HOUSE BILL NO. 874

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,  
2 TO PROVIDE MEDICAID REIMBURSEMENT FOR FULL BODY CASTS FOR ADULTS  
3 WHO HAVE SPINA BIFIDA IF A PHYSICIAN DETERMINES THAT IT IS  
4 MEDICALLY NECESSARY TO PREVENT SIGNIFICANT DETERIORATION OF THE  
5 PERSON'S PHYSICAL HEALTH FROM THE EFFECTS OF SPINA BIFIDA; AND FOR  
6 RELATED PURPOSES.

7 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

8 **SECTION 1.** Section 43-13-117, Mississippi Code of 1972, is  
9 amended as follows:

10 43-13-117. Medicaid as authorized by this article shall  
11 include payment of part or all of the costs, at the discretion of  
12 the division, with approval of the Governor, of the following  
13 types of care and services rendered to eligible applicants who  
14 have been determined to be eligible for that care and services,  
15 within the limits of state appropriations and federal matching  
16 funds:

17 (1) Inpatient hospital services.

18 (a) The division shall allow thirty (30) days of  
19 inpatient hospital care annually for all Medicaid recipients.  
20 Precertification of inpatient days must be obtained as required by  
21 the division. The division may allow unlimited days in  
22 disproportionate hospitals as defined by the division for eligible  
23 infants under the age of six (6) years if certified as medically  
24 necessary as required by the division.

25 (b) From and after July 1, 1994, the Executive  
26 Director of the Division of Medicaid shall amend the Mississippi  
27 Title XIX Inpatient Hospital Reimbursement Plan to remove the  
28 occupancy rate penalty from the calculation of the Medicaid

29 Capital Cost Component utilized to determine total hospital costs  
30 allocated to the Medicaid program.

31 (c) Hospitals will receive an additional payment  
32 for the implantable programmable baclofen drug pump used to treat  
33 spasticity that is implanted on an inpatient basis. The payment  
34 pursuant to written invoice will be in addition to the facility's  
35 per diem reimbursement and will represent a reduction of costs on  
36 the facility's annual cost report, and shall not exceed Ten  
37 Thousand Dollars (\$10,000.00) per year per recipient. This  
38 subparagraph (c) shall stand repealed on July 1, 2005.

39 (2) Outpatient hospital services. Where the same  
40 services are reimbursed as clinic services, the division may  
41 revise the rate or methodology of outpatient reimbursement to  
42 maintain consistency, efficiency, economy and quality of care.

43 (3) Laboratory and x-ray services.

44 (4) Nursing facility services.

45 (a) The division shall make full payment to  
46 nursing facilities for each day, not exceeding fifty-two (52) days  
47 per year, that a patient is absent from the facility on home  
48 leave. Payment may be made for the following home leave days in  
49 addition to the fifty-two-day limitation: Christmas, the day  
50 before Christmas, the day after Christmas, Thanksgiving, the day  
51 before Thanksgiving and the day after Thanksgiving.

52 (b) From and after July 1, 1997, the division  
53 shall implement the integrated case-mix payment and quality  
54 monitoring system, which includes the fair rental system for  
55 property costs and in which recapture of depreciation is  
56 eliminated. The division may reduce the payment for hospital  
57 leave and therapeutic home leave days to the lower of the case-mix  
58 category as computed for the resident on leave using the  
59 assessment being utilized for payment at that point in time, or a  
60 case-mix score of 1.000 for nursing facilities, and shall compute  
61 case-mix scores of residents so that only services provided at the

62 nursing facility are considered in calculating a facility's per  
63 diem.

64 (c) From and after July 1, 1997, all state-owned  
65 nursing facilities shall be reimbursed on a full reasonable cost  
66 basis.

67 (d) When a facility of a category that does not  
68 require a certificate of need for construction and that could not  
69 be eligible for Medicaid reimbursement is constructed to nursing  
70 facility specifications for licensure and certification, and the  
71 facility is subsequently converted to a nursing facility under a  
72 certificate of need that authorizes conversion only and the  
73 applicant for the certificate of need was assessed an application  
74 review fee based on capital expenditures incurred in constructing  
75 the facility, the division shall allow reimbursement for capital  
76 expenditures necessary for construction of the facility that were  
77 incurred within the twenty-four (24) consecutive calendar months  
78 immediately preceding the date that the certificate of need  
79 authorizing the conversion was issued, to the same extent that  
80 reimbursement would be allowed for construction of a new nursing  
81 facility under a certificate of need that authorizes that

82 construction. The reimbursement authorized in this subparagraph  
83 (d) may be made only to facilities the construction of which was  
84 completed after June 30, 1989. Before the division shall be  
85 authorized to make the reimbursement authorized in this  
86 subparagraph (d), the division first must have received approval  
87 from the Centers for Medicare and Medicaid Services (CMS) of the  
88 change in the state Medicaid plan providing for the reimbursement.

89 (e) The division shall develop and implement, not  
90 later than January 1, 2001, a case-mix payment add-on determined  
91 by time studies and other valid statistical data that will  
92 reimburse a nursing facility for the additional cost of caring for  
93 a resident who has a diagnosis of Alzheimer's or other related  
94 dementia and exhibits symptoms that require special care. Any

95 such case-mix add-on payment shall be supported by a determination  
96 of additional cost. The division shall also develop and implement  
97 as part of the fair rental reimbursement system for nursing  
98 facility beds, an Alzheimer's resident bed depreciation enhanced  
99 reimbursement system that will provide an incentive to encourage  
100 nursing facilities to convert or construct beds for residents with  
101 Alzheimer's or other related dementia.

102 (f) The division shall develop and implement an  
103 assessment process for long-term care services. The division may  
104 provide the assessment and related functions directly or through  
105 contract with the area agencies on aging.

106 The division shall apply for necessary federal waivers to  
107 assure that additional services providing alternatives to nursing  
108 facility care are made available to applicants for nursing  
109 facility care.

110 (5) Periodic screening and diagnostic services for  
111 individuals under age twenty-one (21) years as are needed to  
112 identify physical and mental defects and to provide health care  
113 treatment and other measures designed to correct or ameliorate  
114 defects and physical and mental illness and conditions discovered  
115 by the screening services, regardless of whether these services  
116 are included in the state plan. The division may include in its  
117 periodic screening and diagnostic program those discretionary  
118 services authorized under the federal regulations adopted to  
119 implement Title XIX of the federal Social Security Act, as  
120 amended. The division, in obtaining physical therapy services,  
121 occupational therapy services, and services for individuals with  
122 speech, hearing and language disorders, may enter into a  
123 cooperative agreement with the State Department of Education for  
124 the provision of those services to handicapped students by public  
125 school districts using state funds that are provided from the  
126 appropriation to the Department of Education to obtain federal  
127 matching funds through the division. The division, in obtaining

128 medical and psychological evaluations for children in the custody  
129 of the State Department of Human Services may enter into a  
130 cooperative agreement with the State Department of Human Services  
131 for the provision of those services using state funds that are  
132 provided from the appropriation to the Department of Human  
133 Services to obtain federal matching funds through the division.

134 (6) Physician's services. The division shall allow  
135 twelve (12) physician visits annually. All fees for physicians'  
136 services that are covered only by Medicaid shall be reimbursed at  
137 ninety percent (90%) of the rate established on January 1, 1999,  
138 and as adjusted each January thereafter, under Medicare (Title  
139 XVIII of the federal Social Security Act, as amended), and which  
140 shall in no event be less than seventy percent (70%) of the rate  
141 established on January 1, 1994.

142 (7) (a) Home health services for eligible persons, not  
143 to exceed in cost the prevailing cost of nursing facility  
144 services, not to exceed sixty (60) visits per year. All home  
145 health visits must be precertified as required by the division.

146 (b) Repealed.

147 (8) Emergency medical transportation services. On  
148 January 1, 1994, emergency medical transportation services shall  
149 be reimbursed at seventy percent (70%) of the rate established  
150 under Medicare (Title XVIII of the federal Social Security Act, as  
151 amended). "Emergency medical transportation services" shall mean,  
152 but shall not be limited to, the following services by a properly  
153 permitted ambulance operated by a properly licensed provider in  
154 accordance with the Emergency Medical Services Act of 1974  
155 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced  
156 life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids,  
157 (vi) disposable supplies, (vii) similar services.

158 (9) (a) Legend and other drugs as may be determined by  
159 the division. The division shall establish a mandatory preferred  
160 drug list. Drugs not on the mandatory preferred drug list shall

161 be made available by utilizing prior authorization procedures  
162 established by the division. The division may seek to establish  
163 relationships with other states in order to lower acquisition  
164 costs of prescription drugs to include single source and innovator  
165 multiple source drugs or generic drugs. In addition, if allowed  
166 by federal law or regulation, the division may seek to establish  
167 relationships with and negotiate with other countries to  
168 facilitate the acquisition of prescription drugs to include single  
169 source and innovator multiple source drugs or generic drugs, if  
170 that will lower the acquisition costs of those prescription drugs.  
171 The division shall allow for a combination of prescriptions for  
172 single source and innovator multiple source drugs and generic  
173 drugs to meet the needs of the beneficiaries, not to exceed four  
174 (4) prescriptions for single source or innovator multiple source  
175 drugs per month for each noninstitutionalized Medicaid  
176 beneficiary. The division shall allow for unlimited prescriptions  
177 for generic drugs. The division shall establish a prior  
178 authorization process under which the division may allow more than  
179 four (4) prescriptions for single source or innovator multiple  
180 source drugs per month for those beneficiaries whose conditions  
181 require a medical regimen that will not be covered by the  
182 combination of prescriptions for single source and innovator  
183 multiple source drugs and generic drugs that are otherwise allowed  
184 under this paragraph (9). The voluntary preferred drug list shall  
185 be expanded to function in the interim in order to have a  
186 manageable prior authorization system, thereby minimizing  
187 disruption of service to beneficiaries. The division shall not  
188 reimburse for any portion of a prescription that exceeds a  
189 thirty-four-day supply of the drug based on the daily dosage.

190 The division shall develop and implement a program of payment  
191 for additional pharmacist services, with payment to be based on  
192 demonstrated savings, but in no case shall the total payment  
193 exceed twice the amount of the dispensing fee.

194 All claims for drugs for dually eligible Medicare/Medicaid  
195 beneficiaries that are paid for by Medicare must be submitted to  
196 Medicare for payment before they may be processed by the  
197 division's on-line payment system.

198 The division shall develop a pharmacy policy in which drugs  
199 in tamper-resistant packaging that are prescribed for a resident  
200 of a nursing facility but are not dispensed to the resident shall  
201 be returned to the pharmacy and not billed to Medicaid, in  
202 accordance with guidelines of the State Board of Pharmacy.

203 The division shall develop and implement a program that  
204 requires Medicaid providers who prescribe drugs to use a  
205 counterfeit-proof prescription pad for Medicaid prescriptions for  
206 controlled substances; however, this shall not prevent the filling  
207 of prescriptions for controlled substances by means of electronic  
208 communications between a prescriber and pharmacist as allowed by  
209 federal law.

210 (b) Payment by the division for covered  
211 multisource drugs shall be limited to the lower of the upper  
212 limits established and published by the Centers for Medicare and  
213 Medicaid Services (CMS) plus a dispensing fee, or the estimated  
214 acquisition cost (EAC) as determined by the division, plus a  
215 dispensing fee, or the providers' usual and customary charge to  
216 the general public.

217 Payment for other covered drugs, other than multisource drugs  
218 with CMS upper limits, shall not exceed the lower of the estimated  
219 acquisition cost as determined by the division, plus a dispensing  
220 fee or the providers' usual and customary charge to the general  
221 public.

222 Payment for nonlegend or over-the-counter drugs covered by  
223 the division shall be reimbursed at the lower of the division's  
224 estimated shelf price or the providers' usual and customary charge  
225 to the general public.

226           The dispensing fee for each new or refill prescription,  
227 including nonlegend or over-the-counter drugs covered by the  
228 division, shall be not less than Three Dollars and Ninety-one  
229 Cents (\$3.91), as determined by the division.

230           The division shall not reimburse for single source or  
231 innovator multiple source drugs if there are equally effective  
232 generic equivalents available and if the generic equivalents are  
233 the least expensive.

234           It is the intent of the Legislature that the pharmacists  
235 providers be reimbursed for the reasonable costs of filling and  
236 dispensing prescriptions for Medicaid beneficiaries.

237           (10) Dental care that is an adjunct to treatment of an  
238 acute medical or surgical condition; services of oral surgeons and  
239 dentists in connection with surgery related to the jaw or any  
240 structure contiguous to the jaw or the reduction of any fracture  
241 of the jaw or any facial bone; and emergency dental extractions  
242 and treatment related thereto. On July 1, 1999, all fees for  
243 dental care and surgery under authority of this paragraph (10)  
244 shall be increased to one hundred sixty percent (160%) of the  
245 amount of the reimbursement rate that was in effect on June 30,  
246 1999. It is the intent of the Legislature to encourage more  
247 dentists to participate in the Medicaid program.

248           (11) Eyeglasses for all Medicaid beneficiaries who have  
249 (a) had surgery on the eyeball or ocular muscle that results in a  
250 vision change for which eyeglasses or a change in eyeglasses is  
251 medically indicated within six (6) months of the surgery and is in  
252 accordance with policies established by the division, or (b) one  
253 (1) pair every five (5) years and in accordance with policies  
254 established by the division. In either instance, the eyeglasses  
255 must be prescribed by a physician skilled in diseases of the eye  
256 or an optometrist, whichever the beneficiary may select.

257           (12) Intermediate care facility services.

258                   (a) The division shall make full payment to all  
259 intermediate care facilities for the mentally retarded for each  
260 day, not exceeding eighty-four (84) days per year, that a patient  
261 is absent from the facility on home leave. Payment may be made  
262 for the following home leave days in addition to the  
263 eighty-four-day limitation: Christmas, the day before Christmas,  
264 the day after Christmas, Thanksgiving, the day before Thanksgiving  
265 and the day after Thanksgiving.

266                   (b) All state-owned intermediate care facilities  
267 for the mentally retarded shall be reimbursed on a full reasonable  
268 cost basis.

269                   (13) Family planning services, including drugs,  
270 supplies and devices, when those services are under the  
271 supervision of a physician or nurse practitioner.

272                   (14) Clinic services. Such diagnostic, preventive,  
273 therapeutic, rehabilitative or palliative services furnished to an  
274 outpatient by or under the supervision of a physician or dentist  
275 in a facility that is not a part of a hospital but that is  
276 organized and operated to provide medical care to outpatients.  
277 Clinic services shall include any services reimbursed as  
278 outpatient hospital services that may be rendered in such a  
279 facility, including those that become so after July 1, 1991. On  
280 July 1, 1999, all fees for physicians' services reimbursed under  
281 authority of this paragraph (14) shall be reimbursed at ninety  
282 percent (90%) of the rate established on January 1, 1999, and as  
283 adjusted each January thereafter, under Medicare (Title XVIII of  
284 the federal Social Security Act, as amended), and which shall in  
285 no event be less than seventy percent (70%) of the rate  
286 established on January 1, 1994. On July 1, 1999, all fees for  
287 dentists' services reimbursed under authority of this paragraph  
288 (14) shall be increased to one hundred sixty percent (160%) of the  
289 amount of the reimbursement rate that was in effect on June 30,  
290 1999.

291           (15) Home- and community-based services for the elderly  
292 and disabled, as provided under Title XIX of the federal Social  
293 Security Act, as amended, under waivers, subject to the  
294 availability of funds specifically appropriated for that purpose  
295 by the Legislature.

296           (16) Mental health services. Approved therapeutic and  
297 case management services (a) provided by an approved regional  
298 mental health/retardation center established under Sections  
299 41-19-31 through 41-19-39, or by another community mental health  
300 service provider meeting the requirements of the Department of  
301 Mental Health to be an approved mental health/retardation center  
302 if determined necessary by the Department of Mental Health, using  
303 state funds that are provided from the appropriation to the State  
304 Department of Mental Health and/or funds transferred to the  
305 department by a political subdivision or instrumentality of the  
306 state and used to match federal funds under a cooperative  
307 agreement between the division and the department, or (b) provided  
308 by a facility that is certified by the State Department of Mental  
309 Health to provide therapeutic and case management services, to be  
310 reimbursed on a fee for service basis, or (c) provided in the  
311 community by a facility or program operated by the Department of  
312 Mental Health. Any such services provided by a facility described  
313 in subparagraph (b) must have the prior approval of the division  
314 to be reimbursable under this section. After June 30, 1997,  
315 mental health services provided by regional mental  
316 health/retardation centers established under Sections 41-19-31  
317 through 41-19-39, or by hospitals as defined in Section 41-9-3(a)  
318 and/or their subsidiaries and divisions, or by psychiatric  
319 residential treatment facilities as defined in Section 43-11-1, or  
320 by another community mental health service provider meeting the  
321 requirements of the Department of Mental Health to be an approved  
322 mental health/retardation center if determined necessary by the  
323 Department of Mental Health, shall not be included in or provided

324 under any capitated managed care pilot program provided for under  
325 paragraph (24) of this section.

326 (17) Durable medical equipment services and medical  
327 supplies. Precertification of durable medical equipment and  
328 medical supplies must be obtained as required by the division.  
329 The Division of Medicaid may require durable medical equipment  
330 providers to obtain a surety bond in the amount and to the  
331 specifications as established by the Balanced Budget Act of 1997.

332 (18) (a) Notwithstanding any other provision of this  
333 section to the contrary, the division shall make additional  
334 reimbursement to hospitals that serve a disproportionate share of  
335 low-income patients and that meet the federal requirements for  
336 those payments as provided in Section 1923 of the federal Social  
337 Security Act and any applicable regulations. However, from and  
338 after January 1, 1999, no public hospital shall participate in the  
339 Medicaid disproportionate share program unless the public hospital  
340 participates in an intergovernmental transfer program as provided  
341 in Section 1903 of the federal Social Security Act and any  
342 applicable regulations.

343 (b) The division shall establish a Medicare Upper  
344 Payment Limits Program, as defined in Section 1902(a)(30) of the  
345 federal Social Security Act and any applicable federal  
346 regulations, for hospitals, and may establish a Medicare Upper  
347 Payments Limits Program for nursing facilities. The division  
348 shall assess each hospital and, if the program is established for  
349 nursing facilities, shall assess each nursing facility, based on  
350 Medicaid utilization or other appropriate method consistent with  
351 federal regulations. The assessment will remain in effect as long  
352 as the state participates in the Medicare Upper Payment Limits  
353 Program. The division shall make additional reimbursement to  
354 hospitals and, if the program is established for nursing  
355 facilities, shall make additional reimbursement to nursing  
356 facilities, for the Medicare Upper Payment Limits, as defined in

357 Section 1902(a)(30) of the federal Social Security Act and any  
358 applicable federal regulations. This subparagraph (b) shall stand  
359 repealed from and after July 1, 2005.

360 (19) (a) Perinatal risk management services. The  
361 division shall promulgate regulations to be effective from and  
362 after October 1, 1988, to establish a comprehensive perinatal  
363 system for risk assessment of all pregnant and infant Medicaid  
364 recipients and for management, education and follow-up for those  
365 who are determined to be at risk. Services to be performed  
366 include case management, nutrition assessment/counseling,  
367 psychosocial assessment/counseling and health education.

368 (b) Early intervention system services. The  
369 division shall cooperate with the State Department of Health,  
370 acting as lead agency, in the development and implementation of a  
371 statewide system of delivery of early intervention services, under  
372 Part C of the Individuals with Disabilities Education Act (IDEA).  
373 The State Department of Health shall certify annually in writing  
374 to the executive director of the division the dollar amount of  
375 state early intervention funds available that will be utilized as  
376 a certified match for Medicaid matching funds. Those funds then  
377 shall be used to provide expanded targeted case management  
378 services for Medicaid eligible children with special needs who are  
379 eligible for the state's early intervention system.

380 Qualifications for persons providing service coordination shall be  
381 determined by the State Department of Health and the Division of  
382 Medicaid.

383 (20) Home- and community-based services for physically  
384 disabled approved services as allowed by a waiver from the United  
385 States Department of Health and Human Services for home- and  
386 community-based services for physically disabled people using  
387 state funds that are provided from the appropriation to the State  
388 Department of Rehabilitation Services and used to match federal  
389 funds under a cooperative agreement between the division and the

390 department, provided that funds for these services are  
391 specifically appropriated to the Department of Rehabilitation  
392 Services.

393           (21) Nurse practitioner services. Services furnished  
394 by a registered nurse who is licensed and certified by the  
395 Mississippi Board of Nursing as a nurse practitioner, including,  
396 but not limited to, nurse anesthetists, nurse midwives, family  
397 nurse practitioners, family planning nurse practitioners,  
398 pediatric nurse practitioners, obstetrics-gynecology nurse  
399 practitioners and neonatal nurse practitioners, under regulations  
400 adopted by the division. Reimbursement for those services shall  
401 not exceed ninety percent (90%) of the reimbursement rate for  
402 comparable services rendered by a physician.

403           (22) Ambulatory services delivered in federally  
404 qualified health centers, rural health centers and clinics of the  
405 local health departments of the State Department of Health for  
406 individuals eligible for Medicaid under this article based on  
407 reasonable costs as determined by the division.

408           (23) Inpatient psychiatric services. Inpatient  
409 psychiatric services to be determined by the division for  
410 recipients under age twenty-one (21) that are provided under the  
411 direction of a physician in an inpatient program in a licensed  
412 acute care psychiatric facility or in a licensed psychiatric  
413 residential treatment facility, before the recipient reaches age  
414 twenty-one (21) or, if the recipient was receiving the services  
415 immediately before he or she reached age twenty-one (21), before  
416 the earlier of the date he or she no longer requires the services  
417 or the date he or she reaches age twenty-two (22), as provided by  
418 federal regulations. Precertification of inpatient days and  
419 residential treatment days must be obtained as required by the  
420 division.

421           (24) [Deleted]

422           (25) [Deleted]

423           (26) Hospice care. As used in this paragraph, the term  
424 "hospice care" means a coordinated program of active professional  
425 medical attention within the home and outpatient and inpatient  
426 care that treats the terminally ill patient and family as a unit,  
427 employing a medically directed interdisciplinary team. The  
428 program provides relief of severe pain or other physical symptoms  
429 and supportive care to meet the special needs arising out of  
430 physical, psychological, spiritual, social and economic stresses  
431 that are experienced during the final stages of illness and during  
432 dying and bereavement and meets the Medicare requirements for
