AMENDMENT No. 1 PROPOSED TO

Senate Bill NO. 2797

By Representative(s) Committee

**Amend by striking all after the enacting clause and inserting
in lieu thereof the following:**

7 **SECTION 1.** (1) The Legislature finds that the conservation
8 of water resources is vitally important to the future of our
9 state, and that in order to enhance the conservation of water
10 resources, it is necessary to grant specific authority for the
11 provision of submetering of water and wastewater disposal service.

12 (2) As used in this section, the following words and phrases
13 have the meanings ascribed in this subsection, unless the context
14 clearly indicates otherwise:

15 (a) "Apartment house" means one or more buildings
16 containing four (4) or more dwelling units that are occupied
17 primarily for nontransient use, including a residential
18 condominium whether rented or owner occupied, and if a dwelling
19 unit is rented, having rental paid at intervals of one (1) month
20 or longer.

21 (b) "Dwelling unit" means one or more rooms in an
22 apartment house or condominium, suitable for occupancy as a
23 residence, and containing kitchen and bathroom facilities, or a
24 manufactured home in a manufactured home community.

25 (c) "Customer" means the individual, firm or
26 corporation in whose name a master meter has been connected by a

27 public utility.

28 (d) "Owner" means the legal titleholder of an apartment
29 house or manufactured home community and any individual, firm or
30 corporation that purports to be the landlord of tenants in the
31 apartment house or manufactured home community.

32 (e) "Tenant" means a person who is entitled to occupy a
33 dwelling unit to the exclusion of others and who is obligated to
34 pay for the occupancy under a written or oral rental agreement.

35 (f) "Manufactured home community" means a property on
36 which spaces are rented for the occupancy of: (i) manufactured
37 homes for nontransient residential use and for which rental is
38 paid at intervals of one (1) month or longer; or (ii) recreational
39 vehicles for nontransient residential use for a time period of
40 three (3) months or longer.

41 (g) "Submetering" means the use of a metering device by
42 a customer who receives water and wastewater service from a public
43 utility, which metering device measures water supplied to a tenant
44 for the purpose of the customer's charging the tenant of a
45 dwelling unit separately for water and wastewater usage.

46 (3) (a) An apartment house owner, manufactured home
47 community owner or condominium manager may provide for submetering
48 of each dwelling unit or rental unit for the measurement of the
49 quantity of water consumed by the occupants of the unit. If
50 submetering is utilized, tenants may be charged separately for
51 water and wastewater services on a pass through allocated basis
52 for charges incurred by the customer. The charges for a tenant
53 may not exceed the tenant's pro rata share of all water and
54 wastewater services used by all of the tenants in that apartment
55 house, manufactured home community or condominium.

56 (b) Any apartment house owner, manufactured home
57 community owner or condominium manager utilizing submetering
58 pursuant to this section shall disclose the submetering to each
59 tenant and obtain from the tenant an acknowledgment of the
60 submetering in a written document.

61 (c) Submeters installed pursuant to this section must

62 meet the American Water Works Association standards for accuracy.

63 (d) In rendering charges to tenants pursuant to this
64 section, the customer shall provide:

65 (i) Beginning and ending meter reads;

66 (ii) A statement that the bill is not from the
67 public utility; and

68 (iii) A telephone number for tenant inquiries on
69 the bill.

70 (e) Water and wastewater services utilized by the
71 tenant may not be disconnected for nonpayment of submetered bills.
