446 immediately preceding the date that the certificate of need
447 authorizing the conversion was issued, to the same extent that
448 reimbursement would be allowed for construction of a new nursing

453 authorized to make the reimbursement authorized in this
454 subparagraph (d), the division first must have received approval
455 from the Centers for Medicare and Medicaid Services (CMS) of the
456 change in the state Medicaid plan providing for the reimbursement.

457 (e) The division shall develop and implement, not
458 later than January 1, 2001, a case-mix payment add-on determined
459 by time studies and other valid statistical data that will
460 reimburse a nursing facility for the additional cost of caring for
461 a resident who has a diagnosis of Alzheimer's or other related
462 dementia and exhibits symptoms that require special care. Any
463 such case-mix add-on payment shall be supported by a determination
464 of additional cost. The division shall also develop and implement
465 as part of the fair rental reimbursement system for nursing
466 facility beds, an Alzheimer's resident bed depreciation enhanced
467 reimbursement system that will provide an incentive to encourage
468 nursing facilities to convert or construct beds for residents with
469 Alzheimer's or other related dementia.

470 (f) The division shall develop and implement an
471 assessment process for long-term care services. The division may
472 provide the assessment and related functions directly or through
473 contract with the area agencies on aging.

474 The division shall apply for necessary federal waivers to
475 assure that additional services providing alternatives to nursing
476 facility care are made available to applicants for nursing
477 facility care.

478 (5) Periodic screening and diagnostic services for
479 individuals under age twenty-one (21) years as are needed to
480 identify physical and mental defects and to provide health care
481 treatment and other measures designed to correct or ameliorate
482 defects and physical and mental illness and conditions discovered
483 by the screening services, regardless of whether these services
484 are included in the state plan. The division may include in its
485 periodic screening and diagnostic program those discretionary
486 services authorized under the federal regulations adopted to
487 implement Title XIX of the federal Social Security Act, as
488 amended. The division, in obtaining physical therapy services,
489 occupational therapy services, and services for individuals with

490 speech, hearing and language disorders, may enter into a
491 cooperative agreement with the State Department of Education for
492 the provision of those services to handicapped students by public
493 school districts using state funds that are provided from the
494 appropriation to the Department of Education to obtain federal
495 matching funds through the division. The division, in obtaining
496 medical and psychological evaluations for children in the custody
497 of the State Department of Human Services may enter into a
498 cooperative agreement with the State Department of Human Services
499 for the provision of those services using state funds that are
500 provided from the appropriation to the Department of Human
501 Services to obtain federal matching funds through the division.

505 ninety percent (90%) of the rate established on January 1, 1999,
506 and as may be adjusted each July thereafter, under Medicare (Title
507 XVIII of the federal Social Security Act, as amended) * * *. The
508 division may develop and implement a different reimbursement model
509 or schedule for physician's services provided by physicians based
510 at an academic health care center and by physicians at rural
511 health centers that are associated with an academic health care
512 center.

513 (7) (a) Home health services for eligible persons, not
514 to exceed in cost the prevailing cost of nursing facility

522 under Medicare (Title XVIII of the federal Social Security Act, as

523 amended). "Emergency medical transportation services" shall mean,
524 but shall not be limited to, the following services by a properly
525 permitted ambulance operated by a properly licensed provider in

533 Drugs not on the mandatory preferred drug list shall be made
534 available by utilizing prior authorization procedures established
535 by the division.

536 The division may seek to establish relationships with other
537 states in order to lower acquisition costs of prescription drugs
538 to include single source and innovator multiple source drugs or
539 generic drugs. In addition, if allowed by federal law or
540 regulation, the division may seek to establish relationships with
541 and negotiate with other countries to facilitate the acquisition
542 of prescription drugs to include single source and innovator
543 multiple source drugs or generic drugs, if that will lower the
544 acquisition costs of those prescription drugs.

545 The division shall allow for a combination of prescriptions
546 for single source and innovator multiple source drugs and generic
547 drugs to meet the needs of the beneficiaries, not to exceed five
548 (5) prescriptions * * * per month for each noninstitutionalized
549 Medicaid beneficiary, with not more than two (2) of those
550 prescriptions being for single source or innovator multiple source
551 drugs.

552 The executive director may approve specific maintenance drugs
553 for beneficiaries with certain medical conditions, which may be
554 prescribed and dispensed in three-month supply increments. The
555 executive director may allow a state agency or agencies to be the

556 sole source purchaser and distributor of hemophilia factor

558 determined by the executive director as allowed by federal
559 regulations.

560 Drugs prescribed for a resident of a psychiatric residential
561 treatment facility must be provided in true unit doses when
562 available. The division may require that drugs not covered by
563 Medicare Part D for a resident of a long-term care facility be
564 provided in true unit doses when available. Those drugs that were
565 originally billed to the division but are not used by a resident
566 in any of those facilities shall be returned to the billing
567 pharmacy for credit to the division, in accordance with the
568 guidelines of the State Board of Pharmacy and any requirements of
569 federal law and regulation. Drugs shall be dispensed to a
570 recipient and only one (1) dispensing fee per month may be
571 charged. The division shall develop a methodology for reimbursing
572 for restocked drugs, which shall include a restock fee as
573 determined by the division not exceeding Seven Dollars and
574 Eighty-two Cents (\$7.82).

575 The voluntary preferred drug list shall be expanded to
576 function in the interim in order to have a manageable prior
577 authorization system, thereby minimizing disruption of service to
578 beneficiaries.

579 Except for those specific maintenance drugs approved by the
580 executive director, the division shall not reimburse for any
581 portion of a prescription that exceeds a thirty-one-day supply of
582 the drug based on the daily dosage.

583 The division shall develop and implement a program of payment
584 for additional pharmacist services, with payment to be based on
585 demonstrated savings, but in no case shall the total payment
586 exceed twice the amount of the dispensing fee.

587 All claims for drugs for dually eligible Medicare/Medicaid
588 beneficiaries that are paid for by Medicare must be submitted to

589 Medicare for payment before they may be processed by the
590 division's on-line payment system.

591 The division shall develop a pharmacy policy in which drugs
592 in tamper-resistant packaging that are prescribed for a resident
593 of a nursing facility but are not dispensed to the resident shall
594 be returned to the pharmacy and not billed to Medicaid, in
595 accordance with guidelines of the State Board of Pharmacy.

596 The division shall develop and implement a method or methods
597 by which the division will provide on a regular basis to Medicaid
598 providers who are authorized to prescribe drugs, information about
599 the costs to the Medicaid program of single source drugs and
600 innovator multiple source drugs, and information about other drugs
601 that may be prescribed as alternatives to those single source
602 drugs and innovator multiple source drugs and the costs to the
603 Medicaid program of those alternative drugs.

604 Notwithstanding any law or regulation, information obtained
605 or maintained by the division regarding the prescription drug
606 program, including trade secrets and manufacturer or labeler
607 pricing, is confidential and not subject to disclosure except to
608 other state agencies.

626 including nonlegend or over-the-counter drugs covered by the
627 division, shall be not less than Three Dollars and Ninety-one
628 Cents (\$3.91), as determined by the division.

629 The division shall not reimburse for single source or
630 innovator multiple source drugs if there are equally effective
631 generic equivalents available and if the generic equivalents are
632 the least expensive.

633 It is the intent of the Legislature that the pharmacists

937 persons with severe disabilities, and shall be reimbursed as a
938 separate category of nursing facilities.

939 (45) Physician assistant services. Services furnished
940 by a physician assistant who is licensed by the State Board of
941 Medical Licensure and is practicing with physician supervision
942 under regulations adopted by the board, under regulations adopted
943 by the division. Reimbursement for those services shall not
944 exceed ninety percent (90%) of the reimbursement rate for
945 comparable services rendered by a physician.

946 (46) The division shall make application to the federal
947 Centers for Medicare and Medicaid Services (CMS) for a waiver to
948 develop and provide services for children with serious emotional
949 disturbances as defined in Section 43-14-1(1), which may include
950 home- and community-based services, case management services or

951 managed care services through mental health providers certified by
952 the Department of Mental Health. The division may implement and
953 provide services under this waived program only if funds for
954 these services are specifically appropriated for this purpose by
955 the Legislature, or if funds are voluntarily provided by affected
956 agencies.

957 (47) (a) Notwithstanding any other provision in this
958 article to the contrary, the division, in conjunction with the
959 State Department of Health, may develop and implement disease
960 management programs for individuals with high-cost chronic
961 diseases and conditions, including the use of grants, waivers,
962 demonstrations or other projects as necessary.

963 (b) Participation in any disease management
964 program implemented under this paragraph (47) is optional with the
965 individual. An individual must affirmatively elect to participate
966 in the disease management program in order to participate.

967 (c) An individual who participates in the disease
968 management program has the option of participating in the
969 prescription drug home delivery component of the program at any
970 time while participating in the program. An individual must
971 affirmatively elect to participate in the prescription drug home
972 delivery component in order to participate.

973 (d) An individual who participates in the disease
974 management program may elect to discontinue participation in the
975 program at any time. An individual who participates in the
976 prescription drug home delivery component may elect to discontinue
977 participation in the prescription drug home delivery component at
978 any time.

979 (e) The division shall send written notice to all
980 individuals who participate in the disease management program
981 informing them that they may continue using their local pharmacy
982 or any other pharmacy of their choice to obtain their prescription
983 drugs while participating in the program.

984 (f) Prescription drugs that are provided to
985 individuals under the prescription drug home delivery component
986 shall be limited only to those drugs that are used for the
987 treatment, management or care of asthma, diabetes or hypertension.

988 (48) Pediatric long-term acute care hospital services.

989 (a) Pediatric long-term acute care hospital
990 services means services provided to eligible persons under
991 twenty-one (21) years of age by a freestanding Medicare-certified
992 hospital that has an average length of inpatient stay greater than
993 twenty-five (25) days and that is primarily engaged in providing
994 chronic or long-term medical care to persons under twenty-one (21)
995 years of age.

996 (b) The services under this paragraph (48) shall
997 be reimbursed as a separate category of hospital services.

998 (49) The division shall establish co-payments and/or
999 coinsurance for all Medicaid services for which co-payments and/or
1000 coinsurance are allowable under federal law or regulation, and
1001 shall set the amount of the co-payment and/or coinsurance for each
1002 of those services at the maximum amount allowable under federal
1003 law or regulation.

1004 (50) Services provided by the State Department of
1005 Rehabilitation Services for the care and rehabilitation of persons
1006 who are deaf and blind, as allowed under waivers from the United
1007 States Department of Health and Human Services to provide home-
1008 and community-based services using state funds that are provided
1009 from the appropriation to the State Department of Rehabilitation
1010 Services or if funds are voluntarily provided by another agency.

1011 (51) Upon determination of Medicaid eligibility and in
1012 association with annual redetermination of Medicaid eligibility,
1013 beneficiaries shall be encouraged to undertake a physical
1014 examination that will establish a base-line level of health and
1015 identification of a usual and customary source of care (a medical
1016 home) to aid utilization of disease management tools. This

1017 physical examination and utilization of these disease management
1018 tools shall be consistent with current United States Preventive
1019 Services Task Force or other recognized authority recommendations.

1020 For persons who are determined ineligible for Medicaid, the
1021 division will provide information and direction for accessing
1022 medical care and services in the area of their residence.

1023 (52) Notwithstanding any provisions of this article,
1024 the division may pay enhanced reimbursement fees related to trauma
1025 care, as determined by the division in conjunction with the State
1026 Department of Health, using funds appropriated to the State
1027 Department of Health for trauma care and services and used to
1028 match federal funds under a cooperative agreement between the
1029 division and the State Department of Health. The division, in
1030 conjunction with the State Department of Health, may use grants,
1031 waivers, demonstrations, or other projects as necessary in the
1032 development and implementation of this reimbursement program.

1033 (53) Targeted case management services for high-cost
1034 beneficiaries shall be developed by the division for all services
1035 under this section.

1036 Notwithstanding any other provision of this article to the
1037 contrary, the division shall reduce the rate of reimbursement to
1038 providers for any service provided under this section by five
1039 percent (5%) of the allowed amount for that service. However, the
1040 reduction in the reimbursement rates required by this paragraph
1041 shall not apply to inpatient hospital services, nursing facility
1042 services, intermediate care facility services, psychiatric
1043 residential treatment facility services, pharmacy services
1044 provided under paragraph (9) of this section, or any service
1045 provided by the University of Mississippi Medical Center or a
1046 state agency, a state facility or a public agency that either
1047 provides its own state match through intergovernmental transfer or
1048 certification of funds to the division, or a service for which the
1049 federal government sets the reimbursement methodology and rate.

1050 In addition, the reduction in the reimbursement rates required by
1051 this paragraph shall not apply to case management services and
1052 home-delivered meals provided under the home- and community-based
1053 services program for the elderly and disabled by a planning and
1054 development district (PDD). Planning and development districts
1055 participating in the home- and community-based services program
1056 for the elderly and disabled as case management providers shall be
1057 reimbursed for case management services at the maximum rate
1058 approved by the Centers for Medicare and Medicaid Services (CMS).

1059 The division may pay to those providers who participate in
1060 and accept patient referrals from the division's emergency room
1061 redirection program a percentage, as determined by the division,
1062 of savings achieved according to the performance measures and
1063 reduction of costs required of that program. Federally qualified
1064 health centers may participate in the emergency room redirection
1065 program, and the division may pay those centers a percentage of
1066 any savings to the Medicaid program achieved by the centers'
1067 accepting patient referrals through the program, as provided in
1068 this paragraph.

1069 Notwithstanding any provision of this article, except as
1070 authorized in the following paragraph and in Section 43-13-139,
1071 neither (a) the limitations on quantity or frequency of use of or
1072 the fees or charges for any of the care or services available to
1073 recipients under this section, nor (b) the payments or rates of
1074 reimbursement to providers rendering care or services authorized
1075 under this section to recipients, may be increased, decreased or
1076 otherwise changed from the levels in effect on July 1, 1999,
1077 unless they are authorized by an amendment to this section by the
1078 Legislature. However, the restriction in this paragraph shall not
1079 prevent the division from changing the payments or rates of
1080 reimbursement to providers without an amendment to this section
1081 whenever those changes are required by federal law or regulation,
1082 or whenever those changes are necessary to correct administrative

1083 errors or omissions in calculating those payments or rates of
1084 reimbursement.

1085 Notwithstanding any provision of this article, no new groups
1086 or categories of recipients and new types of care and services may
1087 be added without enabling legislation from the Mississippi
1088 Legislature, except that the division may authorize those changes
1089 without enabling legislation when the addition of recipients or
1090 services is ordered by a court of proper authority.

1091 The executive director shall keep the Governor advised on a
1092 timely basis of the funds available for expenditure and the
1093 projected expenditures. If current or projected expenditures of
1094 the division * * * are reasonably anticipated to exceed the amount
1095 of * * * funds appropriated to the division for any fiscal year,
1096 the Governor, after consultation with the executive director,
1097 shall discontinue any or all of the payment of the types of care
1098 and services as provided in this section that are deemed to be
1099 optional services under Title XIX of the federal Social Security
1100 Act, as amended, and when necessary, shall institute any other
1101 cost containment measures on any program or programs authorized
1102 under the article to the extent allowed under the federal law
1103 governing that program or programs. However, the Governor shall
1104 not be authorized to discontinue or eliminate any service under
1105 this section that is mandatory under federal law, or to
1106 discontinue or eliminate, or adjust income limits or resource
1107 limits for, any eligibility category or group under Section
1108 43-13-115. It is the intent of the Legislature that the
1109 expenditures of the division during any fiscal year shall not
1110 exceed the amounts appropriated to the division for that fiscal
1111 year.

1112 Notwithstanding any other provision of this article, it shall
1113 be the duty of each nursing facility, intermediate care facility
1114 for the mentally retarded, psychiatric residential treatment
1115 facility, and nursing facility for the severely disabled that is

1116 participating in the Medicaid program to keep and maintain books,
1117 documents and other records as prescribed by the Division of
1118 Medicaid in substantiation of its cost reports for a period of
1119 three (3) years after the date of submission to the Division of
1120 Medicaid of an original cost report, or three (3) years after the
1121 date of submission to the Division of Medicaid of an amended cost
1122 report.

1124 **SECTION 3.** Section 43-13-145, Mississippi Code of 1972, is
1125 amended as follows:

1126 43-13-145. (1) (a) Upon each nursing facility * * *
1127 licensed by the State of Mississippi, there is levied an
1128 assessment in an amount set by the division, not exceeding the
1129 maximum rate allowed by federal law or regulation, for each
1130 licensed and occupied bed of the facility.

1131 (b) A nursing facility * * * is exempt from the
1132 assessment levied under this subsection if the facility is
1133 operated under the direction and control of:

1134 (i) The United States Veterans Administration or
1135 other agency or department of the United States government;

1136 (ii) The State Veterans Affairs Board;

1137 (iii) The University of Mississippi Medical
1138 Center; or

1139 (iv) A state agency or a state facility that
1140 either provides its own state match through intergovernmental
1141 transfer or certification of funds to the division.

1142 (2) (a) Upon each intermediate care facility for the
1143 mentally retarded licensed by the State of Mississippi, there is
1144 levied an assessment in an amount set by the division, not
1145 exceeding the maximum rate allowed by federal law or regulation,
1146 for each licensed and occupied bed of the facility.

1147 (b) An intermediate care facility for the mentally
1148 retarded is exempt from the assessment levied under this

1149 subsection if the facility is operated under the direction and
1150 control of:

1151 (i) The United States Veterans Administration or
1152 other agency or department of the United States government;

1153 (ii) The State Veterans Affairs Board; or

1154 (iii) The University of Mississippi Medical
1155 Center.

1156 (3) (a) Upon each psychiatric residential treatment
1157 facility licensed by the State of Mississippi, there is levied an
1158 assessment in an amount set by the division, not exceeding the
1159 maximum rate allowed by federal law or regulation, for each
1160 licensed and occupied bed of the facility.

1161 (b) A psychiatric residential treatment facility is
1162 exempt from the assessment levied under this subsection if the
1163 facility is operated under the direction and control of:

1164 (i) The United States Veterans Administration or
1165 other agency or department of the United States government;

1166 (ii) The University of Mississippi Medical Center;

1167 (iii) A state agency or a state facility that
1168 either provides its own state match through intergovernmental
1169 transfer or certification of funds to the division.

1170 (4) (a) Upon each hospital licensed by the State of
1171 Mississippi, there is levied an assessment in the amount of Three
1172 Dollars and Twenty-five Cents (\$3.25) per bed for each licensed
1173 inpatient acute care bed of the hospital.

1174 (b) A hospital is exempt from the assessment levied
1175 under this subsection if the hospital is operated under the
1176 direction and control of:

1177 (i) The United States Veterans Administration or
1178 other agency or department of the United States government;

1179 (ii) The University of Mississippi Medical Center;

1180 or

1181 (iii) A state agency or a state facility that
1182 either provides its own state match through intergovernmental
1183 transfer or certification of funds to the division.

1184 (5) Each health care facility that is subject to the
1185 provisions of this section shall keep and preserve such suitable
1186 books and records as may be necessary to determine the amount of
1187 assessment for which it is liable under this section. The books
1188 and records shall be kept and preserved for a period of not less
1189 than five (5) years, and those books and records shall be open for
1190 examination during business hours by the division, the State Tax
1191 Commission, the Office of the Attorney General and the State
1192 Department of Health.

1193 (6) The assessment levied under this section shall be
1194 collected by the division each month beginning on the effective
1195 date of House Bill No. 1104, 2005 Regular Session.

1196 (7) All assessments collected under this section shall be
1197 deposited in the Medical Care Fund created by Section 43-13-143.

1198 (8) The assessment levied under this section shall be in
1199 addition to any other assessments, taxes or fees levied by law,
1200 and the assessment shall constitute a debt due the State of
1201 Mississippi from the time the assessment is due until it is paid.

1202 (9) (a) If a health care facility that is liable for
1203 payment of an assessment levied by the division does not pay the
1204 assessment when it is due, the division shall give written notice
1205 to the health care facility by certified or registered mail
1206 demanding payment of the assessment within ten (10) days from the
1207 date of delivery of the notice. If the health care facility
1208 fails or refuses to pay the assessment after receiving the notice
1209 and demand from the division, the division shall withhold from any
1210 Medicaid reimbursement payments that are due to the health care
1211 facility the amount of the unpaid assessment and a penalty of ten
1212 percent (10%) of the amount of the assessment, plus the legal rate
1213 of interest until the assessment is paid in full. If the health

1214 care facility does not participate in the Medicaid program, the
1215 division shall turn over to the Office of the Attorney General the
1216 collection of the unpaid assessment by civil action. In any such
1217 civil action, the Office of the Attorney General shall collect the
1218 amount of the unpaid assessment and a penalty of ten percent (10%)
1219 of the amount of the assessment, plus the legal rate of interest
1220 until the assessment is paid in full.

1221 (b) As an additional or alternative method for
1222 collecting unpaid assessments levied by the division, if a health
1223 care facility fails or refuses to pay the assessment after
1224 receiving notice and demand from the division, the division may
1225 file a notice of a tax lien with the circuit clerk of the county
1226 in which the health care facility is located, for the amount of
1227 the unpaid assessment and a penalty of ten percent (10%) of the
1228 amount of the assessment, plus the legal rate of interest until
1229 the assessment is paid in full. Immediately upon receipt of
1230 notice of the tax lien for the assessment, the circuit clerk shall
1231 enter the notice of the tax lien as a judgment upon the judgment
1232 roll and show in the appropriate columns the name of the health
1233 care facility as judgment debtor, the name of the division as
1234 judgment creditor, the amount of the unpaid assessment, and the
1235 date and time of enrollment. The judgment shall be valid as
1236 against mortgagees, pledgees, entrusters, purchasers, judgment
1237 creditors and other persons from the time of filing with the
1238 clerk. The amount of the judgment shall be a debt due the State
1239 of Mississippi and remain a lien upon the tangible property of the
1240 health care facility until the judgment is satisfied. The
1241 judgment shall be the equivalent of any enrolled judgment of a
1242 court of record and shall serve as authority for the issuance of
1243 writs of execution, writs of attachment or other remedial writs.

1244 **SECTION 4.** The Division of Medicaid shall study and evaluate
1245 the provisions of laws enacted by other states that provide for
1246 methods of reducing the cost of prescription drugs to the Medicaid

1247 programs and the citizens of those states, including the West
1248 Virginia Pharmaceutical Availability and Affordability Act of
1249 2004, codified as Sections 5A-3C-1 through 5A-3C-17 of the West
1250 Virginia Code, to determine if any of the provisions of those laws
1251 would be helpful in reducing the cost of prescription drugs to the
1252 Mississippi Medicaid Program and the citizens of this state if
1253 they were enacted in Mississippi. The division shall prepare a
1254 written report of its study, which shall include recommendations
1255 for suggested state legislation, not later than December 1, 2005,
1256 and submit the report to the Legislature and the Governor.

1257 **SECTION 5.** This act shall take effect and be in force from
1258 and after its passage.
