           (5) Periodic screening and diagnostic services for  
164 individuals under age twenty-one (21) years as are needed to  
165 identify physical and mental defects and to provide health care  
166 treatment and other measures designed to correct or ameliorate  
167 defects and physical and mental illness and conditions discovered  
168 by the screening services regardless of whether these services are  
169 included in the state plan. The division may include in its  
170 periodic screening and diagnostic program those discretionary  
171 services authorized under the federal regulations adopted to  
172 implement Title XIX of the federal Social Security Act, as  
173 amended. The division, in obtaining physical therapy services,  
174 occupational therapy services, and services for individuals with  
175 speech, hearing and language disorders, may enter into a  
176 cooperative agreement with the State Department of Education for  
177 the provision of such services to handicapped students by public  
178 school districts using state funds which are provided from the  
179 appropriation to the Department of Education to obtain federal  
180 matching funds through the division. The division, in obtaining  
181 medical and psychological evaluations for children in the custody  
182 of the State Department of Human Services may enter into a  
183 cooperative agreement with the State Department of Human Services  
184 for the provision of such services using state funds which are  
185 provided from the appropriation to the Department of Human  
186 Services to obtain federal matching funds through the division.

187           On July 1, 1993, all fees for periodic screening and  
188 diagnostic services under this paragraph (5) shall be increased by

189 twenty-five percent (25%) of the reimbursement rate in effect on  
190 June 30, 1993.

191 (6) Physician's services. The division shall allow  
192 twelve (12) physician visits annually. All fees for physicians'  
193 services that are covered only by Medicaid shall be reimbursed at  
194 ninety percent (90%) of the rate established on January 1, 1999,  
195 and as adjusted each January thereafter, under Medicare (Title  
196 XVIII of the Social Security Act, as amended), and which shall in  
197 no event be less than seventy percent (70%) of the rate  
198 established on January 1, 1994. All fees for physicians' services  
199 that are covered by both Medicare and Medicaid shall be reimbursed  
200 at ten percent (10%) of the adjusted Medicare payment established  
201 on January 1, 1999, and as adjusted each January thereafter, under  
202 Medicare (Title XVIII of the Social Security Act, as amended), and  
203 which shall in no event be less than seventy percent (70%) of the  
204 adjusted Medicare payment established on January 1, 1994.

205 (7) (a) Home health services for eligible persons, not  
206 to exceed in cost the prevailing cost of nursing facility  
207 services, not to exceed sixty (60) visits per year. All home  
208 health visits must be precertified as required by the division.

209 (b) Repealed.

210 (8) Emergency medical transportation services. On  
211 January 1, 1994, emergency medical transportation services shall  
212 be reimbursed at seventy percent (70%) of the rate established  
213 under Medicare (Title XVIII of the Social Security Act, as  
214 amended). "Emergency medical transportation services" shall mean,  
215 but shall not be limited to, the following services by a properly  
216 permitted ambulance operated by a properly licensed provider in  
217 accordance with the Emergency Medical Services Act of 1974  
218 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced  
219 life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids,  
220 (vi) disposable supplies, (vii) similar services.

221 (9) Legend and other drugs as may be determined by the  
222 division. The division may implement a program of prior approval  
223 for drugs to the extent permitted by law. Payment by the division  
224 for covered multiple source drugs shall be limited to the lower of  
225 the upper limits established and published by the Health Care  
226 Financing Administration (HCFA) plus a dispensing fee of Four  
227 Dollars and Ninety-one Cents (\$4.91), or the estimated acquisition  
228 cost (EAC) as determined by the division plus a dispensing fee of  
229 Four Dollars and Ninety-one Cents (\$4.91), or the providers' usual  
230 and customary charge to the general public. The division shall  
231 allow ten (10) prescriptions per month for noninstitutionalized  
232 Medicaid recipients.

233 Payment for other covered drugs, other than multiple source  
234 drugs with HCFA upper limits, shall not exceed the lower of the  
235 estimated acquisition cost as determined by the division plus a  
236 dispensing fee of Four Dollars and Ninety-one Cents (\$4.91) or the  
237 providers' usual and customary charge to the general public.

238 Payment for nonlegend or over-the-counter drugs covered on  
239 the division's formulary shall be reimbursed at the lower of the  
240 division's estimated shelf price or the providers' usual and  
241 customary charge to the general public. No dispensing fee shall  
242 be paid.

243 The division shall develop and implement a program of payment  
244 for additional pharmacist services, with payment to be based on  
245 demonstrated savings, but in no case shall the total payment  
246 exceed twice the amount of the dispensing fee.

247 As used in this paragraph (9), "estimated acquisition cost"  
248 means the division's best estimate of what price providers  
249 generally are paying for a drug in the package size that providers  
250 buy most frequently. Product selection shall be made in  
251 compliance with existing state law; however, the division may  
252 reimburse as if the prescription had been filled under the generic  
253 name. The division may provide otherwise in the case of specified

254 drugs when the consensus of competent medical advice is that  
255 trademarked drugs are substantially more effective.

256 (10) Dental care that is an adjunct to treatment of an  
257 acute medical or surgical condition; services of oral surgeons and  
258 dentists in connection with surgery related to the jaw or any  
259 structure contiguous to the jaw or the reduction of any fracture  
260 of the jaw or any facial bone; and emergency dental extractions  
261 and treatment related thereto. On July 1, 1999, all fees for  
262 dental care and surgery under authority of this paragraph (10)  
263 shall be increased to one hundred sixty percent (160%) of the  
264 amount of the reimbursement rate that was in effect on June 30,  
265 1999. It is the intent of the Legislature to encourage more  
266 dentists to participate in the Medicaid program.

267 (11) Eyeglasses necessitated by reason of eye surgery,  
268 and as prescribed by a physician skilled in diseases of the eye or  
269 an optometrist, whichever the patient may select, or one (1) pair  
270 every three (3) years as prescribed by a physician or an  
271 optometrist, whichever the patient may select.

272 (12) Intermediate care facility services.

273 (a) The division shall make full payment to all  
274 intermediate care facilities for the mentally retarded for each  
275 day, not exceeding eighty-four (84) days per year, that a patient  
276 is absent from the facility on home leave. Payment may be made  
277 for the following home leave days in addition to the  
278 eighty-four-day limitation: Christmas, the day before Christmas,  
279 the day after Christmas, Thanksgiving, the day before Thanksgiving  
280 and the day after Thanksgiving.

281 (b) All state-owned intermediate care facilities  
282 for the mentally retarded shall be reimbursed on a full reasonable  
283 cost basis.

284 (13) Family planning services, including drugs,  
285 supplies and devices, when such services are under the supervision  
286 of a physician.

287           (14) Clinic services. Such diagnostic, preventive,  
288 therapeutic, rehabilitative or palliative services furnished to an  
289 outpatient by or under the supervision of a physician or dentist  
290 in a facility which is not a part of a hospital but which is  
291 organized and operated to provide medical care to outpatients.  
292 Clinic services shall include any services reimbursed as  
293 outpatient hospital services which may be rendered in such a  
294 facility, including those that become so after July 1, 1991. On  
295 July 1, 1999, all fees for physicians' services reimbursed under  
296 authority of this paragraph (14) shall be reimbursed at ninety  
297 percent (90%) of the rate established on January 1, 1999, and as  
298 adjusted each January thereafter, under Medicare (Title XVIII of  
299 the Social Security Act, as amended), and which shall in no event  
300 be less than seventy percent (70%) of the rate established on  
301 January 1, 1994. All fees for physicians' services that are  
302 covered by both Medicare and Medicaid shall be reimbursed at ten  
303 percent (10%) of the adjusted Medicare payment established on  
304 January 1, 1999, and as adjusted each January thereafter, under  
305 Medicare (Title XVIII of the Social Security Act, as amended), and  
306 which shall in no event be less than seventy percent (70%) of the  
307 adjusted Medicare payment established on January 1, 1994. On July  
308 1, 1999, all fees for dentists' services reimbursed under  
309 authority of this paragraph (14) shall be increased to one hundred  
310 sixty percent (160%) of the amount of the reimbursement rate that  
311 was in effect on June 30, 1999.

312           (15) Home- and community-based services, as provided  
313 under Title XIX of the federal Social Security Act, as amended,  
314 under waivers, subject to the availability of funds specifically  
315 appropriated therefor by the Legislature. Payment for such  
316 services shall be limited to individuals who would be eligible for  
317 and would otherwise require the level of care provided in a  
318 nursing facility. The home- and community-based services  
319 authorized under this paragraph shall be expanded over a five-year

320 period beginning July 1, 1999. The division shall certify case  
321 management agencies to provide case management services and  
322 provide for home- and community-based services for eligible  
323 individuals under this paragraph. The home- and community-based  
324 services under this paragraph and the activities performed by  
325 certified case management agencies under this paragraph shall be  
326 funded using state funds that are provided from the appropriation  
327 to the Division of Medicaid and used to match federal funds.

328 (16) Mental health services. Approved therapeutic and  
329 case management services provided by (a) an approved regional  
330 mental health/retardation center established under Sections  
331 41-19-31 through 41-19-39, or by another community mental health  
332 service provider meeting the requirements of the Department of  
333 Mental Health to be an approved mental health/retardation center  
334 if determined necessary by the Department of Mental Health, using  
335 state funds which are provided from the appropriation to the State  
336 Department of Mental Health and used to match federal funds under  
337 a cooperative agreement between the division and the department,  
338 or (b) a facility which is certified by the State Department of  
339 Mental Health to provide therapeutic and case management services,  
340 to be reimbursed on a fee for service basis. Any such services  
341 provided by a facility described in paragraph (b) must have the  
342 prior approval of the division to be reimbursable under this  
343 section. After June 30, 1997, mental health services provided by  
344 regional mental health/retardation centers established under  
345 Sections 41-19-31 through 41-19-39, or by hospitals as defined in  
346 Section 41-9-3(a) and/or their subsidiaries and divisions, or by  
347 psychiatric residential treatment facilities as defined in Section  
348 43-11-1, or by another community mental health service provider  
349 meeting the requirements of the Department of Mental Health to be  
350 an approved mental health/retardation center if determined  
351 necessary by the Department of Mental Health, shall not be

352 included in or provided under any capitated managed care pilot  
353 program provided for under paragraph (24) of this section.

354 (17) Durable medical equipment services and medical  
355 supplies. Precertification of durable medical equipment and  
356 medical supplies must be obtained as required by the division.  
357 The Division of Medicaid may require durable medical equipment  
358 providers to obtain a surety bond in the amount and to the  
359 specifications as established by the Balanced Budget Act of 1997.

360 (18) (a) Notwithstanding any other provision of this  
361 section to the contrary, the division shall make additional  
362 reimbursement to hospitals which serve a disproportionate share of  
363 low-income patients and which meet the federal requirements for  
364 such payments as provided in Section 1923 of the federal Social  
365 Security Act and any applicable regulations. However, from and  
366 after January 1, 2000, no public hospital shall participate in the  
367 Medicaid disproportionate share program unless the public hospital  
368 participates in an intergovernmental transfer program as provided  
369 in Section 1903 of the federal Social Security Act and any  
370 applicable regulations. Administration and support for  
371 participating hospitals shall be provided by the Mississippi  
372 Hospital Association.

373 (b) The division shall establish a Medicare Upper  
374 Payment Limits Program as defined in Section 1902 (a) (30) of the  
375 federal Social Security Act and any applicable federal  
376 regulations. The division shall assess each hospital for the sole  
377 purpose of financing the state portion of the Medicare Upper  
378 Payment Limits Program. This assessment shall be based on  
379 Medicaid utilization, or other appropriate method consistent with  
380 federal regulations, and will remain in effect as long as the  
381 state participates in the Medicare Upper Payment Limits Program.  
382 The division shall make additional reimbursement to hospitals for  
383 the Medicare Upper Payment Limits as defined in Section 1902 (a)  
384 (30) of the federal Social Security Act and any applicable federal

385 regulations. This paragraph (b) shall stand repealed from and  
386 after July 1, 2005.

387 (c) The division shall contract with the  
388 Mississippi Hospital Association to provide administrative support  
389 for the operation of the disproportionate share hospital program  
390 and the Medicare Upper Payment Limits Program. This paragraph (c)  
391 shall stand repealed from and after July 1, 2005.

392 (19) (a) Perinatal risk management services. The  
393 division shall promulgate regulations to be effective from and  
394 after October 1, 1988, to establish a comprehensive perinatal  
395 system for risk assessment of all pregnant and infant Medicaid  
396 recipients and for management, education and follow-up for those  
397 who are determined to be at risk. Services to be performed  
398 include case management, nutrition assessment/counseling,  
399 psychosocial assessment/counseling and health education. The  
400 division shall set reimbursement rates for providers in  
401 conjunction with the State Department of Health.

402 (b) Early intervention system services. The  
403 division shall cooperate with the State Department of Health,  
404 acting as lead agency, in the development and implementation of a  
405 statewide system of delivery of early intervention services,  
406 pursuant to Part H of the Individuals with Disabilities Education  
407 Act (IDEA). The State Department of Health shall certify annually  
408 in writing to the director of the division the dollar amount of  
409 state early intervention funds available which shall be utilized  
410 as a certified match for Medicaid matching funds. Those funds  
411 then shall be used to provide expanded targeted case management  
412 services for Medicaid eligible children with special needs who are  
413 eligible for the state's early intervention system.

414 Qualifications for persons providing service coordination shall be  
415 determined by the State Department of Health and the Division of  
416 Medicaid.

417           (20) Home- and community-based services for physically  
418 disabled approved services as allowed by a waiver from the United  
419 States Department of Health and Human Services for home- and  
420 community-based services for physically disabled people using  
421 state funds which are provided from the appropriation to the State  
422 Department of Rehabilitation Services and used to match federal  
423 funds under a cooperative agreement between the division and the  
424 department, provided that funds for these services are  
425 specifically appropriated to the Department of Rehabilitation  
426 Services.
