76 With the funds herein appropriated, it is the intention of

78 make certain that funds required to be appropriated for "Personal
79 Services" for Fiscal Year 2007 do not exceed Fiscal Year 2006
80 funds appropriated for that purpose, unless programs or positions
81 are added to the agency's Fiscal Year 2007 budget by the
82 Mississippi Legislature. Based on data provided by the
83 Legislative Budget Office, the State Personnel Board shall
84 determine and publish the projected annual cost to fully fund all
85 appropriated positions in compliance with the provisions of this
86 act. It shall be the responsibility of the agency head to insure
87 that no single personnel action increases this projected annual

89 Services" when annualized, with the exception of escalated funds.
90 If, at the time the agency takes any action to change "Personal
91 Services," the State Personnel Board determines that the agency
92 has taken an action which would cause the agency to exceed this
93 projected annual cost or the Fiscal Year 2006 "Personal Services"
94 appropriated level, when annualized, then only those actions which
95 reduce the projected annual cost and/or the appropriation
96 requirement will be processed by the State Personnel Board until
97 such time as the requirements of this provision are met.

98 Any transfers or escalations shall be made in accordance with
99 the terms, conditions and procedures established by law or
100 allowable under the terms set forth within this act. The State
101 Personnel Board shall not escalate positions without written
102 approval from the Department of Finance and Administration. The
103 Department of Finance and Administration shall not provide written
104 approval to escalate any funds for salaries and/or positions
105 without proof of availability of new or additional funds above the
106 appropriated level.

107 No general funds authorized to be expended herein shall be
108 used to replace federal funds and/or other special funds which are
109 being used for salaries authorized under the provisions of this
110 act and which are withdrawn and no longer available.

111 **SECTION 5.** It is the intention of the Legislature that the
112 State Department of Health shall maintain complete accounting and
113 personnel records related to the expenditure of all funds
114 appropriated under this act and that such records shall be in the
115 same format and level of detail as maintained for Fiscal Year
116 2005. It is further the intention of the Legislature that the
117 agency's budget request for Fiscal Year 2007 shall be submitted to
118 the Joint Legislative Budget Committee in a format and level of

119 detail comparable to the format and level of detail provided
120 during the Fiscal Year 2006 budget request process.

121 **SECTION 6.** In compliance with the "Mississippi Performance
122 Budget and Strategic Planning Act of 1994," it is the intent of
123 the Legislature that the funds provided herein shall be utilized
