SENATE BILL NO. 2857

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,
2 TO PRESCRIBE THE MEDICAID REIMBURSEMENT RATE FOR EMERGENCY
3 TRANSPORTATION SERVICES; AND FOR RELATED PURPOSES.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

5 **SECTION 1.** Section 43-13-117, Mississippi Code of 1972, is
6 amended as follows:

7 43-13-117. Medicaid as authorized by this article shall
8 include payment of part or all of the costs, at the discretion of
9 the division or its successor, with approval of the Governor, of
10 the following types of care and services rendered to eligible
11 applicants who have been determined to be eligible for that care
12 and services, within the limits of state appropriations and
13 federal matching funds:

14 (1) Inpatient hospital services.

15 (a) The division shall allow thirty (30) days of
16 inpatient hospital care annually for all Medicaid recipients.
17 Precertification of inpatient days must be obtained as required by
18 the division. The division may allow unlimited days in
19 disproportionate hospitals as defined by the division for eligible
20 infants under the age of six (6) years if certified as medically
21 necessary as required by the division.

22 (b) From and after July 1, 1994, the Executive
23 Director of the Division of Medicaid shall amend the Mississippi
24 Title XIX Inpatient Hospital Reimbursement Plan to remove the
25 occupancy rate penalty from the calculation of the Medicaid
26 Capital Cost Component utilized to determine total hospital costs
27 allocated to the Medicaid program.

28 (c) Hospitals will receive an additional payment
29 for the implantable programmable baclofen drug pump used to treat
30 spasticity which is implanted on an inpatient basis. The payment
31 pursuant to written invoice will be in addition to the facility's
32 per diem reimbursement and will represent a reduction of costs on
33 the facility's annual cost report, and shall not exceed Ten
34 Thousand Dollars (\$10,000.00) per year per recipient. This
35 subparagraph (c) shall stand repealed on July 1, 2005.

36 (2) Outpatient hospital services. Where the same
37 services are reimbursed as clinic services, the division may
38 revise the rate or methodology of outpatient reimbursement to
39 maintain consistency, efficiency, economy and quality of care.

40 (3) Laboratory and x-ray services.

41 (4) Nursing facility services.

42 (a) The division shall make full payment to
43 nursing facilities for each day, not exceeding fifty-two (52) days
44 per year, that a patient is absent from the facility on home
45 leave. Payment may be made for the following home leave days in
46 addition to the fifty-two-day limitation: Christmas, the day
47 before Christmas, the day after Christmas, Thanksgiving, the day
48 before Thanksgiving and the day after Thanksgiving.

49 (b) From and after July 1, 1997, the division
50 shall implement the integrated case-mix payment and quality
51 monitoring system, which includes the fair rental system for
52 property costs and in which recapture of depreciation is
53 eliminated. The division may reduce the payment for hospital
54 leave and therapeutic home leave days to the lower of the case-mix
55 category as computed for the resident on leave using the
56 assessment being utilized for payment at that point in time, or a
57 case-mix score of 1.000 for nursing facilities, and shall compute
58 case-mix scores of residents so that only services provided at the
59 nursing facility are considered in calculating a facility's per
60 diem.

61 During the period between May 1, 2002, and December 1, 2002,
62 the Chairmen of the Public Health and Welfare Committees of the
63 Senate and the House of Representatives may appoint a joint study
64 committee to consider the issue of setting uniform reimbursement
65 rates for nursing facilities. The study committee will consist of
66 the Chairmen of the Public Health and Welfare Committees, three
67 (3) members of the Senate and three (3) members of the House. The
68 study committee shall complete its work in not more than three (3)
69 meetings.

70 (c) From and after July 1, 1997, all state-owned
71 nursing facilities shall be reimbursed on a full reasonable cost
72 basis.

73 (d) When a facility of a category that does not
74 require a certificate of need for construction and that could not
75 be eligible for Medicaid reimbursement is constructed to nursing
76 facility specifications for licensure and certification, and the
77 facility is subsequently converted to a nursing facility under a
78 certificate of need that authorizes conversion only and the
79 applicant for the certificate of need was assessed an application
80 review fee based on capital expenditures incurred in constructing
81 the facility, the division shall allow reimbursement for capital
82 expenditures necessary for construction of the facility that were
83 incurred within the twenty-four (24) consecutive calendar months
84 immediately preceding the date that the certificate of need
85 authorizing the conversion was issued, to the same extent that
86 reimbursement would be allowed for construction of a new nursing
87 facility under a certificate of need that authorizes that
88 construction. The reimbursement authorized in this subparagraph
89 (d) may be made only to facilities the construction of which was
90 completed after June 30, 1989. Before the division shall be
91 authorized to make the reimbursement authorized in this
92 subparagraph (d), the division first must have received approval
93 from the Health Care Financing Administration of the United States

94 Department of Health and Human Services of the change in the state
95 Medicaid plan providing for the reimbursement.

96 (e) The division shall develop and implement, not
97 later than January 1, 2001, a case-mix payment add-on determined
98 by time studies and other valid statistical data that will
99 reimburse a nursing facility for the additional cost of caring for
100 a resident who has a diagnosis of Alzheimer's or other related
101 dementia and exhibits symptoms that require special care. Any
102 such case-mix add-on payment shall be supported by a determination
103 of additional cost. The division shall also develop and implement
104 as part of the fair rental reimbursement system for nursing
105 facility beds, an Alzheimer's resident bed depreciation enhanced
106 reimbursement system that will provide an incentive to encourage
107 nursing facilities to convert or construct beds for residents with
108 Alzheimer's or other related dementia.

109 (f) The Division of Medicaid shall develop and
110 implement a referral process for long-term care alternatives for
111 Medicaid beneficiaries and applicants. No Medicaid beneficiary
112 shall be admitted to a Medicaid-certified nursing facility unless
113 a licensed physician certifies that nursing facility care is
114 appropriate for that person on a standardized form to be prepared
115 and provided to nursing facilities by the Division of Medicaid.
116 The physician shall forward a copy of that certification to the
117 Division of Medicaid within twenty-four (24) hours after it is
118 signed by the physician. Any physician who fails to forward the
119 certification to the Division of Medicaid within the time period
120 specified in this paragraph shall be ineligible for Medicaid
121 reimbursement for any physician's services performed for the
122 applicant. The Division of Medicaid shall determine, through an
123 assessment of the applicant conducted within two (2) business days
124 after receipt of the physician's certification, whether the
125 applicant also could live appropriately and cost-effectively at
126 home or in some other community-based setting if home- or

127 community-based services were available to the applicant. The
128 time limitation prescribed in this subparagraph shall be waived in
129 cases of emergency. If the Division of Medicaid determines that a
130 home- or other community-based setting is appropriate and
131 cost-effective, the division shall:

132 (i) Advise the applicant or the applicant's
133 legal representative that a home- or other community-based setting
134 is appropriate;

135 (ii) Provide a proposed care plan and inform
136 the applicant or the applicant's legal representative regarding
137 the degree to which the services in the care plan are available in
138 a home- or in other community-based setting rather than nursing
139 facility care; and

140 (iii) Explain that the plan and services are
141 available only if the applicant or the applicant's legal
142 representative chooses a home- or community-based alternative to
143 nursing facility care, and that the applicant is free to choose
144 nursing facility care.

145 The Division of Medicaid may provide the services described
146 in this subparagraph (f) directly or through contract with case
147 managers from the local Area Agencies on Aging, and shall
148 coordinate long-term care alternatives to avoid duplication with
149 hospital discharge planning procedures.

150 Placement in a nursing facility may not be denied by the
151 division if home- or community-based services that would be more
152 appropriate than nursing facility care are not actually available,
153 or if the applicant chooses not to receive the appropriate home-
154 or community-based services.

155 The division shall provide an opportunity for a fair hearing
156 under federal regulations to any applicant who is not given the
157 choice of home- or community-based services as an alternative to
158 institutional care.

159 The division shall make full payment for long-term care
160 alternative services.

161 The division shall apply for necessary federal waivers to
162 assure that additional services providing alternatives to nursing
163 facility care are made available to applicants for nursing
164 facility care.

165 (5) Periodic screening and diagnostic services for
166 individuals under age twenty-one (21) years as are needed to
167 identify physical and mental defects and to provide health care
168 treatment and other measures designed to correct or ameliorate
169 defects and physical and mental illness and conditions discovered
170 by the screening services regardless of whether these services are
171 included in the state plan. The division may include in its
172 periodic screening and diagnostic program those discretionary
173 services authorized under the federal regulations adopted to
174 implement Title XIX of the federal Social Security Act, as
175 amended. The division, in obtaining physical therapy services,
176 occupational therapy services, and services for individuals with
177 speech, hearing and language disorders, may enter into a
178 cooperative agreement with the State Department of Education for
179 the provision of those services to handicapped students by public
180 school districts using state funds that are provided from the
181 appropriation to the Department of Education to obtain federal
182 matching funds through the division. The division, in obtaining
183 medical and psychological evaluations for children in the custody
184 of the State Department of Human Services may enter into a
185 cooperative agreement with the State Department of Human Services
186 for the provision of those services using state funds that are
187 provided from the appropriation to the Department of Human
188 Services to obtain federal matching funds through the division.

189 (6) Physician's services. The division shall allow
190 twelve (12) physician visits annually. All fees for physicians'
191 services that are covered only by Medicaid shall be reimbursed at

192 ninety percent (90%) of the rate established on January 1, 1999,
193 and as adjusted each January thereafter, under Medicare (Title
194 XVIII of the Social Security Act, as amended), and which shall in
195 no event be less than seventy percent (70%) of the rate
196 established on January 1, 1994. All fees for physicians' services
197 that are covered by both Medicare and Medicaid shall be reimbursed
198 at ten percent (10%) of the adjusted Medicare payment established
199 on January 1, 1999, and as adjusted each January thereafter, under
200 Medicare (Title XVIII of the Social Security Act, as amended), and
201 which shall in no event be less than seventy percent (70%) of the
202 adjusted Medicare payment established on January 1, 1994.

203 (7) (a) Home health services for eligible persons, not
204 to exceed in cost the prevailing cost of nursing facility
205 services, not to exceed sixty (60) visits per year. All home
206 health visits must be precertified as required by the division.

207 (b) Repealed.

208 (8) Emergency medical transportation services. On July
209 1, 2003, emergency medical transportation services shall be
210 reimbursed at Two Hundred Sixty Dollars (\$260.00) per trip and
211 Four Dollars (\$4.00) per mile. "Emergency medical transportation
212 services" shall mean, but shall not be limited to, the following
213 services by a properly permitted ambulance operated by a properly
214 licensed provider in accordance with the Emergency Medical
215 Services Act of 1974 (Section 41-59-1 et seq.): (i) basic life
216 support, (ii) advanced life support, (iii) mileage, (iv) oxygen,
217 (v) intravenous fluids, (vi) disposable supplies, (vii) similar
218 services.

219 (9) (a) Legend and other drugs as may be determined by
220 the division. The division shall opt out of the federal drug
221 rebate program and shall create a closed drug formulary as soon as
222 practicable after April 12, 2002. Drugs included on the formulary
223 will be those with the lowest and best price as determined through
224 a bidding process. The division may implement a program of prior

225 approval for drugs to the extent permitted by law. The division
226 shall allow seven (7) prescriptions per month for each
227 noninstitutionalized Medicaid recipient; however, after a
228 noninstitutionalized or institutionalized recipient has received
229 five (5) prescriptions in any month, each additional prescription
230 during that month must have the prior approval of the division.
231 The division shall not reimburse for any portion of a prescription
232 that exceeds a thirty-four-day supply of the drug based on the
233 daily dosage.

234 The dispensing fee for each new or refill prescription shall
235 be Three Dollars and Ninety-one Cents (\$3.91).

236 The division shall develop and implement a program of payment
237 for additional pharmacist services, with payment to be based on
238 demonstrated savings, but in no case shall the total payment
239 exceed twice the amount of the dispensing fee.

240 All claims for drugs for dually eligible Medicare/Medicaid
241 beneficiaries that are paid for by Medicare must be submitted to
242 Medicare for payment before they may be processed by the
243 division's on-line payment system.

244 The division shall develop a pharmacy policy in which drugs
245 in tamper-resistant packaging that are prescribed for a resident
246 of a nursing facility but are not dispensed to the resident shall
247 be returned to the pharmacy and not billed to Medicaid, in
248 accordance with guidelines of the State Board of Pharmacy.

249 (b) Legend and other drugs as may be determined by
250 the division. The division may implement a program of prior
251 approval for drugs to the extent permitted by law. Payment by the
252 division for covered multiple source drugs shall be limited to the
253 lower of the upper limits established and published by the Centers
254 for Medicare and Medicaid Services (CMS) plus a dispensing fee, or
255 the estimated acquisition cost (EAC) plus a dispensing fee, or the
256 providers' usual and customary charge to the general public. The
257 division shall allow seven (7) prescriptions per month for each

258 noninstitutionalized Medicaid recipient; however, after a
259 noninstitutionalized or institutionalized recipient has received
260 five (5) prescriptions in any month, each additional prescription
261 during that month must have the prior approval of the division.
262 The division shall not reimburse for any portion of a prescription
263 that exceeds a thirty-four-day supply of the drug based on the
264 daily dosage.

265 Payment for other covered drugs, other than multiple source
266 drugs with CMS upper limits, shall not exceed the lower of the
267 estimated acquisition cost plus a dispensing fee or the providers'
268 usual and customary charge to the general public.

269 Payment for nonlegend or over-the-counter drugs covered on
270 the division's formulary shall be reimbursed at the lower of the
271 division's estimated shelf price or the providers' usual and
272 customary charge to the general public. No dispensing fee shall
273 be paid.

274 The dispensing fee for each new or refill prescription shall
275 be Three Dollars and Ninety-one Cents (\$3.91).

276 The Medicaid provider shall not prescribe, the Medicaid
277 pharmacy shall not bill, and the division shall not reimburse for
278 name brand drugs if there are equally effective generic
279 equivalents available and if the generic equivalents are the least
280 expensive.

281 The division shall develop and implement a program of payment
282 for additional pharmacist services, with payment to be based on
283 demonstrated savings, but in no case shall the total payment
284 exceed twice the amount of the dispensing fee.

285 All claims for drugs for dually eligible Medicare/Medicaid
286 beneficiaries that are paid for by Medicare must be submitted to
287 Medicare for payment before they may be processed by the
288 division's on-line payment system.

289 The division shall develop a pharmacy policy in which drugs
290 in tamper-resistant packaging that are prescribed for a resident

291 of a nursing facility but are not dispensed to the resident shall
292 be returned to the pharmacy and not billed to Medicaid, in
293 accordance with guidelines of the State Board of Pharmacy.

294 As used in this paragraph (9), "estimated acquisition cost"
295 means twelve percent (12%) less than the average wholesale price
296 for a drug.

297 (c) The division may operate the drug program
298 under the provisions of subparagraph (b) until the closed drug
299 formulary required by subparagraph (a) is established and
300 implemented. Subparagraph (a) of this paragraph (9) shall stand
301 repealed on July 1, 2003.

302 (10) Dental care that is an adjunct to treatment of an
303 acute medical or surgical condition; services of oral surgeons and
304 dentists in connection with surgery related to the jaw or any
305 structure contiguous to the jaw or the reduction of any fracture
306 of the jaw or any facial bone; and emergency dental extractions
307 and treatment related thereto. On July 1, 1999, all fees for
308 dental care and surgery under authority of this paragraph (10)
309 shall be increased to one hundred sixty percent (160%) of the
310 amount of the reimbursement rate that was in effect on June 30,
311 1999. It is the intent of the Legislature to encourage more
312 dentists to participate in the Medicaid program.

313 (11) Eyeglasses for all Medicaid beneficiaries who have
314 (a) had surgery on the eyeball or ocular muscle that results in a
315 vision change for which eyeglasses or a change in eyeglasses is
316 medically indicated within six (6) months of the surgery and is in
317 accordance with policies established by the division, or (b) one
318 (1) pair every five (5) years and in accordance with policies
319 established by the division. In either instance, the eyeglasses
320 must be prescribed by a physician skilled in diseases of the eye
321 or an optometrist, whichever the beneficiary may select.

322 (12) Intermediate care facility services.

323 (a) The division shall make full payment to all
324 intermediate care facilities for the mentally retarded for each
325 day, not exceeding eighty-four (84) days per year, that a patient
326 is absent from the facility on home leave. Payment may be made
327 for the following home leave days in addition to the
328 eighty-four-day limitation: Christmas, the day before Christmas,
329 the day after Christmas, Thanksgiving, the day before Thanksgiving
330 and the day after Thanksgiving.

331 (b) All state-owned intermediate care facilities
332 for the mentally retarded shall be reimbursed on a full reasonable
333 cost basis.

334 (13) Family planning services, including drugs,
335 supplies and devices, when those services are under the
336 supervision of a physician.

337 (14) Clinic services. Such diagnostic, preventive,
338 therapeutic, rehabilitative or palliative services furnished to an
339 outpatient by or under the supervision of a physician or dentist
340 in a facility that is not a part of a hospital but that is
341 organized and operated to provide medical care to outpatients.
342 Clinic services shall include any services reimbursed as
343 outpatient hospital services that may be rendered in such a
344 facility, including those that become so after July 1, 1991. On
345 July 1, 1999, all fees for physicians' services reimbursed under
346 authority of this paragraph (14) shall be reimbursed at ninety
347 percent (90%) of the rate established on January 1, 1999, and as
348 adjusted each January thereafter, under Medicare (Title XVIII of
349 the Social Security Act, as amended), and which shall in no event
350 be less than seventy percent (70%) of the rate established on
351 January 1, 1994. All fees for physicians' services that are
352 covered by both Medicare and Medicaid shall be reimbursed at ten
353 percent (10%) of the adjusted Medicare payment established on
354 January 1, 1999, and as adjusted each January thereafter, under
355 Medicare (Title XVIII of the Social Security Act, as amended), and

356 which shall in no event be less than seventy percent (70%) of the
357 adjusted Medicare payment established on January 1, 1994. On July
358 1, 1999, all fees for dentists' services reimbursed under
359 authority of this paragraph (14) shall be increased to one hundred
360 sixty percent (160%) of the amount of the reimbursement rate that
361 was in effect on June 30, 1999.

362 (15) Home- and community-based services, as provided
363 under Title XIX of the federal Social Security Act, as amended,
364 under waivers, subject to the availability of funds specifically
365 appropriated therefor by the Legislature. Payment for those
366 services shall be limited to individuals who would be eligible for
367 and would otherwise require the level of care provided in a
368 nursing facility. The home- and community-based services
369 authorized under this paragraph shall be expanded over a five-year
370 period beginning July 1, 1999. The division shall certify case
371 management agencies to provide case management services and
372 provide for home- and community-based services for eligible
373 individuals under this paragraph. The home- and community-based
374 services under this paragraph and the activities performed by
375 certified case management agencies under this paragraph shall be
376 funded using state funds that are provided from the appropriation
377 to the Division of Medicaid and used to match federal funds.

378 (16) Mental health services. Approved therapeutic and
379 case management services (a) provided by an approved regional
380 mental health/retardation center established under Sections
381 41-19-31 through 41-19-39, or by another community mental health
382 service provider meeting the requirements of the Department of
383 Mental Health to be an approved mental health/retardation center
384 if determined necessary by the Department of Mental Health, using
385 state funds that are provided from the appropriation to the State
386 Department of Mental Health and/or funds transferred to the
387 department by a political subdivision or instrumentality of the
388 state and used to match federal funds under a cooperative

389 agreement between the division and the department, or (b) provided
390 by a facility that is certified by the State Department of Mental
391 Health to provide therapeutic and case management services, to be
392 reimbursed on a fee for service basis, or (c) provided in the
393 community by a facility or program operated by the Department of
394 Mental Health. Any such services provided by a facility described
395 in subparagraph (b) must have the prior approval of the division
396 to be reimbursable under this section. After June 30, 1997,
397 mental health services provided by regional mental
398 health/retardation centers established under Sections 41-19-31
399 through 41-19-39, or by hospitals as defined in Section 41-9-3(a)
400 and/or their subsidiaries and divisions, or by psychiatric
401 residential treatment facilities as defined in Section 43-11-1, or
402 by another community mental health service provider meeting the
403 requirements of the Department of Mental Health to be an approved
404 mental health/retardation center if determined necessary by the
405 Department of Mental Health, shall not be included in or provided
406 under any capitated managed care pilot program provided for under
407 paragraph (24) of this section.

408 (17) Durable medical equipment services and medical
409 supplies. Precertification of durable medical equipment and
410 medical supplies must be obtained as required by the division.
411 The Division of Medicaid may require durable medical equipment
412 providers to obtain a surety bond in the amount and to the
413 specifications as established by the Balanced Budget Act of 1997.

414 (18) (a) Notwithstanding any other provision of this
415 section to the contrary, the division shall make additional
416 reimbursement to hospitals that serve a disproportionate share of
417 low-income patients and that meet the federal requirements for
418 those payments as provided in Section 1923 of the federal Social
419 Security Act and any applicable regulations. However, from and
420 after January 1, 1999, no public hospital shall participate in the
421 Medicaid disproportionate share program unless the public hospital

422 participates in an intergovernmental transfer program as provided
423 in Section 1903 of the federal Social Security Act and any
424 applicable regulations. Administration and support for
425 participating hospitals shall be provided by the Mississippi
426 Hospital Association.

427 (b) The division shall establish a Medicare Upper
428 Payment Limits Program, as defined in Section 1902(a)(30) of the
429 federal Social Security Act and any applicable federal
430 regulations, for hospitals, and may establish a Medicare Upper
431 Payments Limits Program for nursing facilities. The division
432 shall assess each hospital and, if the program is established for
433 nursing facilities, shall assess each nursing facility, for the
434 sole purpose of financing the state portion of the Medicare Upper
435 Payment Limits Program. This assessment shall be based on
436 Medicaid utilization, or other appropriate method consistent with
437 federal regulations, and will remain in effect as long as the
438 state participates in the Medicare Upper Payment Limits Program.
439 The division shall make additional reimbursement to hospitals and,
440 if the program is established for nursing facilities, shall make
441 additional reimbursement to nursing facilities, for the Medicare
442 Upper Payment Limits, as defined in Section 1902(a)(30) of the
443 federal Social Security Act and any applicable federal
444 regulations. This subparagraph (b) shall stand repealed from and
445 after July 1, 2005.

446 (c) The division shall contract with the
447 Mississippi Hospital Association to provide administrative support
448 for the operation of the disproportionate share hospital program
449 and the Medicare Upper Payment Limits Program. This subparagraph
450 (c) shall stand repealed from and after July 1, 2005.

451 (19) (a) Perinatal risk management services. The
452 division shall promulgate regulations to be effective from and
453 after October 1, 1988, to establish a comprehensive perinatal
454 system for risk assessment of all pregnant and infant Medicaid

455 recipients and for management, education and follow-up for those
456 who are determined to be at risk. Services to be performed
457 include case management, nutrition assessment/counseling,
458 psychosocial assessment/counseling and health education. The
459 division shall set reimbursement rates for providers in
460 conjunction with the State Department of Health.

461 (b) Early intervention system services. The
462 division shall cooperate with the State Department of Health,
463 acting as lead agency, in the development and implementation of a
464 statewide system of delivery of early intervention services, under
465 Part C of the Individuals with Disabilities Education Act (IDEA).
466 The State Department of Health shall certify annually in writing
467 to the executive director of the division the dollar amount of
468 state early intervention funds available that will be utilized as
469 a certified match for Medicaid matching funds. Those funds then
470 shall be used to provide expanded targeted case management
471 services for Medicaid eligible children with special needs who are
472 eligible for the state's early intervention system.

473 Qualifications for persons providing service coordination shall be

695 under this section to recipients, may be increased, decreased or
696 otherwise changed from the levels in effect on July 1, 1999,
697 unless they are authorized by an amendment to this section by the
698 Legislature. However, the restriction in this paragraph shall not
699 prevent the division from changing the payments or rates of
700 reimbursement to providers without an amendment to this section
701 whenever those changes are required by federal law or regulation,
702 or whenever those changes are necessary to correct administrative
703 errors or omissions in calculating those payments or rates of
704 reimbursement.

713 If current or projected expenditures of the division can be
714 reasonably anticipated to exceed the amounts appropriated for any
715 fiscal year, the Governor, after consultation with the executive
716 director, shall discontinue any or all of the payment of the types
717 of care and services as provided in this section that are deemed

718 to be optional services under Title XIX of the federal Social
719 Security Act, as amended, for any period necessary to not exceed
720 appropriated funds, and when necessary shall institute any other
721 cost containment measures on any program or programs authorized
722 under the article to the extent allowed under the federal law
723 governing that program or programs, it being the intent of the
724 Legislature that expenditures during any fiscal year shall not
725 exceed the amounts appropriated for that fiscal year.

726 Notwithstanding any other provision of this article, it shall
727 be the duty of each nursing facility, intermediate care facility
728 for the mentally retarded, psychiatric residential treatment
729 facility, and nursing facility for the severely disabled that is
730 participating in the Medicaid program to keep and maintain books,
731 documents and other records as prescribed by the Division of
732 Medicaid in substantiation of its cost reports for a period of
733 three (3) years after the date of submission to the Division of
734 Medicaid of an original cost report, or three (3) years after the
735 date of submission to the Division of Medicaid of an amended cost
736 report.

737 This section shall stand repealed on July 1, 2004.

738 **SECTION 2.** This act shall take effect and be in force from
739 and after July 1, 2003.
