312 43-13-117. (A) Medicaid as authorized by this article shall  
313 include payment of part or all of the costs, at the discretion of  
314 the division, with approval of the Governor and the Centers for  
315 Medicare and Medicaid Services, of the following types of care and  
316 services rendered to eligible applicants who have been determined  
317 to be eligible for that care and services, within the limits of  
318 state appropriations and federal matching funds:

319 (1) Inpatient hospital services.

320 (a) The division is authorized to implement an All  
321 Patient Refined Diagnosis Related Groups (APR-DRG) reimbursement  
322 methodology for inpatient hospital services.

323 (b) No service benefits or reimbursement  
324 limitations in this subsection (A)(1) shall apply to payments  
325 under an APR-DRG or Ambulatory Payment Classification (APC) model  
326 or a managed care program or similar model described in subsection  
327 (H) of this section unless specifically authorized by the  
328 division.

329 (2) Outpatient hospital services.

330 (a) Emergency services.

331 (b) Other outpatient hospital services. The  
332 division shall allow benefits for other medically necessary  
333 outpatient hospital services (such as chemotherapy, radiation,  
334 surgery and therapy), including outpatient services in a clinic or  
335 other facility that is not located inside the hospital, but that  
336 has been designated as an outpatient facility by the hospital, and  
337 that was in operation or under construction on July 1, 2009,  
338 provided that the costs and charges associated with the operation  
339 of the hospital clinic are included in the hospital's cost report.  
340 In addition, the Medicare thirty-five-mile rule will apply to  
341 those hospital clinics not located inside the hospital that are  
342 constructed after July 1, 2009. Where the same services are  
343 reimbursed as clinic services, the division may revise the rate or

344 methodology of outpatient reimbursement to maintain consistency,  
345 efficiency, economy and quality of care.

346 (c) The division is authorized to implement an  
347 Ambulatory Payment Classification (APC) methodology for outpatient  
348 hospital services. The division shall give rural hospitals that  
349 have fifty (50) or fewer licensed beds the option to not be  
350 reimbursed for outpatient hospital services using the APC  
351 methodology, but reimbursement for outpatient hospital services  
352 provided by those hospitals shall be based on one hundred one  
353 percent (101%) of the rate established under Medicare for  
354 outpatient hospital services. Those hospitals choosing to not be  
355 reimbursed under the APC methodology shall remain under cost-based  
356 reimbursement for a two-year period.

357 (d) No service benefits or reimbursement  
358 limitations in this subsection (A) (2) shall apply to payments  
359 under an APR-DRG or APC model or a managed care program or similar  
360 model described in subsection (H) of this section unless  
361 specifically authorized by the division.

362 (3) Laboratory and x-ray services.

363 (4) Nursing facility services.

364 (a) The division shall make full payment to  
365 nursing facilities for each day, not exceeding forty-two (42) days  
366 per year, that a patient is absent from the facility on home  
367 leave. Payment may be made for the following home leave days in  
368 addition to the forty-two-day limitation: Christmas, the day

369 before Christmas, the day after Christmas, Thanksgiving, the day  
370 before Thanksgiving and the day after Thanksgiving.

371 (b) From and after July 1, 1997, the division  
372 shall implement the integrated case-mix payment and quality  
373 monitoring system, which includes the fair rental system for  
374 property costs and in which recapture of depreciation is  
375 eliminated. The division may reduce the payment for hospital  
376 leave and therapeutic home leave days to the lower of the case-mix  
377 category as computed for the resident on leave using the  
378 assessment being utilized for payment at that point in time, or a  
379 case-mix score of 1.000 for nursing facilities, and shall compute  
380 case-mix scores of residents so that only services provided at the  
381 nursing facility are considered in calculating a facility's per  
382 diem.

383 (c) From and after July 1, 1997, all state-owned  
384 nursing facilities shall be reimbursed on a full reasonable cost  
385 basis.

386 (d) On or after January 1, 2015, the division  
387 shall update the case-mix payment system resource utilization  
388 grouper and classifications and fair rental reimbursement system.  
389 The division shall develop and implement a payment add-on to  
390 reimburse nursing facilities for ventilator-dependent resident  
391 services.

392 (e) The division shall develop and implement, not  
393 later than January 1, 2001, a case-mix payment add-on determined

394 by time studies and other valid statistical data that will  
395 reimburse a nursing facility for the additional cost of caring for  
396 a resident who has a diagnosis of Alzheimer's or other related  
397 dementia and exhibits symptoms that require special care. Any  
398 such case-mix add-on payment shall be supported by a determination  
399 of additional cost. The division shall also develop and implement  
400 as part of the fair rental reimbursement system for nursing  
401 facility beds, an Alzheimer's resident bed depreciation enhanced  
402 reimbursement system that will provide an incentive to encourage  
403 nursing facilities to convert or construct beds for residents with  
404 Alzheimer's or other related dementia.

405 (f) The division shall develop and implement an  
406 assessment process for long-term care services. The division may  
407 provide the assessment and related functions directly or through  
408 contract with the area agencies on aging.

409 The division shall apply for necessary federal waivers to  
410 assure that additional services providing alternatives to nursing  
411 facility care are made available to applicants for nursing  
412 facility care.

413 (5) Periodic screening and diagnostic services for  
414 individuals under age twenty-one (21) years as are needed to  
415 identify physical and mental defects and to provide health care  
416 treatment and other measures designed to correct or ameliorate  
417 defects and physical and mental illness and conditions discovered  
418 by the screening services, regardless of whether these services

419 are included in the state plan. The division may include in its  
420 periodic screening and diagnostic program those discretionary  
421 services authorized under the federal regulations adopted to  
422 implement Title XIX of the federal Social Security Act, as  
423 amended. The division, in obtaining physical therapy services,  
424 occupational therapy services, and services for individuals with  
425 speech, hearing and language disorders, may enter into a  
426 cooperative agreement with the State Department of Education for  
427 the provision of those services to handicapped students by public  
428 school districts using state funds that are provided from the  
429 appropriation to the Department of Education to obtain federal  
430 matching funds through the division. The division, in obtaining  
431 medical and mental health assessments, treatment, care and  
432 services for children who are in, or at risk of being put in, the  
433 custody of the Mississippi Department of Human Services may enter  
434 into a cooperative agreement with the Mississippi Department of  
435 Human Services for the provision of those services using state  
436 funds that are provided from the appropriation to the Department  
437 of Human Services to obtain federal matching funds through the  
438 division.

439 (6) Physician services. Fees for physician's services  
440 that are covered only by Medicaid shall be reimbursed at ninety  
441 percent (90%) of the rate established on January 1, 2018, and as  
442 may be adjusted each July thereafter, under Medicare. The  
443 division may provide for a reimbursement rate for physician's

444 services of up to one hundred percent (100%) of the rate  
445 established under Medicare for physician's services that are  
446 provided after the normal working hours of the physician, as  
447 determined in accordance with regulations of the division. The  
448 division may reimburse eligible providers, as determined by the  
449 division, for certain primary care services at one hundred percent  
450 (100%) of the rate established under Medicare. The division shall  
451 reimburse obstetricians and gynecologists for certain primary care  
452 services as defined by the division at one hundred percent (100%)  
453 of the rate established under Medicare.

454 (7) (a) Home health services for eligible persons, not  
455 to exceed in cost the prevailing cost of nursing facility  
456 services. All home health visits must be precertified as required  
457 by the division. In addition to physicians, certified registered  
458 nurse practitioners, physician assistants and clinical nurse  
459 specialists are authorized to prescribe or order home health  
460 services and plans of care, sign home health plans of care,  
461 certify and recertify eligibility for home health services and  
462 conduct the required initial face-to-face visit with the recipient  
463 of the services.

464 (b) [Repealed]

465 (8) Emergency medical transportation services as  
466 determined by the division.

467 (9) Prescription drugs and other covered drugs and  
468 services as determined by the division.

469 The division shall establish a mandatory preferred drug list.  
470 Drugs not on the mandatory preferred drug list shall be made  
471 available by utilizing prior authorization procedures established  
472 by the division.

473 The division may seek to establish relationships with other  
474 states in order to lower acquisition costs of prescription drugs  
475 to include single-source and innovator multiple-source drugs or  
476 generic drugs. In addition, if allowed by federal law or  
477 regulation, the division may seek to establish relationships with  
478 and negotiate with other countries to facilitate the acquisition  
479 of prescription drugs to include single-source and innovator  
480 multiple-source drugs or generic drugs, if that will lower the  
481 acquisition costs of those prescription drugs.

482 The division may allow for a combination of prescriptions for  
483 single-source and innovator multiple-source drugs and generic  
484 drugs to meet the needs of the beneficiaries.

485 The executive director may approve specific maintenance drugs  
486 for beneficiaries with certain medical conditions, which may be  
487 prescribed and dispensed in three-month supply increments.

488 Drugs prescribed for a resident of a psychiatric residential  
489 treatment facility must be provided in true unit doses when  
490 available. The division may require that drugs not covered by  
491 Medicare Part D for a resident of a long-term care facility be  
492 provided in true unit doses when available. Those drugs that were  
493 originally billed to the division but are not used by a resident

494 in any of those facilities shall be returned to the billing  
495 pharmacy for credit to the division, in accordance with the  
496 guidelines of the State Board of Pharmacy and any requirements of  
497 federal law and regulation. Drugs shall be dispensed to a  
498 recipient and only one (1) dispensing fee per month may be  
499 charged. The division shall develop a methodology for reimbursing  
500 for restocked drugs, which shall include a restock fee as  
501 determined by the division not exceeding Seven Dollars and  
502 Eighty-two Cents (\$7.82).

503 Except for those specific maintenance drugs approved by the  
504 executive director, the division shall not reimburse for any  
505 portion of a prescription that exceeds a thirty-one-day supply of  
506 the drug based on the daily dosage.

507 The division is authorized to develop and implement a program  
508 of payment for additional pharmacist services as determined by the  
509 division.

510 All claims for drugs for dually eligible Medicare/Medicaid  
511 beneficiaries that are paid for by Medicare must be submitted to  
512 Medicare for payment before they may be processed by the  
513 division's online payment system.

514 The division shall develop a pharmacy policy in which drugs  
515 in tamper-resistant packaging that are prescribed for a resident  
516 of a nursing facility but are not dispensed to the resident shall  
517 be returned to the pharmacy and not billed to Medicaid, in  
518 accordance with guidelines of the State Board of Pharmacy.

519           The division shall develop and implement a method or methods  
520 by which the division will provide on a regular basis to Medicaid  
521 providers who are authorized to prescribe drugs, information about  
522 the costs to the Medicaid program of single-source drugs and  
523 innovator multiple-source drugs, and information about other drugs  
524 that may be prescribed as alternatives to those single-source  
525 drugs and innovator multiple-source drugs and the costs to the  
526 Medicaid program of those alternative drugs.

527           Notwithstanding any law or regulation, information obtained  
528 or maintained by the division regarding the prescription drug  
529 program, including trade secrets and manufacturer or labeler  
530 pricing, is confidential and not subject to disclosure except to  
531 other state agencies.

532           The dispensing fee for each new or refill prescription,  
533 including nonlegend or over-the-counter drugs covered by the  
534 division, shall be not less than Three Dollars and Ninety-one  
535 Cents (\$3.91), as determined by the division.

536           The division shall not reimburse for single-source or  
537 innovator multiple-source drugs if there are equally effective  
538 generic equivalents available and if the generic equivalents are  
539 the least expensive.

540           It is the intent of the Legislature that the pharmacists  
541 providers be reimbursed for the reasonable costs of filling and  
542 dispensing prescriptions for Medicaid beneficiaries.

543           The division shall allow certain drugs, including  
544 physician-administered drugs, and implantable drug system devices,  
545 and medical supplies, with limited distribution or limited access  
546 for beneficiaries and administered in an appropriate clinical  
547 setting, to be reimbursed as either a medical claim or pharmacy  
548 claim, as determined by the division.

549           It is the intent of the Legislature that the division and any  
550 managed care entity described in subsection (H) of this section  
551 encourage the use of Alpha-Hydroxyprogesterone Caproate (17P) to  
552 prevent recurrent preterm birth.

553                   (10) Dental and orthodontic services to be determined  
554 by the division.

555           The division shall increase the amount of the reimbursement  
556 rate for diagnostic and preventative dental services for each of  
557 the fiscal years 2022, 2023 and 2024 by five percent (5%) above  
558 the amount of the reimbursement rate for the previous fiscal year.  
559 The division shall increase the amount of the reimbursement rate  
560 for restorative dental services for each of the fiscal years 2023,  
561 2024 and 2025 by five percent (5%) above the amount of the  
562 reimbursement rate for the previous fiscal year. It is the intent  
563 of the Legislature that the reimbursement rate revision for  
564 preventative dental services will be an incentive to increase the  
565 number of dentists who actively provide Medicaid services. This  
566 dental services reimbursement rate revision shall be known as the  
567 "James Russell Dumas Medicaid Dental Services Incentive Program."

568           The Medical Care Advisory Committee, assisted by the Division  
569 of Medicaid, shall annually determine the effect of this incentive  
570 by evaluating the number of dentists who are Medicaid providers,  
571 the number who and the degree to which they are actively billing  
572 Medicaid, the geographic trends of where dentists are offering  
573 what types of Medicaid services and other statistics pertinent to  
574 the goals of this legislative intent. This data shall annually be  
575 presented to the Chair of the Senate Medicaid Committee and the  
576 Chair of the House Medicaid Committee.

577           The division shall include dental services as a necessary  
578 component of overall health services provided to children who are  
579 eligible for services.

580           (11) Eyeglasses for all Medicaid beneficiaries who have  
581 (a) had surgery on the eyeball or ocular muscle that results in a  
582 vision change for which eyeglasses or a change in eyeglasses is  
583 medically indicated within six (6) months of the surgery and is in  
584 accordance with policies established by the division, or (b) one  
585 (1) pair every five (5) years and in accordance with policies  
586 established by the division. In either instance, the eyeglasses  
587 must be prescribed by a physician skilled in diseases of the eye  
588 or an optometrist, whichever the beneficiary may select.

589           (12) Intermediate care facility services.

590           (a) The division shall make full payment to all  
591 intermediate care facilities for individuals with intellectual  
592 disabilities for each day, not exceeding sixty-three (63) days per

593 year, that a patient is absent from the facility on home leave.  
594 Payment may be made for the following home leave days in addition  
595 to the sixty-three-day limitation: Christmas, the day before  
596 Christmas, the day after Christmas, Thanksgiving, the day before  
597 Thanksgiving and the day after Thanksgiving.

598 (b) All state-owned intermediate care facilities  
599 for individuals with intellectual disabilities shall be reimbursed  
600 on a full reasonable cost basis.

601 (c) Effective January 1, 2015, the division shall  
602 update the fair rental reimbursement system for intermediate care  
603 facilities for individuals with intellectual disabilities.

604 (13) Family planning services, including drugs,  
605 supplies and devices, when those services are under the  
606 supervision of a physician or nurse practitioner.

607 (14) Clinic services. Preventive, diagnostic,  
608 therapeutic, rehabilitative or palliative services that are  
609 furnished by a facility that is not part of a hospital but is  
610 organized and operated to provide medical care to outpatients.  
611 Clinic services include, but are not limited to:

612 (a) Services provided by ambulatory surgical  
613 centers (ACSS) as defined in Section 41-75-1(a); and

614 (b) Dialysis center services.

615 (15) Home- and community-based services for the elderly  
616 and disabled, as provided under Title XIX of the federal Social  
617 Security Act, as amended, under waivers, subject to the

618 availability of funds specifically appropriated for that purpose  
619 by the Legislature.

620 (16) Mental health services. Certain services provided  
621 by a psychiatrist shall be reimbursed at up to one hundred percent  
622 (100%) of the Medicare rate. Approved therapeutic and case  
623 management services (a) provided by an approved regional mental  
624 health/intellectual disability center established under Sections  
625 41-19-31 through 41-19-39, or by another community mental health  
626 service provider meeting the requirements of the Department of  
627 Mental Health to be an approved mental health/intellectual  
628 disability center if determined necessary by the Department of  
629 Mental Health, using state funds that are provided in the  
630 appropriation to the division to match federal funds, or (b)  
631 provided by a facility that is certified by the State Department  
632 of Mental Health to provide therapeutic and case management  
633 services, to be reimbursed on a fee for service basis, or (c)  
634 provided in the community by a facility or program operated by the  
635 Department of Mental Health. Any such services provided by a  
636 facility described in subparagraph (b) must have the prior  
637 approval of the division to be reimbursable under this section.

638 (17) Durable medical equipment services and medical  
639 supplies. Precertification of durable medical equipment and  
640 medical supplies must be obtained as required by the division.  
641 The Division of Medicaid may require durable medical equipment  
642 providers to obtain a surety bond in the amount and to the

643 specifications as established by the Balanced Budget Act of 1997.  
644 A maximum dollar amount of reimbursement for noninvasive  
645 ventilators or ventilation treatments properly ordered and being  
646 used in an appropriate care setting shall not be set by any health  
647 maintenance organization, coordinated care organization,  
648 provider-sponsored health plan, or other organization paid for  
649 services on a capitated basis by the division under any managed  
650 care program or coordinated care program implemented by the  
651 division under this section. Reimbursement by these organizations  
652 to durable medical equipment suppliers for home use of noninvasive  
653 and invasive ventilators shall be on a continuous monthly payment  
654 basis for the duration of medical need throughout a patient's  
655 valid prescription period.

656 (18) (a) Notwithstanding any other provision of this  
657 section to the contrary, as provided in the Medicaid state plan  
658 amendment or amendments as defined in Section 43-13-145(10), the  
659 division shall make additional reimbursement to hospitals that  
660 serve a disproportionate share of low-income patients and that  
661 meet the federal requirements for those payments as provided in  
662 Section 1923 of the federal Social Security Act and any applicable  
663 regulations. It is the intent of the Legislature that the  
664 division shall draw down all available federal funds allotted to  
665 the state for disproportionate share hospitals. However, from and  
666 after January 1, 1999, public hospitals participating in the  
667 Medicaid disproportionate share program may be required to

668 participate in an intergovernmental transfer program as provided  
669 in Section 1903 of the federal Social Security Act and any  
670 applicable regulations.

671 (b) (i) 1. The division may establish a Medicare  
672 Upper Payment Limits Program, as defined in Section 1902(a)(30) of  
673 the federal Social Security Act and any applicable federal  
674 regulations, or an allowable delivery system or provider payment  
675 initiative authorized under 42 CFR 438.6(c), for hospitals,  
676 nursing facilities and physicians employed or contracted by  
677 hospitals.

678 2. The division shall establish a  
679 Medicaid Supplemental Payment Program, as permitted by the federal  
680 Social Security Act and a comparable allowable delivery system or  
681 provider payment initiative authorized under 42 CFR 438.6(c), for  
682 emergency ambulance transportation providers in accordance with  
683 this subsection (A)(18)(b).

684 (ii) The division shall assess each hospital,  
685 nursing facility, and emergency ambulance transportation provider  
686 for the sole purpose of financing the state portion of the  
687 Medicare Upper Payment Limits Program or other program(s)  
688 authorized under this subsection (A)(18)(b). The hospital  
689 assessment shall be as provided in Section 43-13-145(4)(a), and  
690 the nursing facility and the emergency ambulance transportation  
691 assessments, if established, shall be based on Medicaid  
692 utilization or other appropriate method, as determined by the

693 division, consistent with federal regulations. The assessments  
694 will remain in effect as long as the state participates in the  
695 Medicare Upper Payment Limits Program or other program(s)  
696 authorized under this subsection (A) (18) (b). In addition to the  
697 hospital assessment provided in Section 43-13-145(4) (a), hospitals  
698 with physicians participating in the Medicare Upper Payment Limits  
699 Program or other program(s) authorized under this subsection  
700 (A) (18) (b) shall be required to participate in an  
701 intergovernmental transfer or assessment, as determined by the  
702 division, for the purpose of financing the state portion of the  
703 physician UPL payments or other payment(s) authorized under this  
704 subsection (A) (18) (b).

705 (iii) Subject to approval by the Centers for  
706 Medicare and Medicaid Services (CMS) and the provisions of this  
707 subsection (A) (18) (b), the division shall make additional  
708 reimbursement to hospitals, nursing facilities, and emergency  
709 ambulance transportation providers for the Medicare Upper Payment  
710 Limits Program or other program(s) authorized under this  
711 subsection (A) (18) (b), and, if the program is established for  
712 physicians, shall make additional reimbursement for physicians, as  
713 defined in Section 1902(a) (30) of the federal Social Security Act  
714 and any applicable federal regulations, provided the assessment in  
715 this subsection (A) (18) (b) is in effect.

716 (iv) Notwithstanding any other provision of  
717 this article to the contrary, effective upon implementation of the

718 Mississippi Hospital Access Program (MHAP) provided in  
719 subparagraph (c)(i) below, the hospital portion of the inpatient  
720 Upper Payment Limits Program shall transition into and be replaced  
721 by the MHAP program. However, the division is authorized to  
722 develop and implement an alternative fee-for-service Upper Payment  
723 Limits model in accordance with federal laws and regulations if  
724 necessary to preserve supplemental funding. Further, the  
725 division, in consultation with the hospital industry shall develop  
726 alternative models for distribution of medical claims and  
727 supplemental payments for inpatient and outpatient hospital  
728 services, and such models may include, but shall not be limited to  
729 the following: increasing rates for inpatient and outpatient  
730 services; creating a low-income utilization pool of funds to  
731 reimburse hospitals for the costs of uncompensated care, charity  
732 care and bad debts as permitted and approved pursuant to federal  
733 regulations and the Centers for Medicare and Medicaid Services;  
734 supplemental payments based upon Medicaid utilization, quality,  
735 service lines and/or costs of providing such services to Medicaid  
736 beneficiaries and to uninsured patients. The goals of such  
737 payment models shall be to ensure access to inpatient and  
738 outpatient care and to maximize any federal funds that are  
739 available to reimburse hospitals for services provided. Any such  
740 documents required to achieve the goals described in this  
741 paragraph shall be submitted to the Centers for Medicare and  
742 Medicaid Services, with a proposed effective date of July 1, 2019,

743 to the extent possible, but in no event shall the effective date  
744 of such payment models be later than July 1, 2020. The Chairmen  
745 of the Senate and House Medicaid Committees shall be provided a  
746 copy of the proposed payment model(s) prior to submission.  
747 Effective July 1, 2018, and until such time as any payment  
748 model(s) as described above become effective, the division, in  
749 consultation with the hospital industry, is authorized to  
750 implement a transitional program for inpatient and outpatient  
751 payments and/or supplemental payments (including, but not limited  
752 to, MHAP and directed payments), to redistribute available  
753 supplemental funds among hospital providers, provided that when  
754 compared to a hospital's prior year supplemental payments,  
755 supplemental payments made pursuant to any such transitional  
756 program shall not result in a decrease of more than five percent  
757 (5%) and shall not increase by more than the amount needed to  
758 maximize the distribution of the available funds.

759 (v) 1. To preserve and improve access to  
760 ambulance transportation provider services, the division shall  
761 seek CMS approval to make ambulance service access payments as set  
762 forth in this subsection (A)(18)(b) for all covered emergency  
763 ambulance services rendered on or after July 1, 2022, and shall  
764 make such ambulance service access payments for all covered  
765 services rendered on or after the effective date of CMS approval.

766 2. The division shall calculate the  
767 ambulance service access payment amount as the balance of the

768 portion of the Medical Care Fund related to ambulance  
769 transportation service provider assessments plus any federal  
770 matching funds earned on the balance, up to, but not to exceed,  
771 the upper payment limit gap for all emergency ambulance service  
772 providers.

773                   3. a. Except for ambulance services  
774 exempt from the assessment provided in this paragraph (18)(b), all  
775 ambulance transportation service providers shall be eligible for  
776 ambulance service access payments each state fiscal year as set  
777 forth in this paragraph (18)(b).

778                   b. In addition to any other funds  
779 paid to ambulance transportation service providers for emergency  
780 medical services provided to Medicaid beneficiaries, each eligible  
781 ambulance transportation service provider shall receive ambulance  
782 service access payments each state fiscal year equal to the  
783 ambulance transportation service provider's upper payment limit  
784 gap. Subject to approval by the Centers for Medicare and Medicaid  
785 Services, ambulance service access payments shall be made no less  
786 than on a quarterly basis.

787                   c. As used in this paragraph  
788 (18)(b)(v), the term "upper payment limit gap" means the  
789 difference between the total amount that the ambulance  
790 transportation service provider received from Medicaid and the  
791 average amount that the ambulance transportation service provider

792 would have received from commercial insurers for those services  
793 reimbursed by Medicaid.

794 4. An ambulance service access payment  
795 shall not be used to offset any other payment by the division for  
796 emergency or nonemergency services to Medicaid beneficiaries.

797 (c) (i) Not later than December 1, 2015, the  
798 division shall, subject to approval by the Centers for Medicare  
799 and Medicaid Services (CMS), establish, implement and operate a  
800 Mississippi Hospital Access Program (MHAP) for the purpose of  
801 protecting patient access to hospital care through hospital  
802 inpatient reimbursement programs provided in this section designed  
803 to maintain total hospital reimbursement for inpatient services  
804 rendered by in-state hospitals and the out-of-state hospital that  
805 is authorized by federal law to submit intergovernmental transfers  
806 (IGTs) to the State of Mississippi and is classified as Level I  
807 trauma center located in a county contiguous to the state line at  
808 the maximum levels permissible under applicable federal statutes  
809 and regulations, at which time the current inpatient Medicare  
810 Upper Payment Limits (UPL) Program for hospital inpatient services  
811 shall transition to the MHAP.

812 (ii) Subject to approval by the Centers for  
813 Medicare and Medicaid Services (CMS), the MHAP shall provide  
814 increased inpatient capitation (PMPM) payments to managed care  
815 entities contracting with the division pursuant to subsection (H)  
816 of this section to support availability of hospital services or

817 such other payments permissible under federal law necessary to  
818 accomplish the intent of this subsection.

819 (iii) The intent of this subparagraph (c) is  
820 that effective for all inpatient hospital Medicaid services during  
821 state fiscal year 2016, and so long as this provision shall remain  
822 in effect hereafter, the division shall to the fullest extent  
823 feasible replace the additional reimbursement for hospital  
824 inpatient services under the inpatient Medicare Upper Payment  
825 Limits (UPL) Program with additional reimbursement under the MHAP  
826 and other payment programs for inpatient and/or outpatient  
827 payments which may be developed under the authority of this  
828 paragraph.

829 (iv) The division shall assess each hospital  
830 as provided in Section 43-13-145(4) (a) for the purpose of  
831 financing the state portion of the MHAP, supplemental payments and  
832 such other purposes as specified in Section 43-13-145. The  
833 assessment will remain in effect as long as the MHAP and  
834 supplemental payments are in effect.

835 (19) (a) Perinatal risk management services. The  
836 division shall promulgate regulations to be effective from and  
837 after October 1, 1988, to establish a comprehensive perinatal  
838 system for risk assessment of all pregnant and infant Medicaid  
839 recipients and for management, education and follow-up for those  
840 who are determined to be at risk. Services to be performed  
841 include case management, nutrition assessment/counseling,

842 psychosocial assessment/counseling and health education. The  
843 division shall contract with the State Department of Health to  
844 provide services within this paragraph (Perinatal High Risk  
845 Management/Infant Services System (PHRM/ISS)). The State  
846 Department of Health shall be reimbursed on a full reasonable cost  
847 basis for services provided under this subparagraph (a).

848 (b) Early intervention system services. The  
849 division shall cooperate with the State Department of Health,  
850 acting as lead agency, in the development and implementation of a  
851 statewide system of delivery of early intervention services, under  
852 Part C of the Individuals with Disabilities Education Act (IDEA).  
853 The State Department of Health shall certify annually in writing  
854 to the executive director of the division the dollar amount of  
855 state early intervention funds available that will be utilized as  
856 a certified match for Medicaid matching funds. Those funds then  
857 shall be used to provide expanded targeted case management  
858 services for Medicaid eligible children with special needs who are  
859 eligible for the state's early intervention system.

860 Qualifications for persons providing service coordination shall be

1289 Mississippi Legislature, except that the division may authorize

1290 those changes without enabling legislation when the addition of  
1291 recipients or services is ordered by a court of proper authority.

1292 (F) The executive director shall keep the Governor advised  
1293 on a timely basis of the funds available for expenditure and the  
1294 projected expenditures. Notwithstanding any other provisions of  
1295 this article, if current or projected expenditures of the division  
1296 are reasonably anticipated to exceed the amount of funds  
1297 appropriated to the division for any fiscal year, the Governor,  
1298 after consultation with the executive director, shall take all  
1299 appropriate measures to reduce costs, which may include, but are  
1300 not limited to:

1301 (1) Reducing or discontinuing any or all services that  
1302 are deemed to be optional under Title XIX of the Social Security  
1303 Act;

1304 (2) Reducing reimbursement rates for any or all service  
1305 types;

1306 (3) Imposing additional assessments on health care  
1307 providers; or

1308 (4) Any additional cost-containment measures deemed  
1309 appropriate by the Governor.

1310 To the extent allowed under federal law, any reduction to  
1311 services or reimbursement rates under this subsection (F) shall be  
1312 accompanied by a reduction, to the fullest allowable amount, to  
1313 the profit margin and administrative fee portions of capitated

1314 payments to organizations described in paragraph (1) of subsection  
1315 (H).

1316 Beginning in fiscal year 2010 and in fiscal years thereafter,  
1317 when Medicaid expenditures are projected to exceed funds available  
1318 for the fiscal year, the division shall submit the expected  
1319 shortfall information to the PEER Committee not later than  
1320 December 1 of the year in which the shortfall is projected to  
1321 occur. PEER shall review the computations of the division and  
1322 report its findings to the Legislative Budget Office not later  
1323 than January 7 in any year.

1324 (G) Notwithstanding any other provision of this article, it  
1325 shall be the duty of each provider participating in the Medicaid  
1326 program to keep and maintain books, documents and other records as  
1327 prescribed by the Division of Medicaid in accordance with federal  
1328 laws and regulations.

1329 (H) (1) Notwithstanding any other provision of this  
1330 article, the division is authorized to implement (a) a managed  
1331 care program, (b) a coordinated care program, (c) a coordinated  
1332 care organization program, (d) a health maintenance organization  
1333 program, (e) a patient-centered medical home program, (f) an  
1334 accountable care organization program, (g) provider-sponsored  
1335 health plan, or (h) any combination of the above programs. As a  
1336 condition for the approval of any program under this subsection  
1337 (H) (1), the division shall require that no managed care program,  
1338 coordinated care program, coordinated care organization program,

1339 health maintenance organization program, or provider-sponsored  
1340 health plan may:

1341 (a) Pay providers at a rate that is less than the  
1342 Medicaid All Patient Refined Diagnosis Related Groups (APR-DRG)  
1343 reimbursement rate;

1344 (b) Override the medical decisions of hospital  
1345 physicians or staff regarding patients admitted to a hospital for  
1346 an emergency medical condition as defined by 42 US Code Section  
1347 1395dd. This restriction (b) does not prohibit the retrospective  
1348 review of the appropriateness of the determination that an  
1349 emergency medical condition exists by chart review or coding  
1350 algorithm, nor does it prohibit prior authorization for  
1351 nonemergency hospital admissions;

1352 (c) Pay providers at a rate that is less than the  
1353 normal Medicaid reimbursement rate. It is the intent of the  
1354 Legislature that all managed care entities described in this  
1355 subsection (H), in collaboration with the division, develop and  
1356 implement innovative payment models that incentivize improvements  
1357 in health care quality, outcomes, or value, as determined by the  
1358 division. Participation in the provider network of any managed  
1359 care, coordinated care, provider-sponsored health plan, or similar  
1360 contractor shall not be conditioned on the provider's agreement to  
1361 accept such alternative payment models;

1362 (d) Implement a prior authorization and  
1363 utilization review program for medical services, transportation

1364 services and prescription drugs that is more stringent than the  
1365 prior authorization processes used by the division in its  
1366 administration of the Medicaid program. Not later than December  
1367 2, 2021, the contractors that are receiving capitated payments  
1368 under a managed care delivery system established under this  
1369 subsection (H) shall submit a report to the Chairmen of the House  
1370 and Senate Medicaid Committees on the status of the prior  
1371 authorization and utilization review program for medical services,  
1372 transportation services and prescription drugs that is required to  
1373 be implemented under this subparagraph (d);

1374 (e) [Deleted]

1375 (f) Implement a preferred drug list that is more  
1376 stringent than the mandatory preferred drug list established by  
1377 the division under subsection (A) (9) of this section;

1378 (g) Implement a policy which denies beneficiaries  
1379 with hemophilia access to the federally funded hemophilia  
1380 treatment centers as part of the Medicaid Managed Care network of  
1381 providers.

1382 Each health maintenance organization, coordinated care  
1383 organization, provider-sponsored health plan, or other  
1384 organization paid for services on a capitated basis by the  
1385 division under any managed care program or coordinated care  
1386 program implemented by the division under this section shall use a  
1387 clear set of level of care guidelines in the determination of  
1388 medical necessity and in all utilization management practices,

1389 including the prior authorization process, concurrent reviews,  
1390 retrospective reviews and payments, that are consistent with  
1391 widely accepted professional standards of care. Organizations  
1392 participating in a managed care program or coordinated care  
1393 program implemented by the division may not use any additional  
1394 criteria that would result in denial of care that would be  
1395 determined appropriate and, therefore, medically necessary under  
1396 those levels of care guidelines.

1397 (2) Notwithstanding any provision of this section, the  
1398 recipients eligible for enrollment into a Medicaid Managed Care  
1399 Program authorized under this subsection (H) may include only  
1400 those categories of recipients eligible for participation in the  
1401 Medicaid Managed Care Program as of January 1, 2021, the  
1402 Children's Health Insurance Program (CHIP), and the CMS-approved  
1403 Section 1115 demonstration waivers in operation as of January 1,  
1404 2021. No expansion of Medicaid Managed Care Program contracts may  
1405 be implemented by the division without enabling legislation from  
1406 the Mississippi Legislature.

1407 (3) (a) Any contractors receiving capitated payments  
1408 under a managed care delivery system established in this section  
1409 shall provide to the Legislature and the division statistical data  
1410 to be shared with provider groups in order to improve patient  
1411 access, appropriate utilization, cost savings and health outcomes  
1412 not later than October 1 of each year. Additionally, each  
1413 contractor shall disclose to the Chairmen of the Senate and House

1414 Medicaid Committees the administrative expenses costs for the  
1415 prior calendar year, and the number of full-equivalent employees  
1416 located in the State of Mississippi dedicated to the Medicaid and  
1417 CHIP lines of business as of June 30 of the current year.

1418 (b) The division and the contractors participating  
1419 in the managed care program, a coordinated care program or a  
1420 provider-sponsored health plan shall be subject to annual program  
1421 reviews or audits performed by the Office of the State Auditor,  
1422 the PEER Committee, the Department of Insurance and/or independent  
1423 third parties.

1424 (c) Those reviews shall include, but not be  
1425 limited to, at least two (2) of the following items:

1426 (i) The financial benefit to the State of  
1427 Mississippi of the managed care program,

1428 (ii) The difference between the premiums paid  
1429 to the managed care contractors and the payments made by those  
1430 contractors to health care providers,

1431 (iii) Compliance with performance measures  
1432 required under the contracts,

1433 (iv) Administrative expense allocation  
1434 methodologies,

1435 (v) Whether nonprovider payments assigned as  
1436 medical expenses are appropriate,

1437 (vi) Capitated arrangements with related  
1438 party subcontractors,

- 1439 (vii) Reasonableness of corporate  
1440 allocations,  
1441 (viii) Value-added benefits and the extent to  
1442 which they are used,  
1443 (ix) The effectiveness of subcontractor  
1444 oversight, including subcontractor review,  
1445 (x) Whether health care outcomes have been  
1446 improved, and  
1447 (xi) The most common claim denial codes to  
1448 determine the reasons for the denials.

1449 The audit reports shall be considered public documents and  
1450 shall be posted in their entirety on the division's website.

1451 (4) All health maintenance organizations, coordinated  
1452 care organizations, provider-sponsored health plans, or other  
1453 organizations paid for services on a capitated basis by the  
1454 division under any managed care program or coordinated care  
1455 program implemented by the division under this section shall  
1456 reimburse all providers in those organizations at rates no lower  
1457 than those provided under this section for beneficiaries who are  
1458 not participating in those programs.

1459 (5) No health maintenance organization, coordinated  
1460 care organization, provider-sponsored health plan, or other  
1461 organization paid for services on a capitated basis by the  
1462 division under any managed care program or coordinated care  
1463 program implemented by the division under this section shall

1464 require its providers or beneficiaries to use any pharmacy that  
1465 ships, mails or delivers prescription drugs or legend drugs or  
1466 devices.

1467           (6) (a) Not later than December 1, 2021, the  
1468 contractors who are receiving capitated payments under a managed  
1469 care delivery system established under this subsection (H) shall  
1470 develop and implement a uniform credentialing process for  
1471 providers. Under that uniform credentialing process, a provider  
1472 who meets the criteria for credentialing will be credentialed with  
1473 all of those contractors and no such provider will have to be  
1474 separately credentialed by any individual contractor in order to  
1475 receive reimbursement from the contractor. Not later than  
1476 December 2, 2021, those contractors shall submit a report to the  
1477 Chairmen of the House and Senate Medicaid Committees on the status  
1478 of the uniform credentialing process for providers that is  
1479 required under this subparagraph (a).

1480           (b) If those contractors have not implemented a  
1481 uniform credentialing process as described in subparagraph (a) by  
1482 December 1, 2021, the division shall develop and implement, not  
1483 later than July 1, 2022, a single, consolidated credentialing  
1484 process by which all providers will be credentialed. Under the  
1485 division's single, consolidated credentialing process, no such  
1486 contractor shall require its providers to be separately  
1487 credentialed by the contractor in order to receive reimbursement  
1488 from the contractor, but those contractors shall recognize the

1489 credentialing of the providers by the division's credentialing  
1490 process.

1491 (c) The division shall require a uniform provider  
1492 credentialing application that shall be used in the credentialing  
1493 process that is established under subparagraph (a) or (b). If the  
1494 contractor or division, as applicable, has not approved or denied  
1495 the provider credentialing application within sixty (60) days of  
1496 receipt of the completed application that includes all required  
1497 information necessary for credentialing, then the contractor or  
1498 division, upon receipt of a written request from the applicant and  
1499 within five (5) business days of its receipt, shall issue a  
1500 temporary provider credential/enrollment to the applicant if the  
1501 applicant has a valid Mississippi professional or occupational  
1502 license to provide the health care services to which the  
1503 credential/enrollment would apply. The contractor or the division  
1504 shall not issue a temporary credential/enrollment if the applicant  
1505 has reported on the application a history of medical or other  
1506 professional or occupational malpractice claims, a history of  
1507 substance abuse or mental health issues, a criminal record, or a  
1508 history of medical or other licensing board, state or federal  
1509 disciplinary action, including any suspension from participation  
1510 in a federal or state program. The temporary  
1511 credential/enrollment shall be effective upon issuance and shall  
1512 remain in effect until the provider's credentialing/enrollment  
1513 application is approved or denied by the contractor or division.

1514 The contractor or division shall render a final decision regarding  
1515 credentialing/enrollment of the provider within sixty (60) days  
1516 from the date that the temporary provider credential/enrollment is  
1517 issued to the applicant.

1518 (d) If the contractor or division does not render  
1519 a final decision regarding credentialing/enrollment of the  
1520 provider within the time required in subparagraph (c), the  
1521 provider shall be deemed to be credentialed by and enrolled with  
1522 all of the contractors and eligible to receive reimbursement from  
1523 the contractors.

1524 (7) (a) Each contractor that is receiving capitated  
1525 payments under a managed care delivery system established under  
1526 this subsection (H) shall provide to each provider for whom the  
1527 contractor has denied the coverage of a procedure that was ordered  
1528 or requested by the provider for or on behalf of a patient, a  
1529 letter that provides a detailed explanation of the reasons for the  
1530 denial of coverage of the procedure and the name and the  
1531 credentials of the person who denied the coverage. The letter  
1532 shall be sent to the provider in electronic format.

1533 (b) After a contractor that is receiving capitated  
1534 payments under a managed care delivery system established under  
1535 this subsection (H) has denied coverage for a claim submitted by a  
1536 provider, the contractor shall issue to the provider within sixty  
1537 (60) days a final ruling of denial of the claim that allows the  
1538 provider to have a state fair hearing and/or agency appeal with

1539 the division. If a contractor does not issue a final ruling of  
1540 denial within sixty (60) days as required by this subparagraph  
1541 (b), the provider's claim shall be deemed to be automatically  
1542 approved and the contractor shall pay the amount of the claim to  
1543 the provider.

1544 (c) After a contractor has issued a final ruling  
1545 of denial of a claim submitted by a provider, the division shall  
1546 conduct a state fair hearing and/or agency appeal on the matter of  
1547 the disputed claim between the contractor and the provider within  
1548 sixty (60) days, and shall render a decision on the matter within  
1549 thirty (30) days after the date of the hearing and/or appeal.

1550 (8) It is the intention of the Legislature that the  
1551 division evaluate the feasibility of using a single vendor to  
1552 administer pharmacy benefits provided under a managed care  
1553 delivery system established under this subsection (H). Providers  
1554 of pharmacy benefits shall cooperate with the division in any  
1555 transition to a carve-out of pharmacy benefits under managed care.

1556 (9) The division shall evaluate the feasibility of  
1557 using a single vendor to administer dental benefits provided under  
1558 a managed care delivery system established in this subsection (H).  
1559 Providers of dental benefits shall cooperate with the division in  
1560 any transition to a carve-out of dental benefits under managed  
1561 care.

1562 (10) It is the intent of the Legislature that any  
1563 contractor receiving capitated payments under a managed care

1564 delivery system established in this section shall implement  
1565 innovative programs to improve the health and well-being of  
1566 members diagnosed with prediabetes and diabetes.

1567 (11) It is the intent of the Legislature that any  
1568 contractors receiving capitated payments under a managed care  
1569 delivery system established under this subsection (H) shall work  
1570 with providers of Medicaid services to improve the utilization of  
1571 long-acting reversible contraceptives (LARCs). Not later than  
1572 December 1, 2021, any contractors receiving capitated payments  
1573 under a managed care delivery system established under this  
1574 subsection (H) shall provide to the Chairmen of the House and  
1575 Senate Medicaid Committees and House and Senate Public Health  
1576 Committees a report of LARC utilization for State Fiscal Years  
1577 2018 through 2020 as well as any programs, initiatives, or efforts  
1578 made by the contractors and providers to increase LARC  
1579 utilization. This report shall be updated annually to include  
1580 information for subsequent state fiscal years.

1581 (12) The division is authorized to make not more than  
1582 one (1) emergency extension of the contracts that are in effect on  
1583 July 1, 2021, with contractors who are receiving capitated  
1584 payments under a managed care delivery system established under  
1585 this subsection (H), as provided in this paragraph (12). The  
1586 maximum period of any such extension shall be one (1) year, and  
1587 under any such extensions, the contractors shall be subject to all  
1588 of the provisions of this subsection (H). The extended contracts

1589 shall be revised to incorporate any provisions of this subsection  
1590 (H).

1591 (I) [Deleted]

1592 (J) There shall be no cuts in inpatient and outpatient  
1593 hospital payments, or allowable days or volumes, as long as the  
1594 hospital assessment provided in Section 43-13-145 is in effect.  
1595 This subsection (J) shall not apply to decreases in payments that  
1596 are a result of: reduced hospital admissions, audits or payments  
1597 under the APR-DRG or APC models, or a managed care program or  
1598 similar model described in subsection (H) of this section.

1599 (K) In the negotiation and execution of such contracts  
1600 involving services performed by actuarial firms, the Executive  
1601 Director of the Division of Medicaid may negotiate a limitation on  
1602 liability to the state of prospective contractors.

1603 (L) The Division of Medicaid shall reimburse for services  
1604 provided to eligible Medicaid beneficiaries by a licensed birthing  
1605 center in a method and manner to be determined by the division in  
1606 accordance with federal laws and federal regulations. The  
1607 division shall seek any necessary waivers, make any required  
1608 amendments to its State Plan or revise any contracts authorized  
1609 under subsection (H) of this section as necessary to provide the  
1610 services authorized under this subsection. As used in this  
1611 subsection, the term "birthing centers" shall have the meaning as  
1612 defined in Section 41-77-1(a), which is a publicly or privately  
1613 owned facility, place or institution constructed, renovated,

1614 leased or otherwise established where nonemergency births are  
1615 planned to occur away from the mother's usual residence following  
1616 a documented period of prenatal care for a normal uncomplicated  
1617 pregnancy which has been determined to be low risk through a  
1618 formal risk-scoring examination.

1619 (M) This section shall stand repealed on July 1, \* \* \* 2028.

1620 **SECTION 3.** This act shall take effect and be in force from  
1621 and after July 1, 2024.
