209 donor's death whether or not the will is probated. Invalidation
210 of the will after the donor's death does not invalidate the gift.

211 **SECTION 5.** Section 41-39-127, Mississippi Code of 1972, is
212 amended as follows:

213 41-39-127. (a) When a hospital refers an individual at or
214 near death to a procurement organization, the organization shall
215 make a reasonable search of the records of the Mississippi
216 Department of Public Safety, the Mississippi Department of
217 Wildlife, Fisheries and Parks and any donor registry that it knows
218 exists for the geographical area in which the individual resides
219 to ascertain whether the individual has made an anatomical gift.

220 (b) A procurement organization must be allowed reasonable
221 access to information in the records of the Mississippi Department
222 of Public Safety and the Mississippi Department of Wildlife,
223 Fisheries and Parks to ascertain whether an individual at or near
224 death is a donor.

225 (c) When a hospital refers an individual at or near death to
226 a procurement organization, the organization may conduct any
227 reasonable examination necessary to ensure the medical suitability
228 of a part that is or could be the subject of an anatomical gift

229 for transplantation, therapy, research, or education from a donor
230 or a prospective donor. The organ procurement organizations,
231 tissue bank, or eye bank, or hospital medical professionals under
232 the direction thereof, may perform any and all tests to evaluate
233 the deceased as a potential donor and any invasive procedures on
234 the deceased body in order to preserve the potential donor's
235 organs. During the examination period, measures necessary to
236 ensure the medical suitability of the part may not be withdrawn
237 unless the hospital or procurement organization knows that the
238 individual expressed a contrary intent. The procurement
239 organization representative shall initiate the consent process
240 with reasonable discretion and sensitivity to the family's
241 circumstances, values and beliefs.

242 (d) Unless prohibited by law other than Sections 41-39-101
243 through 41-39-149, at any time after a donor's death, the person
244 to which a part passes under Section 41-39-121 may conduct any
245 reasonable examination necessary to ensure the medical suitability
246 of the body or part for its intended purpose.

247 (e) Unless prohibited by law other than Sections 41-39-101
248 through 41-39-149, an examination under subsection (c) or (d) may
249 include an examination of all medical and dental records of the
250 donor or prospective donor.

251 (f) Upon the death of a minor who was a donor or had signed
252 a refusal, unless a procurement organization knows the minor is
253 emancipated, the procurement organization shall conduct a

254 reasonable search for the parents of the minor and provide the
255 parents with an opportunity to revoke or amend the anatomical gift
256 or revoke the refusal.

257 (g) Upon referral by a hospital under subsection (a), a
258 procurement organization shall make a reasonable search for any
259 person listed in Section 41-39-117 having priority to make an
260 anatomical gift on behalf of a prospective donor. If a
261 procurement organization receives information that an anatomical
262 gift to any other person was made, amended, or revoked, it shall
263 promptly advise the other person of all relevant information.

264 (h) Subject to Sections 41-39-121(i) and 41-39-143, the
265 rights of the person to which a part passes under Section
266 41-39-121 are superior to the rights of all others with respect to
267 the part. The person may accept or reject an anatomical gift in
268 whole or in part. Subject to the terms of the document of gift
269 and Sections 41-39-101 through 41-39-149, a person that accepts an
270 anatomical gift of an entire body may allow embalming, burial or
271 cremation, and use of remains in a funeral service. If the gift
272 is of a part, the person to which the part passes under Section
273 41-39-121, upon the death of the donor and before embalming,
274 burial, or cremation, shall cause the part to be removed without
275 unnecessary mutilation.

276 (i) Neither the physician who attends the decedent at death
277 nor the physician who determines the time of the decedent's death

278 may participate in the procedures for removing or transplanting a
279 part from the decedent.

280 (j) A physician or technician may remove a donated part from
281 the body of a donor that the physician or technician is qualified
282 to remove.

283 **SECTION 6.** Section 41-39-139, Mississippi Code of 1972, is
284 amended as follows:

285 41-39-139. (a) The Mississippi Department of Public Safety
286 may establish or contract for the establishment of a donor
287 registry.

288 (b) The Mississippi Department of Public Safety shall
289 cooperate with a person that administers any donor registry that
290 this state establishes, contracts for, or recognizes for the
291 purpose of transferring to the donor registry all relevant
292 information regarding a donor's making, amendment to, or
293 revocation of an anatomical gift.

294 (c) The Mississippi Department of Wildlife, Fisheries and
295 Parks shall provide all relevant information regarding a donor's
296 making, amendment to, or revocation of an anatomical gift to a
297 donor registry established or contracted for under this section.
298 The donor registry shall reimburse the department for any costs
299 associated with providing this information to the registry. If
300 the department is not reimbursed according to this subsection, the
301 department is absolved of all responsibility to collect and
302 provide donor data to the registry.

303 (* * *d) A donor registry must:

304 (1) Allow a donor or other person authorized under
305 Section 41-39-107 to include on the donor registry a statement or
306 symbol that the donor has made, amended, or revoked an anatomical
307 gift;

308 (2) Be accessible to a procurement organization to
309 allow it to obtain relevant information on the donor registry to
310 determine, at or near death of the donor or a prospective donor,
311 whether the donor or prospective donor has made, amended, or
312 revoked an anatomical gift; and

313 (3) Be accessible for purposes of paragraphs (1) and
314 (2) seven (7) days a week on a twenty-four-hour basis.

315 (* * *e) Except as otherwise provided in subsection
316 (* * *g), personally identifiable information on a donor registry
317 about a donor or prospective donor may not be used or disclosed
318 without the express consent of the donor, prospective donor, or
319 person that made the anatomical gift for any purpose other than to
320 determine, at or near death of the donor or prospective donor,
321 whether the donor or prospective donor has made, amended, or
322 revoked an anatomical gift.

323 (* * *f) This section does not prohibit any person from
324 creating or maintaining a donor registry that is not established
325 by or under contract with the state. Any such registry must
326 comply with subsections (* * *d) and (* * *e).

327 (* * *g) At the time that a person is renewing his or her
328 driver's license, the Department of Public Safety shall ask the
329 person if he or she would like to be a donor. If the answer is
330 yes, the department shall inform the prospective donor that his or
331 her decision to be a donor cannot be revoked, changed or contested
332 after his or her death by the donor's next of kin or by any other
333 person, and shall ask the person if he or she desires information
334 about the person's decision to be a donor to be sent to another
335 person or persons. If the answer is yes, the department shall
336 obtain the name and mailing address of the person or persons
337 designated by the prospective donor, and the donor registry shall
338 send the information about the prospective donor's decision to the
339 designated person or persons as requested.

340 (h) At the time that a person is applying to renew a hunting
341 or fishing license online through the Mississippi Department of
342 Wildlife, Fisheries and Parks' website, the website will include a
343 question asking if the person would like to be a donor. If the
344 answer is yes, the website application must inform the prospective
345 donor that a decision to be a donor cannot be revoked, changed or
346 contested after the donor's death by the donor's next of kin or by
347 any other person. The application will include a question asking
348 the applicant if the person desires information about the person's
349 decision to be a donor to be sent to another person or persons.
350 If the answer is yes, the online application must obtain the name
351 and mailing address of the person or persons designated by the

352 prospective donor, and the donor registry shall send the
353 information about the prospective donor's decision to the
354 designated person or persons as requested.

355 **SECTION 7.** Section 1 of this act shall be codified as a new
356 section in Title 49, Chapter 7, Mississippi Code of 1972.

357 **SECTION 8.** This act shall take effect and be in force from
