108 (2) Major medical leave may be used for the illness or
109 injury of an employee or member of the employee's immediate family
110 as defined in subsection (3) of this section, only after the
111 employee has used one (1) day of accrued personal or compensatory
112 leave for each absence due to illness, or leave without pay if the
113 employee has no accrued personal or compensatory leave. Provided
114 that faculty members employed by the eight (8) public universities
115 on a nine-month basis may use major medical leave for the first
116 day of absence due to illness. However, major medical leave may
117 be used, without prior use of personal leave, to cover regularly

123 (32) consecutive working hours (combined personal leave and major
124 medical leave) major medical leave shall be authorized only when
125 certified by their attending physician.

126 (3) An employee may use up to three (3) days of earned major
127 medical leave for each occurrence of death in the immediate family

128 requiring the employee's absence from work. No qualifying time or
129 use of personal leave will be required prior to use of major
130 medical leave for this purpose. For the purpose of this
131 subsection (3), the immediate family is defined as spouse, parent,
132 stepparent, sibling, child, stepchild, grandchild, grandparent,
133 son- or daughter-in-law, mother- or father-in-law or brother- or
134 sister-in-law. Child means a biological, adopted or foster child,
135 or a child for whom the individual stands or stood in loco
136 parentis.

137 (4) Employees and appointed officers of the State of

139 earned prior to July 1, 1984, shall be credited with major medical
140 leave and personal leave as follows: All unused annual leave
141 shall be credited as personal leave.

142 Unused sick leave shall be divided between major medical
143 leave and personal leave at rates determined by the employee's
144 sick leave balance on June 30, 1984. The rates of conversion
145 shall be as follows:

146 Sick Leave	Percentage	Percentage
147 Balance as of	Converted to	Converted to
148 June 30, 1984	Personal Leave	Major Medical Leave
149 1 - 200 hours	20%	80%
150 201 - 400 hours	25%	75%
151 401 - 600 hours	30%	70%
152 601 or more hours	35%	65%

153 (5) Upon retirement from active employment each faculty
154 member of the state-supported public universities who is employed
155 on a nine-month basis shall receive credit and be paid for not
156 more than thirty (30) days of unused major medical leave for
157 service as a state employee. Unused major medical leave in excess
158 of thirty (30) days shall be counted as creditable service for the
159 purposes of the retirement system as provided in Sections
160 25-11-103 and 25-13-5.

(6) Any officer of the Mississippi Highway Safety Patrol who is injured by wound or accident in the line of duty shall not be required to use earned major medical leave during the period of recovery from such injury.

(7) For the purpose of Sections 25-3-91 through 25-3-99, the earned major medical leave of each employee shall be credited monthly after the completion of each calendar month, and the appointing authority shall not increase the amount of major medical leave to an employee's credit. It shall be unlawful for an appointing authority to grant major medical leave in an amount greater than was earned and accumulated by the officer or employee.

(8) Any employee may donate a portion of his or her earned personal leave or major medical leave to another employee who is suffering from a catastrophic injury or illness, as defined in Section 25-3-91, or to another employee who has a member of his or her immediate family who is suffering from a catastrophic injury or illness, in accordance with the following:

(a) The employee donating the leave (the "donor employee") shall designate the employee who is to receive the leave (the "recipient employee") and the amount of earned personal leave and major medical leave that is to be donated, and shall notify the donor employee's appointing authority or supervisor of his or her designation. The donor employee's appointing authority or supervisor then shall notify the recipient employee's appointing authority or supervisor of the amount of leave that has been donated by the donor employee to the recipient employee.

(b) The maximum amount of earned personal leave that an employee may donate to any other employee may not exceed a number of days that would leave the donor employee with fewer than seven (7) days of personal leave left, and the maximum amount of earned major medical leave that an employee may donate to any other

employee may not exceed fifty percent (50%) of the earned major medical leave of the donor employee.

(c) An employee must have exhausted all of his or her earned personal leave and major medical leave before he or she will be eligible to receive any leave donated by another employee.

(d) Before an employee may receive donated leave, he or she must provide his or her appointing authority or supervisor with a physician's statement that states the beginning date of the catastrophic injury or illness, a description of the injury or illness, and a prognosis for recovery and the anticipated date that the recipient employee will be able to return to work.

(e) If an employee is aggrieved by the decision of his or her appointing authority that the employee is not eligible to receive donated leave because the injury or illness of the employee or member of the employee's immediate family is not, in the appointing authority's determination, a catastrophic injury or illness, the employee may appeal the decision to the employee appeals board.

(f) Beginning on July 1, 2003, the maximum period of time that an employee may use donated leave without resuming work at his or her place of employment is one (1) calendar year, which year commences on the first day that the recipient employee uses donated leave. Donated leave that is not used because a recipient employee has used the maximum amount of donated leave authorized under this paragraph shall be returned to the donor employees in the manner provided under paragraph (g) of this subsection.

(g) If the total amount of leave that is donated to any employee is not used by the recipient employee, the donated leave shall be returned to the donor employees on a pro rata basis, based on the ratio of the number of days of leave donated by each donor employee to the total number of days of leave donated by all donor employees.

(h) The failure of any appointing authority or supervisor of any employee to properly deduct an employee's donation of leave to another employee from the donor employee's earned personal leave or major medical leave shall constitute just cause for the dismissal of the appointing authority or supervisor.

(i) Donated leave shall not be used in lieu of disability retirement.

(j) For the purposes of this subsection, "immediate family" means spouse, parent, stepparent, sibling, child or stepchild.

(k) This subsection shall stand repealed from and after July 1, 2005.

SECTION 3. Section 25-3-91, Mississippi Code of 1972, is amended as follows:

25-3-91. For purposes of Sections 25-3-91 through 25-3-99, the following words and terms shall have the meaning described herein, unless the context requires otherwise:

(a) "Appointing authority" shall mean such person, agency or authority authorized by law to employ individuals in state government, but shall not include the Board of Directors of the Mississippi Industries for the Blind.

(b) "Catastrophic injury or illness" means an injury or illness of an employee or a member of an employee's immediate family which totally incapacitates the employee from work, as verified by a licensed physician, and forces the employee to exhaust all leave time earned by that employee, resulting in the loss of compensation from the state for the employee. Conditions that are short-term in nature, including, but not limited to, common illnesses such as influenza and the measles, and common injuries, are not catastrophic. Chronic illnesses or injuries, such as cancer or major surgery, which result in intermittent absences from work and which are long-term in nature and require long recuperation periods may be considered catastrophic.

258 (c) "Employee" means a person appointed to a position
259 in the state service or nonstate service as defined in Section
260 25-9-107, for which he is compensated on a full-time permanent or
261 provisional basis, a temporary basis, or a part-time basis.

262 (d) "Workday" shall mean a day as defined in Section
263 25-1-98.

264 (e) "Temporary employment" means the employment of a
265 person in a temporary or time-limited position not to exceed
266 twelve (12) months.

267 (f) "Part-time employment" means the employment of a

269 **SECTION 4.** This act shall take effect and be in force from
270 and after July 1, 2003.
