HOUSE BILL NO. 1189

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,
2 TO PROVIDE THAT UNDER THE MEDICAID WAIVER FOR HOME- AND
3 COMMUNITY-BASED SERVICES FOR DEVELOPMENTALLY DISABLED PEOPLE, A
4 LICENSED REGISTERED NURSE WHO IS THE GUARDIAN LIVING IN THE
5 HOUSEHOLD OF A CHILD OF THE NURSE SHALL BE ELIGIBLE TO RECEIVE
6 REIMBURSEMENT FOR MEDICALLY NECESSARY SERVICES THAT THE NURSE
7 PROVIDES TO THE CHILD, PROVIDED THAT THE NURSE HAS RECEIVED
8 CERTIFICATION FROM THE STATE DEPARTMENT OF MENTAL HEALTH AS BEING
9 QUALIFIED BY EDUCATION, TRAINING AND EXPERIENCE TO PROVIDE THOSE
10 TYPES OF SERVICES TO THE CHILD; TO EXTEND THE DATE OF THE REPEALER
11 ON THAT SECTION; AND FOR RELATED PURPOSES.

12 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

13 **SECTION 1.** Section 43-13-117, Mississippi Code of 1972, is
14 amended as follows:

15 43-13-117. (A) Medicaid as authorized by this article shall
16 include payment of part or all of the costs, at the discretion of
17 the division, with approval of the Governor and the Centers for
18 Medicare and Medicaid Services, of the following types of care and
19 services rendered to eligible applicants who have been determined
20 to be eligible for that care and services, within the limits of
21 state appropriations and federal matching funds:

22 (1) Inpatient hospital services.

23 (a) The division is authorized to implement an All
24 Patient Refined Diagnosis Related Groups (APR-DRG) reimbursement
25 methodology for inpatient hospital services.

26 (b) No service benefits or reimbursement
27 limitations in this subsection (A)(1) shall apply to payments
28 under an APR-DRG or Ambulatory Payment Classification (APC) model
29 or a managed care program or similar model described in subsection
30 (H) of this section unless specifically authorized by the
31 division.

32 (2) Outpatient hospital services.

33 (a) Emergency services.

34 (b) Other outpatient hospital services. The
35 division shall allow benefits for other medically necessary
36 outpatient hospital services (such as chemotherapy, radiation,
37 surgery and therapy), including outpatient services in a clinic or
38 other facility that is not located inside the hospital, but that
39 has been designated as an outpatient facility by the hospital, and
40 that was in operation or under construction on July 1, 2009,
41 provided that the costs and charges associated with the operation
42 of the hospital clinic are included in the hospital's cost report.
43 In addition, the Medicare thirty-five-mile rule will apply to
44 those hospital clinics not located inside the hospital that are
45 constructed after July 1, 2009. Where the same services are
46 reimbursed as clinic services, the division may revise the rate or

47 methodology of outpatient reimbursement to maintain consistency,
48 efficiency, economy and quality of care.

49 (c) The division is authorized to implement an
50 Ambulatory Payment Classification (APC) methodology for outpatient
51 hospital services. The division shall give rural hospitals that
52 have fifty (50) or fewer licensed beds the option to not be
53 reimbursed for outpatient hospital services using the APC
54 methodology, but reimbursement for outpatient hospital services
55 provided by those hospitals shall be based on one hundred one
56 percent (101%) of the rate established under Medicare for
57 outpatient hospital services. Those hospitals choosing to not be
58 reimbursed under the APC methodology shall remain under cost-based
59 reimbursement for a two-year period.

60 (d) No service benefits or reimbursement
61 limitations in this subsection (A)(2) shall apply to payments
62 under an APR-DRG or APC model or a managed care program or similar
63 model described in subsection (H) of this section unless
64 specifically authorized by the division.

65 (3) Laboratory and x-ray services.

66 (4) Nursing facility services.

67 (a) The division shall make full payment to
68 nursing facilities for each day, not exceeding forty-two (42) days
69 per year, that a patient is absent from the facility on home
70 leave. Payment may be made for the following home leave days in
71 addition to the forty-two-day limitation: Christmas, the day

72 before Christmas, the day after Christmas, Thanksgiving, the day
73 before Thanksgiving and the day after Thanksgiving.

74 (b) From and after July 1, 1997, the division
75 shall implement the integrated case-mix payment and quality
76 monitoring system, which includes the fair rental system for
77 property costs and in which recapture of depreciation is
78 eliminated. The division may reduce the payment for hospital
79 leave and therapeutic home leave days to the lower of the case-mix
80 category as computed for the resident on leave using the
81 assessment being utilized for payment at that point in time, or a
82 case-mix score of 1.000 for nursing facilities, and shall compute
83 case-mix scores of residents so that only services provided at the
84 nursing facility are considered in calculating a facility's per
85 diem.

86 (c) From and after July 1, 1997, all state-owned
87 nursing facilities shall be reimbursed on a full reasonable cost
88 basis.

89 (d) On or after January 1, 2015, the division
90 shall update the case-mix payment system resource utilization
91 grouper and classifications and fair rental reimbursement system.
92 The division shall develop and implement a payment add-on to
93 reimburse nursing facilities for ventilator-dependent resident
94 services.

95 (e) The division shall develop and implement, not
96 later than January 1, 2001, a case-mix payment add-on determined

97 by time studies and other valid statistical data that will
98 reimburse a nursing facility for the additional cost of caring for
99 a resident who has a diagnosis of Alzheimer's or other related
100 dementia and exhibits symptoms that require special care. Any
101 such case-mix add-on payment shall be supported by a determination
102 of additional cost. The division shall also develop and implement
103 as part of the fair rental reimbursement system for nursing
104 facility beds, an Alzheimer's resident bed depreciation enhanced
105 reimbursement system that will provide an incentive to encourage
106 nursing facilities to convert or construct beds for residents with
107 Alzheimer's or other related dementia.

108 (f) The division shall develop and implement an
109 assessment process for long-term care services. The division may
110 provide the assessment and related functions directly or through
111 contract with the area agencies on aging.

112 The division shall apply for necessary federal waivers to
113 assure that additional services providing alternatives to nursing
114 facility care are made available to applicants for nursing
115 facility care.

116 (5) Periodic screening and diagnostic services for
117 individuals under age twenty-one (21) years as are needed to
118 identify physical and mental defects and to provide health care
119 treatment and other measures designed to correct or ameliorate
120 defects and physical and mental illness and conditions discovered
121 by the screening services, regardless of whether these services

122 are included in the state plan. The division may include in its
123 periodic screening and diagnostic program those discretionary
124 services authorized under the federal regulations adopted to
125 implement Title XIX of the federal Social Security Act, as
126 amended. The division, in obtaining physical therapy services,
127 occupational therapy services, and services for individuals with
128 speech, hearing and language disorders, may enter into a
129 cooperative agreement with the State Department of Education for
130 the provision of those services to handicapped students by public
131 school districts using state funds that are provided from the
132 appropriation to the Department of Education to obtain federal
133 matching funds through the division. The division, in obtaining
134 medical and mental health assessments, treatment, care and
135 services for children who are in, or at risk of being put in, the
136 custody of the Mississippi Department of Human Services may enter
137 into a cooperative agreement with the Mississippi Department of
138 Human Services for the provision of those services using state
139 funds that are provided from the appropriation to the Department
140 of Human Services to obtain federal matching funds through the
141 division.

142 (6) Physician services. Fees for physician's services
143 that are covered only by Medicaid shall be reimbursed at ninety
144 percent (90%) of the rate established on January 1, 2018, and as
145 may be adjusted each July thereafter, under Medicare. The
146 division may provide for a reimbursement rate for physician's

147 services of up to one hundred percent (100%) of the rate
148 established under Medicare for physician's services that are
149 provided after the normal working hours of the physician, as
150 determined in accordance with regulations of the division. The
151 division may reimburse eligible providers, as determined by the
152 division, for certain primary care services at one hundred percent
153 (100%) of the rate established under Medicare. The division shall
154 reimburse obstetricians and gynecologists for certain primary care
155 services as defined by the division at one hundred percent (100%)
156 of the rate established under Medicare.

157 (7) (a) Home health services for eligible persons, not
158 to exceed in cost the prevailing cost of nursing facility
159 services. All home health visits must be precertified as required
160 by the division. In addition to physicians, certified registered
161 nurse practitioners, physician assistants and clinical nurse
162 specialists are authorized to prescribe or order home health
163 services and plans of care, sign home health plans of care,
164 certify and recertify eligibility for home health services and
165 conduct the required initial face-to-face visit with the recipient
166 of the services.

167 (b) [Repealed]

168 (8) Emergency medical transportation services as
169 determined by the division.

170 (9) Prescription drugs and other covered drugs and
171 services as determined by the division.

172 The division shall establish a mandatory preferred drug list.
173 Drugs not on the mandatory preferred drug list shall be made
174 available by utilizing prior authorization procedures established
175 by the division.

176 The division may seek to establish relationships with other
177 states in order to lower acquisition costs of prescription drugs
178 to include single-source and innovator multiple-source drugs or
179 generic drugs. In addition, if allowed by federal law or
180 regulation, the division may seek to establish relationships with
181 and negotiate with other countries to facilitate the acquisition
182 of prescription drugs to include single-source and innovator
183 multiple-source drugs or generic drugs, if that will lower the
184 acquisition costs of those prescription drugs.

185 The division may allow for a combination of prescriptions for
186 single-source and innovator multiple-source drugs and generic
187 drugs to meet the needs of the beneficiaries.

188 The executive director may approve specific maintenance drugs
189 for beneficiaries with certain medical conditions, which may be
190 prescribed and dispensed in three-month supply increments.

191 Drugs prescribed for a resident of a psychiatric residential
192 treatment facility must be provided in true unit doses when
193 available. The division may require that drugs not covered by
194 Medicare Part D for a resident of a long-term care facility be
195 provided in true unit doses when available. Those drugs that were
196 originally billed to the division but are not used by a resident

197 in any of those facilities shall be returned to the billing
198 pharmacy for credit to the division, in accordance with the
199 guidelines of the State Board of Pharmacy and any requirements of
200 federal law and regulation. Drugs shall be dispensed to a
201 recipient and only one (1) dispensing fee per month may be
202 charged. The division shall develop a methodology for reimbursing
203 for restocked drugs, which shall include a restock fee as
204 determined by the division not exceeding Seven Dollars and
205 Eighty-two Cents (\$7.82).

206 Except for those specific maintenance drugs approved by the
207 executive director, the division shall not reimburse for any
208 portion of a prescription that exceeds a thirty-one-day supply of
209 the drug based on the daily dosage.

210 The division is authorized to develop and implement a program
211 of payment for additional pharmacist services as determined by the
212 division.

213 All claims for drugs for dually eligible Medicare/Medicaid
214 beneficiaries that are paid for by Medicare must be submitted to
215 Medicare for payment before they may be processed by the
216 division's online payment system.

217 The division shall develop a pharmacy policy in which drugs
218 in tamper-resistant packaging that are prescribed for a resident
219 of a nursing facility but are not dispensed to the resident shall
220 be returned to the pharmacy and not billed to Medicaid, in
221 accordance with guidelines of the State Board of Pharmacy.

222 The division shall develop and implement a method or methods
223 by which the division will provide on a regular basis to Medicaid
224 providers who are authorized to prescribe drugs, information about
225 the costs to the Medicaid program of single-source drugs and
226 innovator multiple-source drugs, and information about other drugs
227 that may be prescribed as alternatives to those single-source
228 drugs and innovator multiple-source drugs and the costs to the
229 Medicaid program of those alternative drugs.

230 Notwithstanding any law or regulation, information obtained
231 or maintained by the division regarding the prescription drug
232 program, including trade secrets and manufacturer or labeler
233 pricing, is confidential and not subject to disclosure except to
234 other state agencies.

235 The dispensing fee for each new or refill prescription,
236 including nonlegend or over-the-counter drugs covered by the
237 division, shall be not less than Three Dollars and Ninety-one
238 Cents (\$3.91), as determined by the division.

239 The division shall not reimburse for single-source or
240 innovator multiple-source drugs if there are equally effective
241 generic equivalents available and if the generic equivalents are
242 the least expensive.

243 It is the intent of the Legislature that the pharmacists
244 providers be reimbursed for the reasonable costs of filling and
245 dispensing prescriptions for Medicaid beneficiaries.

246 The division shall allow certain drugs, including
247 physician-administered drugs, and implantable drug system devices,
248 and medical supplies, with limited distribution or limited access
249 for beneficiaries and administered in an appropriate clinical
250 setting, to be reimbursed as either a medical claim or pharmacy
251 claim, as determined by the division.

252 It is the intent of the Legislature that the division and any
253 managed care entity described in subsection (H) of this section
254 encourage the use of Alpha-Hydroxyprogesterone Caproate (17P) to
255 prevent recurrent preterm birth.

256 (10) Dental and orthodontic services to be determined
257 by the division.

258 The division shall increase the amount of the reimbursement
259 rate for diagnostic and preventative dental services for each of
260 the fiscal years 2022, 2023 and 2024 by five percent (5%) above
261 the amount of the reimbursement rate for the previous fiscal year.
262 The division shall increase the amount of the reimbursement rate
263 for restorative dental services for each of the fiscal years 2023,
264 2024 and 2025 by five percent (5%) above the amount of the
265 reimbursement rate for the previous fiscal year. It is the intent
266 of the Legislature that the reimbursement rate revision for
267 preventative dental services will be an incentive to increase the
268 number of dentists who actively provide Medicaid services. This
269 dental services reimbursement rate revision shall be known as the
270 "James Russell Dumas Medicaid Dental Services Incentive Program."

271 The Medical Care Advisory Committee, assisted by the Division
272 of Medicaid, shall annually determine the effect of this incentive
273 by evaluating the number of dentists who are Medicaid providers,
274 the number who and the degree to which they are actively billing
275 Medicaid, the geographic trends of where dentists are offering
276 what types of Medicaid services and other statistics pertinent to
277 the goals of this legislative intent. This data shall annually be
278 presented to the Chair of the Senate Medicaid Committee and the
279 Chair of the House Medicaid Committee.

280 The division shall include dental services as a necessary
281 component of overall health services provided to children who are
282 eligible for services.

283 (11) Eyeglasses for all Medicaid beneficiaries who have
284 (a) had surgery on the eyeball or ocular muscle that results in a
285 vision change for which eyeglasses or a change in eyeglasses is
286 medically indicated within six (6) months of the surgery and is in
287 accordance with policies established by the division, or (b) one
288 (1) pair every five (5) years and in accordance with policies
289 established by the division. In either instance, the eyeglasses
290 must be prescribed by a physician skilled in diseases of the eye
291 or an optometrist, whichever the beneficiary may select.

292 (12) Intermediate care facility services.

293 (a) The division shall make full payment to all
294 intermediate care facilities for individuals with intellectual
295 disabilities for each day, not exceeding sixty-three (63) days per

296 year, that a patient is absent from the facility on home leave.
297 Payment may be made for the following home leave days in addition
298 to the sixty-three-day limitation: Christmas, the day before
299 Christmas, the day after Christmas, Thanksgiving, the day before
300 Thanksgiving and the day after Thanksgiving.

301 (b) All state-owned intermediate care facilities
302 for individuals with intellectual disabilities shall be reimbursed
303 on a full reasonable cost basis.

304 (c) Effective January 1, 2015, the division shall
305 update the fair rental reimbursement system for intermediate care
306 facilities for individuals with intellectual disabilities.

307 (13) Family planning services, including drugs,
308 supplies and devices, when those services are under the
309 supervision of a physician or nurse practitioner.

310 (14) Clinic services. Preventive, diagnostic,
311 therapeutic, rehabilitative or palliative services that are
312 furnished by a facility that is not part of a hospital but is
313 organized and operated to provide medical care to outpatients.
314 Clinic services include, but are not limited to:

315 (a) Services provided by ambulatory surgical
316 centers (ACSS) as defined in Section 41-75-1(a); and

317 (b) Dialysis center services.

318 (15) Home- and community-based services for the elderly
319 and disabled, as provided under Title XIX of the federal Social
320 Security Act, as amended, under waivers, subject to the

321 availability of funds specifically appropriated for that purpose
322 by the Legislature.

323 (16) Mental health services. Certain services provided
324 by a psychiatrist shall be reimbursed at up to one hundred percent
325 (100%) of the Medicare rate. Approved therapeutic and case
326 management services (a) provided by an approved regional mental
327 health/intellectual disability center established under Sections
328 41-19-31 through 41-19-39, or by another community mental health
329 service provider meeting the requirements of the Department of
330 Mental Health to be an approved mental health/intellectual
331 disability center if determined necessary by the Department of
332 Mental Health, using state funds that are provided in the
333 appropriation to the division to match federal funds, or (b)
334 provided by a facility that is certified by the State Department
335 of Mental Health to provide therapeutic and case management
336 services, to be reimbursed on a fee for service basis, or (c)
337 provided in the community by a facility or program operated by the
338 Department of Mental Health. Any such services provided by a
339 facility described in subparagraph (b) must have the prior
340 approval of the division to be reimbursable under this section.

341 (17) Durable medical equipment services and medical
342 supplies. Precertification of durable medical equipment and
343 medical supplies must be obtained as required by the division.
344 The Division of Medicaid may require durable medical equipment
345 providers to obtain a surety bond in the amount and to the

346 specifications as established by the Balanced Budget Act of 1997.
347 A maximum dollar amount of reimbursement for noninvasive
348 ventilators or ventilation treatments properly ordered and being
349 used in an appropriate care setting shall not be set by any health
350 maintenance organization, coordinated care organization,
351 provider-sponsored health plan, or other organization paid for
352 services on a capitated basis by the division under any managed
353 care program or coordinated care program implemented by the
354 division under this section. Reimbursement by these organizations
355 to durable medical equipment suppliers for home use of noninvasive
356 and invasive ventilators shall be on a continuous monthly payment
357 basis for the duration of medical need throughout a patient's
358 valid prescription period.

359 (18) (a) Notwithstanding any other provision of this
360 section to the contrary, as provided in the Medicaid state plan
361 amendment or amendments as defined in Section 43-13-145(10), the
362 division shall make additional reimbursement to hospitals that
363 serve a disproportionate share of low-income patients and that
364 meet the federal requirements for those payments as provided in
365 Section 1923 of the federal Social Security Act and any applicable
366 regulations. It is the intent of the Legislature that the
367 division shall draw down all available federal funds allotted to
368 the state for disproportionate share hospitals. However, from and
369 after January 1, 1999, public hospitals participating in the
370 Medicaid disproportionate share program may be required to

371 participate in an intergovernmental transfer program as provided
372 in Section 1903 of the federal Social Security Act and any
373 applicable regulations.

374 (b) (i) 1. The division may establish a Medicare
375 Upper Payment Limits Program, as defined in Section 1902(a)(30) of
376 the federal Social Security Act and any applicable federal
377 regulations, or an allowable delivery system or provider payment
378 initiative authorized under 42 CFR 438.6(c), for hospitals,
379 nursing facilities and physicians employed or contracted by
380 hospitals.

381 2. The division shall establish a
382 Medicaid Supplemental Payment Program, as permitted by the federal
383 Social Security Act and a comparable allowable delivery system or
384 provider payment initiative authorized under 42 CFR 438.6(c), for
385 emergency ambulance transportation providers in accordance with
386 this subsection (A)(18)(b).

387 (ii) The division shall assess each hospital,
388 nursing facility, and emergency ambulance transportation provider
389 for the sole purpose of financing the state portion of the
390 Medicare Upper Payment Limits Program or other program(s)
391 authorized under this subsection (A)(18)(b). The hospital
392 assessment shall be as provided in Section 43-13-145(4)(a), and
393 the nursing facility and the emergency ambulance transportation
394 assessments, if established, shall be based on Medicaid
395 utilization or other appropriate method, as determined by the

396 division, consistent with federal regulations. The assessments
397 will remain in effect as long as the state participates in the
398 Medicare Upper Payment Limits Program or other program(s)
399 authorized under this subsection (A) (18) (b). In addition to the
400 hospital assessment provided in Section 43-13-145(4) (a), hospitals
401 with physicians participating in the Medicare Upper Payment Limits
402 Program or other program(s) authorized under this subsection
403 (A) (18) (b) shall be required to participate in an
404 intergovernmental transfer or assessment, as determined by the
405 division, for the purpose of financing the state portion of the
406 physician UPL payments or other payment(s) authorized under this
407 subsection (A) (18) (b).

408 (iii) Subject to approval by the Centers for
409 Medicare and Medicaid Services (CMS) and the provisions of this
410 subsection (A) (18) (b), the division shall make additional
411 reimbursement to hospitals, nursing facilities, and emergency
412 ambulance transportation providers for the Medicare Upper Payment
413 Limits Program or other program(s) authorized under this
414 subsection (A) (18) (b), and, if the program is established for
415 physicians, shall make additional reimbursement for physicians, as
416 defined in Section 1902(a) (30) of the federal Social Security Act
417 and any applicable federal regulations, provided the assessment in
418 this subsection (A) (18) (b) is in effect.

419 (iv) Notwithstanding any other provision of
420 this article to the contrary, effective upon implementation of the

421 Mississippi Hospital Access Program (MHAP) provided in
422 subparagraph (c)(i) below, the hospital portion of the inpatient
423 Upper Payment Limits Program shall transition into and be replaced
424 by the MHAP program. However, the division is authorized to
425 develop and implement an alternative fee-for-service Upper Payment
426 Limits model in accordance with federal laws and regulations if
427 necessary to preserve supplemental funding. Further, the
428 division, in consultation with the hospital industry shall develop
429 alternative models for distribution of medical claims and
430 supplemental payments for inpatient and outpatient hospital
431 services, and such models may include, but shall not be limited to
432 the following: increasing rates for inpatient and outpatient
433 services; creating a low-income utilization pool of funds to
434 reimburse hospitals for the costs of uncompensated care, charity
435 care and bad debts as permitted and approved pursuant to federal
436 regulations and the Centers for Medicare and Medicaid Services;
437 supplemental payments based upon Medicaid utilization, quality,
438 service lines and/or costs of providing such services to Medicaid
439 beneficiaries and to uninsured patients. The goals of such
440 payment models shall be to ensure access to inpatient and
441 outpatient care and to maximize any federal funds that are
442 available to reimburse hospitals for services provided. Any such
443 documents required to achieve the goals described in this
444 paragraph shall be submitted to the Centers for Medicare and
445 Medicaid Services, with a proposed effective date of July 1, 2019,

446 to the extent possible, but in no event shall the effective date
447 of such payment models be later than July 1, 2020. The Chairmen
448 of the Senate and House Medicaid Committees shall be provided a
449 copy of the proposed payment model(s) prior to submission.
450 Effective July 1, 2018, and until such time as any payment
451 model(s) as described above become effective, the division, in
452 consultation with the hospital industry, is authorized to
453 implement a transitional program for inpatient and outpatient
454 payments and/or supplemental payments (including, but not limited
455 to, MHAP and directed payments), to redistribute available
456 supplemental funds among hospital providers, provided that when
457 compared to a hospital's prior year supplemental payments,
458 supplemental payments made pursuant to any such transitional
459 program shall not result in a decrease of more than five percent
460 (5%) and shall not increase by more than the amount needed to
461 maximize the distribution of the available funds.

462 (v) 1. To preserve and improve access to
463 ambulance transportation provider services, the division shall
464 seek CMS approval to make ambulance service access payments as set
465 forth in this subsection (A)(18)(b) for all covered emergency
466 ambulance services rendered on or after July 1, 2022, and shall
467 make such ambulance service access payments for all covered
468 services rendered on or after the effective date of CMS approval.

469 2. The division shall calculate the
470 ambulance service access payment amount as the balance of the

471 portion of the Medical Care Fund related to ambulance
472 transportation service provider assessments plus any federal
473 matching funds earned on the balance, up to, but not to exceed,
474 the upper payment limit gap for all emergency ambulance service
475 providers.

476 3. a. Except for ambulance services
477 exempt from the assessment provided in this paragraph (18)(b), all
478 ambulance transportation service providers shall be eligible for
479 ambulance service access payments each state fiscal year as set
480 forth in this paragraph (18)(b).

481 b. In addition to any other funds
482 paid to ambulance transportation service providers for emergency
483 medical services provided to Medicaid beneficiaries, each eligible
484 ambulance transportation service provider shall receive ambulance
485 service access payments each state fiscal year equal to the
486 ambulance transportation service provider's upper payment limit

977 change, or not make any changes to the proposed rate change.

978 (b) If the division does not make any changes to
979 the proposed rate change, it shall notify the chairmen of that
980 fact in writing, and the proposed rate change shall take effect on
981 the original date as scheduled by the division or on such other
982 date as specified by the division.

983 (c) If the division makes any changes to the
984 proposed rate change, the division shall notify the chairmen of
985 its actions in writing, and the revised proposed rate change shall
986 take effect on the date as specified by the division.

987 (7) Nothing in this subsection (D) shall be construed
988 as giving the chairmen or the committees any authority to veto,

989 nullify or revise any rate change proposed by the division. The
990 authority of the chairmen or the committees under this subsection
991 shall be limited to reviewing, making objections to and making
992 recommendations for changes to rate changes proposed by the
993 division.

994 (E) Notwithstanding any provision of this article, no new
995 groups or categories of recipients and new types of care and
996 services may be added without enabling legislation from the
997 Mississippi Legislature, except that the division may authorize
998 those changes without enabling legislation when the addition of
999 recipients or services is ordered by a court of proper authority.

1000 (F) The executive director shall keep the Governor advised
1001 on a timely basis of the funds available for expenditure and the
1002 projected expenditures. Notwithstanding any other provisions of
1003 this article, if current or projected expenditures of the division
1004 are reasonably anticipated to exceed the amount of funds
1005 appropriated to the division for any fiscal year, the Governor,
1006 after consultation with the executive director, shall take all
1007 appropriate measures to reduce costs, which may include, but are
1008 not limited to:

1009 (1) Reducing or discontinuing any or all services that
1010 are deemed to be optional under Title XIX of the Social Security
1011 Act;

1012 (2) Reducing reimbursement rates for any or all service
1013 types;

1014 (3) Imposing additional assessments on health care
1015 providers; or

1016 (4) Any additional cost-containment measures deemed
1017 appropriate by the Governor.

1018 To the extent allowed under federal law, any reduction to
1019 services or reimbursement rates under this subsection (F) shall be
1020 accompanied by a reduction, to the fullest allowable amount, to
1021 the profit margin and administrative fee portions of capitated
1022 payments to organizations described in paragraph (1) of subsection
1023 (H).

1024 Beginning in fiscal year 2010 and in fiscal years thereafter,
1025 when Medicaid expenditures are projected to exceed funds available
1026 for the fiscal year, the division shall submit the expected
1027 shortfall information to the PEER Committee not later than
1028 December 1 of the year in which the shortfall is projected to
1029 occur. PEER shall review the computations of the division and
1030 report its findings to the Legislative Budget Office not later
1031 than January 7 in any year.

1032 (G) Notwithstanding any other provision of this article, it
1033 shall be the duty of each provider participating in the Medicaid
1034 program to keep and maintain books, documents and other records as
1035 prescribed by the Division of Medicaid in accordance with federal
1036 laws and regulations.

1037 (H) (1) Notwithstanding any other provision of this
1038 article, the division is authorized to implement (a) a managed

1039 care program, (b) a coordinated care program, (c) a coordinated
1040 care organization program, (d) a health maintenance organization
1041 program, (e) a patient-centered medical home program, (f) an
1042 accountable care organization program, (g) provider-sponsored
1043 health plan, or (h) any combination of the above programs. As a
1044 condition for the approval of any program under this subsection
1045 (H)(1), the division shall require that no managed care program,
1046 coordinated care program, coordinated care organization program,
1047 health maintenance organization program, or provider-sponsored
1048 health plan may:

1049 (a) Pay providers at a rate that is less than the
1050 Medicaid All Patient Refined Diagnosis Related Groups (APR-DRG)
1051 reimbursement rate;

1052 (b) Override the medical decisions of hospital
1053 physicians or staff regarding patients admitted to a hospital for
1054 an emergency medical condition as defined by 42 US Code Section
1055 1395dd. This restriction (b) does not prohibit the retrospective
1056 review of the appropriateness of the determination that an
1057 emergency medical condition exists by chart review or coding
1058 algorithm, nor does it prohibit prior authorization for
1059 nonemergency hospital admissions;

1060 (c) Pay providers at a rate that is less than the
1061 normal Medicaid reimbursement rate. It is the intent of the
1062 Legislature that all managed care entities described in this
1063 subsection (H), in collaboration with the division, develop and

1064 implement innovative payment models that incentivize improvements
1065 in health care quality, outcomes, or value, as determined by the
1066 division. Participation in the provider network of any managed
1067 care, coordinated care, provider-sponsored health plan, or similar
1068 contractor shall not be conditioned on the provider's agreement to
1069 accept such alternative payment models;

1070 (d) Implement a prior authorization and
1071 utilization review program for medical services, transportation
1072 services and prescription drugs that is more stringent than the
1073 prior authorization processes used by the division in its
1074 administration of the Medicaid program. Not later than December
1075 2, 2021, the contractors that are receiving capitated payments
1076 under a managed care delivery system established under this
1077 subsection (H) shall submit a report to the Chairmen of the House
1078 and Senate Medicaid Committees on the status of the prior
1079 authorization and utilization review program for medical services,
1080 transportation services and prescription drugs that is required to
1081 be implemented under this subparagraph (d);

1082 (e) [Deleted]

1083 (f) Implement a preferred drug list that is more
1084 stringent than the mandatory preferred drug list established by
1085 the division under subsection (A) (9) of this section;

1086 (g) Implement a policy which denies beneficiaries
1087 with hemophilia access to the federally funded hemophilia

1088 treatment centers as part of the Medicaid Managed Care network of
1089 providers.

1090 Each health maintenance organization, coordinated care
1091 organization, provider-sponsored health plan, or other
1092 organization paid for services on a capitated basis by the
1093 division under any managed care program or coordinated care
1094 program implemented by the division under this section shall use a
1095 clear set of level of care guidelines in the determination of
1096 medical necessity and in all utilization management practices,
1097 including the prior authorization process, concurrent reviews,
1098 retrospective reviews and payments, that are consistent with
1099 widely accepted professional standards of care. Organizations
1100 participating in a managed care program or coordinated care
1101 program implemented by the division may not use any additional
1102 criteria that would result in denial of care that would be
1103 determined appropriate and, therefore, medically necessary under
1104 those levels of care guidelines.

1105 (2) Notwithstanding any provision of this section, the
1106 recipients eligible for enrollment into a Medicaid Managed Care
1107 Program authorized under this subsection (H) may include only
1108 those categories of recipients eligible for participation in the
1109 Medicaid Managed Care Program as of January 1, 2021, the
1110 Children's Health Insurance Program (CHIP), and the CMS-approved
1111 Section 1115 demonstration waivers in operation as of January 1,
1112 2021. No expansion of Medicaid Managed Care Program contracts may

1113 be implemented by the division without enabling legislation from
1114 the Mississippi Legislature.

1115 (3) (a) Any contractors receiving capitated payments
1116 under a managed care delivery system established in this section
1117 shall provide to the Legislature and the division statistical data
1118 to be shared with provider groups in order to improve patient
1119 access, appropriate utilization, cost savings and health outcomes
1120 not later than October 1 of each year. Additionally, each
1121 contractor shall disclose to the Chairmen of the Senate and House
1122 Medicaid Committees the administrative expenses costs for the
1123 prior calendar year, and the number of full-equivalent employees
1124 located in the State of Mississippi dedicated to the Medicaid and
1125 CHIP lines of business as of June 30 of the current year.

1126 (b) The division and the contractors participating
1127 in the managed care program, a coordinated care program or a
1128 provider-sponsored health plan shall be subject to annual program
1129 reviews or audits performed by the Office of the State Auditor,
1130 the PEER Committee, the Department of Insurance and/or independent
1131 third parties.

1132 (c) Those reviews shall include, but not be
1133 limited to, at least two (2) of the following items:

1134 (i) The financial benefit to the State of
1135 Mississippi of the managed care program,

1136 (ii) The difference between the premiums paid
1137 to the managed care contractors and the payments made by those
1138 contractors to health care providers,
1139 (iii) Compliance with performance measures
1140 required under the contracts,
1141 (iv) Administrative expense allocation
1142 methodologies,
1143 (v) Whether nonprovider payments assigned as
1144 medical expenses are appropriate,
1145 (vi) Capitated arrangements with related
1146 party subcontractors,
1147 (vii) Reasonableness of corporate
1148 allocations,
1149 (viii) Value-added benefits and the extent to
1150 which they are used,
1151 (ix) The effectiveness of subcontractor
1152 oversight, including subcontractor review,
1153 (x) Whether health care outcomes have been
1154 improved, and
1155 (xi) The most common claim denial codes to
1156 determine the reasons for the denials.

1157 The audit reports shall be considered public documents and
1158 shall be posted in their entirety on the division's website.

1159 (4) All health maintenance organizations, coordinated
1160 care organizations, provider-sponsored health plans, or other

1161 organizations paid for services on a capitated basis by the
1162 division under any managed care program or coordinated care
1163 program implemented by the division under this section shall
1164 reimburse all providers in those organizations at rates no lower
1165 than those provided under this section for beneficiaries who are
1166 not participating in those programs.

1167 (5) No health maintenance organization, coordinated
1168 care organization, provider-sponsored health plan, or other
1169 organization paid for services on a capitated basis by the
1170 division under any managed care program or coordinated care
1171 program implemented by the division under this section shall
1172 require its providers or beneficiaries to use any pharmacy that
1173 ships, mails or delivers prescription drugs or legend drugs or
1174 devices.

1175 (6) (a) Not later than December 1, 2021, the
1176 contractors who are receiving capitated payments under a managed
1177 care delivery system established under this subsection (H) shall
1178 develop and implement a uniform credentialing process for
1179 providers. Under that uniform credentialing process, a provider
1180 who meets the criteria for credentialing will be credentialed with
1181 all of those contractors and no such provider will have to be
1182 separately credentialed by any individual contractor in order to
1183 receive reimbursement from the contractor. Not later than
1184 December 2, 2021, those contractors shall submit a report to the
1185 Chairmen of the House and Senate Medicaid Committees on the status

1186 of the uniform credentialing process for providers that is
1187 required under this subparagraph (a).

1188 (b) If those contractors have not implemented a
1189 uniform credentialing process as described in subparagraph (a) by
1190 December 1, 2021, the division shall develop and implement, not
1191 later than July 1, 2022, a single, consolidated credentialing
1192 process by which all providers will be credentialed. Under the
1193 division's single, consolidated credentialing process, no such
1194 contractor shall require its providers to be separately
1195 credentialed by the contractor in order to receive reimbursement
1196 from the contractor, but those contractors shall recognize the
1197 credentialing of the providers by the division's credentialing
1198 process.

1199 (c) The division shall require a uniform provider
1200 credentialing application that shall be used in the credentialing
1201 process that is established under subparagraph (a) or (b). If the
1202 contractor or division, as applicable, has not approved or denied
1203 the provider credentialing application within sixty (60) days of
1204 receipt of the completed application that includes all required
1205 information necessary for credentialing, then the contractor or
1206 division, upon receipt of a written request from the applicant and
1207 within five (5) business days of its receipt, shall issue a
1208 temporary provider credential/enrollment to the applicant if the
1209 applicant has a valid Mississippi professional or occupational
1210 license to provide the health care services to which the

1211 credential/enrollment would apply. The contractor or the division
1212 shall not issue a temporary credential/enrollment if the applicant
1213 has reported on the application a history of medical or other
1214 professional or occupational malpractice claims, a history of
1215 substance abuse or mental health issues, a criminal record, or a
1216 history of medical or other licensing board, state or federal
1217 disciplinary action, including any suspension from participation
1218 in a federal or state program. The temporary
1219 credential/enrollment shall be effective upon issuance and shall
1220 remain in effect until the provider's credentialing/enrollment
1221 application is approved or denied by the contractor or division.
1222 The contractor or division shall render a final decision regarding
1223 credentialing/enrollment of the provider within sixty (60) days
1224 from the date that the temporary provider credential/enrollment is
1225 issued to the applicant.

1226 (d) If the contractor or division does not render
1227 a final decision regarding credentialing/enrollment of the
1228 provider within the time required in subparagraph (c), the
1229 provider shall be deemed to be credentialed by and enrolled with
1230 all of the contractors and eligible to receive reimbursement from
1231 the contractors.

1232 (7) (a) Each contractor that is receiving capitated
1233 payments under a managed care delivery system established under
1234 this subsection (H) shall provide to each provider for whom the
1235 contractor has denied the coverage of a procedure that was ordered

1236 or requested by the provider for or on behalf of a patient, a
1237 letter that provides a detailed explanation of the reasons for the
1238 denial of coverage of the procedure and the name and the
1239 credentials of the person who denied the coverage. The letter
1240 shall be sent to the provider in electronic format.

1241 (b) After a contractor that is receiving capitated
1242 payments under a managed care delivery system established under
1243 this subsection (H) has denied coverage for a claim submitted by a
1244 provider, the contractor shall issue to the provider within sixty
1245 (60) days a final ruling of denial of the claim that allows the
1246 provider to have a state fair hearing and/or agency appeal with
1247 the division. If a contractor does not issue a final ruling of
1248 denial within sixty (60) days as required by this subparagraph
1249 (b), the provider's claim shall be deemed to be automatically
1250 approved and the contractor shall pay the amount of the claim to
1251 the provider.

1252 (c) After a contractor has issued a final ruling
1253 of denial of a claim submitted by a provider, the division shall
1254 conduct a state fair hearing and/or agency appeal on the matter of
1255 the disputed claim between the contractor and the provider within
1256 sixty (60) days, and shall render a decision on the matter within
1257 thirty (30) days after the date of the hearing and/or appeal.

1258 (8) It is the intention of the Legislature that the
1259 division evaluate the feasibility of using a single vendor to
1260 administer pharmacy benefits provided under a managed care

1261 delivery system established under this subsection (H). Providers
1262 of pharmacy benefits shall cooperate with the division in any
1263 transition to a carve-out of pharmacy benefits under managed care.

1264 (9) The division shall evaluate the feasibility of
1265 using a single vendor to administer dental benefits provided under
1266 a managed care delivery system established in this subsection (H).
1267 Providers of dental benefits shall cooperate with the division in
1268 any transition to a carve-out of dental benefits under managed
1269 care.

1270 (10) It is the intent of the Legislature that any
1271 contractor receiving capitated payments under a managed care
1272 delivery system established in this section shall implement
1273 innovative programs to improve the health and well-being of
1274 members diagnosed with prediabetes and diabetes.

1275 (11) It is the intent of the Legislature that any
1276 contractors receiving capitated payments under a managed care
1277 delivery system established under this subsection (H) shall work
1278 with providers of Medicaid services to improve the utilization of
1279 long-acting reversible contraceptives (LARCs). Not later than
1280 December 1, 2021, any contractors receiving capitated payments
1281 under a managed care delivery system established under this
1282 subsection (H) shall provide to the Chairmen of the House and
1283 Senate Medicaid Committees and House and Senate Public Health
1284 Committees a report of LARC utilization for State Fiscal Years
1285 2018 through 2020 as well as any programs, initiatives, or efforts

1286 made by the contractors and providers to increase LARC
1287 utilization. This report shall be updated annually to include
1288 information for subsequent state fiscal years.

1289 (12) The division is authorized to make not more than
1290 one (1) emergency extension of the contracts that are in effect on
1291 July 1, 2021, with contractors who are receiving capitated
1292 payments under a managed care delivery system established under
1293 this subsection (H), as provided in this paragraph (12). The
1294 maximum period of any such extension shall be one (1) year, and
1295 under any such extensions, the contractors shall be subject to all
1296 of the provisions of this subsection (H). The extended contracts
1297 shall be revised to incorporate any provisions of this subsection
1298 (H).

1299 (I) [Deleted]

1300 (J) There shall be no cuts in inpatient and outpatient
1301 hospital payments, or allowable days or volumes, as long as the
1302 hospital assessment provided in Section 43-13-145 is in effect.
1303 This subsection (J) shall not apply to decreases in payments that
1304 are a result of: reduced hospital admissions, audits or payments
1305 under the APR-DRG or APC models, or a managed care program or
1306 similar model described in subsection (H) of this section.

1307 (K) In the negotiation and execution of such contracts
1308 involving services performed by actuarial firms, the Executive
1309 Director of the Division of Medicaid may negotiate a limitation on
1310 liability to the state of prospective contractors.

1311 (L) The Division of Medicaid shall reimburse for services
1312 provided to eligible Medicaid beneficiaries by a licensed birthing
1313 center in a method and manner to be determined by the division in
1314 accordance with federal laws and federal regulations. The
1315 division shall seek any necessary waivers, make any required
1316 amendments to its State Plan or revise any contracts authorized
1317 under subsection (H) of this section as necessary to provide the
1318 services authorized under this subsection. As used in this
1319 subsection, the term "birthing centers" shall have the meaning as
1320 defined in Section 41-77-1(a), which is a publicly or privately
1321 owned facility, place or institution constructed, renovated,
1322 leased or otherwise established where nonemergency births are
1323 planned to occur away from the mother's usual residence following
1324 a documented period of prenatal care for a normal uncomplicated
1325 pregnancy which has been determined to be low risk through a
1326 formal risk-scoring examination.

1327 (M) This section shall stand repealed on July 1, * * * 2028.

1328 **SECTION 2.** This act shall take effect and be in force from
1329 and after July 1, 2024.
