AMENDMENT PROPOSED TO AMENDMENT #1 TO

SENATE BILL NO. 3010 (~~3029~~)

BY: REPRESENTATIVE FRANKS

AMEND by inserting the following section immediately before the next to last section in the amendment and renumbering the succeeding sections:

"Section 13. All expenditures of funds appropriated by this act for the purposes of advertising through the media shall comply with the provisions of this section. All notices, advertisements, or announcements designed to accomplish distribution of vital information paid for wholly or in part through funds appropriated by this act and distributed through the media shall be placed according to a formula based upon the following criteria:

(a) Outlets of the Mississippi Public Broadcasting System shall receive twenty percent (20%) of all expenditures allotted for any advertising campaign undertaken by the agency to which funds are appropriated by this act. All distribution of information undertaken by the Mississippi Broadcasting System under these requirements shall conform to the accepted standards of information distribution common to public media.

(b) Media outlets, other than outlets of the Mississippi Public Broadcasting System, shall receive placement of such notices through the following method of distribution and based upon commonly accepted boundaries of distribution:

(i) Newspapers. Newspapers demonstrating established market reach through verifiable and auditable circulation numbers shall receive twenty-five percent (25%) of all expenditures allotted for distribution of vital information, and such expenditures to the individual newspapers shall be determined and prorated based upon the verifiable and auditable share of total circulation within the individual counties. This

requirement does not replace the requirements and systems currently in place regarding legal notices in the newspapers.

(ii) Radio. Radio stations demonstrating established market reach through verifiable and auditable market share information as recorded through reputable and established rating services shall receive twenty percent (20%) of all expenditures allotted for such distribution of vital information, and such expenditures to the individual stations shall be determined and prorated based upon the verifiable and auditable share of total market reach within the individual counties.

(iii) Television. Television stations and television cable outlets demonstrating established market reach through verifiable and auditable market share information as recorded through reputable and established rating services shall receive twenty percent (20%) of all expenditures allotted for such distribution of vital information, and such expenditures to the individual stations shall be determined and prorated based upon the verifiable and auditable share of total market reach within the individual demonstrated market reach area of the station or cable outlet.

(iv) Magazines. Magazines demonstrating established market reach through verifiable and auditable circulation numbers shall receive ten percent (10%) of all expenditures allotted for such distribution of vital information, and such expenditures to the individual magazines shall be determined and prorated based upon the verifiable and auditable circulation numbers within the counties. If no magazine exists which meets the criteria stated above, the portion of those funds so allotted shall be distributed among the other media outlets equally.

(v) Electronic media. Electronic media demonstrating established market reach through verifiable and auditable circulation numbers shall receive five percent (5%) of all expenditures allotted for such distribution of vital

information, and such expenditures to the individual electronic media outlets shall be determined and prorated based upon the verifiable and auditable circulation numbers within the counties. If no electronic media exists which meets the criteria stated above, the portion of those funds so allotted shall be distributed equally among the other media outlets.

Provisions of this section do not apply to the placement of advertisements in national media outlets to recruit economic development or to promote tourism in the state."
