275 provisions of Title 11, Chapter 27, Mississippi Code of 1972, on
276 behalf of the authority to carry out the purposes set forth in the

278 shall be conducted according to and governed by the provisions of
279 Title 11, Chapter 27, Mississippi Code of 1972.

280 (c) To acquire and to own, maintain, use, operate and

287 foregoing is otherwise prohibited under the State Constitution or
288 this act. The amount and character of interest in land, other
289 property, and easements thus to be acquired shall be determined by
290 the board of directors, and their determination shall be

conclusive and shall not be subject to attack in the absence of manifold abuse of discretion or fraud on the part of such board in making such determination. However,

(i) In acquiring lands, the metropolitan authority shall not acquire minerals or royalties; provided that sand and gravel shall not be considered as minerals within the meaning of this section; and

(ii) No person or persons owning the drilling rights or the right to share in production shall be prevented from exploring, developing or producing oil or gas with necessary rights-of-way for ingress and egress, pipelines and other means of transporting interests on any land or interest thereon of the metropolitan authority held or used for the purposes of this act; but any such activities shall be under such reasonable regulations by the board of directors as will adequately protect the systems of the metropolitan authority contemplated by this act.

(d) To provide for the necessary relocation or rerouting of roads and highways, railroad, telephone and telegraph lines and properties, electric power lines, gas pipe lines and related facilities, or to require the anchoring or other protection of any of these, provided due compensation is first paid to the owners thereof or agreement is had with such owners regarding the payment of the cost of such relocation, and to acquire easements or rights-of-way for such relocation or rerouting and to convey the same to the owners of the property being relocated or rerouted in connection with the purpose of this act.

(e) To enter into contracts with any public agency, including, but not limited to, contracts authorized by Section 7 of this act, in furtherance of any of the purposes authorized by this act upon such consideration as the board of directors and such public agency may agree. Any such contract may extend over any period of time, notwithstanding any provision or rule of law

to the contrary, may be upon such terms as the parties thereto shall agree, and may provide that it shall continue in effect until bonds specified therein, refunding bonds issued in lieu of such bonds, and all other obligations specified therein are paid or terminated. Any such contract shall be binding upon the parties thereto according to its terms.

(f) To make and enforce, and from time to time amend and repeal, bylaws and rules and regulations for the management of its business and affairs and for the construction, use, maintenance and operation of any systems under its management and control and any other of its properties.

(g) To employ staff and other personnel, including attorneys, engineers and consultants. The board of directors may, in its discretion, employ a general manager having the authority to employ and fire employees of the metropolitan authority.

(h) To accept and utilize grants and other funds from any source for systems.

(i) To establish and maintain rates and charges for the use of the services of such systems, and from time to time to adjust such rates, to the end that the revenues therefrom will be sufficient at all times to pay the expenses of operating and maintaining such systems and all of the metropolitan authority's obligations under any contract or bond resolution with respect thereto.

(j) To adopt rules and regulations necessary to carry out the implementation of the metropolitan area plan and to assure the payment by each participating public agency of its proportionate share of system costs.

(k) To refuse to receive waste from any public agency or subdivision thereof that does not comply with the provisions of the metropolitan area plan applicable to the particular area within which such public agency or subdivision thereof is located.

(l) To accept industrial waste for treatment and to require the pretreatment of same when in the opinion of the metropolitan authority such pretreatment is necessary.

(m) To adopt all necessary and reasonable rules and regulations to carry out and effectuate any water supply, waste treatment or waste disposal plan adopted for the metropolitan area, as contractually authorized.

(n) So long as any indebtedness on any sewerage system, treatment facilities and sewage disposal system of the metropolitan authority remains outstanding, to require by contract with a public agency or other person that all waste within the metropolitan area be disposed of through sewerage systems, treatment facilities and sewage disposal systems which comprise a part of the metropolitan area plan, to the extent that the same may be available, but no public agency shall be precluded from constructing, operating and maintaining its own sewerage system after the current indebtedness owing on the system as of the effective date of this act is paid in full.

Section 7. (1) Any public agency may, pursuant to a duly adopted resolution of the governing authority of such public agency, enter into contracts with the metropolitan authority under the terms of which the metropolitan authority will collect, * * * transport, treat and dispose of wastewater, treat and distribute potable water; and collect, transport and dispose of nonhazardous solid waste. Any public agency may also, pursuant to a duly adopted resolution of the governing authority of such public agency, enter into contracts with the metropolitan authority under the terms of which the metropolitan authority will collect, store, treat and distribute water for such public agency. Any public agency may also enter into contracts with the metropolitan authority for the metropolitan authority to purchase or sell, by installments over such terms as may be deemed desirable, or otherwise, any waterworks, water supply systems, waste collection,

389 transportation, sewage disposal or treatment facilities or
390 systems. Any public agency is also authorized to enter into
391 operating agreements with the metropolitan authority, for such
392 terms and upon such conditions as may be deemed desirable, for the
393 operation of waterworks, water supply systems, waste collection,
394 transportation, sewage disposal or treatment facilities or systems
395 by the metropolitan authority or by any person contracting with
396 the metropolitan authority to operate such systems; and any public
397 agency may lease to or from the metropolitan authority, for such
398 term and upon such conditions as may be deemed desirable, any
399 waterworks, water supply systems, waste collection,
400 transportation, treatment or sewage disposal or treatment
401 facilities or systems. Any such contract may contain provisions
402 requiring any public agency to regulate the quality of water and
403 the quality and strength of waste to be handled by the sewage
404 disposal system and may also provide that the metropolitan
405 authority shall have the right to use any streets, alleys and
406 public ways and places within the jurisdiction of a public agency
407 during the term of the contract for any of its systems. Such
408 contracts may obligate the public agency to make payments to the
409 metropolitan authority or to a trustee in amounts which shall be
410 sufficient to enable the metropolitan authority to defray the
411 expenses of administering, operating and maintaining its
412 waterworks, water supply system and sewage disposal system and
413 other systems, to pay interest and principal (whether at maturity
414 upon redemption or otherwise) on bonds of the metropolitan
415 authority issued pursuant to this act and to fund reserves for
416 debt service, for operation and maintenance and for renewals and
417 replacements, and to fulfill the requirements of any rate covenant
418 with respect to debt service coverage contained in any resolution,
419 trust indenture or other security agreement relating to the bonds
420 of the metropolitan authority issued pursuant to this act. Any
421 public agency shall have the power to enter into such contracts

with the metropolitan authority as in the discretion of the governing authorities thereof would be in the best interest of such public agency. Such contracts may include a pledge of the full faith and credit of such public agency and/or the avails of any special assessments made by such public agency against property receiving benefits, as now or hereafter provided by law. Any such contract may provide for the sale or lease to or use of by the metropolitan authority of any system or any part thereof of the public agency; may provide that such metropolitan authority shall operate any system or any part thereof of the public agency; may provide that any public agency shall have the right to continued use and/or priority use of any of its system or any part thereof during the useful life thereof upon payment of reasonable charges therefor; may contain provisions to assure equitable treatment of public agencies who contract with the metropolitan authority pursuant to this act; and may contain such other provisions and requirements as the parties thereto may determine to be appropriate or necessary. Such contracts may extend over any period of time, notwithstanding any provisions of law to the contrary, and may extend beyond the life of the system or any part thereof or the term of any bonds sold with respect to such facilities or improvements thereto.

(2) The obligations of a public agency arising under the terms of any contract referred to in this act, whether or not payable solely from a pledge of revenues, shall not be included within the indebtedness limitations of the public agency for purposes of any constitutional or statutory limitation or provision. To the extent provided in such contract and to the extent such obligations of the public agency are payable wholly or in part from the revenues and other monies derived by the public agency from the operation of its system or any part thereof, such obligations shall be treated as expenses of operating such system.

454 (3) Contracts referred to in this section may also provide
455 for payments in the form of contributions to defray the cost of
456 any purpose set forth in the contracts and as advances for the
457 system or any part thereof subject to repayment by the
458 metropolitan authority. A public agency may make such
459 contributions or advances from its general fund or surplus fund or
460 from special assessments or from any monies legally available
461 therefor.

462 (4) Payments made or to be made to the metropolitan
463 authority by a public agency pursuant to a contract for a system
464 or any part thereof shall not be subject to approval or review by
465 the Mississippi Public Service Commission.

466 (5) Subject to the terms of a contract or contracts referred
467 to in this act, the metropolitan authority is hereby authorized to
468 do and perform any and all acts or things necessary, convenient or
469 desirable to carry out the purposes of such contracts, including
470 the fixing, charging, collecting, maintaining and revising of
471 rates, fees and other charges for the services rendered by any
472 system operated or maintained by the metropolitan authority,
473 whether or not such system is owned by the metropolitan authority.

474 (6) No provision of this act shall be construed to prohibit
475 any public agency, otherwise permitted by law to issue bonds, from
476 issuing bonds in the manner provided by law for the construction,
477 renovation, repair or development of a system or any part thereof
478 owned or operated by such public agency.

479 Section 8. Whenever a public agency shall have executed a
480 contract pursuant to this act and the payments thereunder are to
481 be made either wholly or partly from the revenues of a system, of
482 a public agency or any part thereof or a combination of such
483 systems, the duty is hereby imposed on the public agency to
484 establish and maintain and from time to time to adjust the rates
485 charged by the public agency for the services of such system or
486 systems, such that the revenues therefrom together with any taxes

and special assessments levied in support thereof will be sufficient at all times to pay: (a) the expense of operating and maintaining such system or systems, including all of the public agency's obligations to the metropolitan authority, its successors or assigns under such contract; and (b) all of the public agency's obligations under and in connection with revenue bonds theretofore issued, or which may be issued thereafter and secured by the revenues of such system or systems. Any such contract may require the use of consulting engineers and financial experts to advise the public agency whether and when such rates are to be adjusted.

Section 9. (1) The metropolitan authority shall have the power and is hereby authorized, from time to time, to borrow money and to issue revenue bonds in such principal amounts as the metropolitan authority may determine to be necessary to provide sufficient funds for achieving one or more of the purposes of this act, including, without limiting the generality of the foregoing, to defray all the costs of the project, the cost of the acquisition, construction, improvement, repair or extension of a system, or any part thereof, whether or not such facilities are owned by the metropolitan authority, the payment of interest on bonds of the metropolitan authority issued pursuant to this act, establishment of reserves to secure such bonds and payment of the interest thereon, expenses incident to the issuance of such bonds and to the implementation of the metropolitan authority's system, and all other expenditures of the metropolitan authority incident to or necessary or convenient to carry out the purposes of this act.

(2) Before issuing bonds (other than interim notes or refunding bonds as provided in Section 10 of this act) hereunder, the board of directors of the metropolitan authority shall first hold a public hearing * * * with due notice of the time, date and place of the hearing published in a newspaper of general circulation in metropolitan area, * * * The board of directors

523 improvements and the proposed location thereof, and the date, time
524 and place at which the board of directors proposes to take further
525 action with respect to the issuance of such bonds. The board of
526 directors shall then cause the resolution of intent to be
527 published once a week for at least three (3) consecutive weeks in
528 at least one (1) newspaper having a general circulation within the
529 metropolitan area. The first publication of such resolution shall
530 be made not less than twenty-one (21) days before the date fixed
531 in such resolution to direct the issuance of the bonds and the
532 last publication shall be made not more than seven (7) days before
533 such date.

534 (3) Following the public hearing, bonds of the metropolitan
535 authority may be issued pursuant to this act * * * payable from
536 and secured by a pledge of all or any part of the revenues under
537 one or more contracts entered into pursuant to this act between
538 the metropolitan authority and one or more of its member public
539 agencies and from all or any part of the revenues derived from the
540 operation of any designated system or any part or parts thereof
541 and any other monies legally available and designated therefor, as
542 may be determined by the metropolitan authority, subject only to
543 any agreement with the purchasers of the bonds. Such bonds may be
544 further secured by a trust indenture between the metropolitan
545 authority and a corporate trustee, which may be any trust company
546 or bank having powers of a trust company without or within the
547 state.

548 (4) Bonds of the metropolitan authority issued pursuant to
549 this act shall be authorized by a resolution or resolutions
550 adopted by a three-fifths (3/5) affirmative vote of the total
551 membership of the board of directors of the metropolitan authority
552 and by a concurrent affirmative vote of directors representing

553 sixty percent (60%) of the total payments for use of the system of
554 the metropolitan authority during the preceding fiscal year. Such
555 bonds may be issued in series, and each series of such bonds shall
556 bear such date or dates, mature at such time or times, bear
557 interest at such rate or rates (not exceeding the maximum rate set

560 such conversion privileges, have such rank or priority, be
561 executed in such manner and by such officers, be payable from such
562 sources in such medium of payment at such place or places within
563 or without the state, provided that one such place shall be within
564 the state, and be subject to such terms of redemption prior to
565 maturity, all as may be provided by resolution or resolutions of
566 the board of directors.

567 (5) Bonds of the metropolitan authority issued pursuant to
