

By: Representative Cockerham

To: Insurance; Public Health
and Human Services

HOUSE BILL NO. 1389

1 AN ACT TO REQUIRE ALL HEALTH BENEFIT PLANS TO DEVELOP A PLAN
2 TO PROVIDE ADEQUATE COVERAGE AND ACCESS TO A BROAD SPECTRUM OF
3 PAIN MANAGEMENT SERVICES, INCLUDING NONOPIOID MEDICINAL DRUGS OR
4 DRUG PRODUCTS FOR THE TREATMENT OR MANAGEMENT OF PAIN, AND
5 NONPHARMACOLOGIC, NONOPERATIVE PAIN MANAGEMENT MODALITIES, THAT
6 SERVE AS ALTERNATIVES TO THE PRESCRIBING OF OPIOID DRUGS; TO
7 REQUIRE HEALTH BENEFITS PLANS TO PROVIDE COVERAGE OF AT LEAST TWO
8 ALTERNATIVE PRESCRIPTION MEDICATION TREATMENT OPTIONS APPROVED BY
9 THE UNITED STATES FOOD AND DRUG ADMINISTRATION (FDA) FOR THE
10 TREATMENT OF PAIN AND AT LEAST THREE ALTERNATIVE NONPHARMACOLOGIC
11 TREATMENT MODALITIES; TO PROHIBIT HEALTH BENEFITS PLANS FROM
12 ESTABLISHING UTILIZATION CONTROLS, INCLUDING PRIOR AUTHORIZATION
13 OR STEP THERAPY REQUIREMENTS, FOR CLINICALLY APPROPRIATE NONOPIOID
14 MEDICINAL DRUGS OR DRUG PRODUCTS APPROVED BY THE FDA FOR THE
15 TREATMENT OR MANAGEMENT OF PAIN, THAT ARE MORE RESTRICTIVE OR
16 EXTENSIVE THAN THE LEAST RESTRICTIVE OR EXTENSIVE UTILIZATION
17 CONTROLS APPLICABLE TO ANY CLINICALLY APPROPRIATE OPIOID DRUG; TO
18 AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972, TO REQUIRE THE
19 DIVISION OF MEDICAID, IN ESTABLISHING AND MAINTAINING A MANDATORY
20 PREFERRED DRUG LIST, TO ENSURE THAT NO NONOPIOID DRUG APPROVED BY
21 THE FDA FOR THE TREATMENT OR MANAGEMENT OF PAIN WILL BE
22 DISADVANTAGED OR DISCOURAGED WITH RESPECT TO COVERAGE RELATIVE TO
23 ANY OPIOID OR NARCOTIC DRUG FOR THE TREATMENT OR MANAGEMENT OF
24 PAIN ON SUCH PREFERRED DRUG LIST; AND FOR RELATED PURPOSES.

25 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

26 **SECTION 1.** (1) As used in this section, the term "health
27 benefit plan" means an individual or group health insurance policy
28 providing coverage on an expense-incurred basis, an individual or
29 group service or indemnity type contract issued by a nonprofit

30 corporation, an individual or group service contract issued by a
31 health maintenance organization, a self-insured group arrangement
32 to the extent not preempted by federal law and a managed health
33 care delivery entity of any type or description that is delivered,
34 issued for delivery, continued or renewed on or after July 1,
35 2025, and providing coverage to any resident of this state.

36 (2) Each health benefit plan shall develop a plan to provide
37 adequate coverage and access to a broad spectrum of pain
38 management services, including, but not limited to, nonopioid
39 medicinal drugs or drug products for the treatment or management
40 of pain, and nonpharmacologic, nonoperative pain management
41 modalities, that serve as alternatives to the prescribing of
42 opioid drugs, in accordance with the requirements in subsection
43 (4) of this section and additional guidelines developed by the
44 Department of Insurance.

45 (3) The health benefits plan shall file the plan required
46 under subsection (2) of this section with the Department of
47 Insurance for approval. In its review, the department shall
48 determine whether the health benefits plan is in compliance with
49 the requirements in subsection (4) of this section, and whether
50 any policies adopted by the health benefits plan may create unduly
51 preferential coverage of and access to opioid drugs.

52 (4) (a) The health benefits plan shall provide coverage of
53 at least two (2) alternative prescription medication treatment
54 options approved by the United States Food and Drug Administration

55 (FDA) for the treatment of pain that are not schedule I, II or III
56 controlled substances, and at least three (3) alternative
57 nonpharmacologic treatment modalities.

58 (b) No health benefits plan shall establish utilization
59 controls, including prior authorization or step therapy
60 requirements, for clinically appropriate nonopioid medicinal drugs
61 or drug products approved by the FDA for the treatment or
62 management of pain, that are more restrictive or extensive than
63 the least restrictive or extensive utilization controls applicable
64 to any clinically appropriate opioid drug.

65 (5) Health benefits plans shall annually distribute
66 educational materials to providers within their networks and to
67 members about the pain management access plan and shall make
68 information about their plans publicly available on their
69 websites.

70 **SECTION 2.** Section 43-13-117, Mississippi Code of 1972, is
71 amended as follows:

72 43-13-117. (A) Medicaid as authorized by this article shall
73 include payment of part or all of the costs, at the discretion of
74 the division, with approval of the Governor and the Centers for
75 Medicare and Medicaid Services, of the following types of care and
76 services rendered to eligible applicants who have been determined
77 to be eligible for that care and services, within the limits of
78 state appropriations and federal matching funds:

79 (1) Inpatient hospital services.

80 (a) The division is authorized to implement an All
81 Patient Refined Diagnosis Related Groups (APR-DRG) reimbursement
82 methodology for inpatient hospital services.

83 (b) No service benefits or reimbursement
84 limitations in this subsection (A)(1) shall apply to payments
85 under an APR-DRG or Ambulatory Payment Classification (APC) model
86 or a managed care program or similar model described in subsection
87 (H) of this section unless specifically authorized by the
88 division.

89 (2) Outpatient hospital services.

90 (a) Emergency services.

91 (b) Other outpatient hospital services. The
92 division shall allow benefits for other medically necessary
93 outpatient hospital services (such as chemotherapy, radiation,
94 surgery and therapy), including outpatient services in a clinic or
95 other facility that is not located inside the hospital, but that
96 has been designated as an outpatient facility by the hospital, and
97 that was in operation or under construction on July 1, 2009,
98 provided that the costs and charges associated with the operation
99 of the hospital clinic are included in the hospital's cost report.
100 In addition, the Medicare thirty-five-mile rule will apply to
101 those hospital clinics not located inside the hospital that are
102 constructed after July 1, 2009. Where the same services are
103 reimbursed as clinic services, the division may revise the rate or

104 methodology of outpatient reimbursement to maintain consistency,
105 efficiency, economy and quality of care.

106 (c) The division is authorized to implement an
107 Ambulatory Payment Classification (APC) methodology for outpatient
108 hospital services. The division shall give rural hospitals that
109 have fifty (50) or fewer licensed beds the option to not be
110 reimbursed for outpatient hospital services using the APC
111 methodology, but reimbursement for outpatient hospital services
112 provided by those hospitals shall be based on one hundred one
113 percent (101%) of the rate established under Medicare for
114 outpatient hospital services. Those hospitals choosing to not be
115 reimbursed under the APC methodology shall remain under cost-based
116 reimbursement for a two-year period.

117 (d) No service benefits or reimbursement
118 limitations in this subsection (A) (2) shall apply to payments
119 under an APR-DRG or APC model or a managed care program or similar
120 model described in subsection (H) of this section unless
121 specifically authorized by the division.

122 (3) Laboratory and x-ray services.

123 (4) Nursing facility services.

124 (a) The division shall make full payment to
125 nursing facilities for each day, not exceeding forty-two (42) days
126 per year, that a patient is absent from the facility on home
127 leave. Payment may be made for the following home leave days in
128 addition to the forty-two-day limitation: Christmas, the day

129 before Christmas, the day after Christmas, Thanksgiving, the day
130 before Thanksgiving and the day after Thanksgiving.

131 (b) From and after July 1, 1997, the division
132 shall implement the integrated case-mix payment and quality
133 monitoring system, which includes the fair rental system for
134 property costs and in which recapture of depreciation is
135 eliminated. The division may reduce the payment for hospital
136 leave and therapeutic home leave days to the lower of the case-mix
137 category as computed for the resident on leave using the
138 assessment being utilized for payment at that point in time, or a
139 case-mix score of 1.000 for nursing facilities, and shall compute
140 case-mix scores of residents so that only services provided at the
141 nursing facility are considered in calculating a facility's per
142 diem.

143 (c) From and after July 1, 1997, all state-owned
144 nursing facilities shall be reimbursed on a full reasonable cost
145 basis.

146 (d) On or after January 1, 2015, the division
147 shall update the case-mix payment system resource utilization
148 grouper and classifications and fair rental reimbursement system.
149 The division shall develop and implement a payment add-on to
150 reimburse nursing facilities for ventilator-dependent resident
151 services.

152 (e) The division shall develop and implement, not
153 later than January 1, 2001, a case-mix payment add-on determined

154 by time studies and other valid statistical data that will
155 reimburse a nursing facility for the additional cost of caring for
156 a resident who has a diagnosis of Alzheimer's or other related
157 dementia and exhibits symptoms that require special care. Any
158 such case-mix add-on payment shall be supported by a determination
159 of additional cost. The division shall also develop and implement
160 as part of the fair rental reimbursement system for nursing
161 facility beds, an Alzheimer's resident bed depreciation enhanced
162 reimbursement system that will provide an incentive to encourage
163 nursing facilities to convert or construct beds for residents with
164 Alzheimer's or other related dementia.

165 (f) The division shall develop and implement an
166 assessment process for long-term care services. The division may
167 provide the assessment and related functions directly or through
168 contract with the area agencies on aging.

169 The division shall apply for necessary federal waivers to
170 assure that additional services providing alternatives to nursing
171 facility care are made available to applicants for nursing
172 facility care.

173 (5) Periodic screening and diagnostic services for
174 individuals under age twenty-one (21) years as are needed to
175 identify physical and mental defects and to provide health care
176 treatment and other measures designed to correct or ameliorate
177 defects and physical and mental illness and conditions discovered
178 by the screening services, regardless of whether these services

179 are included in the state plan. The division may include in its
180 periodic screening and diagnostic program those discretionary
181 services authorized under the federal regulations adopted to
182 implement Title XIX of the federal Social Security Act, as
183 amended. The division, in obtaining physical therapy services,
184 occupational therapy services, and services for individuals with
185 speech, hearing and language disorders, may enter into a
186 cooperative agreement with the State Department of Education for
187 the provision of those services to handicapped students by public
188 school districts using state funds that are provided from the
189 appropriation to the Department of Education to obtain federal
190 matching funds through the division. The division, in obtaining
191 medical and mental health assessments, treatment, care and
192 services for children who are in, or at risk of being put in, the
193 custody of the Mississippi Department of Human Services may enter
194 into a cooperative agreement with the Mississippi Department of
195 Human Services for the provision of those services using state
196 funds that are provided from the appropriation to the Department
197 of Human Services to obtain federal matching funds through the
198 division.

199 (6) Physician services. Fees for physician's services
200 that are covered only by Medicaid shall be reimbursed at ninety
201 percent (90%) of the rate established on January 1, 2018, and as
202 may be adjusted each July thereafter, under Medicare. The
203 division may provide for a reimbursement rate for physician's

204 services of up to one hundred percent (100%) of the rate
205 established under Medicare for physician's services that are
206 provided after the normal working hours of the physician, as
207 determined in accordance with regulations of the division. The
208 division may reimburse eligible providers, as determined by the
209 division, for certain primary care services at one hundred percent
210 (100%) of the rate established under Medicare. The division shall
211 reimburse obstetricians and gynecologists for certain primary care
212 services as defined by the division at one hundred percent (100%)
213 of the rate established under Medicare.

214 (7) (a) Home health services for eligible persons, not
215 to exceed in cost the prevailing cost of nursing facility
216 services. All home health visits must be precertified as required
217 by the division. In addition to physicians, certified registered
218 nurse practitioners, physician assistants and clinical nurse
219 specialists are authorized to prescribe or order home health
220 services and plans of care, sign home health plans of care,
221 certify and recertify eligibility for home health services and
222 conduct the required initial face-to-face visit with the recipient
223 of the services.

224 (b) [Repealed]

225 (8) Emergency medical transportation services as
226 determined by the division.

227 (9) Prescription drugs and other covered drugs and
228 services as determined by the division.

229 The division shall establish a mandatory preferred drug list.
230 Drugs not on the mandatory preferred drug list shall be made
231 available by utilizing prior authorization procedures established
232 by the division.

233 In establishing and maintaining the mandatory preferred drug
234 list, the division shall ensure that no nonopioid drug approved by
235 the United States Food and Drug Administration (FDA) for the
236 treatment or management of pain will be disadvantaged or
237 discouraged with respect to coverage relative to any opioid or
238 narcotic drug for the treatment or management of pain on such
239 preferred drug list. Impermissible disadvantaging or
240 discouragement includes, without limitation, designating any such
241 nonopioid drug as a nonpreferred drug if any opioid or narcotic
242 drug is designated as a preferred drug; or establishing more
243 restrictive or more extensive utilization controls, including, but
244 not limited to, more restrictive or more extensive prior
245 authorization or step therapy requirements, for such nonopioid
246 drug than the least restrictive or extensive utilization controls
247 applicable to any such opioid or narcotic drug. This paragraph
248 shall apply to a nonopioid drug immediately upon its approval by
249 the FDA for the treatment or management of pain, regardless of
250 whether such drug has been reviewed by the division for inclusion
251 on the preferred drug list. This paragraph also applies to drugs
252 being provided under a contract between the division and any
253 managed care organization or other organization or entity

254 administering a program or plan described in subsection (H) (1) of
255 this section.

256 The division may seek to establish relationships with other
257 states in order to lower acquisition costs of prescription drugs
258 to include single-source and innovator multiple-source drugs or
259 generic drugs. In addition, if allowed by federal law or
260 regulation, the division may seek to establish relationships with
261 and negotiate with other countries to facilitate the acquisition
262 of prescription drugs to include single-source and innovator
263 multiple-source drugs or generic drugs, if that will lower the
264 acquisition costs of those prescription drugs.

265 The division may allow for a combination of prescriptions for
266 single-source and innovator multiple-source drugs and generic
267 drugs to meet the needs of the beneficiaries.

268 The executive director may approve specific maintenance drugs
269 for beneficiaries with certain medical conditions, which may be
270 prescribed and dispensed in three-month supply increments.

271 Drugs prescribed for a resident of a psychiatric residential
272 treatment facility must be provided in true unit doses when
273 available. The division may require that drugs not covered by
274 Medicare Part D for a resident of a long-term care facility be
275 provided in true unit doses when available. Those drugs that were
276 originally billed to the division but are not used by a resident
277 in any of those facilities shall be returned to the billing
278 pharmacy for credit to the division, in accordance with the

279 guidelines of the State Board of Pharmacy and any requirements of
280 federal law and regulation. Drugs shall be dispensed to a
281 recipient and only one (1) dispensing fee per month may be
282 charged. The division shall develop a methodology for reimbursing
283 for restocked drugs, which shall include a restock fee as
284 determined by the division not exceeding Seven Dollars and
285 Eighty-two Cents (\$7.82).

286 Except for those specific maintenance drugs approved by the
287 executive director, the division shall not reimburse for any
288 portion of a prescription that exceeds a thirty-one-day supply of
289 the drug based on the daily dosage.

290 The division is authorized to develop and implement a program
291 of payment for additional pharmacist services as determined by the
292 division.

293 All claims for drugs for dually eligible Medicare/Medicaid
294 beneficiaries that are paid for by Medicare must be submitted to
295 Medicare for payment before they may be processed by the
296 division's online payment system.

297 The division shall develop a pharmacy policy in which drugs
298 in tamper-resistant packaging that are prescribed for a resident
299 of a nursing facility but are not dispensed to the resident shall
300 be returned to the pharmacy and not billed to Medicaid, in
301 accordance with guidelines of the State Board of Pharmacy.

302 The division shall develop and implement a method or methods
303 by which the division will provide on a regular basis to Medicaid

304 providers who are authorized to prescribe drugs, information about
305 the costs to the Medicaid program of single-source drugs and
306 innovator multiple-source drugs, and information about other drugs
307 that may be prescribed as alternatives to those single-source
308 drugs and innovator multiple-source drugs and the costs to the
309 Medicaid program of those alternative drugs.

310 Notwithstanding any law or regulation, information obtained
311 or maintained by the division regarding the prescription drug
312 program, including trade secrets and manufacturer or labeler
313 pricing, is confidential and not subject to disclosure except to
314 other state agencies.

315 The dispensing fee for each new or refill prescription,
316 including nonlegend or over-the-counter drugs covered by the
317 division, shall be not less than Three Dollars and Ninety-one
318 Cents (\$3.91), as determined by the division.

319 The division shall not reimburse for single-source or
320 innovator multiple-source drugs if there are equally effective
321 generic equivalents available and if the generic equivalents are
322 the least expensive.

323 It is the intent of the Legislature that the pharmacists
324 providers be reimbursed for the reasonable costs of filling and
325 dispensing prescriptions for Medicaid beneficiaries.

326 The division shall allow certain drugs, including
327 physician-administered drugs, and implantable drug system devices,
328 and medical supplies, with limited distribution or limited access

329 for beneficiaries and administered in an appropriate clinical
330 setting, to be reimbursed as either a medical claim or pharmacy
331 claim, as determined by the division.

332 It is the intent of the Legislature that the division and any
333 managed care entity described in subsection (H) of this section
334 encourage the use of Alpha-Hydroxyprogesterone Caproate (17P) to
335 prevent recurrent preterm birth.

336 (10) Dental and orthodontic services to be determined
337 by the division.

338 The division shall increase the amount of the reimbursement
339 rate for diagnostic and preventative dental services for each of
340 the fiscal years 2022, 2023 and 2024 by five percent (5%) above
341 the amount of the reimbursement rate for the previous fiscal year.
342 The division shall increase the amount of the reimbursement rate
343 for restorative dental services for each of the fiscal years 2023,
344 2024 and 2025 by five percent (5%) above the amount of the
345 reimbursement rate for the previous fiscal year. It is the intent
346 of the Legislature that the reimbursement rate revision for
347 preventative dental services will be an incentive to increase the
348 number of dentists who actively provide Medicaid services. This
349 dental services reimbursement rate revision shall be known as the
350 "James Russell Dumas Medicaid Dental Services Incentive Program."

351 The Medical Care Advisory Committee, assisted by the Division
352 of Medicaid, shall annually determine the effect of this incentive
353 by evaluating the number of dentists who are Medicaid providers,

354 the number who and the degree to which they are actively billing
355 Medicaid, the geographic trends of where dentists are offering
356 what types of Medicaid services and other statistics pertinent to
357 the goals of this legislative intent. This data shall annually be
358 presented to the Chair of the Senate Medicaid Committee and the
359 Chair of the House Medicaid Committee.

360 The division shall include dental services as a necessary
361 component of overall health services provided to children who are
362 eligible for services.

363 (11) Eyeglasses for all Medicaid beneficiaries who have
364 (a) had surgery on the eyeball or ocular muscle that results in a
365 vision change for which eyeglasses or a change in eyeglasses is
366 medically indicated within six (6) months of the surgery and is in
367 accordance with policies established by the division, or (b) one
368 (1) pair every five (5) years and in accordance with policies
369 established by the division. In either instance, the eyeglasses
370 must be prescribed by a physician skilled in diseases of the eye
371 or an optometrist, whichever the beneficiary may select.

372 (12) Intermediate care facility services.

373 (a) The division shall make full payment to all
374 intermediate care facilities for individuals with intellectual
375 disabilities for each day, not exceeding sixty-three (63) days per
376 year, that a patient is absent from the facility on home leave.
377 Payment may be made for the following home leave days in addition
378 to the sixty-three-day limitation: Christmas, the day before

379 Christmas, the day after Christmas, Thanksgiving, the day before
380 Thanksgiving and the day after Thanksgiving.

381 (b) All state-owned intermediate care facilities
382 for individuals with intellectual disabilities shall be reimbursed
383 on a full reasonable cost basis.

384 (c) Effective January 1, 2015, the division shall
385 update the fair rental reimbursement system for intermediate care
386 facilities for individuals with intellectual disabilities.

387 (13) Family planning services, including drugs,
388 supplies and devices, when those services are under the
389 supervision of a physician or nurse practitioner.

390 (14) Clinic services. Preventive, diagnostic,
391 therapeutic, rehabilitative or palliative services that are
392 furnished by a facility that is not part of a hospital but is
393 organized and operated to provide medical care to outpatients.
394 Clinic services include, but are not limited to:

395 (a) Services provided by ambulatory surgical
396 centers (ACSS) as defined in Section 41-75-1(a); and

397 (b) Dialysis center services.

398 (15) Home- and community-based services for the elderly
399 and disabled, as provided under Title XIX of the federal Social
400 Security Act, as amended, under waivers, subject to the
401 availability of funds specifically appropriated for that purpose
402 by the Legislature.

403 (16) Mental health services. Certain services provided
404 by a psychiatrist shall be reimbursed at up to one hundred percent
405 (100%) of the Medicare rate. Approved therapeutic and case
406 management services (a) provided by an approved regional mental
407 health/intellectual disability center established under Sections
408 41-19-31 through 41-19-39, or by another community mental health
409 service provider meeting the requirements of the Department of
410 Mental Health to be an approved mental health/intellectual
411 disability center if determined necessary by the Department of
412 Mental Health, using state funds that are provided in the
413 appropriation to the division to match federal funds, or (b)
414 provided by a facility that is certified by the State Department
415 of Mental Health to provide therapeutic and case management
416 services, to be reimbursed on a fee for service basis, or (c)
417 provided in the community by a facility or program operated by the
418 Department of Mental Health. Any such services provided by a
419 facility described in subparagraph (b) must have the prior
420 approval of the division to be reimbursable under this section.

421 (17) Durable medical equipment services and medical
422 supplies. Precertification of durable medical equipment and
423 medical supplies must be obtained as required by the division.
424 The Division of Medicaid may require durable medical equipment
425 providers to obtain a surety bond in the amount and to the
426 specifications as established by the Balanced Budget Act of 1997.
427 A maximum dollar amount of reimbursement for noninvasive

428 ventilators or ventilation treatments properly ordered and being
429 used in an appropriate care setting shall not be set by any health
430 maintenance organization, coordinated care organization,
431 provider-sponsored health plan, or other organization paid for
432 services on a capitated basis by the division under any managed
433 care program or coordinated care program implemented by the
434 division under this section. Reimbursement by these organizations
435 to durable medical equipment suppliers for home use of noninvasive
436 and invasive ventilators shall be on a continuous monthly payment
437 basis for the duration of medical need throughout a patient's
438 valid prescription period.

439 (18) (a) Notwithstanding any other provision of this
440 section to the contrary, as provided in the Medicaid state plan
441 amendment or amendments as defined in Section 43-13-145(10), the
442 division shall make additional reimbursement to hospitals that
443 serve a disproportionate share of low-income patients and that
444 meet the federal requirements for those payments as provided in
445 Section 1923 of the federal Social Security Act and any applicable
446 regulations. It is the intent of the Legislature that the
447 division shall draw down all available federal funds allotted to
448 the state for disproportionate share hospitals. However, from and
449 after January 1, 1999, public hospitals participating in the
450 Medicaid disproportionate share program may be required to
451 participate in an intergovernmental transfer program as provided

452 in Section 1903 of the federal Social Security Act and any
453 applicable regulations.

454 (b) (i) 1. The division may establish a Medicare
455 Upper Payment Limits Program, as defined in Section 1902(a)(30) of
456 the federal Social Security Act and any applicable federal
457 regulations, or an allowable delivery system or provider payment
458 initiative authorized under 42 CFR 438.6(c), for hospitals,
459 nursing facilities and physicians employed or contracted by
460 hospitals.

461 2. The division shall establish a
462 Medicaid Supplemental Payment Program, as permitted by the federal
463 Social Security Act and a comparable allowable delivery system or
464 provider payment initiative authorized under 42 CFR 438.6(c), for
465 emergency ambulance transportation providers in accordance with
466 this subsection (A)(18)(b).

467 (ii) The division shall assess each hospital,
468 nursing facility, and emergency ambulance transportation provider
469 for the sole purpose of financing the state portion of the
470 Medicare Upper Payment Limits Program or other program(s)
471 authorized under this subsection (A)(18)(b). The hospital
472 assessment shall be as provided in Section 43-13-145(4)(a), and
473 the nursing facility and the emergency ambulance transportation
474 assessments, if established, shall be based on Medicaid
475 utilization or other appropriate method, as determined by the
476 division, consistent with federal regulations. The assessments

477 will remain in effect as long as the state participates in the
478 Medicare Upper Payment Limits Program or other program(s)
479 authorized under this subsection (A) (18) (b). In addition to the
480 hospital assessment provided in Section 43-13-145(4) (a), hospitals
481 with physicians participating in the Medicare Upper Payment Limits
482 Program or other program(s) authorized under this subsection
483 (A) (18) (b) shall be required to participate in an
484 intergovernmental transfer or assessment, as determined by the
485 division, for the purpose of financing the state portion of the
486 physician UPL payments or other payment(s) authorized under this
487 subsection (A) (18) (b).

488 (iii) Subject to approval by the Centers for
489 Medicare and Medicaid Services (CMS) and the provisions of this
490 subsection (A) (18) (b), the division shall make additional
491 reimbursement to hospitals, nursing facilities, and emergency
492 ambulance transportation providers for the Medicare Upper Payment
493 Limits Program or other program(s) authorized under this
494 subsection (A) (18) (b), and, if the program is established for
495 physicians, shall make additional reimbursement for physicians, as
496 defined in Section 1902(a) (30) of the federal Social Security Act
497 and any applicable federal regulations, provided the assessment in
498 this subsection (A) (18) (b) is in effect.

499 (iv) Notwithstanding any other provision of
500 this article to the contrary, effective upon implementation of the
501 Mississippi Hospital Access Program (MHAP) provided in

502 subparagraph (c) (i) below, the hospital portion of the inpatient
503 Upper Payment Limits Program shall transition into and be replaced
504 by the MHAP program. However, the division is authorized to
505 develop and implement an alternative fee-for-service Upper Payment
506 Limits model in accordance with federal laws and regulations if
507 necessary to preserve supplemental funding. Further, the
508 division, in consultation with the hospital industry shall develop
509 alternative models for distribution of medical claims and
510 supplemental payments for inpatient and outpatient hospital
511 services, and such models may include, but shall not be limited to
512 the following: increasing rates for inpatient and outpatient
513 services; creating a low-income utilization pool of funds to
514 reimburse hospitals for the costs of uncompensated care, charity
515 care and bad debts as permitted and approved pursuant to federal
516 regulations and the Centers for Medicare and Medicaid Services;
517 supplemental payments based upon Medicaid utilization, quality,
518 service lines and/or costs of providing such services to Medicaid
519 beneficiaries and to uninsured patients. The goals of such
520 payment models shall be to ensure access to inpatient and
521 outpatient care and to maximize any federal funds that are
522 available to reimburse hospitals for services provided. Any such
523 documents required to achieve the goals described in this
524 paragraph shall be submitted to the Centers for Medicare and
525 Medicaid Services, with a proposed effective date of July 1, 2019,
526 to the extent possible, but in no event shall the effective date

527 of such payment models be later than July 1, 2020. The Chairmen
528 of the Senate and House Medicaid Committees shall be provided a
529 copy of the proposed payment model(s) prior to submission.
530 Effective July 1, 2018, and until such time as any payment
531 model(s) as described above become effective, the division, in
532 consultation with the hospital industry, is authorized to
533 implement a transitional program for inpatient and outpatient
534 payments and/or supplemental payments (including, but not limited
535 to, MHAP and directed payments), to redistribute available
536 supplemental funds among hospital providers, provided that when
537 compared to a hospital's prior year supplemental payments,
538 supplemental payments made pursuant to any such transitional
539 program shall not result in a decrease of more than five percent
540 (5%) and shall not increase by more than the amount needed to
541 maximize the distribution of the available funds.

542 (v) 1. To preserve and improve access to
543 ambulance transportation provider services, the division shall
544 seek CMS approval to make ambulance service access payments as set
545 forth in this subsection (A)(18)(b) for all covered emergency
546 ambulance services rendered on or after July 1, 2022, and shall
547 make such ambulance service access payments for all covered
548 services rendered on or after the effective date of CMS approval.

549 2. The division shall calculate the
550 ambulance service access payment amount as the balance of the
551 portion of the Medical Care Fund related to ambulance

552 transportation service provider assessments plus any federal
553 matching funds earned on the balance, up to, but not to exceed,
554 the upper payment limit gap for all emergency ambulance service
555 providers.

556 3. a. Except for ambulance services
557 exempt from the assessment provided in this paragraph (18)(b), all
558 ambulance transportation service providers shall be eligible for
559 ambulance service access payments each state fiscal year as set
560 forth in this paragraph (18)(b).

561 b. In addition to any other funds
562 paid to ambulance transportation service providers for emergency
563 medical services provided to Medicaid beneficiaries, each eligible
564 ambulance transportation service provider shall receive ambulance
565 service access payments each state fiscal year equal to the
566 ambulance transportation service provider's upper payment limit
567 gap. Subject to approval by the Centers for Medicare and Medicaid
568 Services, ambulance service access payments shall be made no less
569 than on a quarterly basis.

570 c. As used in this paragraph
571 (18)(b)(v), the term "upper payment limit gap" means the
572 difference between the total amount that the ambulance
573 transportation service provider received from Medicaid and the
574 average amount that the ambulance transportation service provider
575 would have received from commercial insurers for those services
576 reimbursed by Medicaid.

577 4. An ambulance service access payment
578 shall not be used to offset any other payment by the division for
579 emergency or nonemergency services to Medicaid beneficiaries.

580 (c) (i) Not later than December 1, 2015, the
581 division shall, subject to approval by the Centers for Medicare
582 and Medicaid Services (CMS), establish, implement and operate a
583 Mississippi Hospital Access Program (MHAP) for the purpose of
584 protecting patient access to hospital care through hospital
585 inpatient reimbursement programs provided in this section designed
586 to maintain total hospital reimbursement for inpatient services
587 rendered by in-state hospitals and the out-of-state hospital that
588 is authorized by federal law to submit intergovernmental transfers
589 (IGTs) to the State of Mississippi and is classified as Level I
590 trauma center located in a county contiguous to the state line at
591 the maximum levels permissible under applicable federal statutes
592 and regulations, at which time the current inpatient Medicare
593 Upper Payment Limits (UPL) Program for hospital inpatient services
594 shall transition to the MHAP.

595 (ii) Subject to approval by the Centers for
596 Medicare and Medicaid Services (CMS), the MHAP shall provide
597 increased inpatient capitation (PMPM) payments to managed care
598 entities contracting with the division pursuant to subsection (H)
599 of this section to support availability of hospital services or
600 such other payments permissible under federal law necessary to
601 accomplish the intent of this subsection.

602 (iii) The intent of this subparagraph (c) is
603 that effective for all inpatient hospital Medicaid services during
604 state fiscal year 2016, and so long as this provision shall remain
605 in effect hereafter, the division shall to the fullest extent
606 feasible replace the additional reimbursement for hospital
607 inpatient services under the inpatient Medicare Upper Payment
608 Limits (UPL) Program with additional reimbursement under the MHAP
609 and other payment programs for inpatient and/or outpatient
610 payments which may be developed under the authority of this
611 paragraph.

612 (iv) The division shall assess each hospital
613 as provided in Section 43-13-145(4) (a) for the purpose of
614 financing the state portion of the MHAP, supplemental payments and
615 such other purposes as specified in Section 43-13-145. The
616 assessment will remain in effect as long as the MHAP and
617 supplemental payments are in effect.

618 (19) (a) Perinatal risk management services. The
619 division shall promulgate regulations to be effective from and
620 after October 1, 1988, to establish a comprehensive perinatal
621 system for risk assessment of all pregnant and infant Medicaid
622 recipients and for management, education and follow-up for those
623 who are determined to be at risk. Services to be performed
624 include case management, nutrition assessment/counseling,
625 psychosocial assessment/counseling and health education. The
626 division shall contract with the State Department of Health to

627 provide services within this paragraph (Perinatal High Risk
628 Management/Infant Services System (PHRM/ISS)). The State
629 Department of Health shall be reimbursed on a full reasonable cost
630 basis for services provided under this subparagraph (a).

631 (b) Early intervention system services. The
632 division shall cooperate with the State Department of Health,
633 acting as lead agency, in the development and implementation of a
634 statewide system of delivery of early intervention services, under
635 Part C of the Individuals with Disabilities Education Act (IDEA).
636 The State Department of Health shall certify annually in writing
637 to the executive director of the division the dollar amount of
638 state early intervention funds available that will be utilized as
639 a certified match for Medicaid matching funds. Those funds then
640 shall be used to provide expanded targeted case management
641 services for Medicaid eligible children with special needs who are
642 eligible for the state's early intervention system.

643 Qualifications for persons providing service coordination shall be
644 determined by the State Department of Health and the Division of
645 Medicaid.

646 (20) Home- and community-based services for physically
647 disabled approved services as allowed by a waiver from the United
648 States Department of Health and Human Services for home- and
649 community-based services for physically disabled people using
650 state funds that are provided from the appropriation to the State
651 Department of Rehabilitation Services and used to match federal

652 funds under a cooperative agreement between the division and the
653 department, provided that funds for these services are
654 specifically appropriated to the Department of Rehabilitation
655 Services.

656 (21) Nurse practitioner services. Services furnished
657 by a registered nurse who is licensed and certified by the
658 Mississippi Board of Nursing as a nurse practitioner, including,
659 but not limited to, nurse anesthetists, nurse midwives, family
660 nurse practitioners, family planning nurse practitioners,
661 pediatric nurse practitioners, obstetrics-gynecology nurse
662 practitioners and neonatal nurse practitioners, under regulations
663 adopted by the division. Reimbursement for those services shall
664 not exceed ninety percent (90%) of the reimbursement rate for
665 comparable services rendered by a physician. The division may
666 provide for a reimbursement rate for nurse practitioner services
667 of up to one hundred percent (100%) of the reimbursement rate for
668 comparable services rendered by a physician for nurse practitioner
669 services that are provided after the normal working hours of the
670 nurse practitioner, as determined in accordance with regulations
671 of the division.

672 (22) Ambulatory services delivered in federally
673 qualified health centers, rural health centers and clinics of the
674 local health departments of the State Department of Health for
675 individuals eligible for Medicaid under this article based on
676 reasonable costs as determined by the division. Federally

677 qualified health centers shall be reimbursed by the Medicaid
678 prospective payment system as approved by the Centers for Medicare
679 and Medicaid Services. The division shall recognize federally
680 qualified health centers (FQHCs), rural health clinics (RHCs) and
681 community mental health centers (CMHCs) as both an originating and
682 distant site provider for the purposes of telehealth
683 reimbursement. The division is further authorized and directed to
684 reimburse FQHCs, RHCs and CMHCs for both distant site and
685 originating site services when such services are appropriately
686 provided by the same organization.

687 (23) Inpatient psychiatric services.

688 (a) Inpatient psychiatric services to be
689 determined by the division for recipients under age twenty-one
690 (21) that are provided under the direction of a physician in an
691 inpatient program in a licensed acute care psychiatric facility or
692 in a licensed psychiatric residential treatment facility, before
693 the recipient reaches age twenty-one (21) or, if the recipient was
694 receiving the services immediately before he or she reached age
695 twenty-one (21), before the earlier of the date he or she no
696 longer requires the services or the date he or she reaches age
697 twenty-two (22), as provided by federal regulations. From and
698 after January 1, 2015, the division shall update the fair rental
699 reimbursement system for psychiatric residential treatment
700 facilities. Precertification of inpatient days and residential
701 treatment days must be obtained as required by the division. From

702 and after July 1, 2009, all state-owned and state-operated
703 facilities that provide inpatient psychiatric services to persons
704 under age twenty-one (21) who are eligible for Medicaid
705 reimbursement shall be reimbursed for those services on a full
706 reasonable cost basis.

707 (b) The division may reimburse for services
708 provided by a licensed freestanding psychiatric hospital to
709 Medicaid recipients over the age of twenty-one (21) in a method
710 and manner consistent with the provisions of Section 43-13-117.5.

711 (24) [Deleted]

712 (25) [Deleted]

713 (26) Hospice care. As used in this paragraph, the term
714 "hospice care" means a coordinated program of active professional
715 medical attention within the home and outpatient and inpatient
716 care that treats the terminally ill patient and family as a unit,
717 employing a medically directed interdisciplinary team. The
718 program provides relief of severe pain or other physical symptoms
719 and supportive care to meet the special needs arising out of
720 physical, psychological, spiritual, social and economic stresses
721 that are experienced during the final stages of illness and during
722 dying and bereavement and meets the Medicare requirements for
723 participation as a hospice as provided in federal regulations.

724 (27) Group health plan premiums and cost-sharing if it
725 is cost-effective as defined by the United States Secretary of
726 Health and Human Services.

727 (28) Other health insurance premiums that are
728 cost-effective as defined by the United States Secretary of Health
729 and Human Services. Medicare eligible must have Medicare Part B
730 before other insurance premiums can be paid.

731 (29) The Division of Medicaid may apply for a waiver
732 from the United States Department of Health and Human Services for
733 home- and community-based services for developmentally disabled
734 people using state funds that are provided from the appropriation
735 to the State Department of Mental Health and/or funds transferred
736 to the department by a political subdivision or instrumentality of
737 the state and used to match federal funds under a cooperative
738 agreement between the division and the department, provided that
739 funds for these services are specifically appropriated to the
740 Department of Mental Health and/or transferred to the department
741 by a political subdivision or instrumentality of the state.

742 (30) Pediatric skilled nursing services as determined
743 by the division and in a manner consistent with regulations
744 promulgated by the Mississippi State Department of Health.

745 (31) Targeted case management services for children
746 with special needs, under waivers from the United States
747 Department of Health and Human Services, using state funds that
748 are provided from the appropriation to the Mississippi Department
749 of Human Services and used to match federal funds under a
750 cooperative agreement between the division and the department.

751 (32) Care and services provided in Christian Science
752 Sanatoria listed and certified by the Commission for Accreditation
753 of Christian Science Nursing Organizations/Facilities, Inc.,
754 rendered in connection with treatment by prayer or spiritual means
755 to the extent that those services are subject to reimbursement
756 under Section 1903 of the federal Social Security Act.

757 (33) Podiatrist services.

758 (34) Assisted living services as provided through
759 home- and community-based services under Title XIX of the federal
760 Social Security Act, as amended, subject to the availability of
761 funds specifically appropriated for that purpose by the
762 Legislature.

763 (35) Services and activities authorized in Sections
764 43-27-101 and 43-27-103, using state funds that are provided from
765 the appropriation to the Mississippi Department of Human Services
766 and used to match federal funds under a cooperative agreement
767 between the division and the department.

768 (36) Nonemergency transportation services for
769 Medicaid-eligible persons as determined by the division. The PEER
770 Committee shall conduct a performance evaluation of the
771 nonemergency transportation program to evaluate the administration
772 of the program and the providers of transportation services to
773 determine the most cost-effective ways of providing nonemergency
774 transportation services to the patients served under the program.
775 The performance evaluation shall be completed and provided to the

776 members of the Senate Medicaid Committee and the House Medicaid
777 Committee not later than January 1, 2019, and every two (2) years
778 thereafter.

779 (37) [Deleted]

780 (38) Chiropractic services. A chiropractor's manual
781 manipulation of the spine to correct a subluxation, if x-ray
782 demonstrates that a subluxation exists and if the subluxation has
783 resulted in a neuromusculoskeletal condition for which
784 manipulation is appropriate treatment, and related spinal x-rays
785 performed to document these conditions. Reimbursement for
786 chiropractic services shall not exceed Seven Hundred Dollars
787 (\$700.00) per year per beneficiary.

788 (39) Dually eligible Medicare/Medicaid beneficiaries.
789 The division shall pay the Medicare deductible and coinsurance
790 amounts for services available under Medicare, as determined by
791 the division. From and after July 1, 2009, the division shall
792 reimburse crossover claims for inpatient hospital services and
793 crossover claims covered under Medicare Part B in the same manner
794 that was in effect on January 1, 2008, unless specifically
795 authorized by the Legislature to change this method.

796 (40) [Deleted]

797 (41) Services provided by the State Department of
798 Rehabilitation Services for the care and rehabilitation of persons
799 with spinal cord injuries or traumatic brain injuries, as allowed
800 under waivers from the United States Department of Health and

801 Human Services, using up to seventy-five percent (75%) of the
802 funds that are appropriated to the Department of Rehabilitation
803 Services from the Spinal Cord and Head Injury Trust Fund
804 established under Section 37-33-261 and used to match federal
805 funds under a cooperative agreement between the division and the
806 department.

807 (42) [Deleted]

808 (43) The division shall provide reimbursement,
809 according to a payment schedule developed by the division, for
810 smoking cessation medications for pregnant women during their
811 pregnancy and other Medicaid-eligible women who are of
812 child-bearing age.

813 (44) Nursing facility services for the severely
814 disabled.

815 (a) Severe disabilities include, but are not
816 limited to, spinal cord injuries, closed-head injuries and
817 ventilator-dependent patients.

818 (b) Those services must be provided in a long-term
819 care nursing facility dedicated to the care and treatment of
820 persons with severe disabilities.

821 (45) Physician assistant services. Services furnished
822 by a physician assistant who is licensed by the State Board of
823 Medical Licensure and is practicing with physician supervision
824 under regulations adopted by the board, under regulations adopted
825 by the division. Reimbursement for those services shall not

826 exceed ninety percent (90%) of the reimbursement rate for
827 comparable services rendered by a physician. The division may
828 provide for a reimbursement rate for physician assistant services
829 of up to one hundred percent (100%) or the reimbursement rate for
830 comparable services rendered by a physician for physician
831 assistant services that are provided after the normal working
832 hours of the physician assistant, as determined in accordance with
833 regulations of the division.

834 (46) The division shall make application to the federal
835 Centers for Medicare and Medicaid Services (CMS) for a waiver to
836 develop and provide services for children with serious emotional
837 disturbances as defined in Section 43-14-1(1), which may include
838 home- and community-based services, case management services or
839 managed care services through mental health providers certified by
840 the Department of Mental Health. The division may implement and
841 provide services under this waived program only if funds for
842 these services are specifically appropriated for this purpose by
843 the Legislature, or if funds are voluntarily provided by affected
844 agencies.

845 (47) (a) The division may develop and implement
846 disease management programs for individuals with high-cost chronic
847 diseases and conditions, including the use of grants, waivers,
848 demonstrations or other projects as necessary.

849 (b) Participation in any disease management
850 program implemented under this paragraph (47) is optional with the

851 individual. An individual must affirmatively elect to participate
852 in the disease management program in order to participate, and may
853 elect to discontinue participation in the program at any time.

854 (48) Pediatric long-term acute care hospital services.

855 (a) Pediatric long-term acute care hospital
856 services means services provided to eligible persons under
857 twenty-one (21) years of age by a freestanding Medicare-certified
858 hospital that has an average length of inpatient stay greater than
859 twenty-five (25) days and that is primarily engaged in providing
860 chronic or long-term medical care to persons under twenty-one (21)
861 years of age.

862 (b) The services under this paragraph (48) shall
863 be reimbursed as a separate category of hospital services.

864 (49) The division may establish copayments and/or
865 coinsurance for any Medicaid services for which copayments and/or
866 coinsurance are allowable under federal law or regulation.

867 (50) Services provided by the State Department of
868 Rehabilitation Services for the care and rehabilitation of persons
869 who are deaf and blind, as allowed under waivers from the United
870 States Department of Health and Human Services to provide home-
871 and community-based services using state funds that are provided
872 from the appropriation to the State Department of Rehabilitation
873 Services or if funds are voluntarily provided by another agency.

874 (51) Upon determination of Medicaid eligibility and in
875 association with annual redetermination of Medicaid eligibility,

876 beneficiaries shall be encouraged to undertake a physical
877 examination that will establish a base-line level of health and
878 identification of a usual and customary source of care (a medical
879 home) to aid utilization of disease management tools. This
880 physical examination and utilization of these disease management
881 tools shall be consistent with current United States Preventive
882 Services Task Force or other recognized authority recommendations.

883 For persons who are determined ineligible for Medicaid, the
884 division will provide information and direction for accessing
885 medical care and services in the area of their residence.

886 (52) Notwithstanding any provisions of this article,
887 the division may pay enhanced reimbursement fees related to trauma
888 care, as determined by the division in conjunction with the State
889 Department of Health, using funds appropriated to the State
890 Department of Health for trauma care and services and used to
891 match federal funds under a cooperative agreement between the
892 division and the State Department of Health. The division, in
893 conjunction with the State Department of Health, may use grants,
894 waivers, demonstrations, enhanced reimbursements, Upper Payment
895 Limits Programs, supplemental payments, or other projects as
896 necessary in the development and implementation of this
897 reimbursement program.

898 (53) Targeted case management services for high-cost
899 beneficiaries may be developed by the division for all services
900 under this section.

901 (54) [Deleted]

902 (55) Therapy services. The plan of care for therapy
903 services may be developed to cover a period of treatment for up to
904 six (6) months, but in no event shall the plan of care exceed a
905 six-month period of treatment. The projected period of treatment
906 must be indicated on the initial plan of care and must be updated
907 with each subsequent revised plan of care. Based on medical
908 necessity, the division shall approve certification periods for
909 less than or up to six (6) months, but in no event shall the
910 certification period exceed the period of treatment indicated on
911 the plan of care. The appeal process for any reduction in therapy
912 services shall be consistent with the appeal process in federal
913 regulations.

914 (56) Prescribed pediatric extended care centers
915 services for medically dependent or technologically dependent
916 children with complex medical conditions that require continual
917 care as prescribed by the child's attending physician, as
918 determined by the division.

919 (57) No Medicaid benefit shall restrict coverage for
920 medically appropriate treatment prescribed by a physician and
921 agreed to by a fully informed individual, or if the individual
922 lacks legal capacity to consent by a person who has legal
923 authority to consent on his or her behalf, based on an
924 individual's diagnosis with a terminal condition. As used in this
925 paragraph (57), "terminal condition" means any aggressive

926 malignancy, chronic end-stage cardiovascular or cerebral vascular
927 disease, or any other disease, illness or condition which a
928 physician diagnoses as terminal.

929 (58) Treatment services for persons with opioid
930 dependency or other highly addictive substance use disorders. The
931 division is authorized to reimburse eligible providers for
932 treatment of opioid dependency and other highly addictive
933 substance use disorders, as determined by the division. Treatment
934 related to these conditions shall not count against any physician
935 visit limit imposed under this section.

936 (59) The division shall allow beneficiaries between the
937 ages of ten (10) and eighteen (18) years to receive vaccines
938 through a pharmacy venue. The division and the State Department
939 of Health shall coordinate and notify OB-GYN providers that the
940 Vaccines for Children program is available to providers free of
941 charge.

942 (60) Border city university-affiliated pediatric
943 teaching hospital.

944 (a) Payments may only be made to a border city
945 university-affiliated pediatric teaching hospital if the Centers
946 for Medicare and Medicaid Services (CMS) approve an increase in
947 the annual request for the provider payment initiative authorized
948 under 42 CFR Section 438.6(c) in an amount equal to or greater
949 than the estimated annual payment to be made to the border city
950 university-affiliated pediatric teaching hospital. The estimate

951 shall be based on the hospital's prior year Mississippi managed
952 care utilization.

953 (b) As used in this paragraph (60), the term
954 "border city university-affiliated pediatric teaching hospital"
955 means an out-of-state hospital located within a city bordering the
956 eastern bank of the Mississippi River and the State of Mississippi
957 that submits to the division a copy of a current and effective
958 affiliation agreement with an accredited university and other
959 documentation establishing that the hospital is
960 university-affiliated, is licensed and designated as a pediatric
961 hospital or pediatric primary hospital within its home state,
962 maintains at least five (5) different pediatric specialty training
963 programs, and maintains at least one hundred (100) operated beds
964 dedicated exclusively for the treatment of patients under the age
965 of twenty-one (21) years.

966 (c) The cost of providing services to Mississippi
967 Medicaid beneficiaries under the age of twenty-one (21) years who
968 are treated by a border city university-affiliated pediatric
969 teaching hospital shall not exceed the cost of providing the same
970 services to individuals in hospitals in the state.

971 (d) It is the intent of the Legislature that
972 payments shall not result in any in-state hospital receiving
973 payments lower than they would otherwise receive if not for the
974 payments made to any border city university-affiliated pediatric
975 teaching hospital.

976 (e) This paragraph (60) shall stand repealed on
977 July 1, 2024.

978 (B) Planning and development districts participating in the
979 home- and community-based services program for the elderly and
980 disabled as case management providers shall be reimbursed for case
981 management services at the maximum rate approved by the Centers
982 for Medicare and Medicaid Services (CMS).

983 (C) The division may pay to those providers who participate
984 in and accept patient referrals from the division's emergency room
985 redirection program a percentage, as determined by the division,
986 of savings achieved according to the performance measures and
987 reduction of costs required of that program. Federally qualified
988 health centers may participate in the emergency room redirection
989 program, and the division may pay those centers a percentage of
990 any savings to the Medicaid program achieved by the centers'
991 accepting patient referrals through the program, as provided in
992 this subsection (C).

993 (D) (1) As used in this subsection (D), the following terms
994 shall be defined as provided in this paragraph, except as
995 otherwise provided in this subsection:

996 (a) "Committees" means the Medicaid Committees of
997 the House of Representatives and the Senate, and "committee" means
998 either one of those committees.

999 (b) "Rate change" means an increase, decrease or
1000 other change in the payments or rates of reimbursement, or a

1001 change in any payment methodology that results in an increase,
1002 decrease or other change in the payments or rates of
1003 reimbursement, to any Medicaid provider that renders any services
1004 authorized to be provided to Medicaid recipients under this
1005 article.

1006 (2) Whenever the Division of Medicaid proposes a rate
1007 change, the division shall give notice to the chairmen of the
1008 committees at least thirty (30) calendar days before the proposed
1009 rate change is scheduled to take effect. The division shall
1010 furnish the chairmen with a concise summary of each proposed rate
1011 change along with the notice, and shall furnish the chairmen with
1012 a copy of any proposed rate change upon request. The division
1013 also shall provide a summary and copy of any proposed rate change
1014 to any other member of the Legislature upon request.

1015 (3) If the chairman of either committee or both
1016 chairmen jointly object to the proposed rate change or any part
1017 thereof, the chairman or chairmen shall notify the division and
1018 provide the reasons for their objection in writing not later than
1019 seven (7) calendar days after receipt of the notice from the
1020 division. The chairman or chairmen may make written
1021 recommendations to the division for changes to be made to a
1022 proposed rate change.

1023 (4) (a) The chairman of either committee or both
1024 chairmen jointly may hold a committee meeting to review a proposed
1025 rate change. If either chairman or both chairmen decide to hold a

1026 meeting, they shall notify the division of their intention in
1027 writing within seven (7) calendar days after receipt of the notice
1028 from the division, and shall set the date and time for the meeting
1029 in their notice to the division, which shall not be later than
1030 fourteen (14) calendar days after receipt of the notice from the
1031 division.

1032 (b) After the committee meeting, the committee or
1033 committees may object to the proposed rate change or any part
1034 thereof. The committee or committees shall notify the division
1035 and the reasons for their objection in writing not later than
1036 seven (7) calendar days after the meeting. The committee or
1037 committees may make written recommendations to the division for
1038 changes to be made to a proposed rate change.

1039 (5) If both chairmen notify the division in writing
1040 within seven (7) calendar days after receipt of the notice from
1041 the division that they do not object to the proposed rate change
1042 and will not be holding a meeting to review the proposed rate
1043 change, the proposed rate change will take effect on the original
1044 date as scheduled by the division or on such other date as
1045 specified by the division.

1046 (6) (a) If there are any objections to a proposed rate
1047 change or any part thereof from either or both of the chairmen or
1048 the committees, the division may withdraw the proposed rate
1049 change, make any of the recommended changes to the proposed rate
1050 change, or not make any changes to the proposed rate change.

1051 (b) If the division does not make any changes to
1052 the proposed rate change, it shall notify the chairmen of that
1053 fact in writing, and the proposed rate change shall take effect on
1054 the original date as scheduled by the division or on such other
1055 date as specified by the division.

1056 (c) If the division makes any changes to the
1057 proposed rate change, the division shall notify the chairmen of
1058 its actions in writing, and the revised proposed rate change shall
1059 take effect on the date as specified by the division.

1060 (7) Nothing in this subsection (D) shall be construed
1061 as giving the chairmen or the committees any authority to veto,
1062 nullify or revise any rate change proposed by the division. The
1063 authority of the chairmen or the committees under this subsection
1064 shall be limited to reviewing, making objections to and making
1065 recommendations for changes to rate changes proposed by the
1066 division.

1067 (E) Notwithstanding any provision of this article, no new
1068 groups or categories of recipients and new types of care and
1069 services may be added without enabling legislation from the
1070 Mississippi Legislature, except that the division may authorize
1071 those changes without enabling legislation when the addition of
1072 recipients or services is ordered by a court of proper authority.

1073 (F) The executive director shall keep the Governor advised
1074 on a timely basis of the funds available for expenditure and the
1075 projected expenditures. Notwithstanding any other provisions of

1076 this article, if current or projected expenditures of the division
1077 are reasonably anticipated to exceed the amount of funds
1078 appropriated to the division for any fiscal year, the Governor,
1079 after consultation with the executive director, shall take all
1080 appropriate measures to reduce costs, which may include, but are
1081 not limited to:

1082 (1) Reducing or discontinuing any or all services that
1083 are deemed to be optional under Title XIX of the Social Security
1084 Act;

1085 (2) Reducing reimbursement rates for any or all service
1086 types;

1087 (3) Imposing additional assessments on health care
1088 providers; or

1089 (4) Any additional cost-containment measures deemed
1090 appropriate by the Governor.

1091 To the extent allowed under federal law, any reduction to
1092 services or reimbursement rates under this subsection (F) shall be
1093 accompanied by a reduction, to the fullest allowable amount, to
1094 the profit margin and administrative fee portions of capitated
1095 payments to organizations described in paragraph (1) of subsection
1096 (H).

1097 Beginning in fiscal year 2010 and in fiscal years thereafter,
1098 when Medicaid expenditures are projected to exceed funds available
1099 for the fiscal year, the division shall submit the expected
1100 shortfall information to the PEER Committee not later than

1101 December 1 of the year in which the shortfall is projected to
1102 occur. PEER shall review the computations of the division and
1103 report its findings to the Legislative Budget Office not later
1104 than January 7 in any year.

1105 (G) Notwithstanding any other provision of this article, it
1106 shall be the duty of each provider participating in the Medicaid
1107 program to keep and maintain books, documents and other records as
1108 prescribed by the Division of Medicaid in accordance with federal
1109 laws and regulations.

1110 (H) (1) Notwithstanding any other provision of this
1111 article, the division is authorized to implement (a) a managed
1112 care program, (b) a coordinated care program, (c) a coordinated
1113 care organization program, (d) a health maintenance organization
1114 program, (e) a patient-centered medical home program, (f) an
1115 accountable care organization program, (g) provider-sponsored
1116 health plan, or (h) any combination of the above programs. As a
1117 condition for the approval of any program under this subsection
1118 (H) (1), the division shall require that no managed care program,
1119 coordinated care program, coordinated care organization program,
1120 health maintenance organization program, or provider-sponsored
1121 health plan may:

1122 (a) Pay providers at a rate that is less than the
1123 Medicaid All Patient Refined Diagnosis Related Groups (APR-DRG)
1124 reimbursement rate;

1125 (b) Override the medical decisions of hospital
1126 physicians or staff regarding patients admitted to a hospital for
1127 an emergency medical condition as defined by 42 US Code Section
1128 1395dd. This restriction (b) does not prohibit the retrospective
1129 review of the appropriateness of the determination that an
1130 emergency medical condition exists by chart review or coding
1131 algorithm, nor does it prohibit prior authorization for
1132 nonemergency hospital admissions;

1133 (c) Pay providers at a rate that is less than the
1134 normal Medicaid reimbursement rate. It is the intent of the
1135 Legislature that all managed care entities described in this
1136 subsection (H), in collaboration with the division, develop and
1137 implement innovative payment models that incentivize improvements
1138 in health care quality, outcomes, or value, as determined by the
1139 division. Participation in the provider network of any managed
1140 care, coordinated care, provider-sponsored health plan, or similar
1141 contractor shall not be conditioned on the provider's agreement to
1142 accept such alternative payment models;

1143 (d) Implement a prior authorization and
1144 utilization review program for medical services, transportation
1145 services and prescription drugs that is more stringent than the
1146 prior authorization processes used by the division in its
1147 administration of the Medicaid program. Not later than December
1148 2, 2021, the contractors that are receiving capitated payments
1149 under a managed care delivery system established under this

1150 subsection (H) shall submit a report to the Chairmen of the House
1151 and Senate Medicaid Committees on the status of the prior
1152 authorization and utilization review program for medical services,
1153 transportation services and prescription drugs that is required to
1154 be implemented under this subparagraph (d);

1155 (e) [Deleted]

1156 (f) Implement a preferred drug list that is more
1157 stringent than the mandatory preferred drug list established by
1158 the division under subsection (A) (9) of this section;

1159 (g) Implement a policy which denies beneficiaries
1160 with hemophilia access to the federally funded hemophilia
1161 treatment centers as part of the Medicaid Managed Care network of
1162 providers.

1163 Each health maintenance organization, coordinated care
1164 organization, provider-sponsored health plan, or other
1165 organization paid for services on a capitated basis by the
1166 division under any managed care program or coordinated care
1167 program implemented by the division under this section shall use a
1168 clear set of level of care guidelines in the determination of
1169 medical necessity and in all utilization management practices,
1170 including the prior authorization process, concurrent reviews,
1171 retrospective reviews and payments, that are consistent with
1172 widely accepted professional standards of care. Organizations
1173 participating in a managed care program or coordinated care
1174 program implemented by the division may not use any additional

1175 criteria that would result in denial of care that would be
1176 determined appropriate and, therefore, medically necessary under
1177 those levels of care guidelines.

1178 (2) Notwithstanding any provision of this section, the
1179 recipients eligible for enrollment into a Medicaid Managed Care
1180 Program authorized under this subsection (H) may include only
1181 those categories of recipients eligible for participation in the
1182 Medicaid Managed Care Program as of January 1, 2021, the
1183 Children's Health Insurance Program (CHIP), and the CMS-approved
1184 Section 1115 demonstration waivers in operation as of January 1,
1185 2021. No expansion of Medicaid Managed Care Program contracts may
1186 be implemented by the division without enabling legislation from
1187 the Mississippi Legislature.

1188 (3) (a) Any contractors receiving capitated payments
1189 under a managed care delivery system established in this section
1190 shall provide to the Legislature and the division statistical data
1191 to be shared with provider groups in order to improve patient
1192 access, appropriate utilization, cost savings and health outcomes
1193 not later than October 1 of each year. Additionally, each
1194 contractor shall disclose to the Chairmen of the Senate and House
1195 Medicaid Committees the administrative expenses costs for the
1196 prior calendar year, and the number of full-equivalent employees
1197 located in the State of Mississippi dedicated to the Medicaid and
1198 CHIP lines of business as of June 30 of the current year.

1199 (b) The division and the contractors participating
1200 in the managed care program, a coordinated care program or a
1201 provider-sponsored health plan shall be subject to annual program
1202 reviews or audits performed by the Office of the State Auditor,
1203 the PEER Committee, the Department of Insurance and/or independent
1204 third parties.

1205 (c) Those reviews shall include, but not be
1206 limited to, at least two (2) of the following items:

1207 (i) The financial benefit to the State of
1208 Mississippi of the managed care program,

1209 (ii) The difference between the premiums paid
1210 to the managed care contractors and the payments made by those
1211 contractors to health care providers,

1212 (iii) Compliance with performance measures
1213 required under the contracts,

1214 (iv) Administrative expense allocation
1215 methodologies,

1216 (v) Whether nonprovider payments assigned as
1217 medical expenses are appropriate,

1218 (vi) Capitated arrangements with related
1219 party subcontractors,

1220 (vii) Reasonableness of corporate
1221 allocations,

1222 (viii) Value-added benefits and the extent to
1223 which they are used,

1224 (ix) The effectiveness of subcontractor
1225 oversight, including subcontractor review,

1226 (x) Whether health care outcomes have been
1227 improved, and

1228 (xi) The most common claim denial codes to
1229 determine the reasons for the denials.

1230 The audit reports shall be considered public documents and
1231 shall be posted in their entirety on the division's website.

1232 (4) All health maintenance organizations, coordinated
1233 care organizations, provider-sponsored health plans, or other
1234 organizations paid for services on a capitated basis by the
1235 division under any managed care program or coordinated care
1236 program implemented by the division under this section shall
1237 reimburse all providers in those organizations at rates no lower
1238 than those provided under this section for beneficiaries who are
1239 not participating in those programs.

1240 (5) No health maintenance organization, coordinated
1241 care organization, provider-sponsored health plan, or other
1242 organization paid for services on a capitated basis by the
1243 division under any managed care program or coordinated care
1244 program implemented by the division under this section shall
1245 require its providers or beneficiaries to use any pharmacy that
1246 ships, mails or delivers prescription drugs or legend drugs or
1247 devices.

1248 (6) (a) Not later than December 1, 2021, the
1249 contractors who are receiving capitated payments under a managed
1250 care delivery system established under this subsection (H) shall
1251 develop and implement a uniform credentialing process for
1252 providers. Under that uniform credentialing process, a provider
1253 who meets the criteria for credentialing will be credentialed with
1254 all of those contractors and no such provider will have to be
1255 separately credentialed by any individual contractor in order to
1256 receive reimbursement from the contractor. Not later than
1257 December 2, 2021, those contractors shall submit a report to the
1258 Chairmen of the House and Senate Medicaid Committees on the status
1259 of the uniform credentialing process for providers that is
1260 required under this subparagraph (a).

1261 (b) If those contractors have not implemented a
1262 uniform credentialing process as described in subparagraph (a) by
1263 December 1, 2021, the division shall develop and implement, not
1264 later than July 1, 2022, a single, consolidated credentialing
1265 process by which all providers will be credentialed. Under the
1266 division's single, consolidated credentialing process, no such
1267 contractor shall require its providers to be separately
1268 credentialed by the contractor in order to receive reimbursement
1269 from the contractor, but those contractors shall recognize the
1270 credentialing of the providers by the division's credentialing
1271 process.

1272 (c) The division shall require a uniform provider
1273 credentialing application that shall be used in the credentialing
1274 process that is established under subparagraph (a) or (b). If the
1275 contractor or division, as applicable, has not approved or denied
1276 the provider credentialing application within sixty (60) days of
1277 receipt of the completed application that includes all required
1278 information necessary for credentialing, then the contractor or
1279 division, upon receipt of a written request from the applicant and
1280 within five (5) business days of its receipt, shall issue a
1281 temporary provider credential/enrollment to the applicant if the
1282 applicant has a valid Mississippi professional or occupational
1283 license to provide the health care services to which the
1284 credential/enrollment would apply. The contractor or the division
1285 shall not issue a temporary credential/enrollment if the applicant
1286 has reported on the application a history of medical or other
1287 professional or occupational malpractice claims, a history of
1288 substance abuse or mental health issues, a criminal record, or a
1289 history of medical or other licensing board, state or federal
1290 disciplinary action, including any suspension from participation
1291 in a federal or state program. The temporary
1292 credential/enrollment shall be effective upon issuance and shall
1293 remain in effect until the provider's credentialing/enrollment
1294 application is approved or denied by the contractor or division.
1295 The contractor or division shall render a final decision regarding
1296 credentialing/enrollment of the provider within sixty (60) days

1297 from the date that the temporary provider credential/enrollment is
1298 issued to the applicant.

1299 (d) If the contractor or division does not render
1300 a final decision regarding credentialing/enrollment of the
1301 provider within the time required in subparagraph (c), the
1302 provider shall be deemed to be credentialed by and enrolled with
1303 all of the contractors and eligible to receive reimbursement from
1304 the contractors.

1305 (7) (a) Each contractor that is receiving capitated
1306 payments under a managed care delivery system established under
1307 this subsection (H) shall provide to each provider for whom the
1308 contractor has denied the coverage of a procedure that was ordered
1309 or requested by the provider for or on behalf of a patient, a
1310 letter that provides a detailed explanation of the reasons for the
1311 denial of coverage of the procedure and the name and the
1312 credentials of the person who denied the coverage. The letter
1313 shall be sent to the provider in electronic format.

1314 (b) After a contractor that is receiving capitated
1315 payments under a managed care delivery system established under
1316 this subsection (H) has denied coverage for a claim submitted by a
1317 provider, the contractor shall issue to the provider within sixty
1318 (60) days a final ruling of denial of the claim that allows the
1319 provider to have a state fair hearing and/or agency appeal with
1320 the division. If a contractor does not issue a final ruling of
1321 denial within sixty (60) days as required by this subparagraph

1322 (b), the provider's claim shall be deemed to be automatically
1323 approved and the contractor shall pay the amount of the claim to
1324 the provider.

1325 (c) After a contractor has issued a final ruling
1326 of denial of a claim submitted by a provider, the division shall
1327 conduct a state fair hearing and/or agency appeal on the matter of
1328 the disputed claim between the contractor and the provider within
1329 sixty (60) days, and shall render a decision on the matter within
1330 thirty (30) days after the date of the hearing and/or appeal.

1331 (8) It is the intention of the Legislature that the
1332 division evaluate the feasibility of using a single vendor to
1333 administer pharmacy benefits provided under a managed care
1334 delivery system established under this subsection (H). Providers
1335 of pharmacy benefits shall cooperate with the division in any
1336 transition to a carve-out of pharmacy benefits under managed care.

1337 (9) The division shall evaluate the feasibility of
1338 using a single vendor to administer dental benefits provided under
1339 a managed care delivery system established in this subsection (H).
1340 Providers of dental benefits shall cooperate with the division in
1341 any transition to a carve-out of dental benefits under managed
1342 care.

1343 (10) It is the intent of the Legislature that any
1344 contractor receiving capitated payments under a managed care
1345 delivery system established in this section shall implement

1346 innovative programs to improve the health and well-being of
1347 members diagnosed with prediabetes and diabetes.

1348 (11) It is the intent of the Legislature that any
1349 contractors receiving capitated payments under a managed care
1350 delivery system established under this subsection (H) shall work
1351 with providers of Medicaid services to improve the utilization of
1352 long-acting reversible contraceptives (LARCs). Not later than
1353 December 1, 2021, any contractors receiving capitated payments
1354 under a managed care delivery system established under this
1355 subsection (H) shall provide to the Chairmen of the House and
1356 Senate Medicaid Committees and House and Senate Public Health
1357 Committees a report of LARC utilization for State Fiscal Years
1358 2018 through 2020 as well as any programs, initiatives, or efforts
1359 made by the contractors and providers to increase LARC
1360 utilization. This report shall be updated annually to include
1361 information for subsequent state fiscal years.

1362 (12) The division is authorized to make not more than
1363 one (1) emergency extension of the contracts that are in effect on
1364 July 1, 2021, with contractors who are receiving capitated
1365 payments under a managed care delivery system established under
1366 this subsection (H), as provided in this paragraph (12). The
1367 maximum period of any such extension shall be one (1) year, and
1368 under any such extensions, the contractors shall be subject to all
1369 of the provisions of this subsection (H). The extended contracts

1370 shall be revised to incorporate any provisions of this subsection
1371 (H).

1372 (I) [Deleted]

1373 (J) There shall be no cuts in inpatient and outpatient
1374 hospital payments, or allowable days or volumes, as long as the
1375 hospital assessment provided in Section 43-13-145 is in effect.
1376 This subsection (J) shall not apply to decreases in payments that
1377 are a result of: reduced hospital admissions, audits or payments
1378 under the APR-DRG or APC models, or a managed care program or
1379 similar model described in subsection (H) of this section.

1380 (K) In the negotiation and execution of such contracts
1381 involving services performed by actuarial firms, the Executive
1382 Director of the Division of Medicaid may negotiate a limitation on
1383 liability to the state of prospective contractors.

1384 (L) The Division of Medicaid shall reimburse for services
1385 provided to eligible Medicaid beneficiaries by a licensed birthing
1386 center in a method and manner to be determined by the division in
1387 accordance with federal laws and federal regulations. The
1388 division shall seek any necessary waivers, make any required
1389 amendments to its State Plan or revise any contracts authorized
1390 under subsection (H) of this section as necessary to provide the
1391 services authorized under this subsection. As used in this
1392 subsection, the term "birthing centers" shall have the meaning as
1393 defined in Section 41-77-1(a), which is a publicly or privately
1394 owned facility, place or institution constructed, renovated,

1395 leased or otherwise established where nonemergency births are
1396 planned to occur away from the mother's usual residence following
1397 a documented period of prenatal care for a normal uncomplicated
1398 pregnancy which has been determined to be low risk through a
1399 formal risk-scoring examination.

1400 (M) This section shall stand repealed on July 1, 2028.

1401 **SECTION 3.** This act shall take effect and be in force from
1402 and after July 1, 2025.
