SENATE BILL NO. 2672

1 AN ACT TO AMEND SECTION 41-75-1, MISSISSIPPI CODE OF 1972, TO
2 REVISE THE DEFINITION OF "AMBULATORY SURGICAL FACILITY" FOR
3 LICENSURE PURPOSES; AND FOR RELATED PURPOSES.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

5 **SECTION 1.** Section 41-75-1, Mississippi Code of 1972, is
6 amended as follows:

7 41-75-1. For the purpose of this chapter:

8 (a) "Ambulatory surgical facility" means a publicly- or
9 privately-owned institution that is primarily organized,
10 constructed, renovated or otherwise established for the purpose of
11 providing elective surgical treatment of "outpatients" whose
12 recovery, under normal and routine circumstances, will not require
13 "inpatient" care. The facility defined in this paragraph does not
14 include the offices of private physicians or dentists, whether
15 practicing individually or in groups unless such office seeks
16 Medicare certification or Medicaid reimbursement as an ambulatory
17 surgical facility or for ambulatory surgical services, but does
18 include organizations or facilities primarily engaged in that
19 outpatient surgery, whether using the name "ambulatory surgical
20 facility" or a similar or different name. That organization or
21 facility, if in any manner considered to be operated or owned by a
22 hospital or a hospital holding, leasing or management company,
23 either for profit or not for profit, is required to comply with
24 all licensing agency ambulatory surgical licensure standards
25 governing a "hospital affiliated" facility as adopted under
26 Section 41-9-1 et seq., provided that the organization or facility
27 does not intend to seek federal certification as an ambulatory

28 surgical facility as provided for at 42 CFR, Parts 405 and 416.
29 If the organization or facility is to be operated or owned by a
30 hospital or a hospital holding, leasing or management company and
31 intends to seek federal certification as an ambulatory facility,
32 then the facility is considered to be "freestanding" and must
33 comply with all licensing agency ambulatory surgical licensure
34 standards governing a "freestanding" facility.

35 If the organization or facility is to be owned or operated by
36 an entity or person other than a hospital or hospital holding,
37 leasing or management company, then the organization or facility
38 must comply with all licensing agency ambulatory surgical facility
39 standards governing a "freestanding" facility.

40 (b) "Hospital affiliated" ambulatory surgical facility
41 means a separate and distinct organized unit of a hospital or a
42 building owned, leased, rented or utilized by a hospital and
43 located in the same county in which the hospital is located, for
44 the primary purpose of performing ambulatory surgery procedures.
45 The facility is not required to be separately licensed under this
46 chapter and may operate under the hospital's license in compliance
47 with all applicable requirements of Section 41-9-1 et seq.

48 (c) "Freestanding" ambulatory surgical facility means a
49 separate and distinct facility or a separate and distinct
50 organized unit of a hospital owned, leased, rented or utilized by
51 a hospital or other persons for the primary purpose of performing
52 ambulatory surgery procedures. The facility must be separately
53 licensed as defined in this section and must comply with all
54 licensing standards promulgated by the licensing agency under this
55 chapter regarding a "freestanding" ambulatory surgical facility.
56 Further, the facility must be a separate, identifiable entity and
57 must be physically, administratively and financially independent
58 and distinct from other operations of any other health facility,
59 and shall maintain a separate organized medical and administrative
60 staff. Furthermore, once licensed as a "freestanding" ambulatory

61 surgical facility, the facility shall not become a component of
62 any other health facility without securing a certificate of need
63 to do that.

64 (d) "Ambulatory surgery" means surgical procedures that
65 are more complex than office procedures performed under local
66 anesthesia, but less complex than major procedures requiring
67 prolonged postoperative monitoring and hospital care to ensure
68 safe recovery and desirable results. General anesthesia is used
69 in most cases. The patient must arrive at the facility and expect
70 to be discharged on the same day. Ambulatory surgery shall only
71 be performed by physicians or dentists licensed to practice in the
72 State of Mississippi.

73 (e) "Abortion" means the use or prescription of any
74 instrument, medicine, drug or any other substances or device to
75 terminate the pregnancy of a woman known to be pregnant with an
76 intention other than to increase the probability of a live birth,
77 to preserve the life or health of the child after live birth or to
78 remove a dead fetus. Abortion procedures after the first
79 trimester shall only be performed at a Level I abortion facility
80 or an ambulatory surgical facility or hospital licensed to perform
81 that service.

82 (f) "Abortion facility" means a facility operating
83 substantially for the purpose of performing abortions and is a
84 separate identifiable legal entity from any other health care
85 facility. Abortions shall only be performed by physicians
86 licensed to practice in the State of Mississippi. The term
87 "abortion facility" includes physicians' offices that are used
88 substantially for the purpose of performing abortions. An
89 abortion facility operates substantially for the purpose of
90 performing abortions if any of the following conditions are met:

91 (i) The abortion facility is a provider for
92 performing ten (10) or more abortion procedures per calendar month

93 during any month of a calendar year, or one hundred (100) or more
94 in a calendar year.

95 (ii) The abortion facility, if operating less than
96 twenty (20) days per calendar month, is a provider for performing
97 ten (10) or more abortion procedures, or performing a number of
98 abortion procedures that would be equivalent to ten (10)
99 procedures per month, if the facility were operating twenty (20)
100 or more days per calendar month, in any month of a calendar year.

101 (iii) The abortion facility holds itself out to
102 the public as an abortion provider by advertising by any public
103 means, such as newspaper, telephone directory, magazine or
104 electronic media, that it performs abortions.

105 (iv) The facility applies to the licensing agency
106 for licensure as an abortion facility.

107 (g) "Licensing agency" means the State Department of
108 Health.

109 (h) "Operating" an abortion facility means that the
110 facility is open for any period of time during a day and has on
111 site at the facility or on call a physician licensed to practice
112 in the State of Mississippi available to provide abortions.

113 An abortion facility may apply to be licensed as a Level I
114 facility or a Level II facility by the licensing agency. Level II
115 abortion facilities shall be required to meet minimum standards
116 for abortion facilities as established by the licensing agency.
117 Level I abortion facilities shall be required to meet minimum
118 standards for abortion facilities and minimum standards for
119 ambulatory surgical facilities as established by the licensing
120 agency.

121 Any abortion facility that begins operation after June 30,
122 1996, shall not be located within fifteen hundred (1500) feet from
123 the property on which any church, school or kindergarten is
124 located. An abortion facility shall not be in violation of this
125 paragraph if it is in compliance with this paragraph on the date

126 it begins operation and the property on which a church, school or
127 kindergarten is located is later within fifteen hundred (1500)
128 feet from the facility.

129 This section shall stand repealed on June 30, 2006.

130 **SECTION 2.** This act shall take effect and be in force from
131 and after July 1, 2006.
