HOUSE BILL NO. 104

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,  
 2 TO AUTHORIZE THE DIRECT ON-SITE SUPERVISOR OF A PROVIDER IN A  
 3 MANAGED CARE ORGANIZATION UNDER ANY MANAGED CARE PROGRAM  
 4 IMPLEMENTED BY THE DIVISION OF MEDICAID WHO HAS BEGUN THE PROCESS  
 5 FOR CREDENTIALING AND PREVIOUSLY HAS NOT BEEN DENIED CREDENTIALING  
 6 TO SIGN OFF ON THE WORK OF THE PROVIDER DURING THE TIME THAT THE  
 7 PROVIDER IS AWAITING A DECISION ON HIS OR HER CREDENTIALING, AND  
 8 TO ALLOW THE PROVIDER TO RECEIVE REIMBURSEMENT FROM THE  
 9 ORGANIZATION FOR THE WORK THAT HAS BEEN SIGNED OFF ON BY THE  
 10 SUPERVISOR; TO EXTEND THE DATE OF THE REPEALER ON THAT SECTION; TO  
 11 AMEND SECTION 43-13-121, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT  
 12 WHENEVER THE DIVISION DETERMINES AFTER A HEARING THAT A PROVIDER  
 13 HAS VIOLATED ANY PROVISION OF THE MEDICAID LAW, THE DIVISION MAY  
 14 NOT SUSPEND REIMBURSEMENT PAYMENTS TO THE PROVIDER DURING THE TIME  
 15 THAT THE DECISION OF THE DIVISION IS ON APPEAL BY THE PROVIDER,  
 16 UNLESS THE PROVIDER PREVIOUSLY HAS BEEN CONVICTED OF FRAUD IN  
 17 CONNECTION WITH THE MEDICAID PROGRAM; AND FOR RELATED PURPOSES.

18 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

19 **SECTION 1.** Section 43-13-117, Mississippi Code of 1972, is  
 20 amended as follows:

21 43-13-117. (A) Medicaid as authorized by this article shall  
 22 include payment of part or all of the costs, at the discretion of  
 23 the division, with approval of the Governor and the Centers for  
 24 Medicare and Medicaid Services, of the following types of care and  
 25 services rendered to eligible applicants who have been determined

26 to be eligible for that care and services, within the limits of  
27 state appropriations and federal matching funds:

28 (1) Inpatient hospital services.

29 (a) The division is authorized to implement an All  
30 Patient Refined Diagnosis Related Groups (APR-DRG) reimbursement  
31 methodology for inpatient hospital services.

32 (b) No service benefits or reimbursement  
33 limitations in this subsection (A)(1) shall apply to payments  
34 under an APR-DRG or Ambulatory Payment Classification (APC) model  
35 or a managed care program or similar model described in subsection  
36 (H) of this section unless specifically authorized by the  
37 division.

38 (2) Outpatient hospital services.

39 (a) Emergency services.

40 (b) Other outpatient hospital services. The  
41 division shall allow benefits for other medically necessary  
42 outpatient hospital services (such as chemotherapy, radiation,  
43 surgery and therapy), including outpatient services in a clinic or  
44 other facility that is not located inside the hospital, but that  
45 has been designated as an outpatient facility by the hospital, and  
46 that was in operation or under construction on July 1, 2009,  
47 provided that the costs and charges associated with the operation  
48 of the hospital clinic are included in the hospital's cost report.  
49 In addition, the Medicare thirty-five-mile rule will apply to  
50 those hospital clinics not located inside the hospital that are

51 constructed after July 1, 2009. Where the same services are  
52 reimbursed as clinic services, the division may revise the rate or  
53 methodology of outpatient reimbursement to maintain consistency,  
54 efficiency, economy and quality of care.

55 (c) The division is authorized to implement an  
56 Ambulatory Payment Classification (APC) methodology for outpatient  
57 hospital services. The division shall give rural hospitals that  
58 have fifty (50) or fewer licensed beds the option to not be  
59 reimbursed for outpatient hospital services using the APC  
60 methodology, but reimbursement for outpatient hospital services  
61 provided by those hospitals shall be based on one hundred one  
62 percent (101%) of the rate established under Medicare for  
63 outpatient hospital services. Those hospitals choosing to not be  
64 reimbursed under the APC methodology shall remain under cost-based  
65 reimbursement for a two-year period.

66 (d) No service benefits or reimbursement  
67 limitations in this subsection (A)(2) shall apply to payments  
68 under an APR-DRG or APC model or a managed care program or similar  
69 model described in subsection (H) of this section unless  
70 specifically authorized by the division.

71 (3) Laboratory and x-ray services.

72 (4) Nursing facility services.

73 (a) The division shall make full payment to  
74 nursing facilities for each day, not exceeding forty-two (42) days  
75 per year, that a patient is absent from the facility on home

76 leave. Payment may be made for the following home leave days in  
77 addition to the forty-two-day limitation: Christmas, the day  
78 before Christmas, the day after Christmas, Thanksgiving, the day  
79 before Thanksgiving and the day after Thanksgiving.

80 (b) From and after July 1, 1997, the division  
81 shall implement the integrated case-mix payment and quality  
82 monitoring system, which includes the fair rental system for  
83 property costs and in which recapture of depreciation is  
84 eliminated. The division may reduce the payment for hospital  
85 leave and therapeutic home leave days to the lower of the case-mix  
86 category as computed for the resident on leave using the  
87 assessment being utilized for payment at that point in time, or a  
88 case-mix score of 1.000 for nursing facilities, and shall compute  
89 case-mix scores of residents so that only services provided at the  
90 nursing facility are considered in calculating a facility's per  
91 diem.

92 (c) From and after July 1, 1997, all state-owned  
93 nursing facilities shall be reimbursed on a full reasonable cost  
94 basis.

95 (d) On or after January 1, 2015, the division  
96 shall update the case-mix payment system resource utilization  
97 grouper and classifications and fair rental reimbursement system.  
98 The division shall develop and implement a payment add-on to  
99 reimburse nursing facilities for ventilator-dependent resident  
100 services.

101                   (e) The division shall develop and implement, not  
102 later than January 1, 2001, a case-mix payment add-on determined  
103 by time studies and other valid statistical data that will  
104 reimburse a nursing facility for the additional cost of caring for  
105 a resident who has a diagnosis of Alzheimer's or other related  
106 dementia and exhibits symptoms that require special care. Any  
107 such case-mix add-on payment shall be supported by a determination  
108 of additional cost. The division shall also develop and implement  
109 as part of the fair rental reimbursement system for nursing  
110 facility beds, an Alzheimer's resident bed depreciation enhanced  
111 reimbursement system that will provide an incentive to encourage  
112 nursing facilities to convert or construct beds for residents with  
113 Alzheimer's or other related dementia.

114                   (f) The division shall develop and implement an  
115 assessment process for long-term care services. The division may  
116 provide the assessment and related functions directly or through  
117 contract with the area agencies on aging.

118                   The division shall apply for necessary federal waivers to  
119 assure that additional services providing alternatives to nursing  
120 facility care are made available to applicants for nursing  
121 facility care.

122                   (5) Periodic screening and diagnostic services for  
123 individuals under age twenty-one (21) years as are needed to  
124 identify physical and mental defects and to provide health care  
125 treatment and other measures designed to correct or ameliorate

126 defects and physical and mental illness and conditions discovered  
127 by the screening services, regardless of whether these services  
128 are included in the state plan. The division may include in its  
129 periodic screening and diagnostic program those discretionary  
130 services authorized under the federal regulations adopted to  
131 implement Title XIX of the federal Social Security Act, as  
132 amended. The division, in obtaining physical therapy services,  
133 occupational therapy services, and services for individuals with  
134 speech, hearing and language disorders, may enter into a  
135 cooperative agreement with the State Department of Education for  
136 the provision of those services to handicapped students by public  
137 school districts using state funds that are provided from the  
138 appropriation to the Department of Education to obtain federal  
139 matching funds through the division. The division, in obtaining  
140 medical and mental health assessments, treatment, care and  
141 services for children who are in, or at risk of being put in, the  
142 custody of the Mississippi Department of Human Services may enter  
143 into a cooperative agreement with the Mississippi Department of  
144 Human Services for the provision of those services using state  
145 funds that are provided from the appropriation to the Department  
146 of Human Services to obtain federal matching funds through the  
147 division.

148           (6) Physician services. Fees for physician's services  
149 that are covered only by Medicaid shall be reimbursed at ninety  
150 percent (90%) of the rate established on January 1, 2018, and as

151 may be adjusted each July thereafter, under Medicare. The  
152 division may provide for a reimbursement rate for physician's  
153 services of up to one hundred percent (100%) of the rate  
154 established under Medicare for physician's services that are  
155 provided after the normal working hours of the physician, as  
156 determined in accordance with regulations of the division. The  
157 division may reimburse eligible providers, as determined by the  
158 division, for certain primary care services at one hundred percent  
159 (100%) of the rate established under Medicare. The division shall  
160 reimburse obstetricians and gynecologists for certain primary care  
161 services as defined by the division at one hundred percent (100%)  
162 of the rate established under Medicare.

163           (7) (a) Home health services for eligible persons, not  
164 to exceed in cost the prevailing cost of nursing facility  
165 services. All home health visits must be precertified as required  
166 by the division. In addition to physicians, certified registered  
167 nurse practitioners, physician assistants and clinical nurse  
168 specialists are authorized to prescribe or order home health  
169 services and plans of care, sign home health plans of care,  
170 certify and recertify eligibility for home health services and  
171 conduct the required initial face-to-face visit with the recipient  
172 of the services.

173           (b) [Repealed]

174           (8) Emergency medical transportation services as  
175 determined by the division.

176 (9) Prescription drugs and other covered drugs and  
177 services as determined by the division.

178 The division shall establish a mandatory preferred drug list.  
179 Drugs not on the mandatory preferred drug list shall be made  
180 available by utilizing prior authorization procedures established  
181 by the division.

182 The division may seek to establish relationships with other  
183 states in order to lower acquisition costs of prescription drugs  
184 to include single-source and innovator multiple-source drugs or  
185 generic drugs. In addition, if allowed by federal law or  
186 regulation, the division may seek to establish relationships with  
187 and negotiate with other countries to facilitate the acquisition  
188 of prescription drugs to include single-source and innovator  
189 multiple-source drugs or generic drugs, if that will lower the  
190 acquisition costs of those prescription drugs.

191 The division may allow for a combination of prescriptions for  
192 single-source and innovator multiple-source drugs and generic  
193 drugs to meet the needs of the beneficiaries.

194 The executive director may approve specific maintenance drugs  
195 for beneficiaries with certain medical conditions, which may be  
196 prescribed and dispensed in three-month supply increments.

197 Drugs prescribed for a resident of a psychiatric residential  
198 treatment facility must be provided in true unit doses when  
199 available. The division may require that drugs not covered by  
200 Medicare Part D for a resident of a long-term care facility be

201 provided in true unit doses when available. Those drugs that were  
202 originally billed to the division but are not used by a resident  
203 in any of those facilities shall be returned to the billing  
204 pharmacy for credit to the division, in accordance with the  
205 guidelines of the State Board of Pharmacy and any requirements of  
206 federal law and regulation. Drugs shall be dispensed to a  
207 recipient and only one (1) dispensing fee per month may be  
208 charged. The division shall develop a methodology for reimbursing  
209 for restocked drugs, which shall include a restock fee as  
210 determined by the division not exceeding Seven Dollars and  
211 Eighty-two Cents (\$7.82).

212 Except for those specific maintenance drugs approved by the  
213 executive director, the division shall not reimburse for any  
214 portion of a prescription that exceeds a thirty-one-day supply of  
215 the drug based on the daily dosage.

216 The division is authorized to develop and implement a program  
217 of payment for additional pharmacist services as determined by the  
218 division.

219 All claims for drugs for dually eligible Medicare/Medicaid  
220 beneficiaries that are paid for by Medicare must be submitted to  
221 Medicare for payment before they may be processed by the  
222 division's online payment system.

223 The division shall develop a pharmacy policy in which drugs  
224 in tamper-resistant packaging that are prescribed for a resident  
225 of a nursing facility but are not dispensed to the resident shall

226 be returned to the pharmacy and not billed to Medicaid, in  
227 accordance with guidelines of the State Board of Pharmacy.

228         The division shall develop and implement a method or methods  
229 by which the division will provide on a regular basis to Medicaid  
230 providers who are authorized to prescribe drugs, information about  
231 the costs to the Medicaid program of single-source drugs and  
232 innovator multiple-source drugs, and information about other drugs  
233 that may be prescribed as alternatives to those single-source  
234 drugs and innovator multiple-source drugs and the costs to the  
235 Medicaid program of those alternative drugs.

236         Notwithstanding any law or regulation, information obtained  
237 or maintained by the division regarding the prescription drug  
238 program, including trade secrets and manufacturer or labeler  
239 pricing, is confidential and not subject to disclosure except to  
240 other state agencies.

241         The dispensing fee for each new or refill prescription,  
242 including nonlegend or over-the-counter drugs covered by the  
243 division, shall be not less than Three Dollars and Ninety-one  
244 Cents (\$3.91), as determined by the division.

245         The division shall not reimburse for single-source or  
246 innovator multiple-source drugs if there are equally effective  
247 generic equivalents available and if the generic equivalents are  
248 the least expensive.

249           It is the intent of the Legislature that the pharmacists  
250 providers be reimbursed for the reasonable costs of filling and  
251 dispensing prescriptions for Medicaid beneficiaries.

252           The division shall allow certain drugs, including  
253 physician-administered drugs, and implantable drug system devices,  
254 and medical supplies, with limited distribution or limited access  
255 for beneficiaries and administered in an appropriate clinical  
256 setting, to be reimbursed as either a medical claim or pharmacy  
257 claim, as determined by the division.

258           It is the intent of the Legislature that the division and any  
259 managed care entity described in subsection (H) of this section  
260 encourage the use of Alpha-Hydroxyprogesterone Caproate (17P) to  
261 prevent recurrent preterm birth.

262           (10) Dental and orthodontic services to be determined  
263 by the division.

264           The division shall increase the amount of the reimbursement  
265 rate for diagnostic and preventative dental services for each of  
266 the fiscal years 2022, 2023 and 2024 by five percent (5%) above  
267 the amount of the reimbursement rate for the previous fiscal year.  
268 The division shall increase the amount of the reimbursement rate  
269 for restorative dental services for each of the fiscal years 2023,  
270 2024 and 2025 by five percent (5%) above the amount of the  
271 reimbursement rate for the previous fiscal year. It is the intent  
272 of the Legislature that the reimbursement rate revision for  
273 preventative dental services will be an incentive to increase the

274 number of dentists who actively provide Medicaid services. This  
275 dental services reimbursement rate revision shall be known as the  
276 "James Russell Dumas Medicaid Dental Services Incentive Program."

277 The Medical Care Advisory Committee, assisted by the Division  
278 of Medicaid, shall annually determine the effect of this incentive  
279 by evaluating the number of dentists who are Medicaid providers,  
280 the number who and the degree to which they are actively billing  
281 Medicaid, the geographic trends of where dentists are offering  
282 what types of Medicaid services and other statistics pertinent to  
283 the goals of this legislative intent. This data shall annually be  
284 presented to the Chair of the Senate Medicaid Committee and the  
285 Chair of the House Medicaid Committee.

286 The division shall include dental services as a necessary  
287 component of overall health services provided to children who are  
288 eligible for services.

289 (11) Eyeglasses for all Medicaid beneficiaries who have  
290 (a) had surgery on the eyeball or ocular muscle that results in a  
291 vision change for which eyeglasses or a change in eyeglasses is  
292 medically indicated within six (6) months of the surgery and is in  
293 accordance with policies established by the division, or (b) one  
294 (1) pair every five (5) years and in accordance with policies  
295 established by the division. In either instance, the eyeglasses  
296 must be prescribed by a physician skilled in diseases of the eye  
297 or an optometrist, whichever the beneficiary may select.

298 (12) Intermediate care facility services.

299 (a) The division shall make full payment to all  
300 intermediate care facilities for individuals with intellectual  
301 disabilities for each day, not exceeding sixty-three (63) days per  
302 year, that a patient is absent from the facility on home leave.  
303 Payment may be made for the following home leave days in addition  
304 to the sixty-three-day limitation: Christmas, the day before  
305 Christmas, the day after Christmas, Thanksgiving, the day before  
306 Thanksgiving and the day after Thanksgiving.

307 (b) All state-owned intermediate care facilities  
308 for individuals with intellectual disabilities shall be reimbursed  
309 on a full reasonable cost basis.

310 (c) Effective January 1, 2015, the division shall  
311 update the fair rental reimbursement system for intermediate care  
312 facilities for individuals with intellectual disabilities.

313 (13) Family planning services, including drugs,  
314 supplies and devices, when those services are under the  
315 supervision of a physician or nurse practitioner.

316 (14) Clinic services. Preventive, diagnostic,  
317 therapeutic, rehabilitative or palliative services that are  
318 furnished by a facility that is not part of a hospital but is  
319 organized and operated to provide medical care to outpatients.  
320 Clinic services include, but are not limited to:

321 (a) Services provided by ambulatory surgical  
322 centers (ACSS) as defined in Section 41-75-1(a); and

323 (b) Dialysis center services.

324 (15) Home- and community-based services for the elderly  
325 and disabled, as provided under Title XIX of the federal Social  
326 Security Act, as amended, under waivers, subject to the  
327 availability of funds specifically appropriated for that purpose  
328 by the Legislature.

329 (16) Mental health services. Certain services provided  
330 by a psychiatrist shall be reimbursed at up to one hundred percent  
331 (100%) of the Medicare rate. Approved therapeutic and case  
332 management services (a) provided by an approved regional mental  
333 health/intellectual disability center established under Sections  
334 41-19-31 through 41-19-39, or by another community mental health  
335 service provider meeting the requirements of the Department of  
336 Mental Health to be an approved mental health/intellectual  
337 disability center if determined necessary by the Department of  
338 Mental Health, using state funds that are provided in the  
339 appropriation to the division to match federal funds, or (b)  
340 provided by a facility that is certified by the State Department  
341 of Mental Health to provide therapeutic and case management  
342 services, to be reimbursed on a fee for service basis, or (c)  
343 provided in the community by a facility or program operated by the  
344 Department of Mental Health. Any such services provided by a  
345 facility described in subparagraph (b) must have the prior  
346 approval of the division to be reimbursable under this section.

347 (17) Durable medical equipment services and medical  
348 supplies. Precertification of durable medical equipment and

349 medical supplies must be obtained as required by the division.  
350 The Division of Medicaid may require durable medical equipment  
351 providers to obtain a surety bond in the amount and to the  
352 specifications as established by the Balanced Budget Act of 1997.  
353 A maximum dollar amount of reimbursement for noninvasive  
354 ventilators or ventilation treatments properly ordered and being  
355 used in an appropriate care setting shall not be set by any health  
356 maintenance organization, coordinated care organization,  
357 provider-sponsored health plan, or other organization paid for  
358 services on a capitated basis by the division under any managed  
359 care program or coordinated care program implemented by the  
360 division under this section. Reimbursement by these organizations  
361 to durable medical equipment suppliers for home use of noninvasive  
362 and invasive ventilators shall be on a continuous monthly payment  
363 basis for the duration of medical need throughout a patient's  
364 valid prescription period.

365           (18) (a) Notwithstanding any other provision of this  
366 section to the contrary, as provided in the Medicaid state plan  
367 amendment or amendments as defined in Section 43-13-145(10), the  
368 division shall make additional reimbursement to hospitals that  
369 serve a disproportionate share of low-income patients and that  
370 meet the federal requirements for those payments as provided in  
371 Section 1923 of the federal Social Security Act and any applicable  
372 regulations. It is the intent of the Legislature that the  
373 division shall draw down all available federal funds allotted to

374 the state for disproportionate share hospitals. However, from and  
375 after January 1, 1999, public hospitals participating in the  
376 Medicaid disproportionate share program may be required to  
377 participate in an intergovernmental transfer program as provided  
378 in Section 1903 of the federal Social Security Act and any  
379 applicable regulations.

380 (b) (i) 1. The division may establish a Medicare  
381 Upper Payment Limits Program, as defined in Section 1902(a)(30) of  
382 the federal Social Security Act and any applicable federal  
383 regulations, or an allowable delivery system or provider payment  
384 initiative authorized under 42 CFR 438.6(c), for hospitals,  
385 nursing facilities and physicians employed or contracted by  
386 hospitals.

387 2. The division shall establish a  
388 Medicaid Supplemental Payment Program, as permitted by the federal  
389 Social Security Act and a comparable allowable delivery system or  
390 provider payment initiative authorized under 42 CFR 438.6(c), for  
391 emergency ambulance transportation providers in accordance with  
392 this subsection (A)(18)(b).

393 (ii) The division shall assess each hospital,  
394 nursing facility, and emergency ambulance transportation provider  
395 for the sole purpose of financing the state portion of the  
396 Medicare Upper Payment Limits Program or other program(s)  
397 authorized under this subsection (A)(18)(b). The hospital  
398 assessment shall be as provided in Section 43-13-145(4)(a), and

399 the nursing facility and the emergency ambulance transportation  
400 assessments, if established, shall be based on Medicaid  
401 utilization or other appropriate method, as determined by the  
402 division, consistent with federal regulations. The assessments  
403 will remain in effect as long as the state participates in the  
404 Medicare Upper Payment Limits Program or other program(s)  
405 authorized under this subsection (A) (18) (b). In addition to the  
406 hospital assessment provided in Section 43-13-145(4) (a), hospitals  
407 with physicians participating in the Medicare Upper Payment Limits  
408 Program or other program(s) authorized under this subsection  
409 (A) (18) (b) shall be required to participate in an  
410 intergovernmental transfer or assessment, as determined by the  
411 division, for the purpose of financing the state portion of the  
412 physician UPL payments or other payment(s) authorized under this  
413 subsection (A) (18) (b).

414 (iii) Subject to approval by the Centers for  
415 Medicare and Medicaid Services (CMS) and the provisions of this  
416 subsection (A) (18) (b), the division shall make additional  
417 reimbursement to hospitals, nursing facilities, and emergency  
418 ambulance transportation providers for the Medicare Upper Payment  
419 Limits Program or other program(s) authorized under this  
420 subsection (A) (18) (b), and, if the program is established for  
421 physicians, shall make additional reimbursement for physicians, as  
422 defined in Section 1902(a) (30) of the federal Social Security Act

423 and any applicable federal regulations, provided the assessment in  
424 this subsection (A) (18) (b) is in effect.

425 (iv) Notwithstanding any other provision of  
426 this article to the contrary, effective upon implementation of the  
427 Mississippi Hospital Access Program (MHAP) provided in  
428 subparagraph (c) (i) below, the hospital portion of the inpatient  
429 Upper Payment Limits Program shall transition into and be replaced  
430 by the MHAP program. However, the division is authorized to  
431 develop and implement an alternative fee-for-service Upper Payment  
432 Limits model in accordance with federal laws and regulations if  
433 necessary to preserve supplemental funding. Further, the  
434 division, in consultation with the hospital industry shall develop  
435 alternative models for distribution of medical claims and  
436 supplemental payments for inpatient and outpatient hospital  
437 services, and such models may include, but shall not be limited to  
438 the following: increasing rates for inpatient and outpatient  
439 services; creating a low-income utilization pool of funds to  
440 reimburse hospitals for the costs of uncompensated care, charity  
441 care and bad debts as permitted and approved pursuant to federal  
442 regulations and the Centers for Medicare and Medicaid Services;  
443 supplemental payments based upon Medicaid utilization, quality,  
444 service lines and/or costs of providing such services to Medicaid  
445 beneficiaries and to uninsured patients. The goals of such  
446 payment models shall be to ensure access to inpatient and  
447 outpatient care and to maximize any federal funds that are

448 available to reimburse hospitals for services provided. Any such  
449 documents required to achieve the goals described in this  
450 paragraph shall be submitted to the Centers for Medicare and  
451 Medicaid Services, with a proposed effective date of July 1, 2019,  
452 to the extent possible, but in no event shall the effective date  
453 of such payment models be later than July 1, 2020. The Chairmen  
454 of the Senate and House Medicaid Committees shall be provided a  
455 copy of the proposed payment model(s) prior to submission.  
456 Effective July 1, 2018, and until such time as any payment  
457 model(s) as described above become effective, the division, in  
458 consultation with the hospital industry, is authorized to  
459 implement a transitional program for inpatient and outpatient  
460 payments and/or supplemental payments (including, but not limited  
461 to, MHAP and directed payments), to redistribute available  
462 supplemental funds among hospital providers, provided that when  
463 compared to a hospital's prior year supplemental payments,  
464 supplemental payments made pursuant to any such transitional  
465 program shall not result in a decrease of more than five percent  
466 (5%) and shall not increase by more than the amount needed to  
467 maximize the distribution of the available funds.

468 (v) 1. To preserve and improve access to  
469 ambulance transportation provider services, the division shall  
470 seek CMS approval to make ambulance service access payments as set  
471 forth in this subsection (A)(18)(b) for all covered emergency  
472 ambulance services rendered on or after July 1, 2022, and shall

473 make such ambulance service access payments for all covered  
474 services rendered on or after the effective date of CMS approval.

475                   2. The division shall calculate the  
476 ambulance service access payment amount as the balance of the  
477 portion of the Medical Care Fund related to ambulance  
478 transportation service provider assessments plus any federal  
479 matching funds earned on the balance, up to, but not to exceed,  
480 the upper payment limit gap for all emergency ambulance service  
481 providers.

482                   3. a. Except for ambulance services  
483 exempt from the assessment provided in this paragraph (18)(b), all  
484 ambulance transportation service providers shall be eligible for  
485 ambulance service access payments each state fiscal year as set  
486 forth in this paragraph (18)(b).

487                   b. In addition to any other funds  
488 paid to ambulance transportation service providers for emergency  
489 medical services provided to Medicaid beneficiaries, each eligible  
490 ambulance transportation service provider shall receive ambulance  
491 service access payments each state fiscal year equal to the  
492 ambulance transportation service provider's upper payment limit  
493 gap. Subject to approval by the Centers for Medicare and Medicaid  
494 Services, ambulance service access payments shall be made no less  
495 than on a quarterly basis.

496                   c. As used in this paragraph  
497 (18)(b)(v), the term "upper payment limit gap" means the

498 difference between the total amount that the ambulance  
499 transportation service provider received from Medicaid and the  
500 average amount that the ambulance transportation service provider  
501 would have received from commercial insurers for those services  
502 reimbursed by Medicaid.

503                                   4. An ambulance service access payment  
504 shall not be used to offset any other payment by the division for

507 division shall, subject to approval by the Centers for Medicare

510 protecting patient access to hospital care through hospital  
511 inpatient reimbursement programs provided in this section designed  
512 to maintain total hospital reimbursement for inpatient services  
513 rendered by in-state hospitals and the out-of-state hospital that  
514 is authorized by federal law to submit intergovernmental transfers  
515 (IGTs) to the State of Mississippi and is classified as Level I  
516 trauma center located in a county contiguous to the state line at  
517 the maximum levels permissible under applicable federal statutes  
518 and regulations, at which time the current inpatient Medicare  
519 Upper Payment Limits (UPL) Program for hospital inpatient services  
520 shall transition to the MHAP.

521                                   (ii) Subject to approval by the Centers for  
522 Medicare and Medicaid Services (CMS), the MHAP shall provide

523 increased inpatient capitation (PMPM) payments to managed care  
524 entities contracting with the division pursuant to subsection (H)  
525 of this section to support availability of hospital services or

532 feasible replace the additional reimbursement for hospital

550 include case management, nutrition assessment/counseling,

875 than the estimated annual payment to be made to the border city  
876 university-affiliated pediatric teaching hospital. The estimate  
877 shall be based on the hospital's prior year Mississippi managed  
878 care utilization.

879 (b) As used in this paragraph (60), the term  
880 "border city university-affiliated pediatric teaching hospital"  
881 means an out-of-state hospital located within a city bordering the  
882 eastern bank of the Mississippi River and the State of Mississippi  
883 that submits to the division a copy of a current and effective  
884 affiliation agreement with an accredited university and other  
885 documentation establishing that the hospital is  
886 university-affiliated, is licensed and designated as a pediatric  
887 hospital or pediatric primary hospital within its home state,  
888 maintains at least five (5) different pediatric specialty training  
889 programs, and maintains at least one hundred (100) operated beds  
890 dedicated exclusively for the treatment of patients under the age  
891 of twenty-one (21) years.

892 (c) The cost of providing services to Mississippi  
893 Medicaid beneficiaries under the age of twenty-one (21) years who  
894 are treated by a border city university-affiliated pediatric  
895 teaching hospital shall not exceed the cost of providing the same  
896 services to individuals in hospitals in the state.

897 (d) It is the intent of the Legislature that  
898 payments shall not result in any in-state hospital receiving  
899 payments lower than they would otherwise receive if not for the  
900 payments made to any border city university-affiliated pediatric  
901 teaching hospital.

902 (e) This paragraph (60) shall stand repealed on  
903 July 1, 2024.

904 (B) Planning and development districts participating in the  
905 home- and community-based services program for the elderly and  
906 disabled as case management providers shall be reimbursed for case  
907 management services at the maximum rate approved by the Centers  
908 for Medicare and Medicaid Services (CMS).

909 (C) The division may pay to those providers who participate  
910 in and accept patient referrals from the division's emergency room  
911 redirection program a percentage, as determined by the division,  
912 of savings achieved according to the performance measures and  
913 reduction of costs required of that program. Federally qualified  
914 health centers may participate in the emergency room redirection  
915 program, and the division may pay those centers a percentage of  
916 any savings to the Medicaid program achieved by the centers'

917 accepting patient referrals through the program, as provided in  
918 this subsection (C).

919 (D) (1) As used in this subsection (D), the following terms  
920 shall be defined as provided in this paragraph, except as  
921 otherwise provided in this subsection:

922 (a) "Committees" means the Medicaid Committees of  
923 the House of Representatives and the Senate, and "committee" means  
924 either one of those committees.

925 (b) "Rate change" means an increase, decrease or  
926 other change in the payments or rates of reimbursement, or a  
927 change in any payment methodology that results in an increase,  
928 decrease or other change in the payments or rates of  
929 reimbursement, to any Medicaid provider that renders any services  
930 authorized to be provided to Medicaid recipients under this  
931 article.

932 (2) Whenever the Division of Medicaid proposes a rate  
933 change, the division shall give notice to the chairmen of the  
934 committees at least thirty (30) calendar days before the proposed  
935 rate change is scheduled to take effect. The division shall  
936 furnish the chairmen with a concise summary of each proposed rate  
937 change along with the notice, and shall furnish the chairmen with  
938 a copy of any proposed rate change upon request. The division  
939 also shall provide a summary and copy of any proposed rate change  
940 to any other member of the Legislature upon request.

941           (3) If the chairman of either committee or both  
942 chairmen jointly object to the proposed rate change or any part  
943 thereof, the chairman or chairmen shall notify the division and  
944 provide the reasons for their objection in writing not later than  
945 seven (7) calendar days after receipt of the notice from the  
946 division. The chairman or chairmen may make written  
947 recommendations to the division for changes to be made to a  
948 proposed rate change.

949           (4) (a) The chairman of either committee or both  
950 chairmen jointly may hold a committee meeting to review a proposed  
951 rate change. If either chairman or both chairmen decide to hold a  
952 meeting, they shall notify the division of their intention in  
953 writing within seven (7) calendar days after receipt of the notice  
954 from the division, and shall set the date and time for the meeting  
955 in their notice to the division, which shall not be later than  
956 fourteen (14) calendar days after receipt of the notice from the  
957 division.

958           (b) After the committee meeting, the committee or  
959 committees may object to the proposed rate change or any part  
960 thereof. The committee or committees shall notify the division  
961 and the reasons for their objection in writing not later than  
962 seven (7) calendar days after the meeting. The committee or  
963 committees may make written recommendations to the division for  
964 changes to be made to a proposed rate change.

965           (5) If both chairmen notify the division in writing  
966 within seven (7) calendar days after receipt of the notice from  
967 the division that they do not object to the proposed rate change  
968 and will not be holding a meeting to review the proposed rate  
969 change, the proposed rate change will take effect on the original  
970 date as scheduled by the division or on such other date as  
971 specified by the division.

972           (6) (a) If there are any objections to a proposed rate  
973 change or any part thereof from either or both of the chairmen or  
974 the committees, the division may withdraw the proposed rate  
975 change, make any of the recommended changes to the proposed rate  
976 change, or not make any changes to the proposed rate change.

977           (b) If the division does not make any changes to  
978 the proposed rate change, it shall notify the chairmen of that  
979 fact in writing, and the proposed rate change shall take effect on  
980 the original date as scheduled by the division or on such other  
981 date as specified by the division.

982           (c) If the division makes any changes to the  
983 proposed rate change, the division shall notify the chairmen of  
984 its actions in writing, and the revised proposed rate change shall  
985 take effect on the date as specified by the division.

986           (7) Nothing in this subsection (D) shall be construed  
987 as giving the chairmen or the committees any authority to veto,  
988 nullify or revise any rate change proposed by the division. The  
989 authority of the chairmen or the committees under this subsection

990 shall be limited to reviewing, making objections to and making  
991 recommendations for changes to rate changes proposed by the  
992 division.

993 (E) Notwithstanding any provision of this article, no new  
994 groups or categories of recipients and new types of care and  
995 services may be added without enabling legislation from the  
996 Mississippi Legislature, except that the division may authorize  
997 those changes without enabling legislation when the addition of  
998 recipients or services is ordered by a court of proper authority.

999 (F) The executive director shall keep the Governor advised  
1000 on a timely basis of the funds available for expenditure and the  
1001 projected expenditures. Notwithstanding any other provisions of  
1002 this article, if current or projected expenditures of the division  
1003 are reasonably anticipated to exceed the amount of funds  
1004 appropriated to the division for any fiscal year, the Governor,  
1005 after consultation with the executive director, shall take all  
1006 appropriate measures to reduce costs, which may include, but are  
1007 not limited to:

1008 (1) Reducing or discontinuing any or all services that  
1009 are deemed to be optional under Title XIX of the Social Security  
1010 Act;

1011 (2) Reducing reimbursement rates for any or all service  
1012 types;

1013 (3) Imposing additional assessments on health care  
1014 providers; or

1015           (4) Any additional cost-containment measures deemed  
1016 appropriate by the Governor.

1017           To the extent allowed under federal law, any reduction to  
1018 services or reimbursement rates under this subsection (F) shall be  
1019 accompanied by a reduction, to the fullest allowable amount, to  
1020 the profit margin and administrative fee portions of capitated  
1021 payments to organizations described in paragraph (1) of subsection  
1022 (H).

1023           Beginning in fiscal year 2010 and in fiscal years thereafter,  
1024 when Medicaid expenditures are projected to exceed funds available  
1025 for the fiscal year, the division shall submit the expected  
1026 shortfall information to the PEER Committee not later than  
1027 December 1 of the year in which the shortfall is projected to  
1028 occur. PEER shall review the computations of the division and  
1029 report its findings to the Legislative Budget Office not later  
1030 than January 7 in any year.

1031           (G) Notwithstanding any other provision of this article, it  
1032 shall be the duty of each provider participating in the Medicaid  
1033 program to keep and maintain books, documents and other records as  
1034 prescribed by the Division of Medicaid in accordance with federal  
1035 laws and regulations.

1036           (H) (1) Notwithstanding any other provision of this  
1037 article, the division is authorized to implement (a) a managed  
1038 care program, (b) a coordinated care program, (c) a coordinated  
1039 care organization program, (d) a health maintenance organization

1040 program, (e) a patient-centered medical home program, (f) an  
1041 accountable care organization program, (g) provider-sponsored  
1042 health plan, or (h) any combination of the above programs. As a  
1043 condition for the approval of any program under this subsection  
1044 (H)(1), the division shall require that no managed care program,  
1045 coordinated care program, coordinated care organization program,  
1046 health maintenance organization program, or provider-sponsored  
1047 health plan may:

1048                   (a) Pay providers at a rate that is less than the  
1049 Medicaid All Patient Refined Diagnosis Related Groups (APR-DRG)  
1050 reimbursement rate;

1051                   (b) Override the medical decisions of hospital  
1052 physicians or staff regarding patients admitted to a hospital for  
1053 an emergency medical condition as defined by 42 US Code Section  
1054 1395dd. This restriction (b) does not prohibit the retrospective  
1055 review of the appropriateness of the determination that an  
1056 emergency medical condition exists by chart review or coding  
1057 algorithm, nor does it prohibit prior authorization for  
1058 nonemergency hospital admissions;

1059                   (c) Pay providers at a rate that is less than the  
1060 normal Medicaid reimbursement rate. It is the intent of the  
1061 Legislature that all managed care entities described in this  
1062 subsection (H), in collaboration with the division, develop and  
1063 implement innovative payment models that incentivize improvements  
1064 in health care quality, outcomes, or value, as determined by the

1065 division. Participation in the provider network of any managed  
1066 care, coordinated care, provider-sponsored health plan, or similar  
1067 contractor shall not be conditioned on the provider's agreement to  
1068 accept such alternative payment models;

1069 (d) Implement a prior authorization and  
1070 utilization review program for medical services, transportation  
1071 services and prescription drugs that is more stringent than the  
1072 prior authorization processes used by the division in its  
1073 administration of the Medicaid program. Not later than December  
1074 2, 2021, the contractors that are receiving capitated payments  
1075 under a managed care delivery system established under this  
1076 subsection (H) shall submit a report to the Chairmen of the House  
1077 and Senate Medicaid Committees on the status of the prior  
1078 authorization and utilization review program for medical services,  
1079 transportation services and prescription drugs that is required to  
1080 be implemented under this subparagraph (d);

1081 (e) [Deleted]

1082 (f) Implement a preferred drug list that is more  
1083 stringent than the mandatory preferred drug list established by  
1084 the division under subsection (A) (9) of this section;

1085 (g) Implement a policy which denies beneficiaries  
1086 with hemophilia access to the federally funded hemophilia  
1087 treatment centers as part of the Medicaid Managed Care network of  
1088 providers.

1089 Each health maintenance organization, coordinated care  
1090 organization, provider-sponsored health plan, or other  
1091 organization paid for services on a capitated basis by the  
1092 division under any managed care program or coordinated care  
1093 program implemented by the division under this section shall use a  
1094 clear set of level of care guidelines in the determination of  
1095 medical necessity and in all utilization management practices,  
1096 including the prior authorization process, concurrent reviews,  
1097 retrospective reviews and payments, that are consistent with  
1098 widely accepted professional standards of care. Organizations  
1099 participating in a managed care program or coordinated care  
1100 program implemented by the division may not use any additional  
1101 criteria that would result in denial of care that would be  
1102 determined appropriate and, therefore, medically necessary under  
1103 those levels of care guidelines.

1104 (2) Notwithstanding any provision of this section, the  
1105 recipients eligible for enrollment into a Medicaid Managed Care  
1106 Program authorized under this subsection (H) may include only  
1107 those categories of recipients eligible for participation in the  
1108 Medicaid Managed Care Program as of January 1, 2021, the  
1109 Children's Health Insurance Program (CHIP), and the CMS-approved  
1110 Section 1115 demonstration waivers in operation as of January 1,  
1111 2021. No expansion of Medicaid Managed Care Program contracts may  
1112 be implemented by the division without enabling legislation from  
1113 the Mississippi Legislature.

1114           (3) (a) Any contractors receiving capitated payments  
1115 under a managed care delivery system established in this section  
1116 shall provide to the Legislature and the division statistical data  
1117 to be shared with provider groups in order to improve patient  
1118 access, appropriate utilization, cost savings and health outcomes  
1119 not later than October 1 of each year. Additionally, each  
1120 contractor shall disclose to the Chairmen of the Senate and House  
1121 Medicaid Committees the administrative expenses costs for the  
1122 prior calendar year, and the number of full-equivalent employees  
1123 located in the State of Mississippi dedicated to the Medicaid and  
1124 CHIP lines of business as of June 30 of the current year.

1125           (b) The division and the contractors participating  
1126 in the managed care program, a coordinated care program or a  
1127 provider-sponsored health plan shall be subject to annual program  
1128 reviews or audits performed by the Office of the State Auditor,  
1129 the PEER Committee, the Department of Insurance and/or independent  
1130 third parties.

1131           (c) Those reviews shall include, but not be  
1132 limited to, at least two (2) of the following items:

1133                   (i) The financial benefit to the State of  
1134 Mississippi of the managed care program,

1135                   (ii) The difference between the premiums paid  
1136 to the managed care contractors and the payments made by those  
1137 contractors to health care providers,

1138 (iii) Compliance with performance measures  
1139 required under the contracts,  
1140 (iv) Administrative expense allocation  
1141 methodologies,  
1142 (v) Whether nonprovider payments assigned as  
1143 medical expenses are appropriate,  
1144 (vi) Capitated arrangements with related  
1145 party subcontractors,  
1146 (vii) Reasonableness of corporate  
1147 allocations,  
1148 (viii) Value-added benefits and the extent to  
1149 which they are used,  
1150 (ix) The effectiveness of subcontractor  
1151 oversight, including subcontractor review,  
1152 (x) Whether health care outcomes have been  
1153 improved, and  
1154 (xi) The most common claim denial codes to  
1155 determine the reasons for the denials.

1156 The audit reports shall be considered public documents and  
1157 shall be posted in their entirety on the division's website.

1158 (4) All health maintenance organizations, coordinated  
1159 care organizations, provider-sponsored health plans, or other  
1160 organizations paid for services on a capitated basis by the  
1161 division under any managed care program or coordinated care  
1162 program implemented by the division under this section shall

1163 reimburse all providers in those organizations at rates no lower  
1164 than those provided under this section for beneficiaries who are  
1165 not participating in those programs.

1166 (5) No health maintenance organization, coordinated  
1167 care organization, provider-sponsored health plan, or other  
1168 organization paid for services on a capitated basis by the  
1169 division under any managed care program or coordinated care  
1170 program implemented by the division under this section shall  
1171 require its providers or beneficiaries to use any pharmacy that  
1172 ships, mails or delivers prescription drugs or legend drugs or  
1173 devices.

1174 (6) (a) Not later than December 1, 2021, the  
1175 contractors who are receiving capitated payments under a managed  
1176 care delivery system established under this subsection (H) shall  
1177 develop and implement a uniform credentialing process for  
1178 providers. Under that uniform credentialing process, a provider  
1179 who meets the criteria for credentialing will be credentialed with  
1180 all of those contractors and no such provider will have to be  
1181 separately credentialed by any individual contractor in order to  
1182 receive reimbursement from the contractor. Not later than  
1183 December 2, 2021, those contractors shall submit a report to the  
1184 Chairmen of the House and Senate Medicaid Committees on the status  
1185 of the uniform credentialing process for providers that is  
1186 required under this subparagraph (a).

1187 (b) If those contractors have not implemented a  
1188 uniform credentialing process as described in subparagraph (a) by  
1189 December 1, 2021, the division shall develop and implement, not  
1190 later than July 1, 2022, a single, consolidated credentialing  
1191 process by which all providers will be credentialed. Under the  
1192 division's single, consolidated credentialing process, no such  
1193 contractor shall require its providers to be separately  
1194 credentialed by the contractor in order to receive reimbursement  
1195 from the contractor, but those contractors shall recognize the  
1196 credentialing of the providers by the division's credentialing  
1197 process.

1198 (c) The division shall require a uniform provider  
1199 credentialing application that shall be used in the credentialing  
1200 process that is established under subparagraph (a) or (b). If the  
1201 contractor or division, as applicable, has not approved or denied  
1202 the provider credentialing application within sixty (60) days of  
1203 receipt of the completed application that includes all required  
1204 information necessary for credentialing, then the contractor or  
1205 division, upon receipt of a written request from the applicant and  
1206 within five (5) business days of its receipt, shall issue a  
1207 temporary provider credential/enrollment to the applicant if the  
1208 applicant has a valid Mississippi professional or occupational  
1209 license to provide the health care services to which the  
1210 credential/enrollment would apply. The contractor or the division  
1211 shall not issue a temporary credential/enrollment if the applicant

1212 has reported on the application a history of medical or other  
1213 professional or occupational malpractice claims, a history of  
1214 substance abuse or mental health issues, a criminal record, or a  
1215 history of medical or other licensing board, state or federal  
1216 disciplinary action, including any suspension from participation  
1217 in a federal or state program. The temporary  
1218 credential/enrollment shall be effective upon issuance and shall  
1219 remain in effect until the provider's credentialing/enrollment  
1220 application is approved or denied by the contractor or division.  
1221 The contractor or division shall render a final decision regarding  
1222 credentialing/enrollment of the provider within sixty (60) days  
1223 from the date that the temporary provider credential/enrollment is  
1224 issued to the applicant.

1225 (d) If the contractor or division does not render  
1226 a final decision regarding credentialing/enrollment of the  
1227 provider within the time required in subparagraph (c), the  
1228 provider shall be deemed to be credentialed by and enrolled with  
1229 all of the contractors and eligible to receive reimbursement from  
1230 the contractors.

1231 (e) The direct on-site supervisor of a provider in  
1232 a health maintenance organization, coordinated care organization,  
1233 provider-sponsored health plan, or other organization paid for  
1234 services on a capitated basis by the division under any managed  
1235 care program or coordinated care program implemented by the  
1236 division under this section, who has begun the process for

1237 credentialing and who previously has not been denied  
1238 credentialing, may sign off on the work of the provider during the  
1239 time that the provider is awaiting a decision on his or her  
1240 credentialing, and the provider may receive reimbursement from the  
1241 organization for the work that has been signed off on by the  
1242 supervisor.

1243           (7) (a) Each contractor that is receiving capitated  
1244 payments under a managed care delivery system established under  
1245 this subsection (H) shall provide to each provider for whom the  
1246 contractor has denied the coverage of a procedure that was ordered  
1247 or requested by the provider for or on behalf of a patient, a  
1248 letter that provides a detailed explanation of the reasons for the  
1249 denial of coverage of the procedure and the name and the  
1250 credentials of the person who denied the coverage. The letter  
1251 shall be sent to the provider in electronic format.

1252           (b) After a contractor that is receiving capitated  
1253 payments under a managed care delivery system established under  
1254 this subsection (H) has denied coverage for a claim submitted by a  
1255 provider, the contractor shall issue to the provider within sixty  
1256 (60) days a final ruling of denial of the claim that allows the  
1257 provider to have a state fair hearing and/or agency appeal with  
1258 the division. If a contractor does not issue a final ruling of  
1259 denial within sixty (60) days as required by this subparagraph  
1260 (b), the provider's claim shall be deemed to be automatically

1261 approved and the contractor shall pay the amount of the claim to  
1262 the provider.

1263 (c) After a contractor has issued a final ruling  
1264 of denial of a claim submitted by a provider, the division shall  
1265 conduct a state fair hearing and/or agency appeal on the matter of  
1266 the disputed claim between the contractor and the provider within  
1267 sixty (60) days, and shall render a decision on the matter within  
1268 thirty (30) days after the date of the hearing and/or appeal.

1269 (8) It is the intention of the Legislature that the  
1270 division evaluate the feasibility of using a single vendor to  
1271 administer pharmacy benefits provided under a managed care  
1272 delivery system established under this subsection (H). Providers  
1273 of pharmacy benefits shall cooperate with the division in any  
1274 transition to a carve-out of pharmacy benefits under managed care.

1275 (9) The division shall evaluate the feasibility of  
1276 using a single vendor to administer dental benefits provided under  
1277 a managed care delivery system established in this subsection (H).  
1278 Providers of dental benefits shall cooperate with the division in  
1279 any transition to a carve-out of dental benefits under managed  
1280 care.

1281 (10) It is the intent of the Legislature that any  
1282 contractor receiving capitated payments under a managed care  
1283 delivery system established in this section shall implement  
1284 innovative programs to improve the health and well-being of  
1285 members diagnosed with prediabetes and diabetes.

1286           (11) It is the intent of the Legislature that any  
1287 contractors receiving capitated payments under a managed care  
1288 delivery system established under this subsection (H) shall work  
1289 with providers of Medicaid services to improve the utilization of  
1290 long-acting reversible contraceptives (LARCs). Not later than  
1291 December 1, 2021, any contractors receiving capitated payments  
1292 under a managed care delivery system established under this  
1293 subsection (H) shall provide to the Chairmen of the House and  
1294 Senate Medicaid Committees and House and Senate Public Health  
1295 Committees a report of LARC utilization for State Fiscal Years  
1296 2018 through 2020 as well as any programs, initiatives, or efforts  
1297 made by the contractors and providers to increase LARC  
1298 utilization. This report shall be updated annually to include  
1299 information for subsequent state fiscal years.

1300           (12) The division is authorized to make not more than  
1301 one (1) emergency extension of the contracts that are in effect on  
1302 July 1, 2021, with contractors who are receiving capitated  
1303 payments under a managed care delivery system established under

1305 maximum period of any such extension shall be one (1) year, and  
1306 under any such extensions, the contractors shall be subject to all  
1307 of the provisions of this subsection (H). The extended contracts

1312 hospital payments, or allowable days or volumes, as long as the  
1313 hospital assessment provided in Section 43-13-145 is in effect.  
1314 This subsection (J) shall not apply to decreases in payments that  
1315 are a result of: reduced hospital admissions, audits or payments  
1316 under the APR-DRG or APC models, or a managed care program or  
1317 similar model described in subsection (H) of this section.

1318 (K) In the negotiation and execution of such contracts

1321 liability to the state of prospective contractors.

1322 (L) The Division of Medicaid shall reimburse for services  
1323 provided to eligible Medicaid beneficiaries by a licensed birthing  
1324 center in a method and manner to be determined by the division in  
1325 accordance with federal laws and federal regulations. The  
1326 division shall seek any necessary waivers, make any required  
1327 amendments to its State Plan or revise any contracts authorized  
1328 under subsection (H) of this section as necessary to provide the

1338 (M) This section shall stand repealed on July 1, \* \* \* 2025.

1339 **SECTION 2.** Section 43-13-121, Mississippi Code of 1972, is

1341 43-13-121. (1) The division shall administer the Medicaid  
1342 program under the provisions of this article, and may do the  
1343 following:

1344 (a) Adopt and promulgate reasonable rules, regulations  
1345 and standards, with approval of the Governor, and in accordance  
1346 with the Administrative Procedures Law, Section 25-43-1.101 et

1353 may determine and within the limits of appropriated funds;

1354 (iii) Establishing reasonable fees, charges and  
1355 rates for medical services and drugs; in doing so, the division  
1356 shall fix all of those fees, charges and rates at the minimum  
1357 levels absolutely necessary to provide the medical assistance  
1358 authorized by this article, and shall not change any of those  
1359 fees, charges or rates except as may be authorized in Section  
1360 43-13-117;

1361 (iv) Providing for fair and impartial hearings;  
1362 (v) Providing safeguards for preserving the  
1363 confidentiality of records; and  
1364 (vi) For detecting and processing fraudulent  
1365 practices and abuses of the program;  
1366 (b) Receive and expend state, federal and other funds  
1367 in accordance with court judgments or settlements and agreements  
1368 between the State of Mississippi and the federal government, the  
1369 rules and regulations promulgated by the division, with the  
1370 approval of the Governor, and within the limitations and  
1371 restrictions of this article and within the limits of funds  
1372 available for that purpose;  
1373 (c) Subject to the limits imposed by this article and  
1374 subject to the provisions of subsection (8) of this section, to  
1375 submit a Medicaid plan to the United States Department of Health  
1376 and Human Services for approval under the provisions of the  
1377 federal Social Security Act, to act for the state in making  
1378 negotiations relative to the submission and approval of that plan,  
1379 to make such arrangements, not inconsistent with the law, as may  
1380 be required by or under federal law to obtain and retain that  
1381 approval and to secure for the state the benefits of the  
1382 provisions of that law.  
1383 No agreements, specifically including the general plan for  
1384 the operation of the Medicaid program in this state, shall be made  
1385 by and between the division and the United States Department of

1386 Health and Human Services unless the Attorney General of the State  
1387 of Mississippi has reviewed the agreements, specifically including  
1388 the operational plan, and has certified in writing to the Governor  
1389 and to the executive director of the division that the agreements,  
1390 including the plan of operation, have been drawn strictly in  
1391 accordance with the terms and requirements of this article;

1392 (d) In accordance with the purposes and intent of this  
1393 article and in compliance with its provisions, provide for aged  
1394 persons otherwise eligible for the benefits provided under Title  
1395 XVIII of the federal Social Security Act by expenditure of funds  
1396 available for those purposes;

1397 (e) To make reports to the United States Department of  
1398 Health and Human Services as from time to time may be required by  
1399 that federal department and to the Mississippi Legislature as  
1400 provided in this section;

1401 (f) Define and determine the scope, duration and amount  
1402 of Medicaid that may be provided in accordance with this article  
1403 and establish priorities therefor in conformity with this article;

1404 (g) Cooperate and contract with other state agencies  
1405 for the purpose of coordinating Medicaid provided under this  
1406 article and eliminating duplication and inefficiency in the  
1407 Medicaid program;

1408 (h) Adopt and use an official seal of the division;

1409 (i) Sue in its own name on behalf of the State of  
1410 Mississippi and employ legal counsel on a contingency basis with  
1411 the approval of the Attorney General;

1412 (j) To recover any and all payments incorrectly made by  
1413 the division to a recipient or provider from the recipient or  
1414 provider receiving the payments. The division shall be authorized  
1415 to collect any overpayments to providers sixty (60) days after the  
1416 conclusion of any administrative appeal unless the matter is  
1417 appealed to a court of proper jurisdiction and bond is posted.  
1418 Any appeal filed after July 1, 2015, shall be to the Chancery  
1419 Court of the First Judicial District of Hinds County, Mississippi,  
1420 within sixty (60) days after the date that the division has  
1421 notified the provider by certified mail sent to the proper address  
1422 of the provider on file with the division and the provider has  
1423 signed for the certified mail notice, or sixty (60) days after the  
1424 date of the final decision if the provider does not sign for the  
1425 certified mail notice. To recover those payments, the division  
1426 may use the following methods, in addition to any other methods  
1427 available to the division:

1428 (i) The division shall report to the Department of  
1429 Revenue the name of any current or former Medicaid recipient who  
1430 has received medical services rendered during a period of  
1431 established Medicaid ineligibility and who has not reimbursed the  
1432 division for the related medical service payment(s). The  
1433 Department of Revenue shall withhold from the state tax refund of

1434 the individual, and pay to the division, the amount of the  
1435 payment(s) for medical services rendered to the ineligible  
1436 individual that have not been reimbursed to the division for the  
1437 related medical service payment(s).

1438 (ii) The division shall report to the Department  
1439 of Revenue the name of any Medicaid provider to whom payments were  
1440 incorrectly made that the division has not been able to recover by  
1441 other methods available to the division. The Department of  
1442 Revenue shall withhold from the state tax refund of the provider,  
1443 and pay to the division, the amount of the payments that were  
1444 incorrectly made to the provider that have not been recovered by  
1445 other available methods;

1446 (k) To recover any and all payments by the division  
1447 fraudulently obtained by a recipient or provider. Additionally,  
1448 if recovery of any payments fraudulently obtained by a recipient  
1449 or provider is made in any court, then, upon motion of the  
1450 Governor, the judge of the court may award twice the payments  
1451 recovered as damages;

1452 (l) Have full, complete and plenary power and authority  
1453 to conduct such investigations as it may deem necessary and  
1454 requisite of alleged or suspected violations or abuses of the  
1455 provisions of this article or of the regulations adopted under  
1456 this article, including, but not limited to, fraudulent or  
1457 unlawful act or deed by applicants for Medicaid or other benefits,  
1458 or payments made to any person, firm or corporation under the

1459 terms, conditions and authority of this article, to suspend or  
1460 disqualify any provider of services, applicant or recipient for  
1461 gross abuse, fraudulent or unlawful acts for such periods,  
1462 including permanently, and under such conditions as the division  
1463 deems proper and just, including the imposition of a legal rate of  
1464 interest on the amount improperly or incorrectly paid. Recipients  
1465 who are found to have misused or abused Medicaid benefits may be  
1466 locked into one (1) physician and/or one (1) pharmacy of the  
1467 recipient's choice for a reasonable amount of time in order to  
1468 educate and promote appropriate use of medical services, in  
1469 accordance with federal regulations. If an administrative hearing  
1470 becomes necessary, the division may, if the provider does not  
1471 succeed in his or her defense, tax the costs of the administrative  
1472 hearing, including the costs of the court reporter or stenographer  
1473 and transcript, to the provider. The convictions of a recipient  
1474 or a provider in a state or federal court for abuse, fraudulent or  
1475 unlawful acts under this chapter shall constitute an automatic  
1476 disqualification of the recipient or automatic disqualification of  
1477 the provider from participation under the Medicaid program.

1478       A conviction, for the purposes of this chapter, shall include  
1479 a judgment entered on a plea of nolo contendere or a  
1480 nonadjudicated guilty plea and shall have the same force as a  
1481 judgment entered pursuant to a guilty plea or a conviction  
1482 following trial. A certified copy of the judgment of the court of

1483 competent jurisdiction of the conviction shall constitute prima  
1484 facie evidence of the conviction for disqualification purposes;

1485 (m) Establish and provide such methods of  
1486 administration as may be necessary for the proper and efficient  
1487 operation of the Medicaid program, fully utilizing computer  
1488 equipment as may be necessary to oversee and control all current  
1489 expenditures for purposes of this article, and to closely monitor  
1490 and supervise all recipient payments and vendors rendering  
1491 services under this article. Notwithstanding any other provision  
1492 of state law, the division is authorized to enter into a ten-year  
1493 contract(s) with a vendor(s) to provide services described in this  
1494 paragraph (m). Notwithstanding any provision of law to the  
1495 contrary, the division is authorized to extend its Medicaid  
1496 Management Information System, including all related components  
1497 and services, and Decision Support System, including all related  
1498 components and services, contracts in effect on June 30, 2020, for  
1499 a period not to exceed two (2) years without complying with state  
1500 procurement regulations;

1501 (n) To cooperate and contract with the federal  
1502 government for the purpose of providing Medicaid to Vietnamese and  
1503 Cambodian refugees, under the provisions of Public Law 94-23 and  
1504 Public Law 94-24, including any amendments to those laws, only to  
1505 the extent that the Medicaid assistance and the administrative  
1506 cost related thereto are one hundred percent (100%) reimbursable  
1507 by the federal government. For the purposes of Section 43-13-117,

1508 persons receiving Medicaid under Public Law 94-23 and Public Law  
1509 94-24, including any amendments to those laws, shall not be  
1510 considered a new group or category of recipient; and

1511 (o) The division shall impose penalties upon Medicaid  
1512 only, Title XIX participating long-term care facilities found to  
1513 be in noncompliance with division and certification standards in  
1514 accordance with federal and state regulations, including interest  
1515 at the same rate calculated by the United States Department of  
1516 Health and Human Services and/or the Centers for Medicare and  
1517 Medicaid Services (CMS) under federal regulations.

1518 (2) The division also shall exercise such additional powers  
1519 and perform such other duties as may be conferred upon the  
1520 division by act of the Legislature.

1521 (3) The division, and the State Department of Health as the  
1522 agency for licensure of health care facilities and certification  
1523 and inspection for the Medicaid and/or Medicare programs, shall  
1524 contract for or otherwise provide for the consolidation of on-site  
1525 inspections of health care facilities that are necessitated by the  
1526 respective programs and functions of the division and the  
1527 department.

1528 (4) The division and its hearing officers shall have power  
1529 to preserve and enforce order during hearings; to issue subpoenas  
1530 for, to administer oaths to and to compel the attendance and  
1531 testimony of witnesses, or the production of books, papers,  
1532 documents and other evidence, or the taking of depositions before

1533 any designated individual competent to administer oaths; to  
1534 examine witnesses; and to do all things conformable to law that  
1535 may be necessary to enable them effectively to discharge the  
1536 duties of their office. In compelling the attendance and  
1537 testimony of witnesses, or the production of books, papers,  
1538 documents and other evidence, or the taking of depositions, as  
1539 authorized by this section, the division or its hearing officers  
1540 may designate an individual employed by the division or some other  
1541 suitable person to execute and return that process, whose action  
1542 in executing and returning that process shall be as lawful as if  
1543 done by the sheriff or some other proper officer authorized to  
1544 execute and return process in the county where the witness may  
1545 reside. In carrying out the investigatory powers under the  
1546 provisions of this article, the executive director or other  
1547 designated person or persons may examine, obtain, copy or  
1548 reproduce the books, papers, documents, medical charts,  
1549 prescriptions and other records relating to medical care and  
1550 services furnished by the provider to a recipient or designated  
1551 recipients of Medicaid services under investigation. In the  
1552 absence of the voluntary submission of the books, papers,  
1553 documents, medical charts, prescriptions and other records, the  
1554 Governor, the executive director, or other designated person may  
1555 issue and serve subpoenas instantly upon the provider, his or her  
1556 agent, servant or employee for the production of the books,  
1557 papers, documents, medical charts, prescriptions or other records

1558 during an audit or investigation of the provider. If any provider  
1559 or his or her agent, servant or employee refuses to produce the  
1560 records after being duly subpoenaed, the executive director may  
1561 certify those facts and institute contempt proceedings in the  
1562 manner, time and place as authorized by law for administrative  
1563 proceedings. As an additional remedy, the division may recover  
1564 all amounts paid to the provider covering the period of the audit  
1565 or investigation, inclusive of a legal rate of interest and a  
1566 reasonable attorney's fee and costs of court if suit becomes  
1567 necessary. Division staff shall have immediate access to the  
1568 provider's physical location, facilities, records, documents,  
1569 books, and any other records relating to medical care and services  
1570 rendered to recipients during regular business hours.

1571 (5) If any person in proceedings before the division  
1572 disobeys or resists any lawful order or process, or misbehaves  
1573 during a hearing or so near the place thereof as to obstruct the  
1574 hearing, or neglects to produce, after having been ordered to do  
1575 so, any pertinent book, paper or document, or refuses to appear  
1576 after having been subpoenaed, or upon appearing refuses to take  
1577 the oath as a witness, or after having taken the oath refuses to  
1578 be examined according to law, the executive director shall certify  
1579 the facts to any court having jurisdiction in the place in which  
1580 it is sitting, and the court shall thereupon, in a summary manner,  
1581 hear the evidence as to the acts complained of, and if the  
1582 evidence so warrants, punish that person in the same manner and to

1583 the same extent as for a contempt committed before the court, or  
1584 commit that person upon the same condition as if the doing of the  
1585 forbidden act had occurred with reference to the process of, or in  
1586 the presence of, the court.

1587 (6) In suspending or terminating any provider from  
1588 participation in the Medicaid program, the division shall preclude  
1589 the provider from submitting claims for payment, either personally  
1590 or through any clinic, group, corporation or other association to  
1591 the division or its fiscal agents for any services or supplies  
1592 provided under the Medicaid program except for those services or  
1593 supplies provided before the suspension or termination. No  
1594 clinic, group, corporation or other association that is a provider  
1595 of services shall submit claims for payment to the division or its  
1596 fiscal agents for any services or supplies provided by a person  
1597 within that organization who has been suspended or terminated from  
1598 participation in the Medicaid program except for those services or  
1599 supplies provided before the suspension or termination. When this  
1600 provision is violated by a provider of services that is a clinic,  
1601 group, corporation or other association, the division may suspend  
1602 or terminate that organization from participation. Suspension may  
1603 be applied by the division to all known affiliates of a provider,  
1604 provided that each decision to include an affiliate is made on a  
1605 case-by-case basis after giving due regard to all relevant facts  
1606 and circumstances. The violation, failure or inadequacy of  
1607 performance may be imputed to a person with whom the provider is

1608 affiliated where that conduct was accomplished within the course  
1609 of his or her official duty or was effectuated by him or her with  
1610 the knowledge or approval of that person.

1611 (7) The division may deny or revoke enrollment in the  
1612 Medicaid program to a provider if any of the following are found  
1613 to be applicable to the provider, his or her agent, a managing  
1614 employee or any person having an ownership interest equal to five  
1615 percent (5%) or greater in the provider:

1616 (a) Failure to truthfully or fully disclose any and all  
1617 information required, or the concealment of any and all  
1618 information required, on a claim, a provider application or a  
1619 provider agreement, or the making of a false or misleading  
1620 statement to the division relative to the Medicaid program.

1621 (b) Previous or current exclusion, suspension,  
1622 termination from or the involuntary withdrawing from participation  
1623 in the Medicaid program, any other state's Medicaid program,  
1624 Medicare or any other public or private health or health insurance  
1625 program. If the division ascertains that a provider has been  
1626 convicted of a felony under federal or state law for an offense  
1627 that the division determines is detrimental to the best interest  
1628 of the program or of Medicaid beneficiaries, the division may  
1629 refuse to enter into an agreement with that provider, or may  
1630 terminate or refuse to renew an existing agreement.

1631 (c) Conviction under federal or state law of a criminal  
1632 offense relating to the delivery of any goods, services or

1633 supplies, including the performance of management or  
1634 administrative services relating to the delivery of the goods,  
1635 services or supplies, under the Medicaid program, any other  
1636 state's Medicaid program, Medicare or any other public or private  
1637 health or health insurance program.

1638 (d) Conviction under federal or state law of a criminal  
1639 offense relating to the neglect or abuse of a patient in  
1640 connection with the delivery of any goods, services or supplies.

1641 (e) Conviction under federal or state law of a criminal  
1642 offense relating to the unlawful manufacture, distribution,  
1643 prescription or dispensing of a controlled substance.

1644 (f) Conviction under federal or state law of a criminal  
1645 offense relating to fraud, theft, embezzlement, breach of  
1646 fiduciary responsibility or other financial misconduct.

1647 (g) Conviction under federal or state law of a criminal  
1648 offense punishable by imprisonment of a year or more that involves  
1649 moral turpitude, or acts against the elderly, children or infirm.

1650 (h) Conviction under federal or state law of a criminal  
1651 offense in connection with the interference or obstruction of any  
1652 investigation into any criminal offense listed in paragraphs (c)  
1653 through (i) of this subsection.

1654 (i) Sanction for a violation of federal or state laws  
1655 or rules relative to the Medicaid program, any other state's  
1656 Medicaid program, Medicare or any other public health care or  
1657 health insurance program.

1658 (j) Revocation of license or certification.

1659 (k) Failure to pay recovery properly assessed or  
1660 pursuant to an approved repayment schedule under the Medicaid  
1661 program.

1662 (l) Failure to meet any condition of enrollment.

1663 (8) (a) As used in this subsection (8), the following terms  
1664 shall be defined as provided in this paragraph, except as  
1665 otherwise provided in this subsection:

1666 (i) "Committees" means the Medicaid Committees of  
1667 the House of Representatives and the Senate, and "committee" means  
1668 either one of those committees.

1669 (ii) "State Plan" means the agreement between the  
1670 State of Mississippi and the federal government regarding the  
1671 nature and scope of Mississippi's Medicaid Program.

1672 (iii) "State Plan Amendment" means a change to the  
1673 State Plan, which must be approved by the Centers for Medicare and  
1674 Medicaid Services (CMS) before its implementation.

1675 (b) Whenever the Division of Medicaid proposes a State  
1676 Plan Amendment, the division shall give notice to the chairmen of  
1677 the committees at least thirty (30) calendar days before the  
1678 proposed State Plan Amendment is filed with CMS. The division  
1679 shall furnish the chairmen with a concise summary of each proposed  
1680 State Plan Amendment along with the notice, and shall furnish the  
1681 chairmen with a copy of any proposed State Plan Amendment upon  
1682 request. The division also shall provide a summary and copy of

1683 any proposed State Plan Amendment to any other member of the  
1684 Legislature upon request.

1685           (c) If the chairman of either committee or both  
1686 chairmen jointly object to the proposed State Plan Amendment or  
1687 any part thereof, the chairman or chairmen shall notify the  
1688 division and provide the reasons for their objection in writing  
1689 not later than seven (7) calendar days after receipt of the notice  
1690 from the division. The chairman or chairmen may make written  
1691 recommendations to the division for changes to be made to a  
1692 proposed State Plan Amendment.

1693           (d) (i) The chairman of either committee or both  
1694 chairmen jointly may hold a committee meeting to review a proposed  
1695 State Plan Amendment. If either chairman or both chairmen decide  
1696 to hold a meeting, they shall notify the division of their  
1697 intention in writing within seven (7) calendar days after receipt  
1698 of the notice from the division, and shall set the date and time  
1699 for the meeting in their notice to the division, which shall not  
1700 be later than fourteen (14) calendar days after receipt of the  
1701 notice from the division.

1702           (ii) After the committee meeting, the committee or  
1703 committees may object to the proposed State Plan Amendment or any  
1704 part thereof. The committee or committees shall notify the  
1705 division and the reasons for their objection in writing not later  
1706 than seven (7) calendar days after the meeting. The committee or

1707 committees may make written recommendations to the division for  
1708 changes to be made to a proposed State Plan Amendment.

1709 (e) If both chairmen notify the division in writing  
1710 within seven (7) calendar days after receipt of the notice from  
1711 the division that they do not object to the proposed State Plan  
1712 Amendment and will not be holding a meeting to review the proposed  
1713 State Plan Amendment, the division may proceed to file the  
1714 proposed State Plan Amendment with CMS.

1715 (f) (i) If there are any objections to a proposed rate
